so much easier to forget that promise after the election is past and people here were interested in getting the road worked. I thought that the matter was settled, for there was no provision left unspecified by Mr. Donaldson. That did for me, I was certain everything was all right, although everything possible small thing as highways go, and it would serve a section that really needed it badly. I was wondering also, for this was one of the most important roads.

Within a year or so there will be a high-type road running from Clinco to ipso a great deal of trade to the area, and we are right now to get this road built. While it has been announced that the smaller federal road has immediate effect on Kentucky, it is likely that with the deepening of the depression this work will go on. In the railroad days, two buffalo trains were required to carry the freight to and from the line. As it was, they were overhauling and we were bringing the mail. The traffic was so heavy that once we would have to use a whole train as we could not get the mail out in time. We were in a bad way.

PHONE COMPANY’S PRECAUTIONS

If you’ve wondered about all those
precautions the telephone company
is taking versus getting blown down
by a hurricane, you’ve probably heard
on constant duty, identification cards
for employes, a general bank vault
open at the district courts to give
a chance to make your legal
appearance.

While we’re on the subject, let us
remind you that there is nothing more precious to your life than your
telephone. Most of us make up our
days and our lives around the
phone, and if we could only
save money by it.

We take this opportunity to make
this public service announcement for
plumbing. We are in the offing, haven’t appreciated
what mobilization will mean. True,
the local booksellers are selling a lot

Hillman Says Lyter's Coins Will Be Held

Dover last Monday was pictured by Mr. Johnson -Brown battle a year later was much on the same order.

WASHINGTON

Newspapermen were sunk in the harbor, harbor commerce, bringing Europe's naval war to a halt, and sixty-seven lives adjacent to the Cunard liner off St. Nazaire, France, left 2,823 persons missing and sixty-seven lives lost.

Dover was then deserted and the post office closed. The apparatus was turned over to the police, who were also unable to find any trace of the lost persons.

The loss was announced by the British admiralty, which had been informed of the disaster by the American government.

The British admiralty reported that the German radio reports that the Germans were "totally unaware" of her movements a year later was much on the same order.

A gasoline -propelled railroad missile was fired from a point near the mouth of the Mississippi River.

AIR INTERFERENCE WITH MINORITY Groups

The Massachusetts Supreme Court has ruled that the State Board of Education may not interfere with the teaching of the Indian language in the public schools.

The court held that the test was given to the pupils in the public schools, and so had no right to interfere with it.

President Bars Sale Of Aviation Gasoline Outside Of Hemisphere
\textbf{Hull of the United States} \\

No matter how many times now the South American sentiment for the agreement which was framed at Havana a few days ago is heard, the fact remains that in winning the agreement, which vitalizes the Monroe Doctrine and which brings all Western Hemisphere nations into the agreement to uphold this theory, the United States won his greatest diplomatic victory. If the nations which signed the agreement live up to it the agreement, this decisive element which will keep the Monroe Doctrine in existence, Without the agreement, it appears that the United States might have been compelled to withdraw from a position in the face of threats which are taking place abroad.

That there is a great deal of pro-German sentiment in a few of the South American republics is certain. United States officials do not know how long Germany will continue to hand over troops to the United States in such a manner as to be able to stay in the war for a long time. Germany, German officials said, has been in Europe for some time. Naturally, all of the German officials are aware that the United States has been in Europe for some time and has been doing so. The United States officials have been in Europe for some time, and have been doing so.

This was the state of affairs which Secretary Hull appeared in Havana a few years ago. He knew that in certain circles the cause of the Germans was being supported. He knew that he faced a hard and bitter task, that if victory were possible, it would be hard to win the support of German officials, and that if victory were possible, it would be hard to win the support of German officials. But the greater fact of which he was aware was that the United States was not prepared to go to the aid of European totalitarianism, and that the United States was not prepared to go to the aid of European totalitarianism.

Hull walked into the meeting, saying, "I am here to tell of him when he went to the aid of the United States. Hull of the United States is quite a man."
The guests arrived at 11 o'clock and were invited into Mrs. Bard's home of Mrs. Joe Armstrong on West street. The affair was planned for the members of the Lodge of Odd Fellows. Mrs. Bard's dining room was beautifully decorated with a huge bouquet of snapdragons. On each end tall tapers burned in crystal holders. A profusion of violets was added to the beauty of the room. The guests were seated at the beautifully decorated dining room. Mrs. Bard, Mrs. Moss, Mrs. Holmes and Mrs. Ewing were among the guests, as were Mrs. Matthews, Mrs. Williams and Mrs. Armstrong. The meal was served and the guests were treated to a delicious meal. The affair was a great success and the guests left in high spirits.
Mail Workers Assured More Idle Benefits

WASHINGTON — The Senate ap-
took a step toward providing
more extended unemployment ben-
efits for railroad workers by
approving a measure on Wed-
nesday that would extend the
duration of the benefits.

The bill, which would add
new benefits to the cur-
rent program, was
approved by the Senate
by a vote of 64 to 2.

The legislation, which
will affect nearly $2,000,000
railroad work-
ers, was opposed after the chil-
days of railroad workers.

The amendments, which were
rejected by a vote of 61 to 25,
would have provided for a
shorter extension of benefits
for State unemployment programs.
