Gilt Suggestions from Graham Furniture Co.
What Shall I Give For Christmas?

This very pertinent question is answered—exhaustively, thoroughly, comprehensively, suggestively. We mention gifts appropriate for every member of the family—father, mother, brother, sister, relatives, friends or sweethearts. And with the selection as varied and attractive as it is this year at this store, Christmas shopping and gift selecting is more of a pleasure than a drudgery.

You come into this store and see so many beautiful things that are suitable gifts for the loved ones in mind that you are happily perplexed in not knowing which ones of the hundreds to buy. We offer you the result of months of buying and looking around for Christmas goods. While we are always desirous of selling just as low as we possibly can, yet quality is our foundation, and you can rest assured that any article bought for a present will give satisfaction and pleasure to the recipient every time he or she has occasion to use it.

We are mentioning a few of the appropriate articles suitable for Christmas and purposely omitting prices in order that you may forget all about the cost in anticipation of the pleasure of giving.

### The Kildies

Both the Toys and Dolls are in a class by themselves. They are vastly superior to any display we have ever had. They represent the very newest thought—among the mechanical effects in the imported toys are many remarkable inventions that will furnish delightful amusement for parents as well as for youngsters. The Dolls in construction are the best procurable. They have the prettiest faces, the brightest eyes, the glossiest hair—in short they are irresistible.

In the displays are wagons, tricycles, coasters, scooters, skates and everything to make the little ones happy.

WHY STATE POLICE?

In 1920, only four states—New York, New Jersey, Massachusetts and Connecticut—had state police organizations; but since then every state in the country has established a state police organization within the last few years.

In the first place, the automobile has done much to change our mode of living; thus, and other factors, a thousand times more traffic police are needed now than ever before.

In the second place, the state police are doing invaluable work in public safety, road improvement, and prevention of highway crime. When a state police officer is on the highway, he not only provides for the safety of the public, but he also maintains order, preventing the commission of crime, and protecting the public interest.

In the third place, the state police are doing an important work in protecting the public, and preventing the commission of crime. When a state police officer is on the highway, he not only provides for the safety of the public, but he also maintains order, preventing the commission of crime, and protecting the public interest.

In the fourth place, the state police are doing an important work in protecting the public, and preventing the commission of crime. When a state police officer is on the highway, he not only provides for the safety of the public, but he also maintains order, preventing the commission of crime, and protecting the public interest.

In the fifth place, the state police are doing an important work in protecting the public, and preventing the commission of crime.
