MURRAY, KENTUCKY, FRIDAY MORNING, OCTOBER 4, 1930

STATUTORY FISCAL COURT MEET IS HELD

County Judge's Salary Is Raised to \$150 Per Month, Effective January 1.

EARL ADAMS, KIRKSEY IS NAMED VETERAN

County Attorney's Pay Is Fixed At Old Mark, \$1,000 a Year.

The semi-annual statutory meeting of the Calloway Fiscal Court was held here Tuesday at the court house. The laws of Kentucky provide that the court shall meet not less than twice annually, on the first Tuesday in April and the first Tuesday in October. All fiscal courts in Kentucky were in session Tuesday.

The salary of the county judge was set at \$150 per month, effective January 1, 1931. It has previously been \$100 a month. It is understood that the salary was made on account of the recent ruling of the Kentucky Court of Appeals that county judges could not collect fees upon convictions in their courts. This materially reduced the county judge's income from fees, which is a considerable portion of their total pay. The court fixed the county attorney's salary at \$1,000 a year, effective January 1. Dr. Earl Adams of Kirksey was elected county veterinarian, effective January 1.

A few claims were allowed and other routine business transacted. The next regular meeting of court will be the second Tuesday in November, the 12th.

RUSH GRAVELING ON BENTON ROAD

Three Miles Finished Thursday; Want To Reach Hardin This Winter.

Showing some of the fastest surfacing work in western Kentucky road construction, the W. C. Robinson company of Owensboro, was almost three miles from Murray Thursday afternoon on their graveling project to the county line.

The company got under way last Wednesday afternoon and during the seven working days have reached the three-mile mark. At their present rate, the contract will be finished in less than four weeks, whereas the original estimate was 35 working days, or six weeks by the highway commission.

The graveling work is of the most ideal type for surfacing, consisting of about 25 per cent binding material, which packs unusually well. The work was completed last Friday morning, making a total of 15 miles.

All of the hauls will be short, Mr. Robinson said, and if the present favorable weather continues the contract will be finished more than two weeks before the true limit. A brand new steam shovel of cubic yard capacity was used in the work, and the machine is making short work of the gravel.

A devoted wife is being expressed by local people and persons in the north end of the county and in Hardin that any method or other the surfacing may be extended to Hardin before winter.

The county line is only a few hundred yards from Hardin to Benton, and the Marshall county part of the road will not be surfaced this year.

Unless the highway department makes some small concession and graveling this short stretch of road before coming to Hardin, the road will be obliged to make a long and bad detour to get on the highway and reach Benton.

Dr. L. H. Hughes and D. E. Booker, prominent Hardin citizens, were in Murray Monday seeking the co-operation of local people toward getting this short gap closed before winter.

Stewart County Road To Murray Improved

A good portion of Stewart county will be upped up to Murray, according to road plans under way in that section. J. D. Dill, merchant of Dill, Tenn., tells the Ledger & Times.

GROUND FOR CLINIC IS BROKEN MONDAY

Handsome New Structure for Keys-Houston To Be Ready in Four Months.

Ground for the new clinic for Dr. Keys and Houston was broken Monday. The new structure, which will be one of the best equipped and most modern clinics in the south, is located at 2110 and Walnut, on the southeast corner.

According to the Key-Langston Construction Co., which has the contract for the erection of the building, the clinic will be ready for occupancy within four months. It will consist of a basement and two upper floors, with ample room for a large number of patients and a wide range of modern medical apparatus.

Disposal for the sub-structure was completed this week.

FOURTH CHRISTIAN PASTOR MON. VENT CITY MONDAY

The Rev. L. P. Drash, of Wayne, Indiana, and his son, Rev. W. W. Drash, of Clarksville, Tenn., were in Murray Monday morning to visit friends.

The Rev. L. P. Drash was pastor of the Murray Christian church nine years ago, at which time his son attended school.

MANY ATTENDING REVIVAL SERVICE

Meeting at Church of Christ Continues This Week; Invitation Extended

The second week of the series of revival meetings at the Church of Christ, with Geo. A. Klingman preaching, and J. B. Cox leading in songs, continues with good audiences and attendant interest.

Many visitors have been in attendance from time to time, and this and from other communities. The meetings will continue throughout the week, with services daily, at 3:30 and 7:30 P. M.

HAZEL PREPARES FOR ANNUAL FAIR

Third Fall Event Will Be Held on October 11; Many Prizes Offered

The third annual community fair of Hazel will be held October 11, a striving to make this the best community fair ever held at Hazel, and with your assistance we feel sure it will be a success.

There are several prizes to be given on farm products, especially tobacco. The grand prize is a pound of tobacco. The grand prize is a pound of tobacco. The grand prize is a pound of tobacco.

The chief feature of the fair will be a parade in which over 500 school children will take part. This parade will be headed by a band from the Murray State Teachers College.

There will also be a basket ball game at night. We are sure that it will be a good game, as it is the first official game to be played in our new gymnasium.

GOVERNOR IS CLEARED ON GIFT CHARGE

Peremptory Instruction Is Given by Judge Ben Williams Wednesday.

FIVE COMMONWEALTH WITNESSES ARE HEARD

Motion for New Trial Is Denied for Lack of Merit in the Case.

Frankfort, Ky., Oct. 3.—Gov. Flem D. Sampson was acquitted today on a charge of accepting a gift from a publishing company. Judge Ben C. Williams in Franklin Circuit Court granted a motion of the defense for peremptory instructions to the jury after the Commonwealth rested following the examination of five state witnesses.

Governor Sampson was charged in an indictment returned September 15 by the grand jury with having accepted "a great number" of textbooks from Ginn & Company, in violation of a statute prohibiting members of the State Textbook Commission, of which the Governor is ex-officio chairman, from accepting or receiving money, gifts, property of value, or favors from publishing companies qualified to do business in Kentucky.

Sample Books Required. In giving his peremptory instructions to the jury, Judge Williams said: "You all know the timidity with which I take a case away from the jury. I am reluctant to do so. I have great respect for the findings of my jury. I am not inclined to think the Commonwealth proved a crime on the part of Governor Sampson. Those publishing companies sent the textbooks as samples, and they were not accepted as gifts. The resolution required that such samples be kept. It is a waste of time to go further into the case. I therefore direct the jury to return a verdict for the defendant—the verdict being 'not guilty'."

A burst of applause broke out in the crowded courtroom after Judge Williams concluded his instructions.

Commonwealth's Attorney Wade Hampton Whitley entered a motion for a new trial, which was overruled. The Court of Appeals is to be asked for a certification of the law, which will act as a guide in any future trials on similar charges.

Terms Case Without Verdict. The defense made a motion for peremptory instructions on the ground of the weakness of the Commonwealth's case, the utter lack of merit in the case, in view of the fact that the present testimony done exactly what his predecessors in office have done, as well as all other textbook commissions, and in view of the fact that the practice of requiring publishing companies to furnish samples has ripened into a custom.

Judge E. C. O'Rear, Frankfort, one of the defense counsel, declared in asking peremptory instructions that he was convinced that this kind is unbecomingly and is belittling to the Commonwealth of Kentucky. It ought not to have been, and ought not to be.

The Commonwealth opposed the motion for peremptory instructions on grounds that the testimony of the members of the Textbook Commission from accepting gifts, and in view of the fact that the statute is clear, and it is the duty of the state to be punished.

High School Publishes "Pennant's" First Number

The first edition of the high school yearbook, the "Pennant," came off the press Monday.

At a recent meeting of the school faculty it was decided no yearbook would be published this year, as the annuals published for the last several years have been very expensive.

The name of the school paper was changed from "Plinkasha" to the "Pennant," and is a larger publication than heretofore. The publication will appear once each month, the final number being the senior edition.

Bowden-Norman Rites To Be Solemnized Wednesday. Mrs. Ethel Bowden has announced the engagement and coming marriage of her daughter, Emily, to Mr. Boyd Hubert Norman, son of the Rev. and Mrs. E. C. Norman, Murray.

The rites will be solemnized morning of October 5, at nine o'clock by the Rev. E. C. Norman. Mr. Norman's father, at the Methodist parsonage on south Third street. Only members of the family will be present for the ceremony. Miss Opal Johnson will be the bride's maid of honor and the bridegroom's brother, Dwight Norman, will be best man.

MILDRED BLALOCK, 17, IS SUMMONED

Popular Lynn Grove High School Girl Sumsuined Monday to Complications.

Miss Mildred Blalock, aged 17, one of the most popular members of the senior class at Lynn Grove, died Monday afternoon at the home of her uncle, Dr. C. H. Jones, after a long illness of complications.

Miss Blalock's parents died several years ago and since that time she and an only sister had made their home with Dr. and Mrs. Jones. She was a faithful member of the Salem Baptist church.

\$300 IN CASH PRIZES ARE OFFERED BREEDERS

Sponsors Expect Every One in County To Attend Big Exhibition.

All plans and final arrangements for the annual cattle show of Calloway county have been completed, and breeders, farmers and their well-wishers are ready for the opening Friday morning.

With some of the best bred stock in the county to be on exhibition, competitive interest between the breeders will be keen and practically every person in Calloway county is expected to attend the show at one time or another during the two days.

In case of the bull, cow and heifer classes, \$5 are being offered for first prize with the scale ranging down to one. Money prizes will be given to five animals in each class. Much interest is also expected to be shown in the progeny of sire and dam, for which a total of \$24 in prizes is offered.

Approximately \$75 in prize money is being offered by the junior club premium list alone.

Tigers Lose Again; To Play McKenzie

For the second time, the Murray high school team lost a 25-0 decision Saturday, bowing before the Providence team at the local field.

The local team again showed valiant defense and settled down after the first quarter and played the victors a good game, but lacked the offensive again to provide a fight.

Coach Gardner has been working hard on the offense this week and the local team is expected to show a vastly improved form when they clash with McKenzie Saturday afternoon.

The Tigers will not play at home until October 13, when Paducah comes here.

Benton Will Have Water Works Plant

Benton is to have water works, according to the plan of the town board at its meeting Tuesday evening.

The town board has been divided on this question for several months. Tuesday evening, the board voted for the water works and one of the other members who had been opposed to water works failed to cast his vote.

The water works will be a 40-horsepower plant, costing \$4,000 to \$5,000. It will be a 40-horsepower plant, costing \$4,000 to \$5,000.

MURRAY MILK PLANT PLANS LOCAL SALES

Announce Prize Contest for Best Name for Trade-Marked Products.

The Murray Milk Products Company announced yesterday that it will soon inaugurate home delivery dairy products for local consumption in Murray. The latest and most modern type of automatic motor-driven machinery has been ordered and as soon as it arrives and is placed in operation local deliveries will begin.

The company will manufacture and sell here, pasteurized whole milk, pasteurized sweet cream and cultured or Bulgarian buttermilk. The price of the milk will be 10 cents per quart for delivered. It is stated that a prize contest, particulars of which are announced elsewhere in this paper, offers three prizes of \$10, \$5 and \$2.50 for the best names submitted for these dairy products. The judges will be Mrs. Annie H. Young, dietician at the college, Miss Sadie Wilcox, county home demonstrator, Miss Macbeth Glasgow, county health nurse, and G. B. Scott and Senator T. O. Turner, chairman.

Mr. Scott also announced that the new Gray-Jensen spray system is expected to be in operation by the 15th of October. The public is cordially invited to view the new unit in operation when ready. Mr. Scott said it will be the first spray process powdered milk to be in operation in Kentucky.

Construction of the additional building to house the new unit is completed and installation of the Gray-Jensen machinery is now in process.

COLLEGE HONORS BOURNE'S MEMORY

Many Attend Memorial Services in New Auditorium Wednesday Morning.

The huge new auditorium at the Murray State Teachers College was almost filled by a huge throng Wednesday morning to attend memorial services for Dr. William R. Bourne, head of the department of Education, Rotary governor, minister of the church, and a teacher, who died August 31 in Birmingham, Alabama.

Rotary club, churches, students, professors, and citizens joined in mourning the loss of and paying tribute to one of the most useful citizens ever possessed by Murray.

All of the speakers were warm, personal friends of Doctor Bourne and spoke of his life from many different viewpoints from which they knew him.

The program follows: "Dr. Bourne, Italy Grippio Officer," Prof. Herbert Prof. Ashcraft. "My appreciation of Dr. Bourne as a teacher," Mayor T. H. Stokes. "A Member of My Faculty," President Rainey T. Wells. "As a Church Member," Ed Filbeck.

He will represent the Murray Club. The convention extends through several days and Judge Jones will not return until the latter part of next week.

Craig Replies To Jury's Accusation. Con W. Craig, state highway commissioner, in an interview last week replied to the charges laid by the Franklin county grand jury. Mr. Craig said: "I am not at all surprised at a report of this character coming from the grand jury, knowing the malice, venom, and jealousy that exists in the hearts of those who oppose the progressive, forward-looking program of Governor Sammons and his administration."

YOUNG MINISTER CALLED BY DEATH

Elder Toy Hale, 29, Succumbs Friday to Typhoid Fever Attack.

Elder Toy H. Hale, 29 years old, one of the most popular young Baptist ministers in this section, passed away here Friday night at 11:30 o'clock of typhoid fever, which he contracted at his home on South Fourth street.

Young Hale was a native of the east side of Calloway county but moved to Murray a few years ago and became a student of the West Kentucky Bible school.

He leaves his widow, four small children, three daughters and a son, his parents, Mr. and Mrs. J. M. Hale, prominent citizens of the town, several brothers and one sister.

Funeral services were conducted at the Murray Baptist church Saturday afternoon by Elder H. H. Taylor and burial was in the Elm Grove cemetery. Elder Hale had a wide circle of friends who join his family in mourning his untimely death.

WILKINSON, CASTLEBERRY BUY PEOPLE'S BARBER SHOP

Murray barber shop prices are standardized this week as the result of the purchase of the People's Barber Shop by W. G. Wilkinson and Ophus Castleberry.

MASSONIC NOTICE

Regular convocation of Murray Lodge No. 108 Monday night, Oct. 6, 8 o'clock.

GRAND LODGE OF M. S. T. C.

There is a move under way whereby all the clerks and employees in Murray may be able to see the opening game of football Friday, Oct. 11, between Murray State Teachers College and Southern Illinois Normal at Carbondale, Illinois.

Many of the business houses will close for two hours in the afternoon from 3 to 5, and those who do not close will probably consent to let their "force" have these two hours absence in order that they may see the first, and one of the hardest fought, rival contests of the season. Last year this was the only team that held the Thoroughbred to a tie of 0-0. Fans predict this one to be the "game" of the season.

EDITORS MEET IN PADUCAH FRIDAY

Former Owensboro Editor Is Head; Problems Are Discussed.

The fall meeting of the West Kentucky Press Association at the Irving Cobb hotel in Paducah Friday was featured by an address by Urey Woodson, former publisher of the Owensboro Messenger. Mr. Woodson, who spoke at a luncheon at 1 o'clock discussed professional journalistic measures.

The luncheon, the social feature of the meeting, followed a morning business session presided over by A. Robbins, manager of the Paducah Post-Courier and president of the association. A round table discussion with "Job Printing Promotion" as the subject, opened the session.

The extension of classified advertising was taken up following the close of the discussion of job printing. The assembled publishers exchanged ideas on the subject, and explained results of their personal methods for building up classified advertising columns.

The values of news columns for the promotion of displaying advertising was also discussed together with various phases of advertising, methods and salesmanship. Practically all of the publishers present took part in the discussion.

Afternoon Program

The following talks and discussions made up the afternoon session: Use of features in country papers and weeklies, George Covington, Mayfield Messenger and Mrs. Ada Wear, The Advance, La Center; Value of a "Personal Column," Hoyt Moore, Fulton Daily Leader; making "local" and "personal" interesting, J. B. Catlett, Twice-a-Week Leader, Princeton; Dressing up your paper typographically, E. C. Old, Tribune-Democrat, Benton; The "Personal Column," Hoyt Moore, Fulton Daily Leader; George Covington, Mayfield Messenger; E. C. Old, Tribune-Democrat, Benton; J. B. Catlett, Twice-a-Week Leader, Princeton; Murray State Teachers College; Mrs. W. P. Hogard, Crittenden Post; Elliott C. Mitchell, Paducah Sun-Democrat; and E. J. Paxton.

E. Clements and Raymond Wallace, of the Clements Paper company, also attended the meeting. The Clements Paper company was host at the luncheon.

Klingman Speaks To Students Thursday

Dr. George A. Klingman, evangelist of Washington, D. C., who is carrying on a meeting at the Church of Christ of Murray, spoke on "Faith" in the chapel of Murray State Teachers College, Thursday morning of last week.

He was introduced by J. B. Cox, graduate and former faculty member of Murray.

The speaker explained that the invisible world is interwoven with the world we see. That a greater presence shuts it out from our material senses. "The things we see are temporal. The things we do not see are eternal."

He closed reminding his hearers to have faith in the invisible and to trust Christ. "Hill you meet him face to face."

Miss Helen Davonne of Paris was arrested on the charge of robbery. She is being held in the city jail.

Over One Hundred Dollars

There are about 350 old line Life Insurance Companies and they are all good for their contracts. But there is as much difference in Companies as there is in folks, in cows, in farmers, in business men.

A company can do all they promise and still that difference exists.

Some companies do not pay any dividends until the end of the second year, for illustration, at age 35—Company No. 1—1st Dividend, end of FIRST year \$8.51—gross premium \$27.90. Company No. 2—1st Dividend, end of SECOND year \$3.39—gross premium \$27.83.

Take their record for 20 years, according to 1929 Dividend scale in an official publication, Company No. 1 will give you in 20 years, total Dividends of \$236.46 and will pay you \$330.00 in cash for your policy at that time. Company No. 2 will give you in 20 years, total dividends of \$96.87 and will pay you \$328.00 cash at that time.

Here is a cash difference of \$140.19 in a twenty year period on a single \$1000.00 and yet some folks and ignorant agents say they are all about alike. There are Companies and Companies, Agents and Agents, you will make no mistake in submitting your Life Insurance and Investment problems to

Teach The Children Fire Prevention

Fire prevention should be impressed upon the minds of every pupil of the school. The burden of keeping a watchful eye on everything which might cause fire could be delegated to the young folks as well as the older ones. If teachers would teach the children the dangers and cause of fire, where they are apt to start, and where they might look for defects, they would be of great assistance in keeping the property from destruction by fire.

It is a matter which should be taught frequently with the children about the ever-existing dangers of fire, acquainting them with the

fact that many children are burned to death every day in the year. Most of these horrible deaths are hurried to hospitals, there to endure the greatest suffering known, which continues usually until death ends their suffering. They seldom live after serious burns, and if they do, they are usually disfigured for the rest of their lives.

The greater fire hazards are well known. These should be brought forcibly to the minds of the children, enumerating each. The children should be taught where fires are most likely to start, and where they should be on the alert.

The great loss of life and property which may cause fire is found in the fact that should be reported to the teachers.

Notice to Tobacco Growers of Calloway County

There is Only One Reason for This Article

WE ARE INTERESTED IN GETTING ALL THE TOBACCO WE CAN TO COME TO MURRAY MARKET, AND THE ONLY WAY WE CAN HOPE TO BUILD THIS MARKET IS TO BE ABLE TO OBTAIN FOR YOU AS GOOD OR BETTER PRICES FOR YOUR TOBACCO HERE THAN YOU CAN GET ANYWHERE ELSE.

YOU WILL SOON BE STRIPPING YOUR TOBACCO, AND WE WANT TO URGE YOU TO USE MORE THAN USUAL CARE IN CLASSING AND HANDLING YOUR TOBACCO THIS YEAR.

AFTER TAKING OFF THE LUGS, MAKE A SECOND GRADE LEAF. WE DON'T MEAN BY THIS TO MAKE TWO GRADES OF LUGS, BUT AS YOU KNOW, IN ORDER TO CLEAN UP YOUR LEAF PROPERLY, THERE ARE ALWAYS SOME GOOD LEAVES TOO GOOD FOR LUGS THAT SHOULD GO IN SECOND GRADE LEAF WHICH SHOULD BE KEPT SEPARATE FROM YOUR LEAF GRADES. AFTER YOU HAVE TAKEN OFF YOUR LUGS AND SECONDS, CLASS YOUR LEAF TOBACCO TO COLOR AND LENGTH, TIE UP IN SEPARATE HANDS, NEVER USING AN OFF COLORED LEAF TO TIE WITH.

WE BELIEVE WE KNOW THAT CAREFUL CLASSING AND HANDLING YOUR TOBACCO WILL PAY BIG PROFITS TO YOU. DIFFERENT TRADE USES DIFFERENT GRADES OF TOBACCO. THE TRADE AS A RULE THAT WANTS LIGHT TOBACCO DOESN'T WANT DARK TOBACCO, AND THE SAME IS TRUE WITH THE TRADE THAT WANTS DARK TOBACCO.

WE HAVE A GOOD CROP OF TOBACCO IN CALLOWAY THIS YEAR AND WE WANT TO HELP YOU SELL IT TO THE BEST ADVANTAGE, AND FOR THIS REASON AND NO OTHER WE ARE CALLING YOUR ATTENTION TO THESE FACTS WHICH WE KNOW ARE IMPORTANT.

We also wish to urge upon you the real importance of not stopping your fire too soon, as it is very essential that you finish your tobacco properly with fire process in order to obtain the highest market prices.

Gives Simple Ways to Remove Stains

Most stains can be removed if treated before they dry, says Miss Isabelle M. Story, of the College of Agriculture, University of Kentucky, in a circular called, "Removal of Stains and Stains."

She tells how to remove ink, oil, grease and other spots and stains. Some of her recommendations follow:

Ink.—Treat with warm oxalic acid, or with lemon juice and salt. Keep moistened until stain disappears. Rinse well.

Iodine.—Sponge with alcohol or dilute ammonia.

Oil.—Treat with warm oxalic acid, or with lemon juice and salt. Keep moistened until stain disappears. Rinse well.

Cultivation Will Kill Wild Onions

Tests made by the Experiment Station of the University of Kentucky on its experiment field in McCracken county indicates that it is possible to destroy wild onions, or wild garlic, as it is commonly called, where the land can be cultivated.

The method recommended by the Experiment Station is deep plowing in the fall and again in the spring, and then clean cultivation of the field to some row crop.

The wild garlic should be completely destroyed by the early part of November. Care should be taken to cover all top growth of the garlic to a depth of at least three inches, as plants not entirely buried will live and produce bulbs.

The plowing should be repeated in the spring, preferably before April 1. Plants coming in during the summer can be kept down by cultivation of the land to any one of a number of crops, such as corn in check rows or soybeans drilled in rows.

It usually requires three years of this system of cultivation to satisfactorily rid a field of wild onions.

Persons desiring further information on the control of wild onions should write to the Experiment Station at Lexington.

Paducah To Have Second Newspaper

Paducah, Ky., Sept. 25.—Organization of a new company to publish a new daily newspaper in Paducah, the Evening Free Press, is virtually assured. It was announced tonight by W. Herndon Lackey, general manager of the former Paducah News Democrat and promoter of the new company.

The company is to be capitalized at \$50,000 and operations will be started as soon as 50 per cent of that amount is subscribed, not later than November 15 or December 1, he announced.

Nothing will solve as many problems of the pork producer as will plenty of good pasture.

A shade for the hogs pays.

2 Glasses Water, Not Too Cold, Help Constipation

One glasswater is not enough—take 2 glasses at half hour before breakfast. You get quicker and better results by adding a little simple glycerine, saline, etc., (known as Adlerika) to one glass.

Unlike other remedies, Adlerika acts on BOTH upper and lower bowel and removes all poisons you never thought were in your system. Adlerika stops GAS and sour stomach in 10 minutes! Heave constipation in 2 hours. Dole-Stubblefield & Co., Drug-Gists.

MRS. NORA DANIEL
"For two years my stomach and liver were all out of order," said Mrs. Nora Daniel, 522 E. Broadway, Louisville, Ky. "Finally, neuritis set in. Indigestion was so bad that after every meal I felt as though I would another, and I had to gasp for breath, so great was the bloating. I had terrible bilious attacks and headaches. But the worst of my troubles was neuritis. The pains in my shoulders were terrible."

"Relatives who knew about Konjola urged me to try it and I started with the treatment. Day by day I grew better and when I had finished the fifth bottle of this medicine the neuritis was gone, my liver and bowels were functioning as they should, and my digestion was restored completely. What a splendid medicine Konjola is! I hope my experience will be the means of others getting the same wonderful results I did from Konjola."

Konjola is sold in Murray at Dale, Stubblefield & Co. drug store, and by all the best druggists in all towns throughout this entire section.

180-Day-Old Litter Weighs 2,867 Pounds

P. L. Staton, a Washington county farmer, recently finished his third ton litter in as many years. His 11 cross-bred, Duroc-Poland China pigs weighed 2,867 pounds when 180 days old.

"Mr. Staton is a small farmer who makes hogs one of his principal sources of income. 'In order to make money from hogs,' he told County Agent G. W. Garden, 'one must have faith and keep records. The records will impress him in such a way that he will feed his hogs properly.'"

Mr. Staton's record is as impressive as the weight of the litter, for the entire feed cost, including the feed for the sow from breeding time to farrowing, was \$194.95. He fed corn, corn hearts shorts and some commercial pig feed, on rather poor mixed grass pasture.

The litter cost \$6.75 per 100 pounds to raise and sold for \$11.25 per 100 pounds, leaving a profit of \$127.86 above feed cost.

This litter qualifies for a gold medal from the Louisville Live Stock Exchange, which is offering medals for all litters weighing 2,500 pounds or more when 180 days old.

The New School Building

By ELIZABETH WASHAM

If the patrons of Murray had taken a view of the building of an additional accommodation to our already over-crowded building, the school board which was passed in August would have been voted and passed upon long ago. For we, the students of M. H. S., take a prospective view of the building of the proposed addition through the eyes of a student who experiences the need each day in a class room, while the patrons, or a part of them at least, view it with his eye on his bank account. Of course, it is true that the financial condition of Murray and the surrounding territory was not said to be in a deplorable state of conditions. Didn't we raise \$150,000 for building a greater burden falling on the city of Murray when it was proposed by the legis-

lature that a college be placed in this locality?

So, if the patrons looked at this proposition through the eyes of the students they could not be deploring over the proposition of financial but would already have access to a modern equipped building.

Think how proud we students will be of a building with a gymnasium where the boys and girls will have an indoor court, with the added advantages and the opportunity of giving physical education to the other students. There will be no reason why the girls should not have a basketball team when

Not only will it contain a new gymnasium, but consider the importance of a department for home economics and commercial departments. The commercial department has been in the balcony in very limited spaces and whatever rooms that happened to be empty at that period. The new building

will be built with a glass wall between the rooms so that the same teachers can teach in the typing hall and recitation rooms. With the necessity of all these added advantages, can you blame us for wanting a new building?

Lynn Grove Hi Notes

Dr. Charles Hise, head of the education department of the Murray State Teachers College, has been secured as the principal speaker for the afternoon program of the Lynn Grove Community Fair Saturday, October 12.

The Lynn Grove baseball team defeated the Lone Oak team Friday afternoon at Lynn Grove by a score of 10-1. In the first four innings Lone Oak seemed to have

the game. Lynn Grove completely overcame the odds and won in favor of the victors. In the last of the fourth Lynn Grove participated a rally and ran in 4 scores, followed by 6 more in the fifth. They allowed their opponents only two more scores. These were made in the seventh. A large delegation of Lone Oak teachers and pupils attended the game.

In a practice game Tuesday of the past week the high school boys won over Lynn Grove "pick-ups" by a score of 14-13.

The next game on the Lynn Grove schedule is Friday, October 4, with the New Concord team at New Concord.

Fred Parker, a primary pupil, was hit in the face by a baseball during the game Friday, was not seriously hurt. He is back in school this week.

The girls of the home economics class have completed their unit in canning. In spite of the late start and the lack of equipment, they have canned pears, tomatoes and apples, and made jelly preserves and conserves.

Thirteen of the sophomore girls and Mrs. Dunn, the home economics teacher, visited the Hazel Jean Gift Shop Monday afternoon. Mrs. Ryan showed the party many lovely pieces of pottery and china she had that were brought from other countries. She explained the history of the pieces and pointed out the modernistic trend of today. Mrs. Ryan came out to the school Tuesday and explained to the girls the making of a number of useful and attractive things for the home.

Miss Grace Hunter, a graduate of Farmington High School, visited the school Monday. Misses Iva Cochran, Jeffie Turnbow, Reba Sims and Mr. Ray Pogue were some of the other visitors.

Miss Louise Jones, a member of the Junior class, and Corinne Erwin spent the week-end in Paris visiting Miss Erwin's parents, Mr. and Mrs. C. Erwin.

Some of the teachers and students from Lynn Grove who attended the fair at Paris Saturday were Misses Modest Clark, Jessie Sherman, Willie B. Miller, Louise Jones, Jeffie Jones, Emma Douglas, Laura Parks, Corinne Erwin, Augusta Jackson, and Messrs. Burton Jeffrey, Elmer Douglas, W. C. Hutchens, and Homer Miller. Miss Ruth Lawrence was a visitor in Paducah Saturday.

Rowan county farmers who this year for the first time grew soybeans and Japan clover report satisfactory results in spite of dry weather. Most of the soybean growers will sow more seed per acre next year, in order to keep down weeds.

Little Bob Lassiter come thru here, the Graves county line with the powerful road machine and improved our highway wonderfully. But listen, folks, that dangerous trap of a bridge and levee near Stonewall Kemp's is an unholy terror. I have to get down on my all fours and confront across it. I've had seven epileptic fits and three hard "nightmares" on account of it.

WHEN CHILDREN Need a Laxative

"We have used Thadford's Black-Draught in our family for nineteen years. I have found it of great help in raising my family."

"I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right."

"I give it to them for constipation, and my husband and I both take it. I always give it for colds in the bowels. I know how to prevent them is to keep the system clean." —Mrs. Donnie Terry, 1206 4th Ave., Decatur, Ala.

MURRAY HIGH SCHOOL NEWS

You don't have to dig up the almanac or scan the calendar to know that school days are here again. Look into the faces of the Murray boys and girls and you will realize it. And you will not find a written in a town either, for times have changed since the olden days when we had the rule of a hickory stick and "book learn" was a drudgery.

Time has changed almost everything, our schools along with the rest. The boys and girls are back at their studies and happy to be there. Today they still seem to realize that their future comfort and happiness depends upon

every hand the advantage that are open only to those who have applied themselves and made themselves capable of enjoying these advantages. Ignorance and illiteracy have come to be incalculable and boys and girls no sooner reach the school age now than they realize the world is not going to pay the debt it owes them unless they are capable of leading a worthwhile life.

Go back to school days again, busy days for those who are getting ready to run this old world in a few more years. We are back to duty that no longer means drudgery, back to tasks that bring smiles instead of frowns—smiles for the younger set because they have such wonderful opportunities, and smiles for the older ones because we have a hand in opening up these opportunities to them.

The student body enjoyed another one of Dr. Klingman's splendid addresses September 30, at the chapel period. Dr. Klingman, who is conducting a revival at the Church of Christ, is an able speaker and one who young people enjoy and appreciate.

The Tigers will meet the crack football team of McKeesle, Tenn., on their grounds Friday, October 4. A number of fans will go with the boys. The team has a fighting spirit, even if the score has been against them in the last two games.

Dr. George Klingman, of Washington, D. C., who is conducting a series of revival meetings at the Murray Church of Christ, was a guest and chief speaker at the Rotary luncheon Thursday at the National Hotel.

Dr. Klingman was introduced by J. B. Cox, a former student of the college, who also was a guest of the club. Mr. Cox is leading the singing at the revival services.

HOSPITAL NEWS
Thomas Crawford, 14 year old son of Mr. and Mrs. Wm. F. Crawford who live near Puryear, was brought to the hospital last Sunday suffering with a fractured left arm. According to information given at the hospital, young Crawford was swinging on a grape vine when his foot caught in a limb of the tree, throwing him violently to the ground. The shock of the accident together with the swelling of the arm made the boy violently sick and it was necessary for him to remain at the hospital several days.

Baby Sylvia Irene Lumden, daughter of Mr. and Mrs. Ernest Lumden, Paris, Tenn., was brought to the hospital last Thursday after she had swallowed a small bottle. After a careful examination it was thought best not to operate on the baby, as vigorous treatment would only be necessary. The child suffered no ill effects of the accident and was taken home after a few days observation at the hospital.

Mrs. Thomas Murdock of Lynn Grove met with a very painful accident last Tuesday afternoon.

While returning from a funeral, it was reported at the hospital, that Mrs. Oscar Skaggs, wife of O. Skaggs, West Olive Street, Murray, was operated on at the hospital last Friday. WHY risk loss by FIRE

The Corner Store has one of the lowest fire insurance rates in Murray.

We have not only followed faithfully the recommendations of experts on how to prevent fires but we use every precaution at all times to prevent fire loss. A burnt child dreads the fire.

You will find that it means money in your pocket to help prevent fire loss wherever you find opportunity.

PREVENT FIRE SAVE LOSSES

This agency has always made a constant effort to save its policyholders on their insurance rates.

We are not merely selling insurance—WE ARE SELLING PROTECTION AND SERVICE.

There are many ways that you can lower your rate and we want you always to feel free to call upon us for our assistance in that respect.

Every loss increases the rate of every policyholder. Won't you do your share to impress upon every one the necessity of fire prevention?

Letter To Editor
"ADVERTISING H. B. ANNEAL"

The faculty of Murray High School voted within the last few days to allow the High School to put out an annual this year. As a patron of the school I feel that I would like to say just a few words on this subject. I am sure that the faculty did just what they thought was right on this matter and am also sure that putting out an annual has always worked a hardship on at least some of the faculty, but most things worthwhile work a hardship on someone and I think this is one of them.

Our children who have graduated in High School treasure their yearbook and its intimate notes and pictures of their fellow students as one of their dearest possessions and one of the regrets of our oldest son is the fact that no annual was issued the year he graduated and therefore he has no record of his school and classmates to hold and treasure.

Remember these children are passing this way but once and the older they get the more they will treasure a book like this and the more they will regret not having one.

As to some of the reasons advanced for not issuing one I wish to take up a few; if I have been correctly informed by a member of the faculty, as was that it was taking up so much of the energy and time of some of the students that the School wasn't standing as high in its literary contests with other schools as it should.

Now it seems hardly probable while it is possible of course, that the student who would do the best work in getting out an annual would be the type of student who could do the best work in their contests.

It is rather a different line of endeavor and most of us are only fitted by nature to put in our best efforts along some one line very few have diversified talents. But this is true which would count for the most with that student or those students in the years to come to win some contest from another school which would possibly get a small paragraph notice in some paper and be immediately forgotten by every one except the student who won themselves or to have as the fruits of their labors an annual with the pictures and write-ups and intimate sayings of their fellow students and teachers which they can keep all their lives.
