FULTON, KENTUCKY, FRIDAY, NOVEMBER 13, 1936.

NUMBER FORTY-THREE

LOCAL RED CROSS DRIVE UNDER WAY

With more than 100 chapters of the American Red Cross organized and actively at work, the annual rollcall in Kentucky started in most counties this week with Armistice Day and will close with Thanksgiving day. The goal set for Kentucky is 104,000 members, which is only about half the size of the Kentucky membership only a few years ago.

Leaders of the rollcall in the counties are pointing out the good work done in Kentucky by the Red Cross as late as this year, when disaster visited the State in the form of a flood, fire and epidemics of disease. The floods of March, 1936, necessitated aid to 133,290 persons alone. In five years Kentucky rollcalls have added \$268,770 to Red Cross funds. In the past five years the American Red Cross had given aid to suffering Kentuckians to the amount of \$1,730,000.00. This year Red Cross nurses looked after 3,367 persons in Kentucky. The Red Cross chapters are all confident of reaching their various goals and the state goal of 104,000.

BOARD OF EDUCATION IN REGULAR SESSION

Meeting in regular session Monday afternoon at the office of the West Kentucky Finance Company, the Fulton Board of Education transacted routine business. Miss Mae Ballback, graduate of Murray College was elected to fill vacancy recently by the resignation of Gordon Arnold, teacher of mathematics and music in Junior High School, who resigned because of ill health. Thursday and Friday, November 26 and 27, were set for observance of Thanksgiving, and Christmas holidays are to begin Dec. 23, and to end Monday, January 4th. This meeting completed its two-year term, and the recently elected two new members, take office at the January meeting.

SULLIVAN-HINTON

Coming as a surprise to their many friends in Fulton, Miss Mary Elizabeth Sullivan was married to John Hinton Wednesday night, November 11th. The ceremony was performed by the Rev. E. M. Mathis at the First Methodist Church at half past nine. Those attending were Miss Marie Bell, Mrs. Ben Gholson, Mrs. Leonard Allen, Mr. and Mrs. Carl Wright and Tommie Powers. The bride was attractively dressed in a dress of gray with black accessories and wore a shoulder corsage of pink roses. She attended high school in Martin, Tenn., and at Fulton High School. For the past several months she has been employed at Smith's Cafe. The groom was attending high school at Fulton High School and is also an employee of Smith's Cafe. They will make their home at 501 Browder Street in the home of Mrs. I. B. Cooke.

SHOWER FRIDAY NIGHT FOR RECENT BRIDE

Mrs. Harold Aldridge, formerly Miss Monica Cashon, recently married, was honored with a shower by the Baldrige's Variety Store employees Friday night at the home of her mother, Mrs. Hershel Cashon on Oak Street. Early in the evening the honoree was presented a mock shower before which she received a beautiful bed spread. Delightful refreshments were served to Mr. and Mrs. Clyde Fields, Mr. and Mrs. O. S. Sasser, Mr. and Mrs. Raymond Gambill, Miss Annie Lee Cochran, Miss Louise Rye, Mrs. William Duncan, Miss Ruby Fuzelle, Miss Willette Cooke, Mrs. Jack Foy, Mrs. Hershel Cashon and the honoree.

FULTON CITY ATTORNEY ATTENDS PHONE MEETING

Steve Wiley, city attorney, representing Fulton and Fulton county in the telephone hearing at Louisville last Friday, which was attended by representatives from 28 counties in the state, presented his case before the conference. The purpose of this meeting was to plan ways and means of resisting the grant made by the Public Service Commission whereby the Southern Bell Telephone and Telegraph Company would raise telephone rates. It was proposed during the meeting last Friday that the counties and municipalities interested in rejecting these proposed increases in phone rates, raise sufficient money to hire an attorney to sit with the Commission throughout the hearing on rates. This fund would also take care of expenses incidental in securing rate experts and engineers to prepare facts needed in the fight. It was estimated that \$15,000 would be needed, and that each county would not be assessed more than \$500. Each representative was urged to return home and place this proposition before the people. When questioned about Chandler's allegedly proposal to help fight the rates through state aid, Mr. Wiley said he knew nothing about this other than what he had read in the papers. However, this is being investigated. Mr. Wiley believes that Fulton's case will not be heard until five or six months, but in the meanwhile the old rates will be retained.

Host Church For Methodist Conference

The ninety-seventh annual session of the Memphis Methodist Conference will be held Nov. 10-15 at the First Methodist Church of Fulton, Ky., shown above. The church was built during the pastorate of the late Rev. J. V. Freeman, 1924-27, at a cost of \$120,000. It has an auditorium seating 1,000. The Rev. E. M. Mathis is pastor.

ELDERS-LAYMEN MET AT LEGION CABIN

Thursday at noon the Presiding Elders of the eight districts of the Memphis Methodist Conference met in luncheon session at the Legion Cabin. The meeting was opened by prayer.

C. W. Bond, Arlington, Tenn., Conference Lay-Leader, presided over the meeting. Roll call was read by A. R. Steele, the secretary. Election of officers for another year resulted as follows: C. W. Bond, re-elected Conference Lay-Leader; A. R. Steele, Paducah, re-elected secretary; J. B. Summers, Somersville, Tenn., re-elected treasurer. Reports were made by the following: Judge J. T. Peeler, Lexington district; Max B. Hurt, Paris district; A. R. Steele, Paducah district; C. W. Bond, Brownsville district; F. T. Randle, Union City district.

Mr. Bond read a report of the past year's activities by laymen in which he expressed pleasure at the spirit of earnestness that has been evident at all meetings. Rev. R. A. Clark, presiding elder of the Dyersburg district, invited the Board to hold its next meeting at Dyersburg and November 28 and 29 were designated as dates for this meeting.

GRAHAM AND DOBSON NAMED AS DIRECTORS

Conrad Maraman of Shepherdsville, Ky., president of the Kentucky Retail Merchants Association for the coming year at a meeting of the Association held at the Brown Hotel in Louisville on Thursday, November 5th. The association went on record as opposing and favoring the immediate repeal of the Omnibus Tax Law. J. Ray Graham Sr. of Fulton, E. Dobson of Hickman, and H. M. Vance of Clinton were named on the board of directors.

MAYOR DEMYER WRITES WELCOMING LETTER

"It has been many years since the Memphis Conference held its annual meeting in Fulton," Mayor Demyer states. "During those years advances, none of which would have been possible without the wholehearted and sincere support of the various churches of the community. If those who attended the last meeting of the Conference held in Fulton, and who had not seen the town since that date, would be here this year they would be amazed at the growth of the churches of the community. But they would find one thing still true. That is, the same hospitality, the same cordial liking, the same friendly greeting that they saw and felt so many years ago. As Mayor of the City of Fulton, I count it a high privilege to extend a hearty and cordial welcome to all delegates and all visitors who attend the annual Conference. I hope your stay here will be pleasant, and if there is anything the city can do to make your stay more pleasant, I will gladly see that this is done. We are glad you are here, and it is the sincere hope of every member of the City Administration that you may return again before many years."

JAMES COCHRAN IS TRANSFERRED TO NASHVILLE

James Cochran, employee of Swift & Co. of this city, has been transferred to Nashville, Tenn., and he and Mrs. Cochran left this week. Mr. Cochran has been with the local plant for the past three years, and has made many friends while here.

DEATHS

MONROE JONES

Monroe Jones, son of W. Hamp Jones and Sarah Jane Jones, was born near Mt. Moriah Church in 17th district, May 8th, 1865, and died November 7th, 1936 at 8 p.m. of pneumonia. He was 71 years, 5 months and 27 days old.

He was converted when young and joined the Methodist Church where he kept his membership until death. He was first married to Sarah Kennedy and to this union was born two daughters who died in infancy.

On May 27, 1928 he married Miss Dell Hicks of Memphis, Tenn. He lived in Batesville, Ark., for a number of years, owned and operated one of the largest Hub Mills in the States, later having some oil interest.

A few years ago he purchased a farm in the thirteenth district south of Dukesboro and was farming at the time of his death. He leaves his companion, one brother, W. L. Jones of near Dukesboro, three sisters, Mrs. Martha Ann Quarles of Martin Road 3, Mrs. J. J. Kennedy of Redlands, Cal., and Mrs. Huley Hicks of Clinton.

He being one of a family of thirteen, leaves quite a number of nieces and nephews and other relatives with a host of friends, who are made sad at his going. Funeral services were held at Mt. Moriah Church afternoon at 1:30 p.m. by Rev. J. F. Morelock and Rev. P. L. Utley of Big Sandy, Tenn. Active pallbearers were Herndon Kennedy, Dr. D. L. Jones, Dr. J. L. Jones, Truett Jones, Hamp Quarles, Aaron Butts, and Arthur Brady.

Honorary pallbearers were John Welch, Carlos Brundige, Raymond McNatt, Tom Jackson, Mace Rose, Charlie Ross, Dick Farmer, Denis Carr, Tom Franklin, Jim Carter, and Eddie Campbell.

Burial was in Mt. Moriah cemetery with his father and mother, in charge of Winstead-Jones & Co.

KARMIRE MOVE TO SHELBYVILLE, IND.

Mr. and Mrs. E. F. Karmire left last week for Shelbyville, Ind., to make their home after having lived in this community since 1903. Mr. Karmire established the Swain-Lumber Company here that year, which he operated until 1920, when he sold out and retired. Mr. Karmire stated that the change was necessary because of the ill health of his brother, Harry Karmire, head of a furniture manufacturing concern in Shelbyville, in which he held an interest. Mr. Karmire will assume management of the company.

Mr. Karmire was active in the business life of Fulton for many years, having served as director of the City National Bank for a number of years. The Karmires have many friends here who regret that they had to leave Fulton, and will wish them well in their new location.

SECOND MONDAY BRINGS NICE CROWD TO FULTON

Despite the fact that the day opened busy and wintry, second Monday brought a good crowd to Fulton. Down on the jockey yard farmers and traders gathered, and swapping enjoyed a good day. Second Monday usually draws a crowd from all delegates and all visitors who attend the annual Conference. It is likely to lessen until next spring.

Miss Nedra Marlin of Fulton has been elected president of the Junior Class of Nurses at the Methodist Hospital in Memphis, Tennessee.

LIONS HOLD DISTRICT MEET AT SCIENCE HALL

Monday night was Lions night in Fulton, when 71 members of five Lions Clubs of Western Kentucky gathered here in a group meeting, presided over by Warren Graham, president of the local club. Members of the Paducah, Mayfield, Fulton, Hickman, and Clinton clubs were present. Preceding the meeting, dinner was served with Mrs. Clyde Howard, head of the cafeteria at Fulton High School in charge. A musical program was given by a South Fulton quartet, with Miss Ivora Cantrell, director.

Governor Joe Well, district governor of Owensboro, was introduced by President Graham. He made an entertaining and instructive talk on Lionism in Kentucky.

Governor Well urged that all clubs endeavor to increase the membership of their organizations, and sell themselves to their community. In this way, he pointed out, a club can really accomplish things for a community. It was suggested that a series of zone meetings be held, and it was proposed that the next one be held at Paducah.

CHIEF ROBERTS WARNS OF FIRE HAZARDS

Now that the fall and winter seasons are here, with fires more numerous, and considerable burning of leaves and trash, Chief Lee Roberts of the local fire department warns of increasing menace of fire hazards. He urges people to be exceedingly careful when burning off leaves and trash, and states that the fire department will burn off lots as usual, if owners will call him at 700.

ALTON TRACKER IS INITIATED INTO CLUB

MURRAY, Ky., November 9.—Fifteen new members were initiated into the Eudorian Mathematics Club of Murray State College, Thursday night, November 5. Interesting reports and speeches were made by the new members.

Those initiated were: Fred McDormen, Mayfield; Alton Thacker, Fulton; Geraldine Miltred, Hazel; Mildred Swann, Lynn Grove; Jane Farr, Paducah; Vernon Trevaathan, Murray; Saunders Clayton, Robert Clayton, Hazel.

ROOSEVELT NOT REALLY ELECTED YET, IT IS SAID

On Tuesday, November 3, the people went to the polls and re-elected Franklin D. Roosevelt for president of the United States, another four-year term to begin next January. But, under the electoral system of electing a president, he is not really formally elected legally yet, and will not be until December 14. On that date the electors of the 48 states, for whom voters cast their votes in the general election, will meet and vote for president. Of the 531 electors in the nation, 523 will vote for Roosevelt and 8 for Landon.

Miss Mickie Marsh, daughter of Mr. and Mrs. G. V. Marsh, who is attending Nazareth Junior College in Nazareth, Kentucky, has been selected as a member of the Hockley team there. The team will go to Louisville in the next few weeks for a game.

BISHOP U. V. W. DARLINGTON OF HUNTINGTON WEST VIRGINIA PRESIDES; ELDERS AND COMMITTEES PLAN YEAR'S WORK

FULTON ENTERTAINS FOR THIRD TIME IN ITS HISTORY; CONFERENCES ALSO HELD HERE IN 1889 AND 1903.

This week, for the third time in the history of Fulton, this city is entertaining the annual session of the Memphis Methodist Conference. Back in 1889 and again in 1903 Fulton was the host-city to this conference. Since then great strides have been made by Southern Methodism and by the hub-city of Fulton, which is situated on the Tennessee-Kentucky state line. People of this community are proud to have this Conference, and the hospitality of this community has been extended by city officials, civic leaders and individuals.

CITY CLOSES DEAL FOR DIESEL POWER

Following weeks of negotiations the Fulton city council approved Tuesday afternoon the purchase of two Diesel engines and other equipment needed by the city at the waterworks to pump water and provide current for the downtown whiteway. C. J. McDonald, Diesel engineer was given a contract to remove engines from eastern Kentucky and install a plant here. The city has arranged to purchase Diesel engines and alternators and to construct a new building to house the new plant at an approximate cost of \$15,000. City officials have been discussing this type of plant since recent controversy with the utility company now furnishing the current for some of the municipal power and city whiteway. Engineer McDonald leaves Saturday to start work Monday on loading engines for shipment to Fulton.

NEW CHEVROLETS AT EARLE & TAYLOR

Chevrolet's new passenger cars for 1937, comprising two new series of six models each, were introduced here Saturday by Earle & Taylor at the City Motor Co. The two series, known respectively as the Master and the Master Deluxe, are identical except for front suspension, rear axle and steering gear ratios, accessories and trims.

Although the cars are described as new from bumper to bumper, the changes most obvious outwardly has to do with body lines. A new treatment described as "diamond crown streamline styling" represents a distinct departure in design, and produces an impression of added fleetness and grace.

The changes, however, go deeper than appearance, for the bodies are entirely new. They introduce uni-steel construction in which solid steel turret top, steel side panels, steel double cowl, and steel floor are welded together to form a permanent-silent unit. Even the doors are all of steel.

The bodies are mounted on a chassis which is also new, with the new six-cylinder high-compression valve in head engine developing 85 horsepower, new box girder chassis frame combining rigidity and lightness and hypoid rear axle drive gears, here used for the first time in the low-price field.

Both body and chassis refinements contribute to advances in safety, comfort and driving ease. The new Chevrolet is more compact, with a gain in strength and a reduction in weight.

DR. BUSHART GIVES LIONS CLUB PROGRAM

"Blood and Its Associated Diseases" was discussed before the Lions Club here last Friday by Dr. Glynn Bushart. His talk was not only interesting, but gave pertinent facts upon the subject.

Fulton is entertaining this week delegates, preachers and laymen from West Kentucky and Tennessee, who are here attending the 97th annual session of the Memphis Methodist conference. As church leaders were registered and assigned homes where they will be entertained.

Bishop U. V. W. Darlington of Huntington, W. Va., is presiding over the conference, which is composed of more than 500 churches, divided into eight districts with the following presiding elders: The Rev. E. G. Hamlett, Memphis; the Rev. L. H. Estes, Jackson; Rev. R. A. Clark, Dyersburg; Rev. C. B. Clayton, Lexington; Rev. J. Mack Jenkins, Union City; Rev. James D. Jenkins, Brownsville; Rev. W. F. Maxedon, Paducah; and Rev. H. R. Taylor, Paris. The elders met with Bishop Darlington Tuesday to discuss and plan the conference program.

The Rev. W. M. Lehigh of Ripley, Tenn., delivered the consecration sermon Tuesday night, which was followed by communion service.

He took as his subject, "A Divine Savior" in which he brought a powerful message, revealing the supremacy, authority and advantage of Jesus Christ, "upon which the destiny of the church depends."

Numerous board meetings were held Wednesday, with various special committees appointed. Dr. King Vison of Nashville, Tenn., presided at the McKendree church. Nashville gave two interesting sermons, one Wednesday afternoon, and another Wednesday night. He also talked each afternoon and evening of the conference.

Rev. L. H. Estes of Brownsville, was re-elected conference secretary Wednesday. With all eight districts of the Memphis conference well represented, Bishop U. V. W. Darlington of Huntington, W. Va., opened the session Wednesday morning.

The following appointments of officers and committees were made: Assistants to the secretary, Rev. James D. Jenkins, Brownsville; Rev. C. N. Jolley, Calvary Church, Memphis; and Rev. Roy D. Williams, Jackson district, Mercer circuit.

The statistical committee is composed of the Rev. Ray Pafford, Paducah district, Clinton circuit; Rev. William O'Donnell, Brownsville district, Oakland circuit; Rev. J. L. Bagby, Brownsville district; Rev. E. V. Underhill, Paris district; Rev. W. F. Cooley, Paducah district; Rev. W. T. Barnes, Union City district; Rev. H. W. Davis, Dyersburg district; Rev. D. R. Overall, Memphis district.

The following names were read on the superannuated list: W. A. Banks, J. W. Blackard, E. K. Bransford, G. J. Carman, R. Y. Blackwell, T. E. Calhoun, P. A. Fowler, S. R. Hart, C. H. Hilliard, J. W. Hodges, S. L. Jewell, H. P. Lasley, D. W. Lee, R. W. McDonald, A. D. Maddox, T. F. Maxedon, Albert C. Moore, C. C. Newhill, W. P. Pritchard, J. C. Rudd, H. B. Terry, B. M. Vaughn, C. A. Waterfield, J. W. Waters, W. C. Waters, T. N. Wilkes and J. G. Williams.

Sunday at 2:30 p.m. memorial services will be held in respect to the following preachers who have died in the past year. The Rev. J. A. Spence, Rev. R. Y. Blackwell and Rev. E. K. Bransford.

At the various board meetings, work of the past year was reported and recommendations made for another year. Special committees were appointed to formulate reports to the annual conference.

Dr. King Vison of Nashville in the afternoon Wednesday preached on the subject, "Gospel Assurance." At 7:30 p.m. he delivered a sermon on Prayer. He will preach every afternoon and evening through the conference.

WHISTLES AND BOMBS SOUND ARMISTICE DAY

Although no formal program was arranged by the local post of the American Legion to celebrate the signing of the Armistice at 11 o'clock, Nov. 11, 1918, or eighteen years ago, whistles were blown and bombs exploded in memory of the occasion.

WEAKS BUY KARMIRE HOME

The home of Mr. and Mrs. E. F. Karmire who have moved to Shelbyville, Ind., has been purchased by Mr. and Mrs. Lewis Weaks.

COOL WEATHER HAS STIMULATED BUYING

The early days of November brought widespread business gains throughout the country, according to the Department of Commerce reports from 37 key cities. Just received by its Louisville District Office, buying in retail lines responded to the stimulating influence of cool and seasonable weather. Wholesale trade reflected the general buoyancy of retail. Industrial centers remained active with a consequent rise in employment and with some wage increases reported. While the maritime strike was a menacing factor along the Pacific Coast with considerable unemployment in affected industries, the reports did not indicate that trade has been seriously affected up to this time. In New York retail trade showed a wide advance over last year with department stores having a gain of 17%. Increases were general and widely distributed.

Louisville reported that retail buying continued substantially ahead of last year. Wholesale markets strong with hardware, house fur-

nishings, winter apparel and electrical appliances leading.

Employment placements for week gained 12.27% over previous week to 1,263, while for October, the placing of 4,897 represented a decline of 11.6% from September.

Weather favorable for handling tobacco and planters rushing preparations for opening of Burley auction markets in December. Rain has retarded wheat sowing in some sections of district. Estimates are being made now that Dark-Fired tobacco crop will be 25% under that of 1935, with quality good despite drought. Some western Kentucky farmers are trucking cover hay from Illinois, due to shortage caused by drought.

Considerable interest in farm auction sales with increased prices on good land noted, some of which are: three tracts in Bourbon county, Ky., brought \$145, \$210, and \$135 per acre at auction. 270-acre tract in Woodford county, Ky., sold for \$14,965, was a pioneer estate. 226-acre tract in Boone County, Ky., brought \$75 per acre. Ashurst farm in Scott county, Ky., purchased at \$155.25 an acre, for 60 acres. National

Hotel at Murray, Ky., sold at public auction for \$29,150.

Garment factory at Franklin, Ky., acquired site to enlarge plant, while 200 workers were employed in new pants and shirt factory in Simpson county, Ky.

Building permits for October \$597,756 against \$233,214 year ago. Louisville statisticians estimate gain in building in Louisville first nine months of 1936 at 109% over same period of 1935, residential construction increase being estimated at 200%.

Twenty-acre tract purchased near Owensboro, Ky., for erection of new mash distillery, promoting corporation being chartered with \$150,000 capitalization.

13 state road construction contracts awarded in week, totaling \$197,079.

Merger of Swiss Oil Corporation and Ashland Refining Company, announced, with \$7,000,000 capitalization.

4,500,000 cubic feet gas well brought in in Martin county, Ky., largest in that field.

Harlan, Ky., reports shortage of coal cars due to record shipments of coal.

L. & N. railroad reports September net operating income of \$1,992,297 against \$1,316,004 in September 1935. Nine months of 1936 net estimated at \$6,062,000 as compared with \$2,369,000 during the same period for 1935.

Slag company damaged \$150,000 by fire at Ashland, Ky.

A Louisville tobacco manufacturing company reports export business in 1936 so far as 30% better than same period of 1935.

FARM YOUTH CONGRESS PLANNED FOR CHICAGO

CHICAGO, Nov. 7.—Farm boys and girls of the United States will stage their 15th annual conclave, the National 4-H Club Congress, in connection with the International Live Stock Exposition, which will be held at the Chicago Stock Yards November 23 to December 5.

It is reported that approximately 1400 boys and girls will attend the 1936 Congress. They will come from 44 states. All of the participants will be given free trips to Chicago because of winnings in state wide contests earlier in the season. Those winning in the 4-H Congress are named the year's national champions.

PROTESTS BUYING POULTRY REMEDIES

A protest against buying alleged poultry remedies from farm to farm salesman is made by W. M. Insko, Jr., of the College of Agriculture, University of Kentucky. Samples of so-called worm expellants, sold in two counties were analyzed at the Agricultural Experiment Station and found to contain epsom salts, ground limestone, sulphur, charcoal and tobacco. Although worth about 10 cents a pound, farmers paid \$1 a pound for the mixture.

While epsom salts and tobacco have value as worm remedies, it is pointed out that the above product sold entirely too high. Directions may be had from the Experiment Station or from county agents for using tobacco, epsom salts, kamala and other materials to combat worms.

Mr. Insko says the best way to keep a flock in good condition is to give attention to sanitation. Worm infestation is usually found in unsanitary quarters. Poultry do better when raised on ground where there have been no chickens for at least a year.

It also is advisable to keep houses and equipment clean and disinfected. Dropping boards should be scraped at least twice a week, and water vessels kept clean at all times. A revolving type of hopper helps keep feed sanitary.

HOME AGENTS' SCHEDULE WEEK NOV. 16 TO 21

Monday, meat-cutting demonstration by Mr. Grady Sellard, Extension Specialist in Animal Industry, University of Kentucky, at the home of Ed Thompson, middle road at 10:00 a.m. Tuesday, Clinton and Shiloh Homemakers Clubs at Mrs. Ina Evans, Clinton. Wednesday, Jordan Homemakers at Jordan School. Thursday, Fulghum 4-H Club, Croley Homemakers Club at Mrs. Carrie Cunningham's. Friday, Palestine Homemakers at Mrs. Gus Donoho's. Saturday, office.

CLINIC FOR CRIPPLED CHILDREN IN WEST KY.

The regular semi-annual clinic for crippled children in western Kentucky will be held by the Kentucky Crippled Children Commission in the Woman's Club, Paducah, on Tuesday, November 24.

The clinic is planned for the benefit of physically handicapped boys and girls under the age of 18 years in the following counties: Ballard, Carlisle, Crittenden, Callaway, Graves, Fulton, Hickman, Livingston, Lyon, Marshall and McCracken. Paducah has been chosen by the Crippled Children Commission as a center where clinics are held twice a year. No operations are performed at the clinics, but application for hospital care may be filed with the Commission's field nurse and cases needing treatment may be admitted to hospitals under the Commission's supervision as soon as a bed is available. Expense of such treatment is borne by the Kentucky Crippled Children Commission, which is sup-

ported by state and federal appropriations and by contributions from the public through the efforts of the Kentucky Society for Crippled Children.

FULTON, THE GEM OF THE PURCHASE

Kentucky State land office records show that in 1823, the Commonwealth of Kentucky issued to one Benjamin Carr a patent to a tract of land lying in the extreme southwestern part of the state for which Mr. Carr paid \$80.00. On part of this land the city of Fulton now stands. But not until 1861 was the building of the town begun. About that time the Paducah and Memphis Railway station was established on the state line between Tennessee and Kentucky. This meant the beginning of Fulton. Then three years later, 1864, the main line of the Illinois Central system was built. That was that Fulton began to be a town. Now it is a city of about 6,000 people.

But Fulton is not all, Kentucky; some of it—nearly one-third of it, is South Fulton in Tennessee. The state line runs nearly through the center of the city dividing it into two separate and almost municipalities, each with its own city government, and public school system. Each has its separate officers, but one post-office serves the two. However, in writing this sketch, we shall speak of the two as one, which they really are in many respects.

From its very beginning the chief industry has been railroading. Fulton is a railroad town. In addition to the mainline of the Illinois Central System, three branch lines go out from Fulton. At present the monthly payroll to railway employees in Fulton alone is \$40,000.

But Fulton has sought other sources of industry. She is located in the center of a good farming section, and, through the help of the business men, the farmers have developed a fine dairy business. Fulton is rapidly becoming the center of a real dairy section. Both Swift and Armour have large interests in Fulton.

Again Fulton is favored in that she has two fine highways passing through her limits, Nos. 51 and 45. Then she has a number of good roads running out into the surrounding trade territory.

And here people. Well, of course, they are fine. They are just Kentuckians and Tennesseans and that means that they are almost pure Anglo-Saxon. It has been said of the Anglo-Saxon that they have a larger capacity for intellectual dev-

elopment than any other race in the world. Speaking of Fulton's citizens we were told by a well informed citizen of this town, and this on the quiet, that most of the best people in Fulton really had come from Dukedom. And pray, where is Dukedom and what about it?

Well, Dukedom is just a little settlement or village about ten miles due east from Fulton. It is one of those numerous places in America that has served as a seed bed for good citizenship.

Fulton has an excellent public school system, and offers many opportunities and inducements to its rapidly increasing population. Her business men are cordial and cooperative in spirit, and seem to be progressive in business matters.

(EDITORS NOTE: Above is reprinted an article which appeared in the official organ of the Memphis Conference, and which gives some idea of what others think of Fulton.)

LESPEDEZA SEED PRODUCTION OFF

While late harvest of Korean lespeveda seed in Kentucky makes definite announcement about production impossible at this time, the College of Agriculture at Lexington believes it may not be more than half as much as produced in recent years. Kentucky produced 23,600,000 pounds of seed last year, and about 22,500,000 pounds in each of 1933 and 1934. Reports from the United States Department of Agriculture say that growers are being offered \$3 to \$12 per 100 pounds of clean seed. This compares to \$2.90 at this time last year, \$5.75 in 1934 and \$4.15 in 1933.

A Star Performer!

Outstanding performance in Flour, as in football, is the result of a careful selection of material, painstaking preparation and expert supervision.

Back in 1907, when football stars thought less about news-reel cameras, Browder Milling Company began its operation. Housewives quickly noticed the outstanding performance of our FLOUR. They found it to be a "Star Performer" in the field of baking.

Today, we have maintained that reputation in these Famous Brands:

MAKE THANKSGIVING DINNER MORE TEMPTING

DEAR MRS. HOMEFOLKS: Cook it the electric way and you'll serve the most satisfying Thanksgiving dinner your family has ever sat down before. . . turkey, vegetables, dressing, pies and cakes . . . with all the delightful flavors, aromas and nourishing elements sealed in.

You'll find electric cookery years ahead of other methods . . . saving you time, work and money . . . cleaner and cooler than you'd believe—until you tried it. We're having a special sale of electric ranges now, and we'd like mighty well to install one in your kitchen before Thanksgiving Day.

We sell the Hotpoint and Westinghouse ranges. Other standard makes sold by local dealers.

A DANGEROUS CORNER

Fulton has long had its traffic problems. While certain of these have been worked out, others remain to be corrected.

At the corner of Fourth Street and Lake Street Extension, directly in front of the Orpheum Theatre, several accidents have occurred. When traffic approaches from under the viaduct, drivers cannot obtain a clear view of moving vehicles on Fourth Street. And when cars or trucks are driven at too fast a speed, this corner becomes even more hazardous.

An electric traffic light at this corner would be invaluable in preventing future accidents, endangering property and lives.

A & P ORGANIZATION ANNOUNCES BENEFITS

The Great Atlantic & Pacific Tea Company has just announced additional benefits to the organization that will amount to over Two Million Dollars a year. This announcement was made last on November 4 by Mr. Albert Iverson over a telephone hook-up from Louisville, Ky., to Store Managers and Clerks throughout the territory handled by the Louisville Office and Warehouse.

The announcement was made by Mr. Iverson in the meeting of Managers and Clerks at Louisville and was heard at the same time in meetings in Evansville Ind., Nashville, Tenn., Pineville, Ky., Hazard, Ky., and Paris, Tenn.

These benefits include higher starting salaries for full-time clerks and increased salaries for most part-time clerks. The new minimum salaries are for inexperienced men who are just starting into the business and as they become experienced their salaries are increased at regular

intervals until they reach the point where they are being paid from \$25 to \$28 a week. The next step is position of Manager, which position in the Louisville Unit pays an average salary of \$45.00.

In addition to improved salaries, it was announced that all store managers who have been with the firm three years or more will be given two weeks' vacation with pay and all managers who have served less than three years will receive one week. Full-time clerks who have been in the employ of the company a year on March 1 will receive one week's vacation with pay.

Most managers of A & P stores now are permitted to take a half-day off each week during the entire year and store hours have been shortened for all employees during the past year.

These benefits are all part of a program inaugurated some time ago to improve the income and working conditions of employees in A & P stores.

GEORGE W. CROWSON PROMOTED BY I. C.

Promotion of George M. Crowson from assistant to the senior vice-president to be assistant to the president of the Illinois Central System is announced in notices received in Fulton today from L. A. Downs, president of the road.

Mr. Crowson started on the Illinois Central in 1920, at the time the road began the consistent newspaper advertising and other public relations work which established its leadership in this field. Since 1925 he has been in charge of such work, and its expansion under the administration of President Downs is recognized in his promotion to the position of assistant to the president, effective November 1.

For several years prior to 1920 Mr. Crowson was a newspaper reporter, working on newspapers at Marysville and St. Joseph, Mo. He spent twelve months in overseas military service in 1918-19 and has been active in the American Legion. In 1931 he served a term as commander of Advertising Men's Post of Chicago.

Mr. Crowson is married and lives in Flossmoor, Ill. He is a trustee of the board of education of the Flossmoor school district.

BULLDOGS DEFEAT GLEASON HERE 29-6

The Bulldogs of Fulton High School put up a real scrap here last Friday, when they defeated the Gleason team by the score of 29 to 6.

Fulton made its first touchdown four minutes after the game had started, when Beadles weaved through Gleason opposition 27 yards to cross the goal line. He failed in the attempt for an extra point.

Fulton was weakened in the second quarter, when Nanney was taken out for alleged slugging. From then on most of the offensive play was up to Beadles who carried the ball 29 times, gaining 147 yards, losing only 14 yards.

Gleason scored their touchdown early in the second quarter when Aylor passed to Bell, who ran 40 yards for a touchdown. Gleason showed up well with its aerial attacks, while Fulton's passing was not up to snuff, but two long passes netted the locals two of the touchdowns. The Bulldog line was too much for Gleason's holding line, a stone wall in the pinches, with every player on the Fulton team scrapping. The line-up:

MEETING TO BE HELD FOR CATTLE MEN

Farmers who are interested in the production of beef cattle should hear Wheland Rhoads at the Court house at Hickman on Thursday night on November 19th at 7:30 p.m.

Mr. Rhoads will discuss the production and feeding of beef cattle and since the farmers of this county usually produce surplus feed which is sold in the form of hay and corn, I think it would be profitable to hear this talk.

For a number of years Mr. Rhoads has been closely connected with the beef cattle men of the state as well as the feeding experiments that are conducted at the University of Kentucky and since the price of feed is higher than usual this year more care had thought will have to be used in feeding steers since the spread is not as much as last year, he will point out some practices that may save the feeders of the county money.

Every farmer can do something toward making his farm home attractive. There is no use stepping on the gas, unless you are going in the right direction.

The Cayce Homemakers Club met Monday afternoon at 1:30 P. M. at the school building. The lesson was given by the leaders Mrs. Lowe and Mrs. Sublett. The regular meeting will be held the 1st Monday after the training school.

MORE TURKEYS BUT IMPROVED DEMAND

A record breaking crop of 19 to 20 million turkeys is expected to move to market during the next few months, but consumers will be more able to buy and pay for them than they have been in recent years, according to reports received at the Kentucky Agricultural Experiment Station.

The 1936 crop of turkeys is variously estimated from two and one-half to five million birds more than that of last year when about 15,000,000 turkeys were raised in the United States. Turkeys are being fed high-priced feed this year, however, and may weigh less per bird than usual, which would lessen the influence of larger numbers. The largest crop of turkeys raised in the United States previously were in 1932 and 1933 when nearly 19,000,000 turkeys went to market.

Prices to growers in these years of depression averaged between 11 and 12 cents per pound, live weight. Improvement in business conditions and consumer buying power is expected to permit this year's crop of turkeys to sell well above the level of 1932 and 1933, but prices may be lower than those of a year ago when an average of a little over 20 cents per pound was received.

MORE OHION COUNTY FARMERS GET CHECKS

One hundred and four additional payment checks for Ohion county farmers were received last week by Ohion County Farm Agent Yates, totaling \$7,492.57. This number together with the thirty checks received several days before total \$10,054.47. Ohion county is one of the first two counties in the state to receive these payment checks and Tennessee is the first of about five states and the only Southern state to receive checks.

MRS. ADDIE SANDLING

Mrs. Addie Sandling, age 53, died at the home of Miss Lillian Neighbors in this city this week and funeral services were conducted Monday from the Christian church in Ohion, with interment following at Camp Ground cemetery near Troy.

Funeral home, Mrs. Sandling was brought from her home near Union City to Fulton, where she was cared for by her daughter, Miss Maud Sandling.

When she became ill, she is survived by four children, Misses Maude and Mable Sandling, Finis and J. B. Sandling.

4-H CLUB MEMBERS HELD MEETING AT CAYCE

The annual 4-H Club Achievement Day exercises were held last Saturday at the Cayce high school building, with about fifty members, parents and friends in attendance.

The roll call was answered by the various club officers. Announcement of prizes won by 4-H Club members, by Miss Laverne Burnette, 4-H Club Leader of Palestine, A. family.

"What 4-H Club Work Has Meant to My Children," was given by Mrs. Hugh Garrigan.

A Silver 4-H Club Leaders Pin was presented to Miss Laverne Burnette of Palestine for having successfully completed six years of 4-H Club Leadership work. Miss Burnette has been very successful in teaching and having 4-H Club boys and girls complete their projects.

This year fourteen girls and boys enrolled and eleven of these completed their Club projects.

Other leaders who have been very successful and have enjoyed being a Club leader for one or more years are: Mrs. Jim Daves and Miss Jeanette Imman, leaders of Lodgeston and Miss Frances Asbell, leader at Cayce.

4-H Club Certificates were awarded to the following girls for having successfully completed their 4-H Club projects: Jean Collier, Monte Stone, Frances Cobb of Lodgeston; Frances Kearby, Louise Herron, Madalyn Douglas, Glenda Murphy, Pauline Wagener, Crutchfield, Lucy Garrigan, Jordan, Dorothy Sams, Ruth Browder, Martha Sue Wade, Edna Mae Burrow and Annie Lee Perry, Palestine. Jane Garrigan, Agnes Sublette and other girls have completed projects, but were not here to receive their Achievement Certificates.

Tuning in on the National and State 4-H Club Radio broadcast. Basket lunch was served. After lunch games were played until 4 P. M.

Girls making entries in the baking contest were as follows: Ruth Browder, Hazel Campbell, Anna Lee Perry, Pauline Wagener, Glenda Murphy, Martha Sue Wade, Frances Kearby, Edna Mae Burrow, Martha Williams, Martha Sue Wade won first on her plate of biscuits, Edna Mae Burrow won first on her plate of muffins, and Pauline Wagener won first on angel food cake and rolls.

SOUTH FULTON

The High School was entertained last Thursday by the South Fulton Male Quartette, which is composed of W. C. Roberts, James Warren, Bill Parham and James D. Hall. They also entertained the Lion's Club at a banquet Monday night.

After two hard fought games, South Fulton bowed to the onslaught of the powerful Bradford teams. Boys score was 33-26 in favor of the Bradford team. Bradford girls won by a score of 37-23. In the girls game Frazier and Knott were outstanding while Allen won the laurels of South Fulton. Melvin showed up well in the boys contest and Ford performed best for Bradford.

South Fulton POS. Bradford McKinney 8 F Ford 10 Smoot 5 F Golden 3 Mills 6 C Crocker 3 Lancaster 1 G Willford 3 Melvin 6 G Martin 4

Subs: South Fulton, Jolley, Bradford, Freeman 8, McDaniel and Patrick. Referee Jeff Law.

South Fulton split a doubleheader with Dixie Tuesday night. The Red Angels made a good showing against the top-flight Dixie girls, losing by the score of 36 to 17. Allen at center was outstanding for South Fulton. Brown, Dixie's tall forward, led the attack for the Tigers.

The Red Devils completely overwhelmed the Dixie boys by the one-sided score of 27 to 4. Allowing the Tigers only one field goal, the Red Devils exhibited an air-tight defense. Red Melvin, stellar guard of South Fulton, stole the show for the most outstanding player in the boys game. McKinney also performed well.

The seniors had a visitor today, Russell Paisgrove, a former pupil. The Senior King, president, Captain has finally lost. Roosevelt won. The History IV class has been debating for the last week.

Miss Ivora Cantrell has strated

a chorus at school. The Seniors are represented in both quartet and trio. A Senior likes to go to singings. Wonder why?

Another Senior "wanders" all the time. It seems that James D. Hall has just now "begun to think" in History. But he is our "Daniel Webster" and "Webster Book."

FRESHMAN NEWS

All the Home Economics I class is very interested in their new slogan "Strive for better complexions." Joella Griffin, who mthe Latin I Class, has great hopes for, is going to be very intelligent in her old age as her favorite question is "why". The Freshman class is very proud of James Warren who is singing in the South Fulton Male Quartet.

There is to be given a ten-dollar award for the description of Margaret Stephens giggle.

Millions of times, every day, events occur which are small or great in the lives of individuals or the nation—and in which some phase of the telephone industry plays its part.

Maybe Mrs. Jones is ordering that loaf of bread delivered. Someone is frantically summoning a doctor. An American salesman is selling an order to a client across the ocean. A stockholder is opening an envelope containing the dividend on his investment in the telephone business. A telephone man is taking an order for service with pride in himself and the service he has sold. The foreign minister of one great nation is speaking with the foreign secretary of another world power.

These voice-to-voice contacts between human beings, separated by a few blocks or by the spans of oceans and continents, are possible today because the Bell System from the beginning has recognized and accepted its definite responsibility to all groups of people.

There is an obligation to telephone employees, whose noted loyalty would not exist if it were not deserved. There is an obligation to users of the service, and the United States has over half the world's telephones because good service at a reasonable cost is the rule. There is an obligation to the people who have invested their savings in the Bell System, and their confidence has been justified. There is an obligation to the people of the nation as an organized whole, expressed in the payment of taxes, and in this the Bell System has carried its share. There is an obligation to the future of telephony, and the Bell Laboratories have been a conspicuous success in meeting this duty to the future communication needs of this nation and the world.

All of these obligations have been summed up in the guiding policy of the Bell System, "the most service, and the best, at the lowest possible cost."

FULTON COUNTY GETS \$436,106.64 BY WPA

The exact extent to which Fulton county citizens and taxpayers have benefited from efforts of the Roosevelt Administration in the relief of distress during the depression is told in a graphic set of figures released today by George H. Goodman, administrator for the Works Progress Administration in Kentucky which shows a total of \$436,106.64 expended on highly constructive and permanent improvements anyone may see. This figure does not include an additional \$56,372.94 spent within the limits of the county by the Civil Works Administration.

Of all the money spent in Fulton county to provide work for needy families had to keep the wheels of industry turning local sponsors have contributed \$49,985.03. In other words, the county has built into the future by way of streets, roads, schools and similar projects to the extent of \$436,106.64, plus \$56,372.94 from the Civil Works Administration.

94 from the Civil Works Administration at an actual cost to the people of only \$49,985.03. "I am certain," Mr. Goodman said, "no merchant or business man in Fulton county has failed to feel the effect of the National Administration's effort toward normalcy and a more abundant life for all. Dollars have been kept working where otherwise business stagnation would have prevailed. We are proud of the job we have done thus far and invite Fulton counties to inspect the result of our effort within their own environs, after which I am sure the consensus of opinion will be that, with the wholehearted cooperation of sponsors, we have been able to establish needed and lasting improvements."

Under the Kentucky Emergency Relief Administration a total of \$255,497.50 was spent in Fulton County of which \$15,109.77 represented local funds and with approximately 15 percent funds supplied by the State. Under the Works Progress Administration \$180,609.34 has been passed into channels of industry in Fulton county of which the tax-payers have contributed \$33,975.26. From the Works Progress Administration the county has received \$9,120.54 in streets, \$86,111.87 in farm to market roads in an effort to lift the farmer out of the mud, \$35,366.24 in schools and \$50,010.69 in other highly constructive and permanent improvements.

Mr. Goodman was asked about the future of the Works Progress Administration in Fulton county and immediately announced that in the State, as a whole, plans now were under way for the expenditure of a minimum of \$29,379,348 on 960 approved projects by June 30, 1937, provided the work relief program is continued. Fulton county will receive its prorata share of this amount, he said, exactly in proportion to the ability of sponsors to submit projects that will accrue to the interests of the county as a whole and carry them to a conclusion.

SPEAKING AT SOUTH FULTON THURS. NITE

A political speaking was held at the South Fulton high school auditorium last Thursday night. Congressman Jere Cooper and Congressman Walter Chandler of Memphis did the speaking making. This was the first and major speaking in South Fulton, prior to the general election on November 3.

BUDDY JUNIOR HARRISON

Buddy Junior Harrison, 4 months and 13 days old son of Mr. and Mrs. Coy Harrison of Fulton, died Tuesday night, November 3rd at their home on McDowell Street.

He leaves his parents, two small brothers, Paul Ray and Coy Gerald, and grandparents, Mr. and Mrs. Wayne Harrison of near Martin, Tenn.

Funeral services were held Wednesday afternoon at two o'clock at Walkers Chapel near Dresden conducted by the Rev. Cayce Pentecost. Burial was in charge of Winstead-Jones Undertaking Co.

COUNTY AGENT'S NOTES

The 4-H Club Achievement Day exercises that were held at Cayce High School last Saturday was considered a success in every way. About seventy-five members and four leaders attended. Mrs. Hugh Garigan gave a talk on the benefits her family had gotten from club work while Miss Laverne Burnette discussed the prizes and trips that had been won by the girls during the past year.

Donald Mabry pointed out the outstanding accomplishments in the boys' work.

The radio that was furnished by Graham Furniture Co., gave an unusually clear reception of the State and National program. When J. G. McKinney, former 4-H Club Agent for the district and H. C. Brown, who is now doing work in Western Kentucky made their addresses the members were rather excited since they knew both of these men.

Notices will soon be sent out to all farmers that their papers are ready to sign in order for them to receive payment on this year's agricultural conservation program.

The Farm Bureau membership is still increasing. The last half of this week an intensive membership drive is being carried on in order to end the state contest with members as possible. The goal of 400 set for the county has not been met as only 180 members have joined and renewed their membership.

It is again possible to secure delivery of Agricultural lime from Princeton and since the price remains fixed until January 1st any one planning to use lime in the spring would probably save money by ordering before the first of the year. Lime that is bought and spread after November 1st will be considered as soil building practice on the 1937 Agricultural Conservation program.

SUGGESTS VARIETY IN THANKSGIVING DINNER

While Kentucky's traditional Thanksgiving dinner is famous and scarcely to be improved upon, Miss Laura Deephouse of the University of Kentucky home economics department suggests that variety be introduced.

It suggests that squash with buttered asparagus, broccoli with Hollandaise sauce, and pumpkin cake may be welcome.

Select a large Hubbard squash, remove the seeds and steam until tender. Remove from skin, season well with salt, butter and a little cream. Place in a buttered mold and just before serving reheat. Place on a chop plate and surround with asparagus tips over which have been poured brown butter.

The broccoli should be washed, and dried leaves removed. Cook in an uncovered pan in boiling salted water 25 to 30 minutes. Drain carefully, as it breaks easily, and dress with Hollandaise sauce. Make the sauce by creaming 1/4 cup butter with yolks of 2 eggs, adding eggs one at a time and beating eggs Season with 1 teaspoon salt, a dash of pepper, a grain or two of cayenne. Add slowly 1/2 cup boiling water, stirring constantly. Simmer over hot water until thick. Remove from fire, and add two tablespoons of lemon juice. If the sauce begins to curdle, beat with a rotary beater and it will become smooth again.

Ingredients for the pumpkin cake are as follows:

1 cup light brown sugar; 1/2 cup granulated sugar; 1/2 cup fat; yolks of two eggs; 1/2 cup sifted pumpkin; 1/2 cup sour milk; 2 tablespoons of caramel (may be omitted); 1/4 teaspoon soda; 4 teaspoons baking powder; 1/4 teaspoon salt; 2 cups flour; two-thirds cup chopped floured walnuts or raisins.

Cream the sugar and fat, add other ingredients in the order given. Bake in a loaf in a moderate oven. When cool cut in half; spread between and cover all over with a frosting made of 3 egg whites, 1/2 teaspoon cream of tartar, 1 1/2 cups of granulated sugar, 1/2 cup boiling water. Cook the sugar, water and cream of tartar until sirup spins a thread three to five inches long.

INTERESTING ARTIFACTS FOUND IN KENTUCKY

Many of the most interesting and valuable artifacts ever found in Kentucky have come from Fulton County, according to a statement made in the book, "Archaeological

Survey of Kentucky," written by W. S. Webb and W. D. Funkhouser, of the University of Kentucky at Lexington. Several pieces in the remarkable W. P. Taylor collection came from this territory and other fine local collections, including that of George L. Alley of Fulton are from the same area.

The most important site in the county is "Fort Bayou de Chien," which consists of seven large mounds, grouped rather closely together on an area of about five acres. Above the creek are the remains of an earthworks A canal, now called "Lake Slough," at this point leaves Bayou de Chien Creek and connects it with Obion Creek and it is claimed that this canal is entirely artificial and was used as a waterway to make possible the passage of canoes from one creek to the other without the necessity of traveling to the Mississippi River. This site is the property of Green Adams. There is a high bluff, northeast of Hickman, which has often been mentioned in archaeological literature. This site doubtless at one time represented an imposing example of prehistoric construction.

Innumerable artifacts, including some of the finest specimens in the W. P. Taylor collection, have been taken from "Sassafras Ridge" mound eight miles west of Hickman.

A number of excellent artifacts have been found in the vicinity of a farm belonging to Joe Browder, one and one-half miles west of Fulton.

Other sites which have yielded artifacts and skeletons are on the farms of Will Jeffries, seven miles west of Fulton, Robert Pillow, seven miles north of Fulton, W. D. Beuthel, three and one-half miles east of Hickman, and Helen and Emma Tyler, nine miles southwest of Hickman.

"Stahr Hill," one mile east of Hickman is famous for the flint hoes, arrows, knives, and complete pieces of pottery which have been excavated there.

In excavating for the foundation of the Methodist Church in Hickman many artifacts and skeletons were discovered.

WOMAN'S CLUB HOLDS MEETING FRIDAY AFT.

The Woman's Club of Fulton met Friday afternoon at the Woman's Club Building on Walnut Street in one of the most enthusiastic meetings of the year. The Art Department was in charge with Mrs. Ira Little and Mrs. Jake Huddleston, hostesses. Pages were Miss Ave Nelle Green and Mrs. Ruth Milner Hubbard.

The president, Mrs. Warren Graham, called the meeting to order and presided over it. A lengthy business session was held during which time reports were made by the different officers. Mrs. Gus Bard, who is chairman of the recipe committee, announced that no recipes for the cook book can be accepted after the first of next month. Mrs. Joe Davis, chairman of the benefit party committee, announced that the next benefit party will be given at the club building on November 24th from 2 to 5 o'clock. Bridge will be enjoyed from 2 to 5 and tea will be served from 4 to 5. A turkey will be given away during the tea hour.

The officers of the Junior Woman's Club, which has an enrollment of twenty-seven, were presented by the senior sponsor, Mrs. George Doyle. They are: Mrs. Lawrence Holland, president; Mrs. Harry L. Bushart, vice-president; Mrs. Hendon Wright, secretary; and Miss Elva Davis, treasurer.

The Art Department was in charge of the program with the chairman Miss Mary Martin, presiding. Miss Myrtle Binkley read Mark Twain's "Innocents Abroad." A two piano selection, Arensky's "Suite", was

rendered by Miss Sara Butt and Mrs. Glynn Bushart. Dr. W. D. Ryan was speaker for the afternoon and spoke on "Art Treasures of Florence."

After the program a delightful social hour was enjoyed, during which time tea was served from a beautifully decorated table with the Art Department members serving.

CLUB WITH MRS. CLYDE WILLIAMS

Mrs. Clyde Williams was hostess to her afternoon bridge club Thursday at her home in Fair Heights.

Two tables of players were present which included six club members with two guests, Mrs. Leon Browder and Mrs. Jack Thorpe. At the conclusion of several games of progressive contract high score was held by Mrs. Bob White who received lovely hose.

Late in the afternoon the hostess, assisted by her sister, Mrs. Will Creason of Mayfield, served a delightful salad plate.

UNEEDUS CIRCLE IN MEETING MON. NIGHT

The Uneedus Circle of the First Methodist Woman's Missionary Society met Monday night with Mrs. Robert Bard at her home on Third Street with Mrs. Frank Wiggins as joint hostess. Fifteen regular members were present with one visitor, Mrs. A. B. Dunning.

The meeting was opened with the Lord's Prayer after which Mrs. Wallis Koelling conducted the bible study. After the business meeting Miss Marguerite Butts, the program chairman, was in charge of a well-planned program. During the meeting officers for the coming year were elected. They are: Chairman, Mrs. L. C. Adams; Vice-chairman, Mrs. Robert Bard; Secretary, Miss Mary Swann Bushart; Treasurer, Mrs. Frank Wiggins; Program chairman, Mrs. William Blackstone; and Study chairman, Mrs. Ernest McCollum.

At the close of the meeting a delightful social hour was enjoyed during which time the hostesses served delicious refreshments.

MR. BELEV GOES TO OKLA. CITY

Mr. R. M. Belev left Fulton Friday morning for Oklahoma City where he will spend this winter with his daughter and husband, Mr. and Mrs. Otis Howard.

SHOWER FOR MRS. JIMMIE COCHRAN

The Business Woman's Circle of the First Baptist Church delightfully surprised Mrs. Jimmie Cochran with a handkerchief shower Thursday night at her home on State Line Street. Mr. and Mrs. Cochran left Friday to make their home in Nashville, Tenn.

About thirty guests were present and each guest presented the honoree a lovely handkerchief which were hung on a clothes line.

After the honoree gathered the

handkerchiefs in an attractive decorated basket the evening was spent playing games. At a late hour refreshments were served at DeMyer-Scates Drug Store.

HGWARD-JONES

A wedding of much interest to their many friends is that of Miss Rachel Howard, daughter of Mrs. Ben Howard, and Mr. Paul Jones, both of Fulton. The ceremony was performed by the Rev. Woodrow Fuller at his home on Second Street in the presence of Mr. and Mrs. Clifton Hamlett.

Immediately after the ceremony the couple left for a bridal tour through Florida. Upon their return they will be at home at their farm near Fulton.

MR. AND MRS. FRED LUCAS LEAVE FULTON

Mr. and Mrs. Fred Lucas and children left Monday morning for Mishawaka, Ind. Mr. Lucas, assistant manager of the local Swift plant, has been promoted to manager of the Ice Cream plant recently purchased there.

Mr. and Mrs. Lucas were honored Saturday night with open house at the home of Mr. and Mrs. Mike Sullivan on Fourth Street with Mr. and Mrs. Doris Valentine, joint host and hostess. About forty friends of the honoree called from eight to ten o'clock. A lovely handkerchief shower was presented them. Refreshments were served.

BYPU STUDY COURSE STARTED MON. NIGHT

The Business Young People's Union of the First Baptist Church is this week engaged in a study course taught by their leader, Mrs. J. A. Hemphill. Each night this week class has met with one of the members for these lessons.

Monday night the meeting was held with Mrs. Hemphill at her home on Jackson Street. Tuesday night with Miss Nell Marie Mooneyham on West State Line. Wednesday night with Miss Grace Allen Brady on College. Thursday night with Mrs. Clifton Hamlett and Friday night with Mrs. Clyde Fields. An examination will be given on the entire week's study tonight (Friday.)

VALENTINES SPEND WEEK-END IN COLUMBIA, MO.

Mr. and Mrs. W. C. Valentine spent last week-end in Columbia, Mo., with their daughter, Ann, who is a student of Christian College.

CLUB TUESDAY AFT. WITH MRS. ED HEYWOOD

The Tuesday afternoon bridge club met at the home of Mrs. Ed Heywood on Green Street Tuesday afternoon. Two tables of club members were present with two visitors, Mrs. Vester Freeman and Miss Virginia Menchen.

At the conclusion of the games each member present was presented an attractive gift from Mrs. E. F. Karmire who was a former member of this club and recently moved to Shelbyville, Ind.

The hostess served delicious tea and sandwiches late in the afternoon.

Sympathy

One of the most essential qualities of a funeral director's service is sympathy. We accept our work as a sacred trust and consider it our duty to protect the feelings and interests of those who have confidence in us. This kind of service can be rendered only by a reliable concern managed by people who have a neighborly relation with their patrons.

MRS. HOMER WILSON HOSTESS TO LUNCHEON

Mrs. Homer Wilson delightfully entertained a number of her friends Monday at her home on Green Street with a bridge luncheon, complete with home guest, Miss Mary Purdy of Paducah.

The home was beautifully decorated with colorful chrysanthemums and other fall flowers tastefully arranged. Three card tables were set up at which a lovely luncheon was served at one o'clock. The remainder of the afternoon was spent in games of progressive contract. At the conclusion high score was held by Mrs. Harry Bushart and Mrs. Joe Bennett, both of whom were presented lovely prizes. The honoree was presented a lovely gift.

Those present were Mesdames Robert Binford, Robert Bard, George Turner, Vernon Owen, Wallis Koelling, Maxwell McDade, Lawrence Holland, Harry Bushart, Joe Bennett, Livingston Read, Miss Dorothy Granberry, the honoree and hostess.

MRS. BRADFORD ATTENDS LUNCHEON IN UNION CITY

Mrs. L. O. Bradford attended a luncheon at one o'clock Monday in Union City to which Mrs. T. E. Parks and Mrs. Vernon Verhine were hostesses.

A lovely luncheon was served at the Davy Crockett coffee shoppe where places for twenty-eight guests were arranged. After the luncheon the guests went to the home of Mrs. Verhine where progressive bridge was enjoyed throughout the afternoon.

"CLUB MON NIGHT WITH MR. AND MRS. FREEMAN"

Mr. and Mrs. Vester Freeman were host and hostess to their regular Tuesday night club on Third Street at their home on Third Street.

Three tables of club members were present who enjoyed games of progressive contract throughout the evening. At the conclusion of the games high score among the ladies was held by Mrs. Abe Jolley who

received an attractive bowl. Dr. Selden Cohn held high score among the gentlemen and was presented lovely handkerchiefs.

At a late hour the hostess served delicious sandwiches and coffee.

Mr. and Mrs. Abe Jolley will entertain the club at its next meeting at their home on West State Line.

MISS ADOLPHUS LATTI ENTERTAINS CLUB THURS.

Miss Adolphus Mae Latti delightfully entertained her bridge club Thursday night at her home on West State Line. Three tables of regular club members were present who enjoyed serial games of progressive contract throughout the evening. At the conclusion of the games high score was held by Mrs. Ardelle Sams who received lovely hose as prize. Miss Eunice Rogers received beautiful handkerchiefs as low score prize.

Late in the evening the hostess served a delectable salad course and spiced tea.

Mrs. Ardelle Sams will entertain the club next week at her home on Bates Street.

VISITORS WITH COCHRANS

The following spent last week-end in the home of Mr. and Mrs. C. E. Cochran on Vine Street: the former's mother, Mrs. M. E. Cochran of Glasgow, Tenn., and daughter Mrs. H. T. Heath of Alabama, and Miss Nell Dunn of Mayfield.

WEEK-END IN HOPKINSVILLE

Mr. and Mrs. J. O. Lewis and son, Jimmie, Clarence Madrox, and Coach Jack Carter spent last week-end in Hopkinsville, Kentucky, where Madrox officiated in a ball game and Mr. and Mrs. Lewis visited their daughter, Jane, who is attending Bethel Woman's College there.

MRS. ARCH HUDDLESTON, JR. ENTERTAINS BRIDGE CLUB

Mrs. Arch Huddleston, Jr., delightfully entertained her bridge club Thursday afternoon at her home on

Fourth Street.

Two tables of guests were present who participated in games of progressive contract. At the conclusion of the games high score prize, hose, was presented to Mrs. Glynn Bushart.

After the games the hostess served delightful refreshments to the players and two tea guests, Mrs. Harry Murphy and Mrs. Wallis Koelling.

TUESDAY AFT. CLUB

Mrs. M. F. Riggs delightfully entertained her bridge club Tuesday afternoon at her home on Green Street. Two tables of players were present who enjoyed serial games of progressive contract throughout the afternoon. The guests included six club members with two visitors, Mrs. Bernard Houston and Mrs. Mansfield Martin.

At the conclusion of the games high score was held by Mrs. Martin who was presented attractive book ends as prize.

Late in the afternoon the hostess served a delectable salad plate.

F. H. Riddle returned to his home on Walnut Street Sunday after spending a few days in Murray on business.

Germany and Italy, meaning Hitler and Mussolini, are said to be working together closely. They are to control Austria, and Hitler's share in the control might not please that intensely Catholic country too well. Germany's influence will increase along the Danube. Germany and Italy combining make that possible, with nobody inclined to fight about it.

In return for recognizing Italian sovereignty in Ethiopia Hitler is to have important Ethiopian concessions.

A million years ago, when our ancestors went out seeking something to eat, preferably some feeble human being easily killed, everybody walked. Now nearly everybody rides. Across George Washington bridge over the Hudson river, opened five years ago, about 100,000,000 human beings have crossed in 21,000,000 automobiles, while fewer than 1,000,000 have crossed on foot. Buses alone carried 11,638,000 over the bridge.

How rapidly progress moves once it starts! Seventy-five years ago, both sides of our country were connected by telegraph for the first time. Now men talk around the world by radio. Seventy-five years ago they only talked across the continent, now they fly the continent and on beyond, across the Pacific ocean.

Those hostile to new ideas might remember that a little more than seventy-five years ago men were beaten for re-election to congress because, as the voters put it, "they were foolish enough to vote money to experiment talking over wires."

They were defeated for willingness to have the government try out Morse's electric telegraph idea.

Berlin reports that German book-sellers must sell, and Germans must read, only books that the government thinks they ought to sell and read. The public will be compelled with "loving force" to read what is good for them.

That takes Germany back to the Seventeenth century, when the English government decided that Englishmen must read only what the government thought was good for them.

All books must be submitted and wait for approval before printing. Along came a man named John Milton with his book the Areopagitica, printed by him without anybody's permission, denouncing an infamous law that would control men's minds and freedom of thought. That settled it: the law died.

Somewhere will kill it in Germany, in time.

In the Spanish civil war, hostages have been seized, on both sides, including many women, and are held with this threat: "If you kill hostages taken from my side, I'll kill yours."

England and other countries almost tearfully are begging both sides in Spain to exchange hostages instead of murdering them; the British government officially expresses the fear that women "are in danger of wholesale massacre." Nice civilization, is it not?

Dr. Bakst, young teacher of mathematics at Columbia university, thinks he has a sure formula for winning on horse races; "he tried it and won, 1,000 times, not with money, just mentally."

Anybody can win mentally, they do it constantly at Monte Carlo and elsewhere, but nobody can win money, except accidentally — never in the long run.

A brave truck driver, name unknown, saw a lady with a difficult name, Mrs. Anastasia Aduskievics, hanging from the ledge of a second story in Jersey City. Rushing to help, he caught her in his arms as she fell, then left, wanting no praise.

He makes up for many that do not give their seats to ladies in street cars.

An eighteen-year-old girl, alone and in agony, gave birth to a child; and, according to police, immediately killed it, dropping it from a roof. A jury convicted her of manslaughter, and the judge let her go on probation; she must report once a month to prove that she is behaving. Four jurors that helped convict her told the judge they regretted their verdict.

Every mother knows that the unfortunate girl, after her horrible experience and solitary agony, was at least as nearly insane as any shell-shocked soldier.

Curse of Progress

Letting Them Know

Sandy joined a golf club, and was told by the professional that if his name was on his golfballs and they were lost they would be returned to him when found.

"Good," said the Scot, "put my name on this ball."

The pro did so.

"Would you also put M. D. after it?" said the new member. "I'm a doctor."

The pro obeyed.

"There's just one more thing, can ye squeeze 'Hours 10 to 3' on as well?"—Bee Hive.

Masterful Man

They were walking along North Main street and paused in the glare of a brightly lighted jewelry store. Unlike her escort, she seemed in no hurry to continue.

"Look," she said, "did you ever see such good looking engagement rings for such a low price?"

He was the masterful type. Taking her arm firmly, he answered: "Un-huh. But look over here isn't that a swell radio for only \$11.95?"

Washington—I have been wondering whether the American citizens have been able to piece together the many loose ends of the distressing conditions extant throughout the world. It is to be recognized, of course, that when a man like Dictator Stalin of Russia makes a statement that war in Europe is just ahead, it awakens the peoples of the world with a sudden start. That is the spectacular side. But there is much more about European political conditions than is disclosed in the Stalin declaration. The thing that students and observers of European affairs can see in conditions abroad, as they view them in the light of our own State Department's information, is that a gigantic battle is on between two schools of thought. On the one hand is communism. On the other hand, and just as firmly entrenched and as deeply determined, is fascism. Followers of these two lines of thought are both literally and figuratively at each other's throat, and the picture when pieced together, can lead to no other conclusion than that which Stalin foresees, namely, war.

I have lately heard some observers make the statement that the Spanish rebellion is the crux of the problem. I cannot agree with that. Spain and her revolution may prove to be the spark that ignites the European powder keg, but Spain and her revolution are just incidents in the developments that came originally from the overthrow of the Czar's government in Russia and the establishment for the first time of a commune of the proletariat in the world.

It was unfortunate for the world and for those people who wanted to promote peace at all times that the Versailles treaty had to take shape as it did. The Versailles treaty subjugated Germany beyond all reason. I think that will be accepted by all save the most violent partisans of the late President Wilson. It seems to me, however, that the Versailles treaty has proved to be the second stage in the chain of circumstances that led to Mussolini in Italy, Hitler in Germany, overthrow of the royalists in Spain, and lately the election of a "people's front" in France.

Any analysis of that chain of circumstances cannot fail to include the effect the Versailles treaty had upon European conditions. In some ways, the effect was direct; in others, it was indirect, and the full import of the treaty provisions were not evident until eight or ten or even twelve years after the four great powers had made that treaty effective and, they believed, effectually disarmed and bottled up Germany.

After many conversations with diplomats, foreign students and Washington government officials, I believe too much importance cannot be attached to the attempt made by the Versailles treaty to break up political jurisdictions. The treaty, it will be remembered, created a vast number of insignificant and rather helpless states in Europe. They were supposed to serve as a buffer between the larger nations and prevent snarling and making faces among those world powers that had engaged in the last war. The effect, it has now been proved, is exactly the opposite.

Throughout Europe, according to the official and unofficial word that I get, there is a kind of hatred among nations. It is not the hatred that obtained between France and Germany under Kaiser Wilhelm. It is a hatred not between the statesmen of the various countries, but among the rank and file of the people. That is to say, it is a vengeful feeling and when that is understood, it is not difficult to realize how vicious the undercurrent of relations is from Russia on the north to the Straits of Gibraltar, or even into Africa on the south.

To bring this condition into today's light, one hardly need look further than the various cabled dispatches from European capitals, each telling a story how the respective governments are watching the Spanish revolution. Again, the Russian Stalin puts the thing into a spectacular relief. If reports can be accredited, and official information indicates that they can be regarded as having a basis of fact, Stalin is ready to lend assistance to the so-called loyalist armies in Spain.

Now the loyalist armies, representing the government that is barely holding on by the skin of its teeth, are wholly communistic. Hence, Stalin's interest.

But the Russian dictator might be regarded as horning into a mess that does not concern his nation, except for another and most important piece of information. That information, not officially confirmed but generally believed, is to the effect that Italy's Mussolini has a finger in the pie on the fascist side of the Spanish revolution. The rebel armies in Spain are fascists. Hence it is quite understandable how the Italian dictator may be mixed up in promoting, even extending military assistance, to the rebel Spaniards.

Repeatedly, I hear questions asked concerning whether the United States is likely to get involved in that bottomless pit of Europe and, a kindred question, whether communism and fascism are gaining in the United States. The answer to the first half of that question must be made in two ways. We are likely to get involved unless some of our government policies are changed. But we can stay out if those policies do undergo revision. Whether we find ourselves embroiled in that horrible mess, depends entirely on the Washington government and the attitude of the Washington government appears entirely upon the attitude of the American people.

And that statement brings me to the most important observation that I have to make in connection with this discussion. It is now a definite fact that communists are spreading their propaganda through the United States in an effort to create a war spirit. It is the beginning of their movement to drag us into another world war and to get us, in means, the end of the American nation, as the land of freedom for us all. Our economic structure, as well as our government, will be destroyed. I have no hesitancy in making such a statement.

After the World war it took us twenty years to recognize what the cost of that war was. I mean the cost of disturbed lives more than I refer to money cost. The depression resulted from that war just as surely as the sun shines, and we are all now getting well fed up with this depression. And so I say on the basis of conclusions given me from countless authoritative sources, we cannot stand another war of the proportions of the World war and retain our government in its present form, our traditions, our institutions. There will be no preventing such a breakdown.

As I have said in these columns before, one particular criticism that I have against the Roosevelt administration is its capitulation to Russia.

Frankly, I believe Mr. Roosevelt was trapped. I believe he saw too late what the full meaning of his action was when he recognized Russia—that is, recognized his mistake too late unless he believes in the doctrine of the communists. In any event, it is my firm conviction that the recognition of the Soviet opened the door through which now are marching hordes of men and women squint-eyed, unprincipled in character, unpronounceable names, ruthless in design. They are bringing the propaganda which I mentioned. This is not intended to be a scare story. The evidence of communistic propaganda probably is all about you in your own communities. It is subtle, cleverly handled. Sometimes, it is even very boldly done. For example, in many of the larger cities today, handbills in appearance like those that are used announcing a public sale, are finding their way into the playgrounds of public schools. Allegedly brilliant lecturers are going about the country making what appear to be educational addresses, but containing, in many instances, propaganda argument in support of the communistic theory.

There are many other types of this propaganda under way. Professor Rexford Guy Tugwell published a text book on government a few years ago and he has succeeded in getting that volume into the special list of books for Delaware schools. It contains declarations, definitely opposed to the American form of government. It is unnecessary to point out more of these things. The point is quite definite and clear.

Canada's Indians Gain

There is no foundation for the common belief that the Indians of Canada are a vanishing race. The census, which is taken at five-year intervals, has shown a substantial increase in each of such periods during the last fifteen years at least. According to the last census there were in Canada 122,311 Indians—62,943 males and 59,368 females. About 112,500 live on the reservations.

To Quickly Ease Pains of Rheumatism

Bayer Tablets
Dissolve Almost Instantly

In 2 seconds by drop water, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is dissolving. What happens in this glass happens in your stomach.

Ask Your Doctor About Genuine BAYER Aspirin

Any person who suffers from pains of rheumatism should know this: Two genuine BAYER ASPIRIN tablets, taken with a full glass of water, will usually ease even severe rheumatic pains in a remarkably short time.

Ask your doctor about this. He will probably tell you there is nothing better. For real Bayer Aspirin tablets not only offer a potent analgesic (pain reliever), but start going to work almost instantly you take them. Note illustration of glass.

Try this simple way. You'll be surprised at how quickly pain eases. Get real Bayer Aspirin by asking for it by its full name, "Bayer Aspirin" at any drug store. Now virtually one cent a tablet.

Stomach Gas So Bad Seems To Hurt Heart

"The gas on my stomach was so bad I could not eat or sleep. Even my heart seemed to hurt. A friend suggested Adierika. The first dose I took brought me relief. Now I eat as I wish, sleep fine and never feel better."
—Mrs. Jack Miller.

Adierika acts on BOTH upper and lower bowels while ordinary laxatives act on the lower bowel only. Adierika gives your system a thorough cleansing, bringing out old, poisonous matter that you would not believe was in your system and that has been causing gas, pain, sour stomach, nervousness and headaches for months.

Dr. H. L. Shook, New York, reports: "In addition to intestinal cleansing, Adierika greatly reduces bacteria and colon bacilli." Give your bowels a REAL cleansing with Adierika and see how good you feel. Just one spoonful relieves GAS and stubborn constipation. Leading Druggists.

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained. Then you may suffer nagging back-ache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

Inward Beauty

WHO has not experienced how, on near acquaintance, plainness becomes beauty, and beauty loses its charm, exactly according to the quality of the heart and mind? And from this cause am I of opinion that the want of outward beauty never disquiets a noble nature or will be regarded as a misfortune. It never can prevent people from being amiable and beloved in the highest degree.

Hawaii's Memorial Stone

The memorial stone from Hawaii which is to be placed in the Washington monument is of coral sandstone and will bear the following inscription in Hawaiian: "Ua mau ke ea o ka aina i ka pono." The translation of this is "The life of the land is preserved in righteousness" and it is the official motto of the island.

The stone is 4 by 2 feet and 6 inches thick. It will be placed in the interior of the monument on the 360-foot level.

PUTS THE FARM ON RUBBER...

EVERY car owner who does much driving over unimproved roads and who has to use chains, can save the cost and bother of applying them by equipping the rear wheels of his car or truck with Firestone Ground Grip Tires. This wonderful new tire was designed and developed by Harvey S. Firestone working with his engineers on his own farm in Columbiana County, Ohio. It was tested on all kinds of roads and found so efficient that it was also adopted for tractors and all wheeled farm implements.

The rubber lugs of the tread are so placed that they clean as they pull, and since the design is continuous, the tire does not bump when used on paved roads. Two extra layers of Gum-Dipped cords are placed under the tread—a patented Firestone construction feature which welds the powerful super-traction tread to the patented Gum-Dipped cord body, making them one inseparable unit. Gum-Dipping is used only in Firestone tires.

Farmers, country doctors, school bus operators, rural mail carriers, in fact, all who do most of their driving off the paved roads cannot afford to be without Ground Grip Tires. Go to your nearest Firestone Dealer or Firestone Auto Supply and Service Store today and equip your car or truck with Firestone Ground Grip Tires—the tire that makes its own road.
