# Celebrate In Fulton, Saturday, November 19th

FULTON, KY., NOV. 18, 1927

### Big Celebration November 19th

The big celebration which was to have been staged in our City on Wednesday of this week has been deferred until Saturday, the 19th. Everything was all set up in apple pie order to give the rural kiddies a real treat, and also their parents, but on account of a deluge of rain, making the rural roads impassible, in several portions of the community, it was decided best to postpone the big fest until Saturday, the 19th.

One of the largest and best selected stock of fire works that has ever been displayed in Fulton is now stored away and will be touched off Saturday night. The two handsome Victrolas are also in waiting. Both show firms are ready to throw open their doors to the rural children Saturday from 10 a. m. until one o'clock Saturday. On account of Saturday program of both shows we were forced to cut down the hours from that planned for Wednesday.

The many special bargains which are advertised by our local merchants will hold good over Saturday; in fact, every feature of the entertainment will be held in perfect tact and will be carried out as planned with the exception of the reduction of the show hours. Our merchants are determined to respond to the splendid patronage of our rural communities and show their deep appreciation by offering the many special bargains going at actual cost. If you will read the circulars closely you will find that no two merchants are featuring the same article, as it was agreed upon that each and every merchant should feature one certain article at cost, which will give the customer a special rate on many articles and no merchant will be hurt.

This bargain sale is open to everybody whether you live in town or on the farm and we hope that everybody will avail themselves of this opportunity to come out and supply your needs at a special bargain price and have a good time generally. Publicity Committee of C. of C.

#### MARY BRIAN LEADING WOMAN IN RICHARD DIX 'MAN POWER'

Mary Brian has satisfied a secret ambition—openly and defiantly, with 50 people looking on.

It was an ambition which began developing two years ago when she learned to drive an automobile. From the time she first took the wheel her instructor warned her not to do more than 15 miles an hour in city streets.

Recently she went on location with Richard Dix' company making "Man Power," for Paramount.

Director Clarence Badger took her aside and began this way: "Now Mary, I hate to ask you to do this, but we want you to drive that high-powered roadster along this road fast enough to race the freight train on which our cameras will be located."

"How fast do you think that will be?" she inquired with a great show of calm.

"About 60 miles an hour." Then Mary walked away to give three silent cheers. It was a good race, but the train never had a chance.

"Man Power" comes to the Grand Theatre next Monday and Tuesday.

Let the Fulton Building & Loan Association finance your street improvement and sewer connection.—J. E. Fall, Secretary.

#### High School Notes

Last Friday's football game with Mayfield was one of the most interesting games of the season. Quite a few Mayfield people and students accompanied their team. This coming Friday, Fulton High plays Union City here, and we understand a large crowd from over there is coming. Friday's game is the last of the season to be played here. The annual Turkey Day game with Murray will be played there this year.

Last Wednesday morning at the regular chapel period, Mr. Swann talked to the students on "Little Things." This talk was a continuation of one begun before and was enjoyed by all present.

Thursday, Mr. Meyers continued his discussion of present day poets, and read several poems.

Friday, Mr. Whalen, of the Carr Institute, delivered a most inspiring address on "Patriotism." We wish to invite Mr. Whalen back.

Monday, Ruth Nall gave three readings, "The Daffydils at the Circus," "Romance of a Hammock," and "Elmer Brown."

Tuesday, Mr. Nugent made a splendid talk on Kentucky, the hero of the story being Daniel Boone.

The Ukulele Girls were invited over to South Fulton High school for their Chapel, Wednesday.

Basketball practice among the girls has begun. Miss Thompson of Junior High school is the coach.

Practice for the annual faculty play was begun this week and from all reports this play is to be the best of the faculty plays already presented.

#### SURPRISE BIRTHDAY DINNER

A genuine surprise in the form of a sumptuous and bountiful birthday dinner was prepared and served by Mrs. Deward Vaughn and her mother, Mrs. Joe Gates, last Saturday at their home on Central Avenue.

The honoree, Mr. Vaughn, and Mr. Gates were surprised and delighted when they reached home at the noon hour to find Mrs. Vaughn's long dining table laden with a delicious feast and in the center the large birthday cake bedecked with the miniature candles.

The dinner and noon hour was very happily spent by Mr. and Mrs. Joe Gates and daughter, Miss Altie B. Mr. and Mrs. Deward Vaughn and little daughter, Aileen, and Mr. and Mrs. W. C. Porter.

#### HAYDEN DONOHO IS INJURED BY CAR

Hayden Donoho, well known farmer living on the state highway west of town, was painfully injured Saturday afternoon, when he was struck by a car bearing a Hickman county license plate. The accident occurred near the Pat Smith Furniture Store. The driver of the car stopped and rendered assistance to Mr. Donoho. Local physicians stated that he was not seriously hurt, as the wheels did not pass over him.

We regret the Beelerton notes reached us too late this week.

### THE THINGS WE MUST LEARN ABOUT A HOSPITAL

In order to intelligently and truly appreciate the importance of a hospital in Fulton, we must necessarily attain a more intimate knowledge of its importance to the welfare of our common people.

We must first learn to not associate it with the cemetery, and undertaking parlors or merely a place to cut off legs and arms. We must learn to regard it as a place of refuge in time of battle for our further physical existence. We must also be made to understand that it is not a place where physicians go to carry on their experimental practice and get rich as they proceed with their profession.

We must learn to not regard it as some character of common merchandise which can be purchased from day to day just as we have need of it, but we must learn to associate it with that of religion and life insurance, in that we must have some way of maintaining it at all times so that it will be available when we do need it.

We should strive to open our hearts and minds and give the hospital a most sacred place in our hearts just as we do our churches and schools and other important institutions that promote and sustain the peace and happiness of our homes and common society.

We are all willing to admit that the cost of supporting and maintaining of our public schools is a legitimate expenditure and no civilized man would dare criticize our conduct to this end. The hospital is just as general in its character and is as far reaching in effect as regards the welfare of our children and also serves an equal necessity to those of us who have passed beyond school age.

We are glad to say that nearly all of our citizens are fully aware of these important facts but for the benefit of a few who seem to feel that the hospital project is purely a burden which should rest upon the shoulders of our local physicians, we feel that a few hints like these should be brought to their attention. This is not offered as a rebuttal for sake of argument but we offer this in all courtesy that they may be able to change their minds rather than commit themselves to public criticism in the light of a losing battle. The hospital project is sure to go over the top in Fulton and the sooner you ally yourself with the better and more progressive class of Fulton people, the better you will feel in the end.

#### 'BACK TO GOD'S COUNTRY' STARS ADOREE IN DRAMA FROM CURWOOD TALE

A picture as impressive as the vast uncharted snow regions of the North will be at the Orpheum Friday.

It is "Back to God's Country," a dynamic tale of the North, from James Oliver Curwood's ever-popular novel of the same name and has been made into a really spectacular production by Irvin Willat who directed for Universal.

The story might be likened to the snow country, full of surprises to the explorer traveling its smooth, sparkling surface. He plows through snow drifts, rises on knolls from where he can overlook the placid sea of snow, then to the top of a mountain range whence he sees the boundless panorama of Nature's mighty creation.

This is the way "Back to God's Country," impressed the reviewer. The rise and the drifts representing minor crises and the mountain representing the exalting climax of a tale told as smoothly as the newly fallen snow.

Renee Adoree is effervescent in her role, which is both dramatic and gaily youthful. This characterization will win for her many more fans. Robert Frazer is handsome and manly in the male lead and demonstrates his ability as a real actor.

#### MISS IVA WILLIAMS DIES FROM POISON

Miss Iva Williams, daughter of Bud Williams, living a few miles east of Fulton, died at noon Saturday from the effects of a quantity of carbolic acid. The young lady was ill and about 4 o'clock Saturday morning she became worse and went to the medicine cabinet to get a dose of medicine. It is thought that she took the deadly poison by mistake, but she was not able to make any statement.

Funeral services were held at Old Bethel church Monday, burial following at that place. Rev. A. R. Ross was in charge of the services.

The deceased is survived by her father and several brothers and sisters.

#### MAMMOTH CAVE NATIONAL PARK

With the state dinner drawing leading citizens of Kentucky from all parts of the state into Louisville on Friday, Nov. 18, and with the organization of volunteer workers proceeding briskly, developments in the Mammoth Cave National Park project are assuming the peak of importance in the minds of Kentuckians. Now that the state political contests have subsided, the public is taking hold of the national park project with real determination to carry it to success. All evidences received at the headquarters of the Mammoth Cave National Park Association in Louisville are to the effect that the next two months will find the Mammoth Cave National Park campaign paramount in the minds of the people of Kentucky and adjoining states. Two and a half million dollars are to be raised.

Under the leadership of Congressman Maurice H. Thatcher, National Chairman, and Tom Wallace, state chairman, the organization of 8,000 volunteer workers who will conduct the drive is maturing. Sponsors of the effort point out that a National Park in Kentucky will be within a day's ride of 76,000,000 people of the East and Middle West. These people, up to this time, have not had easy access to a National Park, as all but one of the national parks now maintained and developed by the Federal government are west of the Mississippi. The creation of such a recreation ground close to the homes of the great population centers will mean a tremendous movement of tourists' traffic from those communities into Kentucky. They will be a factor of vital importance in developing good roads throughout the state. It has been estimated they will spend \$100,000,000 annually in Kentucky, a large portion of which go to state taxes for the building of good roads and other improvements. Every city, every county and every community will be directly benefited in a financial way.

Consequently the appeal is to the business judgment of Kentuckians, as well as to their state pride and ideals of achievement.

Congress has authorized the acceptance of the Mammoth Cave area as a National Park, but has specified it must be a gift to the nation. Consequently it can be created as a national park only through public contribution.

James C. Utterback has been named regional chairman for the Paducah region, with C. W. Craig, vice chairman. Cecil T. Williams has been named chairman of Somerset region. Other regions in which chairmen have been named are: Bowling Green, Dr. H. H. Cherry; Covington, Brent Spence; Elizabethtown, William C. Montgomery; Hazard, Jesse Morgan; and Owensboro, Mark Stung. Each region is composed of a group of counties and communities, and takes its name from the City in which the regional headquarters is located. The other regions include Ashland, Louisville and Lexington. The entire state is thus organized.

Pay cash for your street improvement and borrow the money on the easy monthly payment plan from the Fulton Building & Loan Association.—J. E. Fall, Secretary.

## WOMAN'S CLUB MEETING

The Woman's Club had a most interesting meeting Friday, November 4, at the Chamber of Commerce rooms. Profusions of gorgeously tinted yellow and pink blossoms of the season did homage to the decoration of the club rooms. Mrs. J. E. Fall, the president in the chair, the usual business formalities were observed and reports heard from various officers.

A very beautiful tribute was paid the late Mrs. Chas. Karmire, for years an active member and leader in club work in Fulton.

In her absence, Mrs. Lee Rucker gave Mrs. T. M. Franklin's report from the gardening department, which was recently created with Mrs. Franklin as chairman.

The following delegates were elected to the district meeting which was held in Murray, yesterday. Mesdames Sarah Meacham, M. C. Nail, Louis Weaks, Ramsey Snow, Lee Rucker. Alternates were Mesdames Joe Browder, W. R. Butt, A. J. Alexander, Felix Bright and Jake Huddleston. Mrs. Fall introduced Mr. V. C. Myers, superintendent of the city schools, who gave the principal speech of the day, using as his subject, "Contemporary American Novelists," taking three types of novels, idealistic, historical and realistic, by way of comparison with their English contemporaries he pointed out their lack of much charm on the one hand, stressing their richness in influence on the other. He closed his splendid discourse, saying, "He who knows and appreciates good books is never lonely and never lacking in good friends."

Mr. C. J. Bowers and family spent Sunday afternoon with Mr. and Mrs. D. H. White.

## BELOVED WOMAN PASSES AWAY

The remains of Mrs. J. H. Blair, who passed away Tuesday morning, Nov. 8, in a Mayfield hospital after undergoing an operation was brought to Fulton for burial, the Fulton Undertaking Company in charge.

Mrs. Blair was the widow of the late J. Hays Blair, a woman who was highly esteemed and loved by all who knew her. She had been a resident of Fulton for many years and her death was cause for general sorrow by her wide circle of friends.

This dearly beloved woman, who had reached the sunset of life's journey, was a consecrated Christian, member of the Cumberland Presbyterian Church, where her benighted influence will be sadly missed by its entire membership.

Funeral services were held Thursday afternoon at 1 o'clock from Cumberland Presbyterian Church, Rev. Hinch conducting the service. Interment followed in Fairview cemetery.

Deceased is survived by three children, Nathan Blair, Mrs. Frank Brooks, and Mrs. R. E. Stille.

## BEELERTON HIGH SCHOOL NOTES

Rev. A. N. Walker visited the school last Tuesday morning and made an interesting talk to the school during the chapel period. His talk was based upon the fifteenth chapter of John, where Christ is portrayed as the vine, we, the branches. Among other instructive remarks, Rev. Walker compared children with Christ to the branches of the vine. He gave as the fruits of a Christ-like life, kindness, love and forbearance. Every one enjoyed his talk and he is invited to come and be with us any time he can.

The high school girls and boys basketball team went to Water Valley on Wednesday of last week where they met the two teams of that school. The curtain raiser was the girls' game. It may be described as the meeting of two lions where hair fell for two years. The Water Valley girls beat a good team by the score of 11 and 10.

The boys' game was a one-sided affair from the first whistle. The scoring attack of Bushart, Brown and Hicks could not be stopped. The Beelerton second team took up the load the last half, and played a good defensive game. The game ended with Beelerton on top with a 20 and 3 score.

Water Valley played good clean ball, and we appreciate having the association and acquaintance of their players.

Friday morning, Mr. Fred Cure, representing the Sugar Creek Creamery of Fulton and Mr. Spencer, who are working for the benefit of better dairying visited the high school, and Mr. Spencer made a very interesting talk to several of the farmers of the community and the high school students. He gave many good and instructive points on better dairying.

The P. T. A. met last Friday night at the high school auditorium. The committee had arranged an interesting program in which many ladies of the community took part. The program was as follows:

Song by audience—"My Old Kentucky Home."

A Dialogue sent from Pevitt's school, given by Mary Cooke and Regina McAlister.

Reading—Leslie B. Lewis.

Song—Fifth Grade.

Story Telling Contest—Sixth Grade Boys.

Rag Doll Babies—Community Ladies.

Vocal Duet—Ed Bryan and Leonard Duke.

Song—Sixth Grade boys.

Good Housekeeping—Community Ladies.

Milk Drinking Contest—Auzie Phelps and Lenward Pharis.

Talk on Community Spirit—Mr. A. E. Brown.

The County Health Physician and nurse visited the school Monday, for purpose of examining and weighing the children in the grades.

Our new walk, which has been finished, comes in very handy this rainy weather and is much appreciated by the students.

The following committee, consisting of a student from each high school grade, Robert Foy, freshman; Russell Bockman, Sophomore; Tommie Wiley, Junior, and Margaret Foy, Senior, has been elected to aid in keeping the inside of the school building more attractive and clean.

## The Great American Bird

When the turkey gobblers gobble  
And struttin' 'cross the lot;  
And the turkey hens are chatterin'  
As they do the turkey trot;  
When the gray clouds of November  
Shut the sun out of the sky,  
Then we can't help but remember  
That Thanksgiving time is nigh.

Fodder haulin' is all finished  
And corn pickin' almost done,  
And we rush to get our work done  
'Fore the settin' of the sun;  
When we're settled down for winter  
With the wood pile loomin' high,  
And we hug the kitchen fire,  
We sure know Thanksgiving's nigh.

Then a feller gets to thinkin'  
How his season's work was done—  
Of the hay and grain he gathered  
Underneath a summer's sun;  
And he sizes up his treasures  
Names his blessings, one by one—  
Crops in corncribs, bins and cellars—  
Fine a family as anyone.

Then he 'most forgets the hardships  
And the hard knocks he's passed through,  
And, in spite of comin' winter,  
He is glad, instead of blue;  
And it doesn't seem to matter if  
He's a dollar or a dime,  
He just can't help a-feelin' thankful  
At good old Thanksgiving time.

## Day Tends to Foster

### Spirit of Kindliness

The day on which the nation is called to the giving of thanks is a home and family day, and as such is a valuable institution. Those who have no homes are often invited to become for the day members of families that are blessed with them. In a word, the home that is in all our thoughts today is the hospitable home. And that is well. There is great need in these times to develop and strengthen the family feeling, and to weld it more closely as a social unit. To the accomplishment of that work a properly observed and honored Thanksgiving day may powerfully contribute. To give thanks for what?—some may ask. But that is not at all the thought. What is important is that there should be in all a thankful spirit, a right attitude toward life, whether considered spiritually or materially, and a frame of mind that knows something of contentment and inward peace. There is much for which to be thankful if one only looks at life and its problems and difficulties—and blessings—in the right way. The day would remind us that kindness is a great virtue, and that the world would be happier if there were in it a good deal more of the spirit of friendliness—even among nations.—Indianapolis News.

## Day to Reflect on

### Why to Be Thankful

It is one thing to be officially thankful and quite another to be actually and personally so. To accept Thanksgiving as an admittedly welcome holiday; to spend it at home enjoying a good dinner followed by a comfortable nap and then to go out for a call or two on friends is not enough. One might do this and still not be in the spirit of the day. As the greatest of the apostles has written, "the letter killeth but the spirit giveth life." To be in the spirit of Thanksgiving is to reflect upon the reasons that one has for national, family and personal thankfulness. Maybe a glance at the pages of a school history of our country might help to quicken the pulse and brighten the eye. Possibly a steady gazing on the familiar features of Washington or Lincoln might be an aid to reflection. Perhaps a mingling with one's fellows in a congregation and the blending of a thousand voices in the strains of "America the Beautiful" might work wonders and be better for the heart than a physician's prescription.

## Sentiment That Uplifts

Gratitude is one of the noblest sentiments which wells from the human heart. It purifies, uplifts and ennobles. It is an attribute of stability in character. A man may have many imperfections, but if he is capable of gratitude he is far from being at all bad. And when gratitude is offered to the Most High, it brings the soul into tune with the Divine as scarcely anything else can.

It is built like a furnace—a stove within a stove

Will heat three or four adjoining rooms

The cold air enters at the bottom, is heated and humidified between the fire-pot and the outer casing—and passes out through the top, CIRCULATING the warm, moist, healthful air to the most distant corners of the adjoining rooms. Has wonderful heating capacity—will heat three or four rooms comfortably in the coldest weather—takes the place of several stoves and requires no more fuel than an ordinary heater. The price is less than you would expect for a heating stove of such outstanding superiority. Shown in various finishes—the mahogany enameled finish is especially popular.

Come Get Mamma's Dress and Daddy's Suit.

The Blankets Need Dry Cleaning, too, so don't forget them.

O. K.  
Steam Laundry.  
J. J. Owen, Prop.

## Your Suit and Overcoat need the Wrinkles taken out

You know what a beauty shop can do for faces—how it can remove wrinkles from cheeks and crow's feet from eyes. But did you ever visit a "beauty shop for suits"—a modern dry cleaning and sanitary pressing establishment? Here, again, is a "fountain of youth"—this time for clothes.

For example, take one of your own suits to the O. K. Steam Laundry—one you've worn often. If it's a light suit, the grime is plainly visible at collar and cuffs; perhaps there is a bit of grease on it from your car. If the suit is dark, the dirt may not show—but it's there. One cannot ride in automobiles and taxis, and not gather dirt.

But see what your dry cleaner, the O. K. Laundry, can do for this suit.

First, it is tumbled in warm, drying air; the moisture is removed, the dust shaken out, obstinate spots loosened. An expert "spotter" then goes over the garment by hand—stains and spots vanish before his skill. Next, the suit is soured gently, thoroughly, back and forth, in the purest of cleaning fluids. Soil embedded in the fabric is filtered out; grime and grease are dissolved away. After most of the moisture has been whirled out, the suit is carefully dried in a breeze of fresh, warm, sterile air, then with the warm air sifting thru it, it is fluffed softly. The nap comes to life, the cloth becomes fresh and smart again.

Nor is this dry cleaning "magic" limited to men's suits and overcoats. Hats and gloves, women's coats, suits, dresses and blouses, children's clothes—almost every article of wearing apparel can be given this same renewing, refreshing treatment. And how much longer clothes wear when they receive it. Truly dry cleaning pays its own bills.

Of course, we make a specialty of dry cleaning draperies, rugs, etc. Don't overlook this

## Within the Shadow of the Fatal Ax

DOOMED TO CONTRIBUTE TO THE THANKSGIVING FEAST

NATION GAVE NO  
THANKS IN 1776In November of That Year  
American Cause Was  
at Lowest Ebb.

There was no Thanksgiving proclamation in November, 1776. Congress did, indeed, pass a resolution summing the people of the several colonies to assemble, but in prayer for deliverance, not of thanksgiving. The American cause seemed at that moment to be all but hopeless. Washington was retreating across New Jersey. Leaving Newark on the 26th of November with an army of 5,000 that gradually dwindled, he crossed the Raritan with scarcely 3,000 starving and half-naked troops. In New York, then in the hands of the British, General Howe was issuing a proclamation which might have been considered a proclamation of thanksgiving for some. It was one of pardon to all who would renounce the Declaration of Independence. Twenty-seven hundred accepted. But this only augmented the ill of those who still stood out for independence, and increased the jeopardy in which their lives and possessions were put.

## Nation's Early Sufferings.

The infant republic, surrounded by foes, for the Indians were rising, was also suffering from the condition which has lately been epidemic in Europe—a depreciated currency. The news that American representatives had succeeded in getting aid from France in the way of uniforms and equipment for soldiers and other supplies had not yet become known to the Washington troops, whose route as they approached the Delaware "was easily traced, as there was a little snow on the ground, which was tinged here and there with blood from the feet of the men who wore broken shoes." It was in these desperate days that Washington wrote to his brother saying that if every nerve was not strained to recruit a new army to take the place of the troops whose term of enlistment was expiring, he thought the game was "pretty near up." The flame of the campfires about which those who remained faithful to the desperate cause were gathered furnished, however, a hopeful ray for Paine's "Times that try men's souls."

## Now Blessed Above Others.

It is with such a background of extremity, approaching defeat, that the country which these patriot souls suffered to make independent comes to its national Thanksgiving today. With a third of the wealth of the world in its hands, as has been estimated—and with most of the gold—with abundant crops and "much goods laid up for many years," we have collective material reason for gratitude beyond any other people on the face of the earth. But in con-

tinuing ourselves as a nation and individuals that we have passed an other year in "the favor of the Almighty" and that "He has smiled on our fields," are we doing more than Socrates, the Greek filer of the soil over 2,000 years ago, who dedicated to "Demeter, lover of wheat," a few handfuls of corn "from the furrows of his tiny field," having reaped an abundant harvest and desiring another year, by the same favor, to carry back his sickle humped from his harvest? Gratitude for these things? Yes, but with a consciousness of the obligation which that sufficiency brings and with no thought of taking our ease in the earth or letting it go its own way while we enjoy our goods in self-indulgent isolation.

One hundred fifty years ago our ancestors prayed for deliverance from restrictions upon their rightful liberty. Today our prayer should also be for deliverance as well as in thanksgiving—deliverance from the arrogance of self-sufficiency, from the pride of material power, from swelling claims of superiority. We have learned to endure hardship, we have proved to the world our active and helpful sympathy for suffering wherever it has come to mankind, we have demonstrated also our resourcefulness and ingenuity in difficulty and our fearlessness in danger. We have known how to face adversity. Our prayer in the prosperity that has come upon us is that we also should "know how to abound."

## Better Form of Prayer.

It were better that we should join all humanity in the simple thanksgiving prayer which Epictetus suggested:

"Ought we not when we are digging and plowing and eating to sing this hymn to God: 'God is God, Who has given us such implements with which we shall cultivate the earth; great is God, Who has given us hands, the power of swallowing, a stomach for perceptible growth, and the power of breathing while we sleep.'"

But the real things to be thankful for lie still deeper in the friendship of the spirit of men and of nations.

## Grandpa Gives Thanks

When all is said and done,  
The simple things are best;  
Cool rain and goodly sun,  
Hard work and careful rest.  
When one has reached the end  
And these have been bestowed,  
Warm love . . . earned bread . . .  
A friend—  
How fair has been the road!

To sit a while and dream  
Before my open door;  
To watch the sunlight gleam—  
What sane man asks for more?  
To see my garden grow,  
What dearer thing there is?  
To hear the great winds blow . . .  
Child laughter . . . memories . . .

A hand close-clasped in mine,  
My own green bit of sod,  
And in my soul, divine,  
The living Grace of God.  
—Faith Baldwin in  
Everybody's Magazine.

## NEW ENGLAND THANKSGIVING

The king and high priest of all festivals was the autumn Thanksgiving. When the apples were all gathered and the cider was all made, and the yellow pumpkins were rolled in from many a hill in billows of gold, and the corn was husked, and the labors of the season were done, and the warm late days of Indian summer came in dreamy and calm and still, . . . there came over the community a sort of genial repose of spirit—a sense of something accomplished; . . . and the deacon began to say to the minister, of a Sunday: "I suppose it's about time for the Thanksgiving proclamation."—Harriet Beecher Stowe.

START OFFICIAL  
COUNT OF VOTES

Tabulation Expected to Take  
Several Days; Only 73  
Counties Reported

Frankfort, Ky., Nov. 14.—Excitement prevailed throughout the capitol today as the official tabulators, two Republicans and two Democrats, began the compiling of the official votes of last Tuesday's election.

Throughout the building, state employees were asking what chance the minor office seekers of their respective party had to win the election.

The official tabulation will probably take several days. The state board of election commissioners will meet when all counties have been received, and award the certificates of election. Should all the counties not be in by November 28, the board, as commanded by law, will meet and certify the returns regardless of the missing counties.

Returns from 73 counties had been received when the tabulation was ceased tonight.

RECEIVE POULTRY FOR  
SHOW ON MONDAY

Paducah, Ky., Nov. 16.—Announcement was made yesterday that poultry to be entered in the West Kentucky Poultry Show here on Tuesday, Wednesday, Thursday and Friday of next week, would be received at Third and Kentucky avenue on next Monday morning by officials of the show. It is expected that more than one thousand birds will be exhibited at the show which is expected to be the largest ever held in this part of the country.

Poultrymen from all over the country are expected to enter fowls in the show here and it is thought that over 10,000 persons will attend during the four days.

Len Rawnsley, of Bedford, Ind., one of the best known poultry judges in the country, will be the judge at the show.

## SAD MESSAGE

Relatives of Mrs. E. M. Patterson received a message bringing the sad news of her death which occurred Monday morning at 7:40 at the home of Judge and Mrs. Gus Thomas in Frankfort, Ky. Mrs. Patterson formerly lived here and has many friends and relatives here who will be sorry to learn of her death. She was a sister in law of Mrs. Ella Anderson, of Maple Avenue. The funeral took place in Frankfort.

## "Electricity!—

The Tireless Servant of America's Prosperity"

Says Lewis E. Pierson

President of the United States  
Chamber of Commerce

"Many factors have contributed to the pre-eminent position of America's workers, but underlying everything else has been the fact that the American wage earner has had more horse power at his elbow than the worker of any other industrial nation."\*

WHILE the rest of the world wrestles with unrest and industrial strife, capital and labor in America work shoulder to shoulder on a basis that has resulted in higher standards of living than those enjoyed by any other people.

The most highly developed system of electric power equipment and facilities in the world has helped make this condition of affairs possible.

Because of the engineering skill and organizing ability which have gone into the expansion of America's power plants, there is available to American industry today more electrical energy than is produced in all the rest of the world combined.

Nearly a million miles of transmission and distribution lines supply American industry with

more than thirty million horse power. Expressed in terms of man power, this is equivalent to the potential service of 40 helpers for every worker in this country.

Increasing, as it does, the production capacity of the worker by forty fold, this great industrial force has improved the financial status of American labor approximately fifty percent in the last fifteen years, while at the same time, materially decreasing the cost of manufactured articles.

In the light of such achievement, it is obvious that the interests of American business and American family life will be served best by the careful preservation of the principle of individual initiative by which such accomplishments have been made possible.

### RED CROSS VOLUNTEER WORKERS BIG FACTOR

Broader Industry in Home Chapter and in Field Development of Disaster Service.

Volunteer industry in the American Red Cross is on an upward trend, due to the broader demand for assistance in meeting disaster relief requirements. Men and women from Red Cross chapters in the last year exemplified their work for disaster victims a greater activity than in any year since the end of the World War.

This service was given without stint and with the finest of spirit, according to Red Cross officials. Volunteer Red Cross workers have served by the thousands with the local chapters in garment production, printing raised-type reading matter for the blind, in hospital service, as canteen workers and motor corps aids. Nearly all active chapter workers are volunteers.

More than 90 per cent of the available reading material for the blind is produced by volunteer Red Cross workers. Volunteers produced 175,481 garments, 2,657,912 surgical dressings for hospital use, and 6,398 articles for emergency closets maintained by Red Cross chapters in various communities for disaster and other emergencies. The garment production, large as it was, did not include the thousands of garments made for the Moslems in flood sufferers by volunteers. Another important volunteer service is the preparation and sending of 20,000 Christmas bags to soldiers and blue-jackets on duty in foreign stations.

Approximately 250 chapters participated in Motor Corps service, with the growing interest of volunteers in health work constitutes an additional community safeguard in emergencies when the services of regular nurses might be overtaxed.

Volunteer service will be an important factor in the forthcoming eleventh Annual Red Cross fund drive, November 11 to 21, in enrolling the 5,000,000 membership to be sought.

### Red Cross Meets Heavy Demand for Water Safety Duty

Trained lifesavers in the United States, qualified by the Red Cross as experts in all phases of water safety, now number 131,562 adults and juniors, according to the Life-Saving Service of the American Red Cross which reported 22,506 trained and qualified in the year year. This number does not include other thousands who were taught to swim.

Training courses conducted by the Red Cross last summer brought out a uniformly high standard of proficiency. In addition, more than 2 winter training courses were conducted the past year. Swimming "institutes" at camps in Arizona, California, Indiana, Massachusetts, New York, North Carolina, Missouri, Oregon, Washington, and Wisconsin. "splash weeks" and swimming and life-saving campaigns under Red Cross auspices held in many States arouse great interest.

The experience gained during the last few years indicates that the dangers involved in water sports can be eliminated through training and by the adoption of water safety methods. A recent Red Cross report stated: "When our communities provide sufficient swimming pools, bathing beaches, and skating places, and furnish trained leaders and whose guidance both adults and children may enjoy themselves in safety, the number of preventable deaths through drowning will be greatly reduced."

The Red Cross is endeavoring to supply trained leaders in water safety so far as its facilities permit. To increase the effectiveness of this and other services, the Eleventh Annual Red Cross fund drive, November 11 to 21, will urge an enrollment of 5,000,000.

The American Red Cross will use an enrollment of 5,000,000 members for the coming year, during the Annual Red Cross fund drive, November 11 to 21, in enrolling the 5,000,000 membership to be sought.

YOU don't leave your rig in the middle of the road and go to a fence-post to read a sale bill do you? Then don't expect the other fellow to do it.

Put an ad in this paper, then, regardless of the weather, the fellow you want to reach reads your announcements while seated at his fireside.

If he is a prospective buyer you'll have him at your sale. One extra buyer often pays the entire expense of the ad, and it's a poor ad that won't pull that buyer.

An ad in this paper reaches the people you are after.

### COOPERATION OF THE PUBLIC IN PREPARING CHRISTMAS MAIL

The tang in the air and the wonderful colors of autumn leaves evidence the fact that another year is nearing its close and that the holiday season with its spirit of good will and cheer will soon be here.

Christmas is a time of joy and gladness, and the custom of exchanging gifts, greeting cards and other remembrances which is so generally followed during the holiday season is one of the main factors in promoting this happy condition. The observance of the custom of exchanging gifts greatly increases the volume of mail during the month of December, and it is therefore necessary to do everything possible to facilitate and expedite its handling.

A sentimental value is attached to Christmas mail, and, in order to be in keeping with the purpose for which sent, it should reach the addressee in time to give its full measure of happiness and cheer on Christmas Day.

If you will observe the following suggestions your mail will be sure to reach its destination in time to give its full measure of happiness and cheer on Christmas Day.

Address all mail plainly and completely in ink.

Pack carefully in strong containers. Wrap parcels securely but do not seal.

Do not place Christmas seals or stickers on address side of package.

Do not enclose any written matter in parcel post packages. Parcels may be marked "Do not open until Christmas," or with similar inscriptions.

Mail Early. And it is more important that Christmas mail be mailed early this year than before because Christmas Day falls on Sunday.

### ROSE BUSHES FOR SALE

### FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.

MICAH CHAMPIONS THE OPPRESSED

LESSON TEXT—Micah, chs. 2, 3 and 4.  
GOLDEN TEXT—What doth the Lord require of thee, but to do justly and to love mercy and to walk humbly with thy God.  
PRIMARY TOPIC—What God Wants Us to Do.  
JUNIOR TOPIC—What God Requires of Us.  
INTERMEDIATE AND SENIOR TOPIC—What God Requires of Us.  
YOUNG PEOPLE AND ADULT TOPIC—The Prophetic Interpretation of Religion.

Micah prophesied during the reign of Jotham, Ahaz and Hezekiah, in Judah, but his message largely concerned Israel. He is called the prophet of the poor. He proclaimed impending doom upon the workers of unrighteousness and heralded the coming of the Messiah.

I. Evil Workers Denounced (2:1-3)

1. How they worked (v. 1).

Their evil work was not a matter of impulse, but of deliberate purpose.

(1) It was conceived in their mind. They gave themselves to the devising of wicked schemes.

(2) They worked evil upon their beds. They used the quiet hours of the night while honest people were sleeping for planning ways to work out their schemes.

(3) They executed their plans in the morning light. Having power to carry out their schemes, they did what their wicked minds devised.

2. What they do (v. 2).

(1) They covet fields (v. 2).

In this they violated the tenth commandment.

(2) They violently take fields and houses.

A covetous spirit will eventuate in such deeds unless restrained.

(3) They oppress a man and his house (v. 2).

By house is meant a man's descendants, the inheritors of his property.

3. Their punishment (v. 3).

Against such evil does God devise a righteous retribution which will fall upon them with such weight as to humble them.

II. Upon Whom Judgment Shall Fall (3:1-12)

1. The unfaithful rulers (vv. 1-4).

Because of love for the evil and hatred for the good the rulers mercilessly destroyed the people.

2. The false prophets (vv. 5-8).

They served for hire. As long as supplied with food, they prophesied to please the people.

3. The judgment which is to fall (vv. 9-12).

Jerusalem was destroyed because of the sins of the people. Just as the righteous retribution fell then, we can be assured that there will be no escape from the coming judgment for those who destroy the people.

III. God's Controversy (6:1-13)

Wicked men may go on to a certain time with their schemes, but eventually by the Lord's requirements shall be met.

1. The hills and the mountains called to bear witness against Israel (v. 2).

The people had turned a deaf ear to God so that inanimate creation was called upon to witness against them.

2. The guilty party left to state the case (v. 3).

The King of the universe abdicates His rights and allows His sinning people to make charges against Him.

3. God recounts His merities unto the people (vv. 4, 5).

Having paused for the charge and none having been brought, the Lord thrust home upon their conscience the memory of His great merities.

(1) He brought them out of Egyptian bondage (v. 4).

He has done even more for us who were under bondage to sin and Satan.

(2) Sent before them a trio of leaders (v. 4).

Moses the lawgiver; Aaron, the high priest; and Miriam, the prophetess were sent to bear witness.

(3) Turned Balaam's curse into a blessing through Rahab (v. 5).

4. God's requirements (vv. 6-13).

(1) The great question, "Wherefore shall I come before the Lord?"

The Jews could not deny the charge brought against them by the Almighty.

(2) The complete answer (v. 8).

a. "To do justly." Strict equity was to characterize all their dealings with their fellowmen.

b. "To love mercy." The heart was to be diligently set to do good to our fellows.

c. "To walk humbly with thy God." This means to recognize that we are sinners before God, with no claim upon Him except His pardoning love.

### Spiritual Power

Spiritual power is developed in action. Just as muscles are developed the more we try to help others, the more firmly shall we be established and the more we shall grow.—D. L. Marvin.

### To Regenerate the World

The only way to regenerate the world is to do the duty which lies nearest to us and not to hunt after grand, far-fetched ones for ourselves.—Charles Kingsley.

### O. K. LAUNDRY HAS COMPLETE SERVICE

The modern laundry of today is an expression of complete service for the whole family. Laundering has become the approximation of an exact science. Laundrymen of today are specialists and have learned the secret of improved cleaning in the most sanitary way, and the way that will have the least wear on linens is taught every employee in the modern laundry.

This class of laundry cleans more thoroughly, makes garments look whiter, with less wear and tear than the washerwoman in the own home. Different clothes need different methods.

The laundryman sorts the family bundle and each article goes thru the process of cleansing that will give the owner the best result, both in wear and cleansing. The O. K. Steam Laundry is modern in every department and has kept abreast of the progress made in improved cleansing for every garment. They give every article you send to them a special care, which is part of the routine of their work.

They have the most up-to-date equipment to handle laundry for the whole family and teach every employee to be a specialist in cleansing, neatness and carefulness. The family bundle will receive expert laundering in their hands as well as promptness in delivery.

Now is the time to send your curtains, draperies and rugs to the O. K. Laundry for cleaning. Just telephone No. 130 and your troubles are over. The O. K. will do the rest.
