## THE LISTENING POST

● Something must be done about the toothpick situation here in Fulton. I can no longer contain myself and must deliver a blast that may be heard around the world over these overzealous crowbars that manufacturers have recently turned out and called toothpicks. Every time I reach for a toothpick, I find that I must heft a pretty good sized log and after I get one lifted I have a feeling that I am armed with a deadly weapon, such as a dagger or small sword. I can't imagine why this condition has arisen, for toothpicks of this sort represent a criminal waste of wood.

● I imagine that a lot of folks have seen these mammoth toothpicks. They are sharp pointed on each end, and are round. In the center they are large and round and bulky, and I believe they could be used to stab a man fatally. One day not long ago I had one in my shirt pocket and in leaning against something suddenly I felt the darned thing starting in to stab me. But the crowning testimonial of all came the other day when I had a desire to remove a hub cap from a car. I looked in my pocket for the small piece of steel which printers call a makeup rule, this being my favorite tool for all small jobs. It can be used as a knife or a screwdriver, a finger nail cleaner and a thousand other uses. I use it constantly for all purposes, in addition to the purpose for which it is intended, but on this day it was not in my pocket. I remembered it had been left on the makeup stone.

● Fumbling through my pockets, hoping to find a knife or something of that sort, my fumbling fingers finally scraped against one of these overzealous toothpicks. It promptly stuck my finger, inflicting a serious wound and I drew it out and started to throw it away. Then I had a sudden thought. It looked like a long crowbar and it had a razor edge point. I promptly slipped it under that tight hub cap, took a firm grip on the other end and gave a mighty heave. That hub cap came off with such a rush that it flapped me in the face and left me madder than ever. The toothpick was not even broken on the point and I think it is still in my pocket.

● You can readily see that such a toothpick is a dangerous thing. If a fellow ever happened to get it caught around a tooth the latter might suddenly be prised out of its socket, and a man might get himself fined for practicing dentistry without a license. Too, he would lose the tooth, and this latter thought is one worth pondering.

● Far be it from me to criticize what a manufacturer turns out. Any manufacturer has the right to make toothpicks as he sees fit, I imagine, but I have always had an idea that toothpicks were made by some small and delicate machine. These which I am talking of must be made in some great sawmill, and turned out by whirling rip saws. There is one suggestion I have to make, and that is, when Uncle Sam finally gets his Panzer divisions organized and ready for the field, that every man be armed with at least two of these toothpicks. So armed, no German or Italian will ever get the best of any American soldier when the fighting gets hand to hand. Armed with a machine gun, plus two of these crowbar toothpicks, any American soldier should be able to take care of himself and carry the war into enemy territory. If Sergeant York had owned a box of these in the last war he might have set a better record.

## NOTICE

Notice is hereby given that all property owners in South Fulton are required under the law to cut the weeds on their property.  
D. A. ROGERS, Mayor

## Excess Profit Tax Asked By Roosevelt

Congress Told Rearmament Should Enrich None

Washington, —Declaring that no one should be enriched by the National rearmament effort, President Roosevelt asked Congress today to pass a "steeply graduated" excess profits tax.

The levy, he said, should be applied to all individuals and corporations "without discrimination."

Turned Over to Committees  
"We are engaged in a great National effort to build up our National defenses to meet any and every potential attack," he said. "We are asking even our humblest citizens to contribute their mite."

"It is our duty to see that the burden is equitably distributed according to ability to pay so that a few do not gain from the sacrifices of the many."

The message was immediately turned over to the House Ways and Means and Senate Finance Committee, now engaged in a co-operative effort to prepare such a law.

Offers No Estimate  
Chairman Doughton (D., N. C.), of the House group said the message "guarantees teamwork" between the White House and Congress.

Mr. Roosevelt made no suggestion on rates and offered no estimate of how much might be raised. Representative Rayburn of Texas, House Democratic leader, said, however, that the proposed levy would be along the lines of World War period excess profit taxes.

## Railroad Bridge Destroyed By Fire

A railroad bridge, approximately 300 feet long, over the Mayfield creek, one mile north of Dublin, Ky., was completely destroyed by fire this morning about 2 o'clock, the origin of which is not known. About five days will be required to rebuild.

Freight trains normally moving over the Blufford District are being detoured by way of Paducah.

## CLOSING DAYS

Beginning Thursday, July 4, all local stores and places of business will begin the annual half holiday period for the months of July and August. Stores will close at noon on Thursdays for these two months. The Young Men's Business Club, sponsors of the plan, urge that all persons make arrangements for this half day closing period in order that merchants may not be embarrassed.

## Germany Urges Americans To Open Banks In Paris

Paris, —(Via Air Courier to Berlin)—The German Government has asked all United States and French banks in Paris to reopen as soon as possible and to "operate exactly as before the occupation."

The bankers said they were unable to reopen without authority from their directors, many of whom have gone to Southern France, but agreed to select a representative from the Bank of France to discuss the matter with them. He has already departed for Bordeaux. The representative is due to return in four or five days, bringing decisions of various directors.

Representatives of United States banks advised German officials they expect to reopen unless the United States Government or bank directors order liquidation. Tuesday the French Director of Finance decreed a "thirty-day bank holiday"

## W. M. S. Will Sponsor Showing Of "Golgotha"

A talking motion picture utterly different from anything ever shown in this community will be presented in the lower auditorium of the First Methodist Church on Friday evening, July 5, at 8:00 o'clock under the sponsorship of the Methodist Missionary Society. The picture is "Golgotha" and it is the first and only talking motion picture ever made of the life and crucifixion of Christ. The film is a spectacular and impressive production. Critics everywhere have acclaimed it the greatest talking picture of its kind made. Every man, woman and child in the community should be present.

Since this great motion picture is being presented in the Methodist auditorium, a complete set of motion picture equipment will be brought to this city for the showing of the film. As a result, the picture is shown in an even more effective manner than if it were shown in a theatre. A matinee will be shown at 3:00 in the afternoon for the children.

The Woman's Missionary Society urges everybody to see "Golgotha" because it is not only educational but highly interesting entertainment.

## L. C. NEWS

T. K. Williams, Superintendent from Water Valley, Miss. is in Fulton today.

H. K. Back, Trainmaster, Jackson, is here today.

## President Signs Bill To Speed Criminal Cases In U. S. Courts

Washington, —President Roosevelt signed legislation today empowering the Supreme Court to regulate criminal procedure in Federal Courts.

A statement issued by the White House, describing the legislation as a "far-reaching and important step in the reform of the law," follows:

"It was announced at the White House that the President today signed a bill to confer on the Supreme Court the power to regulate criminal procedure in the Federal Courts. This legislation is a far-reaching and important step in the reform of the law.

"It is hoped that this grant of power will result in introducing uniformity and simplicity in the administration of criminal justice in the Federal Courts and eliminating some of the archaic technicalities which at times hamper or delay the progress of cases through the courts.

"In 1934, similar authority was conferred on the Supreme Court in respect to civil cases. The Supreme Court thereupon appointed an advisory committee of eminent members of the bench and bar and teachers of the law, which drafted a set of simple rules of procedure.

"With some modifications, these rules were adopted and promulgated by the Supreme Court. They have met with general acclaim and have made an important contribution to reducing law's delays and diminishing the cost of litigation.

"It is reasonable to expect a similar result in criminal cases from the legislation just enacted."

## New Teacher Is Elected By Board

Miss June Dixon of Dawson Springs has been elected by the Fulton Board of Education to succeed Mrs. Charles Robert Bennett, who resigned recently, as teacher in Junior High school. Miss Dixon will teach English, public school music, dramatics and orchestra. She is a graduate of Murray State College, having received her degree in June. At Murray she was a member of the quartet, the choir, the orchestra, the Sock and Buskin club and the band.

Mrs. Chester Binkley has been re-elected as matron of the luncheon. The board accepted the bid of the Paducah Iron Works for three fire escapes, approved the recommended repairs and corrections made by the fire marshal to the Garr Institute and instructions were given to get bids on painting the woodwork outside of all buildings except Science Hall.

## New President Take Charge Of Rotary Club

Dick Harris, Associated Press writer of Albany, N. Y., who is a house guest with Mrs. Harris at the L. O. Bradford home, was speaker today at noon at the Rotary club. He was introduced by his host, Dr. Don P. Hawkins, who presented him as a former writer for the Commercial Appeal, and A. P. man and personal friend of Presidential Nominee Wendell Willkie. Mr. Harris who attended numerous TVA hearings as a newspaperman knew Mr. Willkie for years and gave some interesting accounts of his acquaintance.

New officers of the club, Theodore Kramer, Jr., president, the Rev. Woodrow Fuller, vice president; Supt. J. O. Lewis, secretary; Dr. Don P. Hawkins, treasurer, and Ernest Fall, tailwaiter, assumed their new offices today.

President Theodore Kramer announced there would be a Rotary assembly next week when the heads of the various committees named by him would make reports.

## Earles Move To Memphis Yesterday

Mr. and Mrs. Lee Elden Earle and children, left yesterday for Memphis to make their home. Mr. Earle has accepted a position with an automobile agency there and will take up his new duties immediately. For the past few months he has been employed with the Murphy-Jordan Company in this city.

## 2nd. Largest Port In U. S. Placed Under Guard

New Orleans, —Extraordinary precautionary regulations virtually closing the great, miles-long port of New Orleans to all except those with special written permission went into effect today, and fifty guards were assigned to the port to enforce the orders.

The precautions were decreed by the port commission last year, but had not been enforced. Dock board officials explained that the danger of "fifth columnists" and possible saboteurs now had reached the point that enforcement had become necessary.

Hereafter no one will be allowed along the wharves and docks of the second largest port in the United States without special written permission, to be granted only for cause. The Canal St. Plaza and wharf, location of the principal ferry crossing of the Mississippi River, is the only exception.

## H. A. Wolfgram Dies In Paducah Hospital Yesterday

Herman A. Wolfgram, 61, telegraph operator of the Illinois Central Railroad System for 36 years, succumbed yesterday afternoon to injuries sustained Sunday, June 30, in an automobile crash on the highway six miles this side of Paris, Tenn. Immediately after the wreck Mr. Wolfgram was brought to the Fulton Hospital and yesterday morning was removed to the I. C. Hospital in Paducah where his death came at 4:15 o'clock.

Funeral services will be held tomorrow afternoon at 3:30 o'clock in the First Methodist Church with the pastor of the Church, Rev. W. H. Saxon, conducting the service. Burial, in charge of Hornbeak Funeral Home, will be at Fairview. Active pallbearers will be employees of the Illinois Central while members of the Busy Men's Bible Sunday School Class of the Methodist Church will be honorary pallbearers.

The deceased was born in Germany and his parents came to America when he was very small. Thirty-three years ago he was married to Miss Cora Muir, prominent family of Ohio County, Kentucky. He and his wife came to Fulton to make their home thirty years ago. Mr. Wolfgram has for a long time been a member of the Fulton Methodist Church and active in Sunday School work. He was a member of the Masons and the Order of Railroad Telegraphers.

Surviving him are his wife, Mrs. Cora Wolfgram, Fulton; one sister, Mrs. Irving Durkee, of Antigo, Wis.; three brothers, Otto Wolfgram of Burlington, Wis., William Wolfgram of Merrill, Wis., and Ed Wolfgram of Milwaukee, Wis.

The body will be carried to the home, 810 Eddings street, and will remain there until time for funeral services.

## Take Exams For Conductor

Trainmaster I. D. Holmes will hold an examination class in his office tomorrow morning at 10 o'clock at which time nine Fulton district flagmen will undergo examination on transportation and other rules for promotion to the position of conductor.

Those who will take the examination are Ray Freeman, Paducah; M. E. Hawkins, Memphis; L. E. Durkee, Memphis; Raymond Gull, Paducah; E. C. Muir, Memphis; H. L. West, Memphis; H. L. Jamison, Fulton; J. A. Mann, Fulton; and J. C. Arnold, Fulton.

## 45 Warships Are Ordered By Navy

Competitive Bids Are Eliminated In Speed Move

Washington, —The Navy placed the biggest order in its history today—for forty-five new warships to cost about \$500,000,000—just two hours after President Roosevelt signed legislation to speed up contract-letting and shipbuilding.

At the same time the Army promoted 1,350 regular officers and called the first of 9,000 reserve officers to active duty for intensive specialized training while the President discussed with defense advisers a program for further Army expansion with emphasis on mechanization.

E. F. C. Adds 2 Agencies  
Two new agencies set up by the Reconstruction Finance Corporation arranged to buy 150,000,000 tons of rubber and 75,000 tons of tin for reserve stocks.

And work was started on a third set of locks for the Panama Canal.

The Navy, in its fourth contract-letting within three weeks, ordered eleven cruisers, twenty destroyers, thirteen submarines and one large seaplane tender—193,000 tons of warships. This brought to 150 the number of vessels now under construction or soon to be started. Additional contracts are to be awarded shortly for three airplane carriers and two more cruisers.

State Gets Cash As New Year Begins

Frankfort, Ky., —Hard-pressed State agencies were back in the money today. It was the beginning of the fiscal year, and the \$35,000,000 budget appropriation of the 1940 Legislature went into effect.

Their heads above water again, several departments were expected to rehire some of the employees they dismissed in the late spring economy drive brought about in part by budget difficulties.

Extra Fund Requests Denied  
Governor Johnson fought off most requests for transfers from his emergency fund to supplement depleted appropriations made in the 1938 budget act, which carried all State agencies through yesterday.

The last one of the 1939-40 fiscal year was for \$4,000, and it went to the division of coal mining of the Department of Mines and Minerals.

Earlier Johnson had turned down requests of the Hazelwood Sanitarium and the State School for the Deaf, among others.

## Easy To Transport Tanks By Planes, U. S. Experts Say

Washington, —Military experts, specially designed planes, but expressed the opinion that even if they did not, it was possible to get light tanks of five or seven tons well up into the bomb ways where they would not interfere with take-offs or landings.

The United States Army Air Corps has made an attempt to carry tanks by plane, officials said.

U. S. Tanks Are Light  
The 250 tanks now owned by the United States Army range from ten to twenty tons and are classed as light and medium tanks. The Army has taken steps to develop light tanks and medium tanks and to develop further designs.

Light tanks are designed to be carried by transport planes and to be able to move quickly across the battlefield.

Medium tanks are designed to be carried by transport planes and to be able to move quickly across the battlefield.

Heavy tanks are designed to be carried by transport planes and to be able to move quickly across the battlefield.

Very heavy tanks are designed to be carried by transport planes and to be able to move quickly across the battlefield.

Super heavy tanks are designed to be carried by transport planes and to be able to move quickly across the battlefield.

Ultra heavy tanks are designed to be carried by transport planes and to be able to move quickly across the battlefield.

Jury Says Man  
Tied And Left  
To Die In Desert

Shoshone, Idaho. —A Coroner's  
jury held that Charles Sanders, 48,  
of Burley, was taken to the desert  
six miles north of Kaimima, tied and  
left to die by two sons, a daughter  
and her husband.

Sanders was found dead Satur-  
day—from hunger and exposure,  
the jury decided.

Sheriff G. M. Brown and George  
Sanders, 16, one of the sons, told  
State Patrolman Holl Church that  
he, his brother Joe, 20; his sister,  
Mrs. Flossie Phillips, 18, and her  
husband, Chester, 22, had taken the  
elder Sanders to the spot where his  
body was found.

George Sanders said the father  
had mistreated his children.

All four young people were held  
in jail here.

Ohio Acts Quickly  
To Train 30,000  
For Defense Jobs

Columbus, Ohio. —The State De-  
partment of Education moved  
swiftly today to train between 30-  
000 and 40,000 youthful Ohioans in  
industrial crafts geared to the Na-  
tional Defense Program.

Director E. N. Dietrich arranged  
to confer tomorrow with represen-  
tatives of fifty schools equipped for  
participation in a 10-week voca-  
tional training schedule.

The director said he expected

some of the schools to be in full  
operation within a week, train-  
ing young men for jobs as air-  
craft mechanics, machinists, au-  
tomobile mechanics, electricians,  
sheet-metal workers, welders, cabi-  
net makers, pattern makers, lathe  
operators, draftsmen, punch press  
operators and drapp press opera-  
tors.

State To Give  
\$12.31 Per Pupil  
For School Year

Frankfort, Ky. —John W. Brook-  
er, state superintendent of public  
instruction, said today the state  
would contribute \$12.31 per public  
school pupil during the coming  
school year.

The amount will be the largest  
per capita for school aid Kentucky  
ever granted and compares with  
\$12.19, the previous high record  
during the 1939-40 school year.

A drop of 16,000 in the number

of pupils shown in the Education  
Department's census from the  
1930-40 recorded high of 786,000  
was given by Brooker as the cause  
for the increased per capita. "Some  
of the decrease," he said, "was due  
to a careful census and elimination  
of duplications."

Man Is Cleared  
After Girl's Death  
Is Called Suicide

New York. —Mystery surrounding  
the death of Dorothy Ebersole, 18,  
was cleared up today when police  
found the gun they said she used to  
kill herself and arrested a man ac-  
cused of having hidden it after the  
shooting.

Her body was found last night in  
the bathroom of her apartment in  
the Bronx, a bullet hole in her head.

Police first considered the pos-  
sibility of murder but later found  
on a nearby housetop the revolver  
with which she had been shot.

After night-long questioning they  
arrested Edward MacDougall, 23,  
one of several guests at the apart-  
ment.

Police quoted him as saying he  
removed this gun and another  
one from the bathroom for fear  
he would be involved because of  
his previous police record.

April To May  
Jobless Figures  
Show Decline

New York. —A preliminary esti-  
mate by the Division of Industrial  
Economics of the National Indus-  
trial Conference Board placed the  
May total of jobless at 8,624,000, a  
3.8 per cent decline from April to  
May. The board is a research or-  
ganization supported largely by in-  
dustry.

The usual seasonal rise in agri-  
cultural employment accounted  
for 314,000 of the decline during

the month, the finding stated, and  
the seasonal trend in manufactur-  
ing made that industry the only  
other major employer showing a  
decline in unemployment.

"The construction industry did  
not show its usual large employ-  
ment increase from April to May,"  
said the report.

### FULTON GOLFERS ATTEND MAYFIELD LADIES DAY

The Fulton golfers are guests of the Mayfield Country club today at the weekly Ladies Day. Those attending are Mrs. J. W. Gordon, Mrs. Buren Rogers, Miss Peggy Williams, Mrs. Hoyt Moore, Mrs. Louis Spivey of Union City, Mrs. F. H. Riddle, Miss Martha Moore, Miss Mildred Huddleston, Mrs. Vester Freeman, and Mrs. Paul Hornbeak.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Elton Gargus announce the birth of a 7 pound son, Thomas Hugh, born last night in the Fulton Hospital.

Mrs. Gargus and baby are doing nicely.

### WOMEN'S COUNCIL IN ANNUAL PICNIC

The Women's Council of the First Christian Church held its annual picnic and regular meeting yesterday afternoon at the beautiful country home of Mr. and Mrs. Harry Murphy, West State Line. Twelve members of the group were present and after the meeting then were joined by members of their families for the out-door picnic supper on the lawn. Approximately twenty-five were present for the supper. Vases of beautiful snapdragons and Rossmore petunias were arranged about the house for the meeting.

The president, Mrs. Harry Murphy, presided over the meeting and opened with a well-prepared devotional, following this with responsive reading and prayer. The minutes of the last meeting were read by the secretary, Mrs. J. P. DeMyer, and the treasurer, Mrs. B. B. Alexander, gave the financial re-

port. Group number 3 made a splendid report. The business session was a very lengthy one as plans were made for the year book, pledges and activities throughout the year.

At the conclusion Mrs. Murphy presented the program, giving two very interesting articles entitled "Immortals or Dragons' Teeth" and "Footloose Army."

After her discussion the usual quiz was held and proved instructive. Assisting in this quiz were Mrs. Leighman Browder, Mrs. Jake Huddleston, Mrs. B. G. Huff and Mrs. Alexander.

The circle benediction was repeated in dismissal. Following the supper the guests departing, each expressing gratitude to Mr. and Mrs. Murphy for their hospitality in this annual event.

## Jim Poole Bats In Six Runs In Second Victory Over Paducah

In a game filled with chills and thrills, uncertain and brilliant fielding, timely hitting, errors at critical times, the Tigers outlasted the Paducah Indians here last night and won a tight game 8 to 7, with Manager Jim Poole blasting in six of the eight runs. The issue was not settled until the final moment when Lefty Yeager shot a blazing fast ball across to Stewart, who held his bat on his shoulder with two men aboard the bases. Yeager had relieved Read for the final two outs, as Read appeared to be weakening after pitching a remarkable game.

The Tigers were forced to play with a patched up team, owing to Filchok being injured. Males, new shortstop, had two costly errors at his position, while Peterson, an outfielder at second, also had two bobbles. Manager Poole was also charged with two.

Poole sent the Tigers away to an early lead in the first inning by blasting one over right field fence with a man on base. The Indians knotted the score in the second and third on errors connected with hits and went far into the lead in the fourth by sending four men over as the Tiger infield ripped apart and exploded. The Tigers got back in the game in the fifth, when, with the bases loaded, Manager Poole lofted a twisting fly that went for a hit when Andreck and Grissom both went after it, all men on the paths scoring. Paducah took a 7 to 5 lead in the sixth by virtue of a triple and a single, and the game seemed lost.

With two away in the seventh Quackenbush blasted his first pitch over the center field wall, and this seemed to unsettle Balser, who then allowed a pair of doubles and another hit by Manager Poole for 3 runs. This put the Tigers into a one run lead and Read got through the eighth without trouble. In the ninth the first hitter singled, and after Andreck had slashed a long fly down the right field line, foul by inches, Manager Poole called in Lefty Yeager. Yeager fanned the first man, but Males juggled an easy chance for the third out. Yeager quickly fogged a couple past Stewart, and then hooked a blazing curve ball over the middle for a called third strike.

Read, despite a leg that evidently gave him much trouble, pitched steadily and walked only one man.

that one purposely. He was touched for eleven hits, but few of the runs against him were earned. Moon Mullen at third played one of the best games of his career, time after time knocking down certain hits. Paducah is playing here again tonight.

### FULTON INDEPENDENT BASEBALL TEAM WINS

The Fulton Cardinals defeated the Cayce Tigers 14-4 and 7-1 in a double header of independent baseball games played Sunday, June 30. Fred Hassell allowed 3 hits and struck out 13 in seven innings to win the first game and "Butch" Neils allowed 3 hits in 5 innings to win the second game. Robert Hart led the hitting in the first game with a triple, a double, and a single.

### Fixed Colors

#### For Licenses

#### Advocated

Frankfort, Ky. — A State engineer suggested to Governor Johnson today that a fixed color scheme for auto license plates, with colors alternated from year to year, might avert the license plate paint fading which Kentucky has experienced for two years.

In a report on the reasons for the fading of many 1940 tags, Chief Engineer Ralph C. Wyatt of the Welfare Department said such a system would establish a "standard of practice which could be more nearly maintained at a point of perfection."

### Skyrocket Burns

#### Baby In Bedroom

Seattle. — Yvonne Tapp, 11 months, old was lying on a bed in Mrs. Daisy Early's apartment.

A Skyrocket zoomed into the bedroom.

"I was bending over the bed to pick up the baby when the rocket shot into the room," Mrs. Early said. "I don't know whether it hit her or not. All I could see was flames, on her right side and around her ear. I beat out the flames."

Yvonne is in King County Hospital, her hands tied down to keep her from tearing the bandages off her seared flesh.

### 4-H MEMBERS GIVE

#### QUALITY EGG SHOW

"What is a good egg?" Everyone likes them, dietitians approve of them and the great American public will pay premium prices to get them. The volume of Kentucky's egg industry is tremendous the only improvement needed is in quality. In Grayson county at a farm rally day program, County Agent R. T. Faulkner and two 4-H club members put on a demonstration of what constitutes good eggs. At a long table, they placed white containers in rows. They broke eggs of varying size, age, color, freshness, etc., into the containers, and let the farmers file by to see the results. The 4-H'ers stood by to point out good points and defects. "Every farmer to top the market in egg sales" was adopted as a slogan for 1940-1941.
