FULTON, KENTUCKY.

FRIDAY, NOVEMBER 6, 1936.

NUMBER FORTY-TWO

COUNCIL HERE HOLDS MOST ACTIVE SESSION

Fulton City council met in regular monthly session Monday night, with several important matters being taken up, chief of which were plans for installing a diesel plant to pump water and provide electric current for municipal use to light the downtown wharf.

Mayor DeMyer and a committee recently went to Middlesboro to inspect two Diesel engines, slightly used but in good condition, with the idea of purchasing same in order to equip plant here. F. I. Fairman, representative of the Kentucky Utilities, was present and presented plans for electrifying the plant at the water works. But no action was taken in this matter.

The council passed an ordinance forbidding all busses from stopping discharging and collecting passengers on the city streets. Hugh Alvey, delinquent tax collector for the past two years, was re-elected for these duties.

Chas. Newton, as spokesman for Riceville citizens, appeared before the council and asked that a survey be made of that suburban community, for installation of a new water and sewer system.

Dr. Roundtree, Fulton county health officer, talked before the council, upon the importance of Grade "A" milk distribution in the city of Fulton. He urged the adoption of an ordinance protecting the milk supply here.

Steve Wiley, city attorney, was appointed to represent Fulton in Louisville of all counties and cities of the state objecting to increased telephone rates.

SOUTH FULTON PAYS ON BONDED DEBT

This week end on Saturday, South Fulton will clear up \$1,500 more if its sewer bond indebtedness, states J. L. Crockett, recorder, who has served in that capacity during the administrations of Clarence Stephens and J. H. Lowe. Mr. Crockett also said that \$728.25 in interest on these bonds has just been paid.

These sewer bonds were issued in May, 1927 in the amount of \$40,000, of which only \$26,500 remain outstanding. Of the \$20,000 school bond issue in May, 1917, all but \$7,000 have been paid. Five years ago, \$15,500 was outstanding on this issue, but by careful handling of the Tennessee city's affairs \$8,500 have been paid off over this period, leaving only \$7,000 unpaid. In addition, during this five-year period period a \$2300 note against the city of South Fulton has been paid, and a large suction pump for the cess pool has been purchased. This pump is saving South Fulton hundreds of dollars every time the pool is cleaned.

Of the \$76,000 outstanding bonds against South Fulton five years ago, only \$52,000 remains today, because during that period \$24,300 has been paid off. Besides the \$26,500 remaining of the sewer bonds, \$7,000 of school bonds, there are \$10,000 street and bridge bonds and \$9,000 refunding bonds. The city holds \$65,000 in school and church bonds as a reserve for the sinking fund.

CAROLYN HILL IS CHOSEN QUEEN

Miss Carolyn Hill, daughter of Mr. and Mrs. J. J. Hill, was crowned Football Queen last week, in honor of the homecoming game here last Friday with Murray. Miss Hill is a freshman at Fulton High School. She competed with Cavita Brown, Kathleen Winter and Elizabeth Drysdale.

She was crowned Queen at the half, following which the Murray band played some impressive tunes.

SATURDAY SPECIAL APPRECIATION DAY

This Saturday, November 7, will be Appreciation Day in Fulton, according to A. G. Baldridge, chairman of the merchants trade committee. This will be the only time trade day will be observed on Saturday, as Wednesday is the regular Appreciation Day.

The trade committee decided to have one trade day on Saturday, in order to better acquaint the people with the merchants drive for more business.

WEST FULTON P. T. A. IN CALLED SESSION

The P. T. A. of West Fulton met Thursday afternoon at Carr Institute in a special session called by Mrs. Kellie Lowe, president. The purpose of the meeting was to complete plans for a membership of the meeting with a prize to be awarded the room having the most mothers present at each meeting.

UNION DAIRY CO. OPENS MILK ROUTE

Union Dairy Co., located on State Line opposite Browder Mill, has started a milk route in Fulton, with deliveries made every morning. Only pasteurized milk will be sold.

FULTON HOST CITY TO METHODIST MEETING

Final plans have been made by the First Methodist church here for holding the annual Memphis Methodist Conference, starting next Sunday, day and continuing through Sunday, November 15. Rev. E. M. Mathis announced here today. Besides 238 preachers, 136 lay-delegates and about 60 committeemen, several hundred visitors are expected to attend the conference.

This conference is presided over by Bishop U. V. W. Darlington of Huntington, W. Va. It is composed of eight districts: Brownsville, Rev. James D. Jenkins; Dyersburg, Rev. Robert A. Clark; Jackson, Rev. Lud H. Estes; Lexington, Rev. C. B. Clayton; Memphis, Rev. E. G. Hamlett; Paducah, Rev. W. F. Maxedon; Paris, Rev. H. R. Taylor; Union City, Rev. J. Mack Jenkins. More than 500 churches belong to this conference.

On Tuesday numerous committee meetings will be held, with other scheduled throughout the week. Tuesday night commencement sermon will be delivered by Rev. W. M. Lantrip, Ripley, Tenn., which will be followed by communion.

Wednesday morning conference proper convenes at nine o'clock with regular sessions each morning. A 3 p.m. each day preaching services will be conducted by some minister appointed for this part of the program. Wednesday night at 7:30 o'clock Dr. King Vivian, pastor of the McKendree Methodist Church, of Nashville, will deliver a fine sermon. Many homes in Fulton are assisting the local church in taking care of visiting clergymen. It is estimated that more than 1,000 people will attend the final day of the conference on Sunday, November 15, when appointments will be announced.

BIBLE STUDY PLANNED FOR FULTON SCHOOLS

Preliminary steps were taken at a committee meeting Monday afternoon, presided over by Rev. J. S. Robinson, chairman, for teaching of the Bible in local schools. J. O. Lewis, superintendent of Fulton city schools, and H. J. Westley, superintendent of South Fulton schools, and Rev. E. M. Mathis met with the committee.

Plans are for teaching of the Bible in both Junior and Senior high schools, starting next semester, with the schools co-operating by using this program as part of the regular work. The plan calls for a part-time fully accredited teacher to conduct Bible classes, but funds will have to be raised for this work. The committee plans to interview a large group of parents on the plan to teach the Bible as a study in the schools, and they would like to determine the reaction of school patrons. In Tennessee the subject will be given credit upon graduation, and this will also be true in Kentucky schools, but it will be among the elective subjects and will not count upon graduation.

DEATHS

MRS. OMA HICKS

Mrs. Oma Hicks, aged 36, who died Friday in the Union City clinic after a week's illness, was buried Sunday at Mt. Zion near Water Valley.

Funeral services were conducted by Rev. Sam Hicks. She is survived by three daughters, Margaret, Evelyn and Frances Hicks; her father, John B. Bradley, Hickman; six sisters, Mrs. Lucie Williams of Fulton, Mrs. Bertha Toombs, Mrs. Elvie Toombs, Mrs. Elsie Williams, Mrs. Mary Parker, Mrs. Clara Bradley, all of Hickman; one brother, Charles Bradley of Hickman.

ALBERTA ANN RILEY

Alberta Ann Riley, 3 month-old infant daughter of Mr. and Mrs. Ernest Riley of Moscow, Ky., died Monday morning at the Fulton hospital. Funeral services were conducted Tuesday from the Moscow Baptist Church with interment in charge of the Hornbeak Funeral Home.

MISS JANE RHODES

Miss Jane Rhodes, sister of Mrs. Captain Nanney died Friday night at the home of her sister on College Street, following an extended illness. Funeral services were conducted from the Hornbeak Funeral Home Sunday afternoon by Rev. E. M. Mathis with interment following at Fairview cemetery.

She is survived by her sister, Mrs. Captain Nanney of this city.

HARRY EKDAHL

Harry Ek Dahl, 59, died early Wednesday at his home in Bristow, Okla., of heart failure. Mr. Ek Dahl, who left Fulton about 20 years ago, was formerly cashier of the old First National Bank of this city, and was well known here. He is survived by his widow, Mrs. Helen Ek Dahl, one daughter, Mrs. Edwin McMillan, a grandson, Harry. Funeral services were held at Bristow, on Thursday. Mr. Leon Browder, now of this city, and a former neighbor of the deceased, attended the funeral.

RE-ELECTED BY BIG MAJORITY

Franklin D. Roosevelt

America went to the poles Tuesday and voted for their favorite. The Nation went Democratic with the largest majority ever given a candidate with Franklin D. Roosevelt being the choice of some 27,000,000 people. Of the 48 States, 46 went to Roosevelt with only Vermont and Maine remaining in the Republican column. These two gave Alfred M. Landon only 8 electoral while the other 46 gave the President the largest total ever given a candidate, 523.

At noon Thursday approximately 114,000 of the nation's 122,772 precincts had been counted giving Roosevelt 25,822,442 to 16,335,381 for his opponent.

WELCOME METHODISTS

(An Editorial)

Welcome, Methodists! The people of Fulton extend you greetings, and hope that you will enjoy your visit in our fair city during the Methodist Conference here next week at the First Methodist Church, of which E. M. Mathis is in charge.

Citizens of this community feel proud to have their city chosen as the place for such an outstanding convention, where some of the most prominent Methodists of the South will gather to review past activities and lay plans for the future.

When the conference gets underway—yes, even after it is over, many in this community will have benefited spiritually from contact with such noble work. May definite permanent good come of this conference to the Methodists of this district and may labors in interest of Christianity forever march forward.

FULTON B. & L. NOW PROTECTED BY FSLIC

Fulton Building & Loan Association now has insurance protection for stockholders of shares in this company, states J. E. Fall, secretary. This insurance is provided through the Federal Savings & Loan Insurance Corporation and gives protection up to \$5,000.

The FSLIC was created by Congress in 1934 to protect investors in thrift and home-financing institutions, the same as the FDIC protects depositors in commercial banks.

"That our association has been admitted to insurance of accounts means that our assets are rated at so high a grade that this agency of the government is willing to indemnify investors in this association against possible future loss," Mr. Fall continued. "Since insurance is only extended to well managed thrift institutions, our association has thus been approved as to policies and operating methods. All accounts now on the association's books and future addition thereto are covered by insurance up to \$5,000 each, regardless of the time they were opened. All new accounts, of course, will be insured too."

This new feature of protection should mean much to stockholders and give the borrower a better service, Mr. Fall pointed out. His association is striving to meet the increasing demands for home-financing, at low initial costs, and reasonable monthly payments for the borrower. He invites those needing this type of service to visit the Fulton Building & Loan Association and get full particulars.

This home-owned, home operated association is one of West Kentucky's most substantial financial institutions, and offers a friendly, courteous service to borrowers in this territory.

McBRIDE OPENS NEW ELECTRIC SHOP HERE

In this issue of THE NEWS, E. R. McBride announces the opening of the City Electric Shop, located on Fourth Street opposite Bob White Motor Co. Mr. McBride comes here from Paducah, and has had 14 years experience in electrical maintenance and service work. Besides doing electrical repairing and contracting, he will carry a complete stock of supplies and electrical merchandise.

SATURDAY NAMED AS "FORGET-ME-NOT" DAY

Saturday, November 7th has been designated as "Forget-Me-Not" Day by proclamation issued by Mayor Paul DeMyer. On that day a drive will be conducted under the direction of Mrs. Hugh Pigue, and "forget-me-nots" will be offered for sale to raise funds to provide for disabled war veterans.

The Disabled War Veterans organization makes a drive of this kind once a year, and it is hoped that citizens will respond in memory of those boys who fought for their country during this World War.

MRS. KENSIE WHITE

Mrs. Kensie White, who died in Detroit, Mich., was brought back here for burial, the body arriving Monday morning, and being taken to the home of his sister, Mrs. Sam Jones. Funeral services were conducted Tuesday from Walnut Grove by Rev. Charles Frey, with interment following in the cemetery there in charge of the Hornbeak Funeral Home.

The deceased is survived by her husband, Arthur White; two children, Edward Gordon and Marjorie DeLore of Detroit; one sister, Mrs. Sam Jones of this city; three brothers, Paul and Harry Gordon of Detroit, and George Gordon of Fulton.

ROOSEVELT TAKES PRESIDENTIAL RACE

In Fulton county Roosevelt received 327 votes to Landon's 782, indicating that Democrats turned out in powerful numbers. Of the 23 precincts in the county, only one, No. 14 in West Hickman went Republican, giving Landon 117 and Roosevelt 88.

Fulton and Riceville polled more than one-third of the votes cast in this county with a total of 1338 for Roosevelt and 164 for Landon. A total of 4499 votes were cast in Fulton county. Below is tabulated list of votes cast in each precinct:

Precinct	Democrat	Republican

HORNBEAK - HARDIN ELECTED TO BOARD

In the school board election held here last Tuesday, Paul Hornbeak and Vodie Hardin won berths on the city school board. The other two names appearing on the ticket were R. H. Wade and R. E. Goldsby. Under the new state law governing the school boards, only five members are to be elected instead of six. Guy Duley, Hoyt Moore and Smith Atkins, the other three members, were not up for election at this time. So they with Hornbeak and Hardin will compose the new board after January 1, 1937. Votes cast for the four men in the race were as follows: Paul Hornbeak 1,000; Vodie Hardin, 644; R. H. Wade 548; R. E. Goldsby 315.

KROGER MARKET MANAGER WINS

Kenneth Wyatt, manager of the meat department at the Kroger Store in Fulton, has just received word that he won a \$25 cash prize in a contest among all Kroger stores in the Memphis district, for showing the largest gain in sales.

Mr. Wyatt has been here for some time, and deserves credit for the able manner in which he is handling the meat department.

T. L. SHANKLE SEEKS ELECTRIC FRANCHISE

Thomas L. Shankle, operator of an automobile accessory store and machine shop in this city, placed his application before the city council Monday night, seeking a franchise to manufacture and distribute electric current in Fulton.

Mr. Shankle, in placing his application for a franchise, explained that he plans to install a large diesel plant soon for manufacturing his own current, and that he will have surplus current which he can distribute to other users, but no definite action was taken by the council.

BISHOP DARLINGTON TO PREACH SUNDAY

Bishop U. V. W. Darlington of Huntington, W. Va., who will preside over the Memphis conference of the Methodist church to be held here next week, will arrive in Fulton Saturday. He will conduct the preaching services at the eleven o'clock hour, and bring the people of this community a message well worth hearing. Rev. E. M. Mathis announces.

COMMUNITY SINGING TO BE HERE SUNDAY

The regular monthly community singing will be held Sunday afternoon, beginning at 2:00 p.m.

Several visitors are expected, including the Mayfield Quartet, the Hawkins Quartet from Paducah, the Leppard sisters from Union City, and other singers from Union City, Dresden, and surrounding communities. The public is cordially invited to attend.

DEPARTMENT OF COMMERCE
WEEKLY BUSINESS SURVEY

The closing days of October found business throughout the country in a consistent upward trend. Last trade advanced with the advent of more reasonable weather generally, the result being that at the end of the month sales were for ahead of the same period last year. Wholesale trade was brisk and, as was the case in retail lines, there were indications that the approaching holiday season will reach an all-time high.

Industrial activity gained considerable headway. In Detroit increased industrial employment was reflected in a jump in industrial power sales to another all-time high. There was also an increase of work-day average of passengers carried by the Detroit Street Railways. Birmingham reported employment conditions continued to improve in that district with several concerns having recently given increases in wages. Favorable reports were received from Cleveland and Pittsburgh indicating increases in production at various plants. New York sales offices for heavier industrial products reported business running strong with wide advances over last year. Raw materials, construction items, lumber, chemicals, electrical apparatus, hardware, railroad supplies, machine tools and many other lines reported excellent demands.

The cotton textile industry which has played one of the leading roles in the late Summer and Fall upturn in business finished the month as high as that of some recent weeks but demand was steady and prices firm in both gray and finished markets. Manufacturing activity in the Philadelphia area stepped along at a livelier pace. Knitters of sweaters were particularly busy. Interest in Spring business was in evidence, which was much earlier than usual. As an indication of the pick-up in general business and industry in the Chicago area the electricity output jumped 124,000,000 k.w.h. for the same week last year. Plans have been announced for an expenditure of more than \$5,000,000 additional electricity generating capacity by the Chicago District Electric Generating Corporation. Labor shortages were reported in a number of cities. In Springfield, Mass., it was said that practically no members of the Bricklayers' Masons' and Plasterers' Union were unemployed. In Wilmington, Del., a shortage of workers in 24 different occupations was reported.

PLAN ONE OF BEST
CATTLE SHOWS IN
HISTORY OF STATE

LEXINGTON, Ky., Nov. 4.—Plans are being made in the 4-H club department of the College of Agriculture for one of the best cattle shows in the history of Kentucky to be held at the Bourbon Stock Yards in Louisville Nov. 11-13.

More than 1,000 head of calves are being finished by 4-H club members, and Future Farmers and adult feeders probably will contribute as many more cattle.

Despite adverse feeding conditions in parts of the state, M. S. Garside, in charge of the 4-H club baby beef project, says more and better 4-H calves will be exhibited than at any previous show. Approximately 300 more 4-H calves are on feed than in any former year.

Four-H club exhibitors will receive nearly \$4,000 in cash prizes, three trips to the International Live Stock Exposition, cups, medals and other awards. Several thousand dollars also will go to Future Farmers and adult feeders.

The annual Kentucky fat cattle show has become one of the most important events of its kind in America, more 4-H club calves being exhibited there than probably in any other show. The State Legislature makes an annual appropriation for prizes. National breed associations and business and industrial organizations contribute to the success of the show.

GOOD TIME NOW TO
SET TREES, SHRUBS

In landscape suggestions to Utopia club members, Prof. N. R. Elliott of the University of Kentucky College of Agriculture notes that fall is one of the best times to make plantings in Kentucky.

Evergreens may be set any time now he says, and other trees, vines, shrubs, biennial and perennial flowering plants as soon as the leaves fall.

In digging plants, leave as many roots as practicable and some soil about them. In the case of evergreens, there should be a ball of earth around the roots and care taken that this ball is not dried out by exposure to sun and wind.

AT KROGER'S

COUNTY AGENT'S NOTES

County-wide Farm Bureau meetings at Hickman court house Tuesday, Nov. 10 at 7:30 p. m. W. O. Parr, District organizer will be the principal speaker. Rev. Parr has spoken at Palestine, Cayce and Ledford and will not be able to return to this county for some time. So don't miss this chance of hearing his message.

One hundred and twenty farmers have joined the Farm Bureau for 1937. Fifty-eight of these are farmers who have never belonged to the organization. The Ledford negro Farm Bureau has 35 members and is still going strong.

4-H Club Achievement Day at Cayce, Saturday, Nov. 7 at 10 a. m. Every 4-H member in the county should come.

Pauline Waggoner, 4-H Club girl from the Crutchenfield club and J. C. Lawson from Cayce attended the Fulton Rotary Club luncheon last Tuesday and talked to the business men about 4-H club work.

MEETING FOR GROWERS
OF LESPEDEZA OF COUNTY

Plans have been completed for a meeting to be held at the court house in Hickman, Friday, Nov. 13 at 7:30 p. m., to discuss the possibility of farmers of this county selling their lespedeza seed co-operatively. R. R. Giltner of Eminence and Chas. E. Mitchum of Morganfield are slated to talk on selling lespedeza seed. Both of these men have managed co-operative lespedeza associations for a number of years and have had wide experience in selling large quantities of seed. These men do not plan to operate their associations this year, since seed are so scarce, but are anxious to talk with growers of this county in regard to selling their seed co-operatively. Inasmuch as this is the first time farmers of Fulton county have had the opportunity to really cash in on a crop of lespedeza, it is advisable that they learn conditions prevailing in other seed-growing sections, and hear these men discuss co-operative selling.

You might begin to tell your hunting friends good-bye; one or two of them might be mistaken for a deer before the season is over.

TIMELY TOPICS FOR
FOULTRYMEN

NO CHICKENS SHOULD BE PERMITTED TO ROOST OUT—All hens should be housed from now on. Will pay well to check up and see that none are roosting on the fences or in the trees.

I have known of cases where just three or four pullets were permitted to roost out too late in the fall resulting in ruining the entire flock. Those birds roosting out are sure to catch cold in the air pleasant and when they are finally housed with the others will give their cold to the entire flock. Make sure that none roost out. If it is too much trouble to catch them each night keep them up until they are house broke or better sell the few roosting out than to risk your entire flock catching cold.

VISIT YOUR HENS ON THE ROOST AT NIGHT—It is a good plan to inspect your flock at least once a week after they have gone to roost. You can get a better idea of how comfortable they are. If the house is not pleasant to you for a few minutes visit it is not such a good place to house your hens all the time.

Notice if there are any drafts. Also are any of the hens roosting too near the open space so as to catch cold. Is the air pleasant and free of odor. If not it indicates a need for more ventilation. Look at the nostrils to see if they are dry. If moist it is the first sign of a cold. Also listen for sneezing or wheezing. Any bird with a cold should be taken from the flock at once to prevent spreading it to the others. And if many have a cold they should be sprayed with a standard preparation for this purpose which can be obtained at any store handling poultry remedies.

It is a good idea to check up on the weight of the pullets. Also see if their crops are full of grain. Especially in the case of heavy laying pullets it is necessary to check up on their weights and see that they maintain their body weight. For if they are laying heavily and not fed sufficient grain they will soon lose weight and will take cold and other diseases more readily.

ROOSTS SHOULD NOT BE TOO HIGH—In many poultry houses the roosts are too high. The chickens would be warmer if their roosts were not so near the roof. Also there is less danger of their bruising their feet in jumping from the roosts.

Remember, for hens to lay and make you a profit they must be comfortable, well-housed, fed a good mash and grain and kept free of lice mites and worms.

What has become of the old fashioned man who thought that woman suffrage would merely give married men two votes?

IN INTEREST OF ECONOMY

Our city officials have been considering ways and means of reducing the city's light bill in recent weeks.

In interest of economy they have been investigating methods of improving the plant at the water works, and installing equipment for manufacturing electric current for municipal use and a brighter white-way for the downtown business district.

Mayor Paul DeMyer and the council have been doing some hard thinking and weighing of facts along this line, and definite action is expected soon.

WATCHING THE OVERHEAD

Feeding the needy children warm, wholesome lunches at school has been a part of the welfare program conducted here under the supervision of the Board of Education. Most of us cannot realize just how serious this problem has been in recent years, and efforts along this line deserve commendation.

But to some extent outsiders have been taking unfair advantage of this luncheon at the school. This practice should be stopped in fairness to the school children and those who have made this welfare program possible.

BULLDOGS SHOW FIGHT

Coach Carter's Bulldogs, the Fulton high school grid team, has been displaying remarkable form this season. The local boys played Paducah recently one of the best games on record, despite the fact that Paducah has much more material with which to build up a team.

Last Friday the Bulldogs took more glory to themselves when they upset all conference dope by defeating Murray 13 to 0. Fulton should be proud of the fighting spirit of the local team, and Coach Carter deserves praise for his work with the boys.

BUILDING FOR THE FUTURE

There is no doubt that the future holds better things for Fulton and the adjoining territory.

Progress is noticeable on all sides. Great strides in building activities have been made, with the result that hundreds of homes have been improved, and scores of others have been built. Many improvements have been made in the business district, including the opening of new firms and increasing business activity here. The Fulton trade territory is becoming larger, and firms here are bringing better values to shoppers of this area who are finding it profitable to shop in Fulton, the hub city.

In the rural section, many worthy changes are taking place. Interest is increasing in improvement of dairy and poultry stock. Livestock raising and diversification show steady progress. And when you combine agriculture and business, with both making sure strides forward, there is bound to be definite progress for the entire community. Yes, we are building for the future.

CARRYING THINGS TOO FAR

Hallow-eeen has always been occasion for merriment and good times in America. Spooks, witches, goblins, ghosts and black cats are all ways associated with the season. And it is fitting and proper anyone wishing to do so have a lot of good, clean, wholesome fun at this time.

Parties, socials, parades about town and general fun-making without injury to others or their property is always to be expected and enjoyed. But when some go so far as to destroy property, and pull foul pranks on aged people, then they are going too far.

Again, we say, Hallow-eeen should be enjoyed in the right spirit, and those stepping over the boundaries of wholesome fun and infringing on the rights of others, should be reined by recourse to law.

SOUTH FULTON

South Fulton basketball teams will swing into action Friday night at the local gymnasium, when they meet the red clad and lasses from Bradford. From all reports this promises to be a very interesting game. The following Tuesday night hit teams will turn out to Dixie to meet Coach Paris' teams. Coach Roberts feels that his team will make a good showing as he has an experienced squad of players. Brundage has been added to the squad and will probably do some real playing for his school. Coach Priestley, with four of his last years' high scoring team, expects to do big things with possibly the exception of Dixie girls. Allen, Doran, Maynard, Ross, Todd, Bell, Scott, Brooks and Qualls are showing up well in practice and will probably see service in many of the games.

Several of the teachers attended the fish fry at Reelfoot Lake last Saturday.

SENIOR NEWS

Hail to the Seniors! The Senior King, Robert Lee McKinney, and queen, Irene Todd, sat upon their thrones with all the splendor and majesty imaginable last Friday night. Being winners of the Hallow-eeen carnival, they were adorned with crowns. The seniors had more than 7,000 votes, while the second place Juniors had a little more than 5,000 votes.

Florence Eleanor Pickle received the prize for the best dressed individual and Charlene Sanford and Ivan Jones won the "tackiest" couple contest. Prizes were furnished by Bennett's Drug Store and O.K. Laundry.

FRESHMAN NEWS

The Freshman Class came in third in the race for King and Queen of the Hallow-eeen carnival.

The Freshmen have a great number of decorators. Those that used their talent on the Freshman booth were Carry Lee Read, Helen Bizzle, Christine Cardwell, Thomas Pickle, and Doris Parham.

The following freshmen participated in the minstrel Friday night: Margaret Stephens, Doris Parham, and Elizabeth Valentine.

Amusement is not the chief of existence, regardless of what might appear from time to time.

Waiting on other people is a crime in the opinion of folks who often forget their own appointments. When the average man gets into an automobile, he forgets that there is such a thing as courtesy in the world.

One of life's minor amusements is to listen to two talkers, each anxious to show the other how much he knows.

We know pretty well how the election is coming out but to disclose the secret now would disappoint lots of people who want to count the ballots.

History of The First Methodist Church

Prior to 1868 there was a Methodist Church, known as Clark's Chapel, that was located several miles south of Fulton. Since this church was several miles in the country the members could not conveniently attend Sunday school there. In 1868 a school was organized in the old seminary building which stood at the east end of Lake Street just across from Smith's Cafe. Rev. J. T. C. Collins was superintendent jointly with Dr. S. G. Patterson and for a number of years, under their guidance, the school grew and prospered to an unusual extent. This was the first Sunday school organized in this section.

From this small school it has grown with the church until today it has an enrollment of 712 and is housed in one of the best and most up-to-date buildings to be found in Southern Methodism. The school has had many faithful superintendents who have led it step by step from its early beginning to where it is.

The following have served as superintendents: Dr. S. G. Patterson, F. H. Holliday, R. S. Murrell, R. A. Browder, S. A. D. Steel, Turner Gardner, M. Bolinger, W. P. Feltz, L. W. Roper, A. G. Baldridge, and Dr. J. L. Jones, the present superintendent. These 17 men have been faithful in their guidance of the school until it has reached the place it holds and occupies today.

The First Methodist Church organization in Fulton was by Rev. T. L. Beard in 1870. There were eighteen charter members in this organization. Among this number is found such names as George I. McFall, Alex. Burnett, Jerry Collins, Dr. S. G. Patterson and J. B. McDowell and others who were prominent and influential citizens of Fulton at that time. Numbered with the eighteen were George I. McFall, Alex. Burnett, Jerry Collins, Dr. S. G. Patterson and J. B. McDowell. These are all dead but Mrs. Ella Anderson, who is still a citizen of Fulton and her sister, Mrs. J. W. Roper, who is now living in Anaheim, California. This organization was also in the old seminary building at the east end of Lake Street.

The First Methodist church building in Fulton was a one room building on a lot donated by Dr. S. G. Patterson, just east of Bonduant's grocery where the old Alexander buildings are and said to be on the very spot now occupied by the Fulton building, handling auto parts, and the Broken Dollar Grocery. This house was started in 1871 and the congregation moved into it the same year but the house was not entirely completed until 1873.

This church was a part of the Fulton Circuit and had preaching only once a month, the second Sunday. This building was used for sixteen years until 1889. During the pastorate of Doctor H. B. Johnston, a second church building was erected on the corner of State Line and Plain Streets. For that day this was a large commodious and handsome building with a membership of four hundred. This church was used for thirty-eight years during which time Methodism grew and prospered and kept strides with the growth of the prosperous and growing town.

This church is now owned and occupied by the Southern Freymasonry and has been brought to the Methodist as they were preparing to erect their third and present building. The annual conference was held in this church twice during the thirty-eight years the Methodist worshiped in it. The first conference was Nov. 13, 1889, the first year the church was occupied by Bishop E. R. Hendrix. The second conference was Nov. 11, 1903, just thirty-three years to the day until the conference of 1926 opened. This conference was held by Bishop E. E. Hoss.

During the pastorate of the late Rev. J. V. Freeman, from 1924 through 1927, the most beautiful lot in Fulton, located on the corner of Carr and Second Streets, was purchased and on it a large, magnificent church building was erected at a cost of \$120,000 and the congregation moved into it in 1928. This church building is a monument to the good and loyal Methodist people of Fulton and there is no church, for a congregation the size of ours, better suited for the educational work or more worshipful in its structure. Sixty-six years ago the church was organized in the old seminary building, a building used at that time for all the churches, schools and fraternities in the then small village and today it has on the church school enrollment 787. The official board of this church at present is composed of Vodie Hardin, Chr. Warren Graham, Sec., Smith Atkins, Treas., W. E. Bynum, Joe Davis, J. E. Fall, Roper Fields, J. R. Grahlingham, Muller Harpole, Paul Hornbeak, Alf Hornbeak, Abe Jolly, Dr. J. L. Jones, I. R. Nolen, R. E. Pierce, W. L. Roper, J. H. Robertson, B. J. Pique, Frank Moryman, W. L. Carter, T. L. Allen, J. Koehn, Robert Binford and Noel Barnes.

Trustees—Joe Browder, Chr. W. R. Butt, Joe Davis, J. J. Owen and T. M. Franklitz. This church easily has one of the best Woman's Missionary Societies in the Memphis conference. It has a membership of 153. We do not claim this to be the largest membership, but we do claim it to be one of the most active societies to be found anywhere. Mrs. Alf Hornbeak is the E. M. Mathis.

president and with each member as her co-laborer they are constantly bringing things to pass.

During the life of this church it has been served by 41 pastors beginning with the organizer and including the present incumbent they are as follows: Revs. T. L. Beard, J. T. C. Collins, was pastor three different

times, J. M. Spence, J. S. Renshaw, F. Bynum, J. W. Knott, W. H. Armstrong, Otis B. Whitten, died in 1883 and C. F. Moore, finished out the year. A. E. Scott, Jobe R. Bell, H. B. Johnston, W. C. Sellars, G. W. Wilson, E. K. Bransford, J. M. Scott, J. G. Clark, E. B. Ramsey, W. G. Hedley, W. A. Freeman, H. W. Brooks, W. F. Bolling, A. J. Meaders, W. W. Adams, J. W. Blackard, J. W. Waters, W. A. Russell, died in a couple of months after coming. H. G. Ryan, W. F. Maxedon, R. W. Hood, J. V. Freeman, H. B. Vaught, R. A. Wood, G. C. Fain, C. N. Jolly, and During the history of this church four parsonages have been occupied. The first in East Fulton on the corner of Arch and Jefferson Streets. The second was on Norman Street near the ice plant. Then a parsonage was rented in West Fulton on Third Street. In 1914 while Rev. W. W. Adams was pastor the present parsonage was built and the pastor and family moved in. The church owns a splendid eight-room parsonage now and it is well located and makes a good home for the pastor.

These facts compiled in September 1936 by E. M. Mathis.

"10c STORE" SALES INCREASE IN SEPTEMBER

Daily average sales of variety stores for September were about 12 percent higher than for September of last year and were about 15 percent above the same month of 1934, according to estimates just received by the Louisville District Office of the Bureau of Foreign and Domestic Commerce, Department of Commerce. Sales increased about 13 1/2 percent from August to September or more than the usual increase at this season of the year. The aggregate value of sales for the first nine months of the year was 7 percent above that for the same period of 1935.

DEPARTMENT STORE SALES HIGHER THIS SEPTEMBER

Department store sales increased in September by slightly more than the usual seasonal amount, according to Federal Reserve report just received by the Louisville District Office of the Department of Commerce. Total sales in September were 14 percent larger than in the corresponding month of 1935, when there was one less business day. For the first nine months of 1936 sales were 11 percent larger than a year earlier.

ANIMAL PICTURES FREE FOR ASKING

Here's a tip for 4-H club members and other boys and girls interested in animal pictures. Send to the Bureau of Animal Industry, U. S. Department of Agriculture, Washington, D. C., for a free set of 10 livestock pictures. Each one is about 10 by 8 1/2 inches, and has a mat and frame photographed with it so it is complete and ready to hang up, if desired, or may be mounted on a cardboard or framed. Boys who are interested in livestock judging will find models to study of cattle, sheep, pigs, horses, mules, goats and poultry.

Announcement... Insurance of Accounts

For nearly a quarter of a century our association has operated in Fulton and during that long period of time many hundreds of our citizens have invested their savings with us and many other hundreds have borrowed from us for the purpose of building homes, making repairs, etc.

The safety of the funds invested with our association has always been the paramount idea before our management and our record reflects that they have been faithful to this idea.

Recent federal legislation has made it possible for institutions of our character to secure additional security for its stockholders thru insurance of the funds invested with them. In line with their idea of surrounding the funds invested with them with every possible security, the management of our association has secured this additional means of protecting funds invested with us by insuring them with the FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION, a U. S. Government Institution.

If you have funds that you desire to invest, either by small monthly payments on installment stock or in larger amounts in full-paid stock or if you desire to purchase, repair, remodel or refinance your property, we would appreciate your calling at our office and discussing your ideas with us.

A Star Performer!

Outstanding performance in flour, as in football, is the result of a careful selection of material, painstaking preparation and expert supervision.

Back in 1907, when football stars thought less about news-reel cameras, Browder Milling Company began its operation. Housewives quickly noticed the outstanding performance of our FLOUR. They found it to be a "Star Performer" in the field of baking.

Today, we have maintained that reputation in these Famous Brands:

ALL INDICATIONS POINT TO HEAVY FALL BUSINESS

The closing days of October found general business throughout the country a strong upward swing, according to reports to the Department of Commerce from 37 key cities, just received by its Louisville District Office. Retail trade was everywhere far ahead of the comparable period last year and in all areas where weather conditions permitted the turnover was well in advance of the previous week. Wholesale sales followed in a general way the forward surge of retail. A feature of the reports was the widespread optimism voiced by business men for an active Fall, coupled with preparations for an exceedingly heavy holiday trade. Numerous industrial centers reported increased production, wage increases and improvement in employment.

Louisville reported that retail merchants throughout country districts enjoyed substantial increases in sales, with clothing, furniture and electric appliances in vogue.

24,720 Miles in 18 Days
Some Ladies' Hats
Gen. Butler's Peace Plan
12 Ladies Good and True

H. R. Ekins, first-class newspaper man, has gone around the globe by air-plane, covering 24,720 miles in 18 days, 14 hours, 56 minutes. Such a trip seems wonderfully fast now. Soon it will seem wonderfully slow. Air progress is rapid. Because it was done scientifically, by machinery, the eighteen-day trip seems less romantic than the Nelly Bly seventy-odd day trip that beat Jules Verne's "Around the World in Eighty Days." Nelly Bly, clever newspaper woman, knew how to make it interesting, going out of her way to travel by elephant, camel, jinrickshas, etc. Flying around the world costs about \$5,000.

Arthur Brisbane

Some day some woman, let us hope, will balance her fashion budget, decide just what she wants to wear, and then wear it, as men have done, but the day is far away. These are some of the hats from which your wife, daughter, sister will choose this season:

Hats shaped like East Indian war shields; hats heavy in gold embroidery; flat pillbox turbans, gold braided; Russian style hats off the face, with tall tiara fronts; hats of Persian lamb and embroidered felt; small toques, dipped down front and back, covered with soft feathers, "the military touch predominating."

Why, do you suppose, do women take so much trouble to spoil faces and heads naturally beautiful? It cannot all be the fault of hat-makers.

Gen. Smedley D. Butler, retired fighting major general of the United States marines, asks the Women's Christian Temperance union to start a campaign against drunken automobile drivers, and asks help peace by working for a constitutional amendment forbidding the President or congress to send troops out of the country.

You cannot change men by legislation, as was discovered in our prohibition mistake; you must change the men from the inside.

For the first time in history, New Jersey, selecting a jury all women, has surprised some, annoyed others. Why? For ages women have been judged and sentenced by individual men or groups of men. They have been ducked, branded with hot irons, put in the stocks, beheaded, hanged, burned alive.

Is there injustice in turning the thing around for a change; at least no twelve women would burn or duck anybody.

Lloyd's, British insurance concern, will insure you against anything happening, if it "guesses" that it will not happen; it usually guesses correctly. It refuses to insure against war striking England, although until lately the charge for that insurance was only one-fifth of one per cent; 200 pounds for 100,000 pounds insurance.

Somebody in Lloyd's possesses intelligence. That big organization does not like to think of war with airplanes added.

News from the East interests Americans; they might have to pay the bill. Japan and Russia, supposed recently to be on the verge of war, are said to have an understanding about things in the east that would involve depriving the British of profitable locations and rights. This does not please Britain, but that is the business of Japan, Russia and England.

Interesting flying item: Russia orders in Baltimore a passenger "clipper" plane, to cost \$1,000,000 and carry forty-four passengers, besides a crew of six.

The plane, very fast, can go 4,000 miles without taking on fuel, a range that would bring it across the Atlantic nicely, if it ever wanted to come back with a load of explosives instead of passengers.

The Irish Catholic hierarchy, sitting at Maynooth College, Cardinal Macarty presiding, denounces communism and persecution of the Catholic church in Spain, "mindful of Spain's kindness to our ancestors." On October 25 all Catholic churches in Ireland will take up collections "for the relief of Spanish Catholics." Mexico, once as "Catholic" as Ireland or any nation, sends, from its Chamber of Deputies, a message of sympathy to the Spanish government at Madrid.

England and France no longer guarantee any protection for Belgium in case of war, so the new King, Leopold, says all alliances are off, with France, England and everybody else.

Curse of Progress

Non-Stop
After an hour and a half of preaching, a clergyman who was given to both long-windedness and fanciful flights of oratory was just getting warmed up to his sermon on immortality.

"I looked up to the mountains," he shouted, "and I said, 'Mighty as you are, you will be destroyed; but my soul will not.' I gazed at the ocean and cried, 'Vast as you are, you will eventually dry up, but not I.' And then he wondered why his hearers smiled. — Tit-Bits Magazine.

How it Happened
Blinks looked a wreck. His face was covered with sticking-plaster; both eyes were black; and his left arm was in a sling.

"What happened?" a friend asked.

"A motor accident?"

"No; a loose floorboard."

"Tripped over it?"

"No; trod on it, as I was sneaking in the other night and woke the missus up."

Washington Digest

National Topics Interpreted
 By WILLIAM BRUCKART
 NATIONAL PRESS BLDG., WASHINGTON, D.C.

Washington — During the recent bitter campaigning, both national political parties engaged in a good deal of palaver about the coal industry. As usual, the politicians were patting the miners on the back, telling them what wonderful assets to the nation they are, and carrying their demagoguery further by criticism of the mine owners every now and then because it was popular with labor to attack employers. Altogether, it was a rather sorry spectacle and, I think, did not do credit to either side to any extent.

But in this report, I want to stress a very much less obvious phase of the problem than was made apparent in any of the electioneering. With all of the verbiage cast aside, with all of the political hoodwinking forgotten, there is a very deep and difficult problem in the coal industry. I think it can be summarized in one question: What is the future of coal, the coal industry, and the thousands of men who know no other source of livelihood than that which they eke out in the bowels of the earth?

This question, if properly analyzed is made, encompasses more than the usual factors that operate in economics. It does that because of policies of the federal government, among states and among municipalities. Because of the attempts to influence votes, the whole question has got into politics and that of itself is ruinous, an obstacle to a scientific solution.

Not so many years ago coal mine owners and coal labor units had what amounted to a monopoly on our fuel supply. Then came oil, oil with all of the scientific development that followed in its wake. Despite this, operators and labor leaders continued to take their toll from the hapless user of coal for fuel, be that user a great factory or an individual consumer in furnace or round oak stove. But that was not all. Electricity came along with its constantly increasing automatic control. First, of course, in the larger communities and later it came to villages and farm homes. Still, the mine owners and the coal labor leaders followed an unwise course. Still, they continued to take their toll and before they fully realized what the circumstance was, they had succeeded by their acts in building up a desire on the part of millions of people to use some other sort of fuel. The end is not yet, and that is why the subject is most important at this stage of our history.

During the Roosevelt administration we have seen an impetus given to public ownership of power plants never equaled. I think much of this development has gone on in a hit-and-miss fashion and that eventually the public will pay for the shiftless methods employed in development, but that is beside the point. The present question is whether our nation is going to continue to expand public ownership in such a way as to ruin an industry that is as much a part of our basic economic structure as any other unit of our natural life. I think sometimes it goes beyond that for the reason that, unless people awaken to the fact that they are being hoodwinked to a considerable extent by public ownership propaganda, it is likely to spread and public ownership will become a frankenstein, a parasite on our body public.

When I referred to the destruction of a great industry, I had in mind the thought that the consequences will run in two directions. Yet, paradoxically as it may seem, they constitute a cycle. It works out like this: As the demand for coal declines, it is quite natural that production costs go up. When production costs go up, they eventually reach the point where a further diminution occurs in demand. When that decline in demand occurs, there is only one answer: Labor is thrown out of work because you cannot produce and have those products piled high in storage. It takes money to keep labor and machinery occupied. The coal itself, after being removed from the mines, represents money and it is subject as well to deterioration. So, the ultimate to be expected on this side of the picture is an industry dying of dry rot.

On the other side of the problem is an equally important factor at work. It takes an immense amount of capital, massed in corporate form, to maintain a going concern whether that concern be coal mining, railroading or any other of our great industries. These industries operate largely on funds obtained through the sale of stocks and bonds of the corporation. But it has always been true, and human nature shows no signs of changing, that capital is not attracted to, it does not seek investment in, a declining industry.

Now, to turn to the part that government plays in bringing about present conditions. I have attempted to show how freed on the part of both capital and labor was responsible in a measure for building up what amounts to ill-will among many coal consumers. But the industry itself is not wholly responsible. Indeed, I rather hold the opinion that government is as much responsible for conditions as the industry itself, and when I say government, I must limit my reference to political demagogues. They always have been shortsighted and they are still shortsighted. They have been and they are now willing to sacrifice great masses of men and money for personal political gain of an entirely transitory character.

I have said before in these columns that the country is being kidded—it is almost tragic—by the wonders of such parasitic organizations as TVA. The public ownership crowd have had a willing leader in President Roosevelt and his hangers-on have promoted his policies of public ownership without being honest as to the ultimate goal, or the eventual effect.

It is not alone that there have been millions wasted in the development of the Tennessee valley electrical mirage. It is not so much that taxpayers throughout the country will be paying a bill and paying it over and over again, that causes me to complain. It is not so much that the Tennessee Valley Authority will never be economically operated or become self-sustaining that brings this outburst. It is the fact that when a government, national, state or local, leads the way in this direction, it wields an influence upon a certain percentage of our population. Since public ownership advocates, in many instances, plain socialism, where in control of these agencies such as TVA, it is perfectly natural that they present to the taxpayers only the most rosy side of the story. They do not disclose to the taxpayers the adverse, the costly side, of the situation.

Recent Treasury figures show that the Resettlement Administration has paid approximately \$27,750,000 of its total appropriation of \$134,518,000 for administrative expenses. That is, the organization which is the pride and joy of Professor Rexford Guy Tugwell has paid that amount of money to job holders in trying to carry out the professor's impossible dream.

While the sum shown as used for administrative expenses by Professor Tugwell is small, compared to the billions of total waste in the Roosevelt administration, the proper way to consider this circumstance is on a percentage basis. If you take your pencil you can calculate that about 20 per cent or one-fifth of all the funds appropriated to Professor Tugwell for resettlement, has been used in management of his plan. It may be a fraction under 20 per cent, but it is so close that even the fastidious Mr. Tugwell would not quarrel about the difference.

One-fifth of an appropriation that is designed theoretically at least to serve for relief purposes is entirely too much. It is not as great perhaps as has happened with one or two other relief appropriations, but it has always been claimed that the Tugwell scheme was planned to re-establish those who have been resettled on a permanent basis. That is to say, it was planned that the bulk of the money should be used in providing those people with a fresh start in life, but I cannot see where they are getting the full measure of help intended if a lot of job holders sit around in Washington offices or in offices in various states using up one-fifth of the total lay-out of cash.

**Clean System
 Clear Skin**
 You must be free from constipation to have a good, clear complexion. If not eliminated, the wastes of digestion produce poisons and the skin must do more than its share in helping to get rid of them.
 So for a clear, healthy skin, remember the importance of bowel regularity. At the first sign of constipation, take Black-Draught—the purely vegetable laxative. It brings such refreshing relief, and tends to leave the bowels acting regularly until some future disturbance interferes.

CHECK THAT COUGH BEFORE IT GETS WORSE

Check it before it gets you down. Check it before others, especially the children, catch it. Check it with FOLEY'S HONEY & TAR. This cough-syrup combination gives quick relief and speeds recovery. Soothes raw, irritated tissues, quickly allays itching, hacking, spoonful on retiring makes for a quiet-free sleep. No habit-forming, stomach-upsetting drugs. Ideal for children, too. Don't let that cough due to a cold hang out for quick relief and speed recovery with FOLEY'S HONEY & TAR.

BACKACHES CAUSED BY MOTHERHOOD

Those months before baby comes put such a heavy strain on mother's muscles, that she frequently suffers for years. Allcock's Porous Plaster does wonders for such back aches. They draw the blood to the painful spots—whether it be on the back, sides, legs, arms or shoulders. This has a warm, stimulating effect, and the pain soon vanishes. It takes only 2 seconds to put on an Allcock's Porous Plaster, and it feels as good as a massage. Over 5 million people have used Allcock's, the original porous plaster. Refuse any cheaper but Allcock's. It brings quick relief. Lasts longer. Easy to apply and remove. See at druggists.

Reflection and Action
 How shall we learn to know ourselves? By reflection? Never; but only through action. Strive to do thy duty; then shalt thou know what is in thee.—Goethe.

"I was run-down—"

"... looked pale... lacked a keen appetite... felt tired... was underweight."

"What did I do?"

"MY intuition told me I needed a tonic. Naturally, I am happy and grateful for the benefits S.S.S. Tonic brought me."

You, too, will be delighted with the way S.S.S. Tonic whets up the appetite... improves digestion... restores red-blood-cells to a healthier and richer condition. Peel and look like your old self again by taking the famous S.S.S. Tonic treatment to rebuild your blood strength... restore your appetite... and make better use of the food you eat.

S.S.S. Tonic is especially designed to build sturdy health... its remarkable value is time tried and scientifically proven... that's why it makes you feel like yourself again. Available at any drug store. © S.S.S. Co.

The Greatest Man

THE greatest man is he who chooses the right with the most invincible resolution; who resists the sorest temptation from within and without; who bears the heaviest burdens cheerfully; who is calmest in storms, and most fearless under menaces and frowns, whose reliance on truth, and virtue, and God, is most unflinching.—William Ellery Channing.

A man may be wrecked as is a ship. Conscience is an anchor. Terrible it is, but true, that like the anchor conscience may be carried away.

By the time it hits the bottom of the glass the water is a glass of water.

Virtually 1¢ a Tablet Now
 If you suffer from headaches what you want is quick relief.

Genuine Bayer Aspirin tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture. (Note illustration above.) Hence—when you take a real Bayer Aspirin tablet it starts to dissolve almost as quickly as you swallow it. And this is ready to start working almost instantly... headaches, neuralgia and neuritis pains start easing almost at once.

That's why millions never ask for aspirin by the name aspirin alone when they buy, but always say "BAYER ASPIRIN" and see that they get it.

Try it. You'll say it's marvelous.

Being Sincere
 Sincerity is like traveling on a plain, beaten road, which commoner brings a man sooner to his journey's end than by ways in which men often lose themselves.—Tillotson.

CONSTIPATION
 MADE HUSBAND
 DRAGGY

HE just didn't feel like work or play. Always draggy and weary—often cross and irritable. But, like so many women, his wife knew the cause. "You're constipated," she said. "You need a little help." So she gave him a box of **DR. RICH'S** Laxative. He found out what an astonishing difference there was in this purely vegetable laxative. He found out that constipation was the cause of his dragginess. He found out that a little help was all he needed. He found out that **DR. RICH'S** Laxative was the answer. He found out that he was a happy man again.

Soap should not be rubbed directly on flannels and woollens. Wash them in soapy water and rinse in clear, lukewarm water to preserve the soft texture.

A stick of wax and a brush of oil will do much to take the curse off furniture scratches. The wax will fill in the scars and the oil will darken the wax.

To make chiffonade dressing mix one tablespoon chopped onion, two tablespoons chopped cooked beets, two tablespoons chopped sweet pickles and one hard-cooked egg, diced, to one-half cup of French dressing. This dressing is tasty to serve on head lettuce or diced vegetable salads.

Black stockings will not lose their color in the wash if they are soaked for several hours in warm soapsuds to which a little turpentine has been added.

Bits of leftover jelly are good used for stuffing baked fruits, topping haked or steamed pudding or spreading over chops or roasts just before serving.

BOB JOINS THE RANGERS!

I'M STILL CONSIDERING YOU FOR THAT JOB AS FOREST RANGER, BOB... BUT THESE THINGS TAKE TIME, YOU KNOW!

AW—THAT'S WHAT YOU SAID BEFORE! SAY, 'YES' OR 'NO', CAN'T YOU, AND BE DONE WITH IT?

HE'S STALLING! HE KNOWS HE DOESN'T NEED ANY MORE MEN—HE'S GOT TWO RANGERS NOW FOR EVERY TREE!

WELL, I'M DOING ALL I CAN FOR YOU, BOB—YOU'LL JUST HAVE TO BE PATIENT.

HOW CAN I BE PATIENT WHEN MY HEAD ACHES ALL THE TIME? I HAVEN'T HAD A GOOD NIGHT'S SLEEP FOR A WEEK!

THIS HEAD WOULD ACHES, TOO—IF HE EVER TRIED TO THINK! BUT HE'S BEEN SOUND ASLEEP FOR YEARS!

THAT DOESN'T SOUND LIKE YOU WERE PHYSICALLY QUALIFIED FOR THIS JOB, BOB—WHAT DOES YOUR DOCTOR SAY?

AW—HE SAID I'VE GOT COFFEE-NERVES! TOLD ME TO CUT OUT COFFEE AND SWITCH TO POSTUM FOR 30 DAYS—WHAT BUNK!

ASK THIS CLUCK WHAT HAPPENED TO THE RULES THEY HIRED HIM!

WELL, IF YOU WANT TO BE A FOREST RANGER, BOB, YOU'D BETTER DO AS THE DOCTOR ADVISED—THEN SEE ME AGAIN ABOUT THAT JOB!

OH, ALL RIGHT—I'LL TRY IT! I CAN'T FEEL ANY WORSE!

CURSES! IF HE'S SWITCHING TO POSTUM—IT'S ME FOR THE TALL TIMBER!

30 DAYS LATER

I'M STARTING YOU OUT IN THE TOUGHEST RANGE ON THE RESERVE, BOB! I KNOW YOU'LL MAKE GOOD!

THANKS FOR GIVING ME THE CHANCE, CHIEF! I FEEL UP TO ANYTHING—SINCE I SWITCHED TO POSTUM!

Of course, children should never drink coffee. And many grown-ups, too, find that the caffeine in coffee disagrees with them. If you have headaches or indigestion or can't sleep soundly... try Postum. It contains no caffeine. It is simply whole wheat and bran, roasted and slightly sweetened.

You may miss coffee at first, but after 30 days you'll love Postum for its own rich, satisfying flavor. Postum comes in two forms—Postum Cereal, the kind you boil, and Instant Postum, made instantly in the cup. Either way it is easy to make, delicious, economical, and may prove a real help. A product of General Foods.
