An agreement has been made by the County Board of Education and the Graded School board at Hazel for the County High School to be established at Hazel and taught in conjunction with the graded Public School at that place.

The Hazel school board agrees to furnish a suitable building for accommodation of all pupils entering the school. A large brick building is now being built for that purpose and will be completed by January 1st, at which time the school is to begin.

ASSOCIATION BOOKS WILL CLOSE NOVEMBER 30TH.

All Growers Urged to Pledge
Before Expiration of
Time.

To the Tobacco Growers of
Calloway county:

After a canvass of the county and all tobacco growers given an opportunity to pledge their tobacco to the association, we come now with the last call and urge every farmer who believes in maintaining the advanced prices of tobacco to come forward and stand by the only organization the farmer has to maintain the price of his product.

Beware of what will happen when you lose this chance as the association books for this county will be closed on the 30th day of Nov. 1906.

No person will be allowed to pool his tobacco with the association after that date.

All persons holding pledges of the farmers tobacco will please forward same to me by mail after Nov. 30th, as under the new rules of the association the names and postoffices of all tobacco growers who have pledged their tobacco for this year will have to be entered of record by the secretary of the county committee.

All persons who wish to obtain permission to prize or store tobacco for the association will meet the committee in person on Saturday, Nov. 20, 1906, at the association sales room in Murray at 1 o'clock p. m.

DOC HAYNES SUCCUMB- ED TO LUNG TROUBLE.

Friday night about 12 o'clock Doc Haynes, a well known citizen, died of lung trouble after suffering for some time. He was a man with many friends, quiet in disposition and exemplary in all his habits. He came to Graves county from Calloway county several years ago and has made a model citizen. Recently he returned from Texas where he had gone several months before with a view of improving his health. But instead of getting better he grew worse and returned to his native state only to be called by the angel of death. He is survived by a wife and one child and a brother, Ike Haynes, the well known tobacco man. The deceased died at the home of Dick Waldrop, west of Mayfield. Burial Sunday at Sinking Fork

If I live, I can care for all my interests. If I die, I cannot. If there is any way, then, while I live, that will enable me to arrange my affairs so that my interests will not suffer in the event of my death, I should certainly take advantage of it. A life insurance policy will come near doing this than any other method. See GILLIS WILKINSON.

BAYONETS QUELL CAIRO MOB SPIRIT

TROOPS GUARD ALEXANDER, PEL
LEY MURDER SUSPECT, FROM
JAIL TO TRAIN.

TAKEN TO CHAMPAIGN PRISON

Special Train With Company of Militia
Aboard Bears Black Who Escaped
Mob Violence for Suspect—City
Recovers From Outbreak.

Cairo, Ill., Nov. 14.—Except for the
soldiers scattered about the streets,
there is no sign that Cairo was ever
in the grip of a mob.

With the departure of three com-
panies of militia, taking with them Ar-
thur Alexander, sought by the mob as
a suspected accomplice of Will James,
the negro hanged for the murder of
Miss Anna Pelley, the town has quiet-
ed down.

Only a small crowd booed the sol-
diers as they departed, and although
there were some cries of "hang him,"
and "he'll come back," there was no
demonstration made as the soldiers
marched through the streets with their
prisoner.

A crowd followed as the troops
marched to the railroad, where a spe-
cial train was waiting for them.
Cairo is going about its usual busi-
ness as quiet as though two men had
never been killed by a mob's caprice,
and paying as little attention to the
soldiers here as the sight of the sight
of armed men on the streets was an
everyday occurrence.

Talks of Prosecutions.
"I shall have to discuss with Govern-
ment the matter of the prosecu-
tion of the leaders of the Cairo mob
before announcing my course in that
particular," said Sheriff Frank E.
Davis.

"I mean to go over the entire situa-
tion with care, and will be guided
largely by the governor's ad-
vice. I have just conferred with the
governor by telephone.

"The troops will be withdrawn gradu-
ally. My sole purpose now is to
maintain perfect order. That is what
we have now. I expect this to be con-
tinued, and am sure of it if the troops
stay here several days more."

Sheriff Davis' attention was called
to the Illinois law which declares the
office of sheriff vacant when a pris-
oner is taken from him.

"To make that law work a copper,"
said Davis, "the governor has to take
evidence of it and turn the office
over to the coroner."

"As Governor Deneen has not only
upheld me, but is still aiding me in
every possible way, the law need not
be discussed."

Clash Among Officers.
At in most instances where mob law
reigns, there is a controversy between
the city and county authorities. All
sides agree that troops should have
been called for sooner. Sheriff Davis
attributes the delay in demanding
help from the state to Chief of Police
Egan. The friends of the latter say
that Davis is solely responsible.

There is no conflict whatever be-
tween the races. If anything, the
blacks are more polite than they were
before the coming of the mob.

The idea of connecting any of the
mob leaders, though dozens of them
are well known, is laughed at by the
people here. They say it matters not
what Governor Deneen may advise
Sheriff Davis to do, there will be few,
if any, indictments, and not one con-
viction.

In Cell at Champaign.
CHAMPAIGN, Ill., Nov. 14.—Arthur
Alexander, supposed accomplice of
"Pro" James in the murder of Miss
Anna Pelley at Cairo, Ill., is a pris-
oner in the county jail here. He was
lodged there early Saturday when a
special train bore him from Cairo un-
der guard of Company B, Fourth Reg-
iment, I. N. G. There was no demon-
stration, as few knew the negro was
to be brought here.

It was at first supposed Alexander
would be taken to Kankakee and he
may go there later.

Independence, Mo., Nov. 14.—Frank
M. Searcy, a retired farmer, was mar-
ried to his mother-in-law, Mrs. Susan
E. Rogers, Searcy is 61 years old,
and this was his third marriage. The
bride is 35. Searcy has two boys and
the new Mrs. Searcy is not only their
grandmother, but their stepmother as
well. The question has been asked as
to what relation the bridegroom is to
himself.

EARTH TREMORS SUPPLEMENT
STORM IN WEST INDIES.

Millions Worth of Property Ruined—
Storm Moves to Bahamas
and Bermuda.

New York, Nov. 14.—Reports of
enormous damage by flood and bur-
ricane and earth tremors continue to
come in from the West Indies. Mil-
lions of dollars' worth of property has
been ruined and the death list may be
large when complete information
comes from the interior of the island
Haiti, where violent earth disturb-
ances are reported, and Martin (Houn-
ty) caught the brunt of the gale and
the unprecedented rains. Haiti re-
ports heavy damage and some deaths
at Port de Paix and Gonaives.

Storm is Moving Northeast.

The storm which swept Jamaica is
now moving northeast toward the Ba-
hamas and Bermuda.

Kingston, Jamaica, has registered
38 inches of rainfall since the storm
began last Friday, and the property
damage to that city alone is estimated
at a half million. In parts of Kingston
the streets are under four feet of
water.

Railroads have been wrecked and
shipping blown ashore throughout the
West Indies.

Ships Are Driven Ashore.
The steamer Bradford of the United
Fruit company is a total wreck off
Port Antonio, where she was blown
ashore. Many small sloops and schooners are
reported lost.

The Norwegian liner Amanda went
ashore off Port Antonio, but was re-
leased with slight damage. The bark
Avalon went to pieces after grounding
at Woodstock Point. The United
States survey ship Eagle, which went
ashore at Port Antonio, was floated
without damage.

EXPECT HALL INDICTMENT

Grand Jury in New Albany May
Ban Case Likely to Report
Saturday.

New Albany, Ind., Nov. 14.—An in-
dignation charging Thomas Jefferson
Hall, the boy bandit who shot and
killed Cashier J. F. Fawcett and ac-
cidentally wounded John K. Woodward,
president of the bank, and the negro
chauffeur, James Tucker, with first
degree murder, is expected to be re-
turned by the grand jury.

The boy seems proud of his deed,
although he admits he is sorry that he
did the job. He laughs heartily and
talks in an amusing manner.

He says he had been reading dimen-
sions for six or seven years, and that
his idea of robbing the bank was ob-
tained about three months ago. "I
shot into the ceiling first to scare
everyone," said he, "but when the
negro ran, I shot at him, for I knew if
he left I could not get away."

Hall says he arranged to go to the
bank Wednesday, but was unable to
get an automobile. The boy said he
selected this bank because was the
only one I have always been in.

Albany was a pretty slow place, any-
way.

SLEW HUSBAND, IS INSANE

Crime of Mrs. Brodenheyer, Wisconsin
Jeweler's Wife, Is Related
to Daughter.

Chicago, Nov. 14.—Helen Broden-
heyer, a Jeweler of Madison, Wis., who
was found dead at an abandoned
slaughter house near her home in the
summer of 1904 and who was believed
to have been murdered by a robber,
was killed by his wife, Margaret, now
a patient at the Penning (Ill.) insane
asylum. This is the confession of the
daughter, Clara Brodenheyer.

The girl, 28 years old, related how
she had aided in disposing of the body
and how the crime had driven her
mad. Brodenheyer had aroused the jeal-
ousy of his wife. She
satisfied herself of his infidelity.

At the asylum Mrs. Brodenheyer
confirmed her daughter's story.

Rubber Prices Decline.

New York, Nov. 14.—According to
late reports, the reaction in rubber
prices has already set in and fine para
is now quoted at \$1.50 to \$1.52 per
pound. While the price may fluctuate
more or less, indications are that the
heavy shipments being received here
will cause a further decline in prices.
These in close touch with the market
look for a low rubber before the end
of the year.

Estimates place the increase in the
total crop at 10 per cent over last
year.

Gives Wedding Fete.

Montgomery, Mo., Nov. 14.—Mr. and
Mrs. W. A. Koppeler celebrated their 47
th birthday anniversary at the home
of John W. Jackson, the wife's father,
who is editor of the Montgomery Stan-
dard. Mr. Koppeler is president of the
Missouri Drummers' association, and
his wife is president of the Woman's
Auxiliary of the well known associa-
tion. They reside with their par-
ents.

Charities Conference to St. Louis.

Chicago, Nov. 14.—The executive
committee of the National Conference
to hold the 27th annual meeting in
St. Louis, Mo., 18 to 20, 1910, and to in-
vite former President Roosevelt to

ther, the first annual conference, was
held in 1883, and the second annual con-
ference in 1885.

THAT ANXIOUS MOMENT—

WIDOW'S JUROR OUT

FOREMAN OF PANEL IN FAMOUS
MURDER CASE MISSING AT
CRUCIAL STAGE.

Reports That He Is Sick

Judge De Valles Is Suspicious and
Orders Rigid Medical Inquiry—
Talkers Marangue
Crowd.

Paris, Nov. 14.—The foreman of the
jury which holds the fate of Mme.
Steinhil in its hands was missing
when the famous trial was resumed
Saturday at its crucial phase.

The presiding judge, M. De Valles,
immediately ordered a rigid investi-
gation, saying that for the time being
the foreman would be replaced by one
of two supplementary jurors who have
followed the case.

After a long suspense the court re-
ceived a telegram saying that the fore-
man was ill. Judge De Valles was
not satisfied and ordered a medical in-
quiry.

This latest mystery in the case
which has developed a score of enig-
mas, threw the great crowd surround-
ing the Palais de Justice into a furor.
As the word spread across the acres
of humanity, a "barrage" arose and in
half a dozen places at once men and
women began to harangue the crowd.
The police drew a strict line, but held
the crowd in check only with diffi-
culty.

Crowd Besieges Court.

The knowledge that the climax of
the case would come Saturday attract-
ed a crowd to the building in which
the court of the assizes is situated,
that outnumbered any of the throngs
that have gathered on the previous
days of the trial.

Lines began to form at midnight,
and by dawn there was a compact
mass of heads about the Palais de
Justice. All the bidding for places of
the other days was surpassed in some
instances \$200 being paid for a posi-
tion that would give admission to the
court, but no seat.

PREPARE FOR AN ATTACK

Zelaya's Forces Work on Greytown's
Defenses, Fearing Attack by
Estrada's Army.

New Orleans, Nov. 14.—Messages
from President Zelaya of Nicaragua
say the government forces are work-
ing on the defenses of San Juan del
Norte. In preparation for the rebel at-
tack which they fear may come at any
moment.

Del Norte, known to Americans by
the name of Greytown, was recaptured
this week from the insurgents
with little bloodshed. The Estrada
forces had controlled the city for some
time, having captured it in a brisk
battle with heavy losses on both sides.

Consul General Alcahal, represent-
ing the Zelayan government here, says
Greytown is a strategic point, and its
recovery by the federal forces is a
hard blow to the insurgents.

Shark Eats Whisker Man.

New Orleans, Nov. 14.—Mrs. Clara
Spencer to Reddick, Wis., who ar-
rived here on the Steamship Florida
from Belize, British Honduras, re-
ported her husband had been eaten by
sharks. Spencer was washed over-
board from a schooner in a squall. A
shark coiled him and died to the
depth of the Caribbean.

Woman Gets Hunter's License.

Camden, N. J., Nov. 14.—Mrs. L. P.
Pidgeon of Merchantville is the first
woman in New Jersey to obtain a gun-
ner's license. She obtained the li-
cense for the county of Camden, which
opens the hunt to women.

CANNON MAKES CHARGES

DECLARES SUPPORT FOR THE
PRESIDENCY WAS OFFERED.

"Uncle Joe" Asserts That Political
Annihilation Was the Alterna-
tive Offered to Him.

Bloomington, Ill., Nov. 14.—Decla-
ring that he had been offered the sup-
port of metropolitan newspapers for
the presidency of the United States if
he would place print paper on the free
list, Speaker Cannon, in a speech here,
told of what he declared was a bribe
Herman Ridder and a delegation from
the American Publishers' association
had proffered him.

The speaker asserted that the alter-
native offered him was political anni-
hilation, to which he says he replied
that if he should go into space he
would go as an independent atom and
with his own self respect.

The startling declaration came in
the course of a speech at a banquet
arranged by the Business Men's as-
sociation, which was attended by 300
representative men of the city, and in
which the speaker defended the course
of the present congress and himself.

He said he knew that his own popu-
larity had decreased during the pres-
ent administration and that the cause
of the decline in popular favor was
the hostility of the metropolitan press
due to his attitude on the duty on
print paper.

Declaring he could be "told off,"
Speaker Cannon then said that while
the tariff bill was a political issue, he
called upon by a delegation represent-
ing the American Publishers' associa-
tion, of which Herman Ridder was the
president, and this delegation had
made the demand that he railroad
through Congress, by illegal means, a
bill which should make print paper
free of duty.

Offered Support of Press.

The delegation had offered him he
said, practically a promise or a bribe
that he would be the "next president,"
or that they, the publishers, would use
their influence to see that he was
made president if he should do this.

When he had emphatically declined
to be bought or cajoled into doing this,
which he thought to be illegal in his
position, he said the delegation had
ridder at his head, had come forth to
fight him through their powerful in-
fluence of the daily press, which he spoke
of as the people's enemy each day.

"Print paper has advanced in price
about half as much as other products
in the country," said Speaker Cannon.
"Our friends, who publish fifty, sixty
or seventy papers, about half advance
matter, much news and many ob-
saves of people, some of whom stand
for the uplift and some for the down
lift, did not like it. I do not blame
them. I am speaking of the jour-
nalists, the men who own the stock, the
men who control the publications.
They did not like this advance. I
secreted myself, more than
anybody else who did not have a pecu-
niary interest in it. I did not want
trouble."

"Soft" Barn Wrecked.

Hornbeck, Ia., Nov. 14.—Every soft
drink establishment in this town was
wrecked by a mob of men said to have
been led by prohibitionists of this par-
ish. The riot was a sequel to the as-
sassination of Town Marshal C. E. Mc-
Gee, who was shot down in it, said
because of his activity in prohibition.

ited \$1,000,000 from the estate of her

BOY ROBS BANK TO WED, KILLS SELF

17-YEAR OLD BANDIT SHOOT
CASHIER IN BANK HE LOOT-
ED MONTH BEFORE.

15-YEAR OLD AID SURRENDERS

Leader Shoots Self in Head as Foes
Captures Pal and Closes In—
Locked Two in Vault in
First Robbery.

Lawrence, Kas., Nov. 14.—Paul Bul-
lock, 17, is dead. Fred Starr, cashier
of the Kaw Valley State bank at Eudo-
ra, severely wounded, and William
McKay, 15, Jacksonville, Fla., is under
arrest at Lawrence, Kas., following
the second robbery of the bank, which
ended in a chase by a volunteer posse
of the boy bandits, the surrender of
one and the suicide of the other.

The police are endeavoring to sub-
stantiate statements made by McKay,
who declares that Bullock, who robbed
the same bank a month ago, has been
living under an assumed name at
Jacksonville, the money that he got
from the first robbery being deposited
in a bank there.

Desire to Wed Led Him On.

Bullock's desire to wed and live in
Kansas City was his incentive to rob
banks. Around Bullock's wrist was
found a diamond engagement ring.

The boys entered the Eudora bank
and ordered Starr to throw up his
hands. Starr was making up the day's
balance and a pile of bills was on the
counter in front of him. Bullock did
not wait for Starr to comply with his
command, but fired, striking him in
the jaw. He seized a roll of bills said
to contain more than \$800 and fled
with McKay.

Citizens of Eudora chased the two
boys and finally McKay was captured.
Bullock seized his revolver and ran
on. Henry Miller, a farmer, stepped
in the boy's way, and Bullock fired at
him. Then he seemed to realize that
he could not escape and shot himself
through the head.

By Policemen in October.

In October, when Bullock first
robbed the Eudora bank, he killed Po-
lice-man Pringle, who attempted to ar-
rest him at his home in Lawrence. At
that time Bullock had been arrested by
Deputy Sheriff D. B. Woods on a
charge of robbing a second-hand store.

Woods took his prisoner into the bank
and had not suspected the youth was
armed. Bullock drew two revolvers
and forced Woods and Cashier Henry
Wilson into the bank vault. He then
fled with \$800 or \$1,000.

Florida Boy Lured into Robbery.

Lawrence, Kas., Nov. 14.—William
McKay, the bareheaded youth who as-
sisted Paul Bullock in his second raid
on the Eudora State bank, told the po-
lice of his meeting with Bullock at
Jacksonville, Fla., where Bullock fled
after killing Police-man Pringle here
October 11. Bullock was living at
Jacksonville as "J. A. Donaldson."

"Bullock, whom I knew as Donald-
son, picked me up in Jacksonville and
entertained me royally," said McKay.
"He used to take me out to dinner and
give me checks to cash for him. When
he told me he was a desperado and
had robbed a bank I thought it would
be due to be a real robber like him."

"One day Bullock told me he wanted
me to go to Kansas City with him,
as he knew where there was a little
bank near there with only one man in
it that we could rob without any trou-
ble. He promised to pay all the ex-

CERTAIN RESULTS.

Many a Murray Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Murray. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

Mrs. A. V. Tutt, Murray, Ky., says: "I cannot express my gratitude for the great benefit I obtained from the use of Doan's Kidney Pills. For a long time I was afflicted with kidney complaint. I had a dull pain in the small of my back which bothered me almost constantly and when stooping or lifting sharp twinges would pass through my loins. My back ached at night and when I arose in the morning I was lame and sore. I tired easily, felt languid and occasionally was very nervous. Headaches and dizzy spells also bothered me. At times there was a blurring of my eyesight and the frequent passages of the kidney secretions caused me great annoyance. Learning of Doan's Kidney Pills, I procured them at Dale & Stubblefield's drug store and when I had used two boxes, I was entirely relieved. Doan's Kidney Pills have been of such great benefit to me, that I take pleasure in recommending them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name Doan's—and take no other.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents at any drug store.

This remedy is called Rexall Orderlies.

Rexall Orderlies are eaten like candy. They have a soothing, healing, strengthening, tonic and regulative action upon the dry mucous lining and the relaxed muscular coat of the bowels. They produce a natural, successive contraction and relaxation of the muscular fibres of the bowel walls, generating a wavelike motion which forces their contents onward and outward, thus simulating nature in perfect bowel movement. They tone up and strengthen the nerves and muscles and restore the bowels and associate organs to more vigorous and healthy activity.
