Calloway Can Be The Fifth County In America to Abolish The Scrub Sire. LET'S DO IT!

THE LEDGER & TIMES

"Kentucky's Most Progressive Weekly Newspaper" MURRAY, KENTUCKY, FRIDAY MORNING, OCTOBER 12, 1929. NUMBER FORTY-ONE

SON, 82, IS LEFT WHEN MOTHER, 99, IS CALLED

Broken Hip Last Week Is Fatal to Mrs. John Lawrence of Kirksey.

NINE CHILDREN SURVIVE ONE OF OLDEST WOMEN

Remarkable Family History Is Made; All Reside in Calloway County.

A broken hip in an accidental fall on the hearth at her home near Kirksey brought death last week to one of Calloway's oldest matrons, Mrs. John Lawrence of Kirksey. Mrs. Lawrence was 99 years old and had reached the age of 100 had not the fatal accident occurred. She would have been 100 years old on January 24, 1930.

Mrs. Lawrence fell on October 10 at her home in Kirksey and passed away on October 15. The hip bone was crushed by the fall and, on account of her extreme age, recovery was impossible.

A remarkable family history was enjoyed by Mrs. Lawrence, who's eldest son, John De Lawrence, is now 82 years of age. Nine children were born to her and her husband, and all living today. Wayne Lawrence, the youngest, is 52 years old. All of the children have continued to live in Calloway county all their lives. Her oldest son lives near Kirksey, where he has a large farm. The surviving sons and daughters are John De Lawrence, Rufe Lassiter, Jim Lawrence, and Wayne Lawrence. Mrs. Lawrence was born in the old Ashbury Methodist Church. Funeral and burial services were held there October 15. By Rev. Smith, the pastor, the services were attended by a large crowd of friends who joined the relatives in paying tribute to her remarkable life and character.

Mrs. Lawrence was born in the first year of Andrew Jackson's administration. She readily remembered until her death the memories of those pioneer days of the commonwealth. She recalled clearly many happenings of the Mexican War days and discussed fluently the history of events that happened before 1820, and the civil war.

27 ARE ADDED TO CHRISTIAN CHURCH

Successful Meeting at Murray First Christian Church Is Closed Sunday.

From every angle the revival at the First Christian church was a success. The attendance and interest were exceptionally good from the very first service to the closing service last Sunday night. The spirit of co-operation on the part of the membership and on the part of members of all churches to the community was most gratifying.

Bro. Allen Wilson's sermons were plain, positive, scriptural, convincing, and were preached in Christian love.

Bro. C. E. Martin proved himself to be an efficient, affable, and successful leader, and his sermons were an outstanding feature of the meeting. They were most inspiring.

The pianist and choir were regular and faithful and made a definite contribution to the success and blessing of the meeting. Singers from other churches were most generous in helping with the music.

The boys and girls had a definite place in the meeting and did their part with credit.

Some very thoughtful and prayerful personal work was done by the young people and older members of the church. This always brings the workers and those won.

The members were generous in their financial support. Not a single public offering was taken. Members were also generous in having the preachers and singers in their homes and at the church and Rotary club for meals. This hospitality and fellowship was greatly enjoyed and appreciated.

The meeting has not only greatly blessed and strengthened the First Christian church, but it has been a blessing to the whole community.

The First Methodist church and the Church of Christ took in their appointments at different times and attended the revival in large numbers. This expression of Christian courtesy and fellowship is a commendable feature of the meeting.

The meeting resulted in twenty-seven additions to the church, fifteen by conversion and twelve by transfer of membership.

E. B. Motley, Pastor.

Circuit Rouser Loses Arm From Gun Shot Here

George Anderson, a negro roustabout with the Gentry Bros. circus, had to have his left arm removed above the elbow at the hospital here after being shot Monday as the result of a gun shot wound Sunday night.

Joe Plimmon, Murray negro, was arrested in connection with the shooting but denied the charge. Plimmon was charged in the April term of circuit court on charges of killing Frank Hays who was killed last November.

According to the Anderson negro's story, he and another negro, Murray, were at the circus when Murray was shot after being caught in a friendly scuffle but later made up. He asserted he did not know why he was shot.

Circuit officials said that Anderson had been employed by them for five years and was of excellent character.

Usual Rain on Circus Day; Cats Crowd; Most Folks Go Home After Street Parade

There is a tradition that it always rains in Murray on circus days and Monday was no exception. The chilly day, however, failed to keep a large number at their firesides and when the street parade was due at twelve o'clock the court square was packed with a jostling mass of humanity struggling for advantageous positions. But cars parked in every available inch of space, two columns deep in many places, made the remaining avenue too narrow for the huge parade wagons and the parade was compelled to retrace its steps to the grounds after reaching fourth street. Only those on the east side of the square got to see the attraction.

Stomach or other, the crowd melted away after the noon hour. The tent at the afternoon performance was not more than half filled and the evening performance was little better patronized. If any.

The circus was about up to expectations for an organization of its size. There is one great improvement in circuses in the past few years however, that may well be mentioned, and that is that the people attending them seem to be much fairer and squarer in their dealings with the public than not so many years ago.

The circus folks were kindly and courteous, as well as evidently honest and above board in their public relations. Of course, prices for popcorn and peanuts, crackerjacks and candy, and toy balloons were higher than a cat's back but when one goes to a circus he expects to pay sky-high prices for everything.

Murray was the last stop for Gentry Bros. before the circus goes into winter quarters in the north.

RUFUS LASSITER IS SUMMONED FRIDAY

Prominent Farmer Succumbs at Home on East Side; Was 62 Years Old.

Rufus H. Lassiter, aged 62, one of Calloway county's most popular and prominent farmers, died Saturday morning at his home, four miles east of Murray. Mr. Lassiter had been in a critical condition for the past three weeks. He was a man of quiet, dignified, and honest in his undertakings. The members of the M. B. E. railway union, of which Mr. Lassiter was a member, sent a large delegation to represent them at the last rites.

Mr. Lassiter is survived by his widow, Mrs. Hella Lassiter, three daughters, Mrs. Jesse Hale and Miss Ruth and Sarah Anderson, two sons, Mitchell and Murray, and one brother, N. M. Lassiter, near Murray.

Mr. Lassiter was one of the highest respected men in his community and had a large circle of friends who mourn his death. He was simple and unassuming in manner but faithful and loyal to his friends and his obligations as a citizen. He was a life-long member of the Church of Christ and one of its staunchest members. He was born and reared on the farm where he died.

Funeral services were conducted Sunday afternoon at one o'clock in the Cumberland Presbyterian church and one of its life-long members. He was born and reared on the farm where he died.

CHARGES AGAINST JUDGE DISMISSED

Judge Ira Smith Exonerated Tuesday by Kentucky Court of Appeals.

Frankfort, Ky., Oct. 22.—Charges against wrongful conduct brought against Circuit Judge Ira Smith, Hopkinsville, Ky., by Millard D. Grubbs and for other Christian County defamed primary candidates, were held groundless today by the Court of Appeals.

The decision, handed down from the bench by Chief Justice David A. McDaniel, announced the findings of the court in its investigation of the charges.

The charges against Judge Smith were brought by Grubbs, a defeated candidate for the Democratic nomination for County Attorney; J. D. Capin, defeated candidate for the Democratic nomination for Representative, and H. Myers, defeated for the Republican nomination for Sheriff.

The unsuccessful candidates brought contest proceedings against the judge, claiming that he had defamed them in his official capacity. Judge Smith dismissed the contests. Grubbs acted as attorney for the group.

A wrongful conduct charge (Grubbs) appealed from the decision of Judge Smith, and filed with the Appellate Court an affidavit charging the Circuit Judge with wrongful conduct in making and approving the bill of exceptions in the case.

One of the specific charges was that Judge Smith caused the official stenographer, C. E. Ritter, to have inserted in the record a complete copy of the proceedings of the County Election Commission showing the vote by precincts of all candidates in the primary.

Judge Smith demanded an immediate investigation by the Appellate Court and a hearing was held September 28. Grubbs, through his attorneys, challenged the jurisdiction of the court in the first trial in his behalf.

By the light of the moon at the sign of the Owl we invite you to hear the Witch Cate howl. You'll see spooks and witches and hear many moans. There'll be clanking of iron and rattling of bones.

At the fun you will have will rid you of fright. So celebrate with us on Halloween night.

The above invitation is to you, so come and "make whoopee" with us Thursday night Oct. 31. We are having a carnival and Fall Festival featuring Halloween stunts and pranks. For only a few cents you will be allowed to visit

"Owl Cave", "The Witches Cate", or "The Chamber of Horrors". You will also have the opportunity of visiting "The Haunted Gate", where the awesome mystery of your future will be foretold. In the main auditorium, a lively program will be given by the students and the members of the Homemakers club. The climax to the evening's entertainment, will be choosing the Harvest Queen.

Our basketball team fought a game fight against the Kirksey quintet last Friday night on the local floor, losing by the score 15-13. The game was interesting from the beginning to the end and

before the end it began to look as if our boys would entirely overcome the odds and win, but the last was too great, and while defeated, the fight was not surrendered till the last whistle blew.

Our second team partly retrieved our lost prestige by winning the game with the Kirksey seconds by the score of 12-8.

The boys of the agriculture classes, under the supervision of Prof. Ellis, have made a number of lockers, thus adding to our school equipment.

Mr. Crawford Barnett, a student of the sophomore class and a member of the basketball quintet, has been confined to his bed the past week with a badly inflamed knee.

RESOLUTIONS OF RESPECT

In memory of Brother C. N. Tyree who died October 17, 1923.

Once again a Brother Mason having completed the designs written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward, the white stone with the new name written thereon. And whereas the all-wise and merciful Master of the universe has called from labor to refreshments our beloved and respected brother, and he having been a true and faithful member of our beloved order, therefore it is resolved that Murray Lodge 105, F. & A. M. of Murray, Ky. in testimony of her loss be draped in mourning for thirty days, and that we tender to the family of our deceased brother our sincere condolences in their deep affliction, and that copies of these resolutions be sent to the family and to the press for publication.

FORMER COLLEGE INSTRUCTOR DIES

Member of First Faculty Succumbs Tuesday at Lawrenceburg, Ky.

Mrs. Belle Walker, 70 years of age, one of the members of the first faculty of the Murray State Teachers College and one of the school's most popular instructors, died Tuesday at the home of her sister, Mrs. C. C. Trent, in Lawrenceburg, Kentucky.

Mrs. Walker fell and suffered a broken hip several months ago and this and other complications kept her bed for the past summer and fall. She was a patient at the Mason Hospital for several weeks until last September when she was moved to the home of her sister and the care of her brother, Dr. McMurray, of Simonville, Ky.

Becoming a member of the college faculty at its opening session in September, 1922 in the Murray high school building as an instructor in biology and physics, Mrs. Walker soon became one of the most popular and influential members of the teaching corps. She was popular with all her students as well as the many townspeople who deeply valued her friendship. She was an active worker in the First Christian church, of Murray, to which she transferred her membership after coming to Murray.

She is survived by two sons, Wilson and Tom Walker, of New York, one sister, Mrs. Trent and one brother, Dr. McMurray.

Funeral and burial services were held in Lawrenceburg Thursday afternoon at 2:30 o'clock.

Select Breeding Hens in the Fall

Fall is the time to select the special breeding pen of poultry to be used next spring, suggests J. E. Humphrey, of the College of Agriculture of the University of Kentucky.

If this job is put off until next spring it is more difficult to distinguish the good layers and those that are worthless as breeders. Place a leg band on the shanks of the birds selected, so they may be recognized in the spring when the breeding season begins.

The birds selected now should be laying, which would mean that only late moulters are used. Occasionally a good hen may drop a few eggs at the end of season of the year. As a rule, however, the best hens will not moult until the latter part of October or in November.

A breeding hen should possess vigor and vitality above everything else. These qualities are shown by good depth of body, especially at the front and rear of the breast bone. The head also should be broad, deep and rather short. Never a crow headed, heavy or masculine headed hen in the breeding pen.

Primitive Ideas Still Prevail in Mourning

Most of our funeral customs go back to primitive times when it was believed there was danger to all except priests who had to do account of all death, succeeded Tuesday at the home of her sister, Mrs. C. C. Trent, in Lawrenceburg, Kentucky.

Some primitive peoples destroyed everything associated with a funeral, even going so far as to tear down the house in which the death occurred. Some of these customs have survived as marks of respect for the departed, as has the practice of removing all ornaments and ceasing all activities marking the ordinary pursuits of life. In some churches altars are stripped on Good Friday in observance of the anniversary of the crucifixion of Christ. There is a tradition in some communities that the clock stops when there is a death in the household. Mirrors are usually associated with vanity and other light attributes regarded as unfit in the presence of death, hence they are covered to contribute to the gloom and hush of mourning.

Jackson Earned Place Among America's Great

In all American history, says a writer in Thrift Magazine, there never lived a more interesting character than Andrew Jackson. He possessed a fierce temper and loved a fight. But he took up his cudgel always in defense of what seemed to him a just cause. He fought the battles of the weak and the poor and was relentless in opposing those who sought to take unfair advantage of others.

Notwithstanding his turbulent life, Jackson early became imbued with the principles of thrift. Beginning life in poverty, he began saving money as soon as he had an income. In the rugged districts where his young manhood was spent, money was a scarce object and incomes were exceedingly small. But Jackson, realizing ever the great value of thrift, managed to amass a modest sum. He proved to be successful in business and by the time he had reached middle age had acquired what was considered in his day a very comfortable fortune.

Twenty carloads of limestone will be used in Ohio county, as a result of a campaign to encourage soil improvement, made cooperatively by the county agent and representatives of the Illinois Central railroad.

BACKSBURG NEWS

Backsburg has reported a new school so far, the best thing is the advancement of the English course, and is having a great effect on the pupils.

The Backsburg basketball quintet noted out the quintet from Heath with a score of 11-6 in a hard fought game—"Old Pal".

A pumpkin weighing 75 pounds said to have been the largest ever seen in the region, was exhibited at the Bath County Fair.

CARD OF THANKS—We wish to express our thanks to each and everyone who so kindly helped us in any way during the illness and death of our dear mother and pray God's richest blessings may rest on thee in hours of trouble—Mrs. D. F. West, Mrs. Irvin Cochran.

A livestock and poultry show in Meade county stimulated interest in plans for a county fair next year. Fifty-one Jerseys, 20 head of beef cattle, 25 sheep and many chickens were exhibited.

Faxon High School Notes

Mr. Q. Ivan Barnes, State Director of Vocational Agriculture, and Miss Ethel Parker, from the Extension Department of the State University, were visitors at Faxon High School, Thursday morning. Mr. Barnes was acting in the capacity of High School Supervisor. He recommended our school very highly.

Mr. O. W. Barker, principal and agriculture teacher, and Miss Elizabeth Oliver, home economics teacher of F. H. S., attended the banquet at Wells Hall Friday evening. They were also present at the meeting of home economics teachers.

The Faxon basketball boys were defeated in the first game of the season by the Aurora team. The game ended with a score of 16 to 8. It was a sloshy fought game in a cloud of dust. The Faxon quintet vacillated to an outdoor court, second unable to keep their feet or to find the goal. The second team played faster and better game than did the first, although they were defeated by a score of 8 to 5.

Our Fair catalogs are now out and are being distributed. Every one is waiting with eagerness for the November 1-2. This fair will be one of the great events in our school and community.

Miss Sadie Wilgus, home demonstrator, met with Faxon Homemakers Club at the school building Friday afternoon. Several women of the community were present and pronounced it a very pleasant meeting.

The largest number of students that has ever assembled at F. H. S. met in front of the building Thursday afternoon to have their pictures taken. The students being transported from Sedgwick Hill were delighted in having their pictures made in the school truck.

The girls of F. H. S., under the supervision of Miss Audie Folwell and Miss Elizabeth Oliver, organized a basketball team last week and are practicing by girls' rules.

At the end of six months of testing, one McCracken county cow had returned its owner \$115 more feed cost, while another cow in the same association had returned its owner \$18. Another cow purchased at a cost of \$110 returned a profit of \$83 in four months.

A Statement

To The Public Concerning Our Plan to Sell Pasteurized Milk!

In announcing to the public that we shall shortly begin selling at retail PASTEURIZED MILK we feel that some statement should be made concerning the reasons behind this move and our attitude toward those now engaged in supplying Calloway county people with milk and other dairy products.

It has been apparent for some time that PASTEURIZATION of milk would not only be required but DEMANDED everywhere. It has been proved beyond all doubt that clean milk is by no means pure milk and that nothing short of PASTEURIZATION can absolutely GUARANTEE to the consumer that the milk he drinks does not carry disease germs.

We are glad to say that those now in the dairy business in Murray understand our attitude thoroughly, that we are not trying to put them or anyone else out of business but are simply anticipating a need that is bound to be compulsory in a very short time. It is probable that they will sell their milk to us for pasteurization because the cost of machinery for this work is highly expensive and usually beyond the reach of a small dairy.

We feel that we are making a forward-looking move and that it will meet with the universal approval of both consumers and producers of raw milk.

Kindly watch this paper for announcements concerning this new field of endeavor which we are entering.

The upper left hand photo shows sixty-nine-year-old woman Mrs. Van Skiles of Venice, California, who celebrated her birthday by a deep sea swim of fifteen miles against strong tides and winds, covering the distance in twelve and one-half hours. The big gun is one that guards the harbor of New York City. It spits out a 12-inch shell with a roar that is heard for miles, and throws that shell at a target placed twenty miles away. The young man on the right is the Nawab of Sachin and the ruler of the smallest state in the district of the Bombay presidency. He is credited with being not only the handsomest native ruler in the world, but he is also a multi-millionaire. His state has an area of only 49 square miles, but its population numbers 60,000. At the left, we see William Arnold the high altitude traffic cop of Cincinnati, in the good old State of Ohio. Russell Klesick is the motorcycle bound who pays little attention to the traffic directed by Arnold. THE LEDGER & TIMES

"Before You Drink a Glass of Milk"

"Before You Drink a Glass of Milk" is the title of the article by Paul de Kruif that appeared in the September issue of the Ladies Home Journal, which has been responsible for what is probably the greatest furor over the subject of milk that has ever come

before the American public. The far-reaching effects of this article are apparent from a review of newspaper clippings taken from papers in all parts of the United States.

"The facts concerning the real dangers of using raw milk are gradually coming into the limelight. Heretofore, milkmen have been reluctant to say too much

on paper, but now—in the greatest woman's magazine published—that goes into nearly every home from coast-to-coast—the September Ladies Home Journal—on page 8—gives you an article on undulant fever—so far-reaching that it will make an intelligent person afraid to drink raw milk.

"An expert in this disease, Dr. Walter Simpson, of Dayton, Ohio, estimates that there at least 50,000 people sick at this moment with this disease; their doctors having yet no notion of what ails them.

Say Adapted Seed Grows Good Clover

Davies county farmers who now only adapted seed have little trouble growing red clover, County Agent J. E. McClure reported to the Experiment Station at Lexington.

One Davies county farmer had approximately 21 tons of hay from nine acres of red clover this year, and then threshed 50 bushels of seed from the second crop. He owns a part of his father's farm, and says that during the 40 years the land has been in the family no imported clover seed has been sown.

Another Davies county farmer has bought no clover seed in the 36 years he has been on one farm. A clover failure on his farm is unknown, according to the county agent.

MRS. EVA BRIDGES DIES IN MISSOURI

Mrs. Eva Bridges, wife of Walter Bridges, residents of Sikeston for the past ten years, passed away at her home on Daniel street at 7 o'clock on Wednesday evening, death being due to a paralytic stroke, which she sustained at 3 o'clock that afternoon.

Mrs. Bridges had been in failing health for some time, but had not been confined to her bed. Wednesday afternoon she was resting after finishing her household duties, with only her little daughter, Velda Be, at home with her. Rising suddenly from her couch, she called to the little girl and incoherently made her understanding to call a neighbor for help.

Mrs. Bridges was the daughter of Mr. and Mrs. J. P. Bynum of Murray, Ky., where she was born on March 24, 1885. She was married in marriage to Walter Bridges, also of Murray, twenty-five years ago. To this union seven children were born, six of whom are living. They are, Dea, Mrs. Leonard LeCrosier, Pirtle, Atlanta, Walesa, Velda Be, and Naomi Ruth. Dorothy Katharine passed away four years ago at the tender age of four months.

All her life this good woman, gifted with a sunny disposition, had been a faithful Christian, and was at the time of her death an active member of the Presbyterian church. She was also a member of the Woman's Benefit Association.

Mrs. Bridges was known for her patience, kindness and loving devotion to her family. Her influence among her neighbors was far reaching, and since her passing Wednesday they have been in constant attendance at her home trying to perform some last service for their good friend.

Her aged mother, Mrs. J. P. Bynum, and Mrs. Lucy Bridges, mother of Mrs. Bridges, of Murray, Ky., and Mr. and Mrs. E. A. Tuckett and sons, Billie and Bynum of Paducah, Ky., Mr. and Mrs. Herman Bridges and family of Bloomfield, Mo., arrived this morning to attend the funeral services, which were held at the Presbyterian church this afternoon at 2:30 o'clock, with her pastor, Rev. W. H. Hoover, conducting the services. Interment was made in Memorial Park cemetery.

Surviving Mrs. Bridges besides her husband and children are her parents, Mr. and Mrs. J. P. Bynum of Murray, Ky.; five sisters: Mrs. A. L. Cain, Fresno, Cal.; Mrs. A. R. Puckett of Paducah, Ky.; Mrs. W. B. Lipton, Akron, Ohio; Mrs. Elmer Watkins, Bruceton, Tenn.; and Miss Vera Bynum of Murray, Ky., and one brother, Clark Bynum, of Detroit.

Mr. and Mrs. W. E. McCarty, owner of the Coca-Cola Bottling Company by which Mr. Bridges is employed, and Mr. and Mrs. Virgil Farbro of Cairo, were among those from out of town who attended the funeral.

Say Adapted Seed Grows Good Clover

Davies county farmers who now only adapted seed have little trouble growing red clover, County Agent J. E. McClure reported to the Experiment Station at Lexington.

One Davies county farmer had approximately 21 tons of hay from nine acres of red clover this year, and then threshed 50 bushels of seed from the second crop. He owns a part of his father's farm, and says that during the 40 years the land has been in the family no imported clover seed has been sown.

Another Davies county farmer has bought no clover seed in the 36 years he has been on one farm. A clover failure on his farm is unknown, according to the county agent.

RAISES TON-AND-HALF LITTER

A litter of 11 purebred Poland-China pigs owned by Leslie Vogel, a Boone county farmer weighed 223 pounds when 150 days old. Due to their average of 293 pounds, they sold as heavy hogs at a discount, and returned a net profit of only \$49. This is said to have been the heaviest litter ever produced in Boone county.

P. H. Van Vleet & Sons, Boone county farmers, raised a litter of 11 purebred Poland-Chinas that weighed 236 pounds when sold at the age of five weeks—two days. They returned a profit of \$100.

The City National Bank of Paducah financed the purchase of seven purebred Holstein-Friesian heifers for McCracken county junior agriculturists—club—members. They were in Wisconsin for \$150 to \$190 a head.

Easy! Quick! Glycerin Mix For Constipation

Simple! Glycerin, buckthorn bark, saline, etc., as mixed in Adlerika, relieves constipation in TWO hours! Most medicines act on only lower bowel, but Adlerika acts on BOTH upper and lower bowel, removing poisons you never thought were in your system. Just ONE spoonful relieves GAS, sour stomach and sick headache. Let Adlerika give stomach and bowels a REAL cleaning and see how good you feel! Dale-Stubbinsfield & Co., Drugists.

MRS. EVA BRIDGES DIES IN MISSOURI

Mrs. Eva Bridges, wife of Walter Bridges, residents of Sikeston for the past ten years, passed away at her home on Daniel street at 7 o'clock on Wednesday evening, death being due to a paralytic stroke, which she sustained at 3 o'clock that afternoon.

Mrs. Bridges had been in failing health for some time, but had not been confined to her bed. Wednesday afternoon she was resting after finishing her household duties, with only her little daughter, Velda Be, at home with her. Rising suddenly from her couch, she called to the little girl and incoherently made her understanding to call a neighbor for help.

Mrs. Bridges was the daughter of Mr. and Mrs. J. P. Bynum of Murray, Ky., where she was born on March 24, 1885. She was married in marriage to Walter Bridges, also of Murray, twenty-five years ago. To this union seven children were born, six of whom are living. They are, Dea, Mrs. Leonard LeCrosier, Pirtle, Atlanta, Walesa, Velda Be, and Naomi Ruth. Dorothy Katharine passed away four years ago at the tender age of four months.

All her life this good woman, gifted with a sunny disposition, had been a faithful Christian, and was at the time of her death an active member of the Presbyterian church. She was also a member of the Woman's Benefit Association.

Mrs. Bridges was known for her patience, kindness and loving devotion to her family. Her influence among her neighbors was far reaching, and since her passing Wednesday they have been in constant attendance at her home trying to perform some last service for their good friend.

Her aged mother, Mrs. J. P. Bynum, and Mrs. Lucy Bridges, mother of Mrs. Bridges, of Murray, Ky., and Mr. and Mrs. E. A. Tuckett and sons, Billie and Bynum of Paducah, Ky., Mr. and Mrs. Herman Bridges and family of Bloomfield, Mo., arrived this morning to attend the funeral services, which were held at the Presbyterian church this afternoon at 2:30 o'clock, with her pastor, Rev. W. H. Hoover, conducting the services. Interment was made in Memorial Park cemetery.

Surviving Mrs. Bridges besides her husband and children are her parents, Mr. and Mrs. J. P. Bynum of Murray, Ky.; five sisters: Mrs. A. L. Cain, Fresno, Cal.; Mrs. A. R. Puckett of Paducah, Ky.; Mrs. W. B. Lipton, Akron, Ohio; Mrs. Elmer Watkins, Bruceton, Tenn.; and Miss Vera Bynum of Murray, Ky., and one brother, Clark Bynum, of Detroit.

Mr. and Mrs. W. E. McCarty, owner of the Coca-Cola Bottling Company by which Mr. Bridges is employed, and Mr. and Mrs. Virgil Farbro of Cairo, were among those from out of town who attended the funeral.

See Noted Hen at Poultry Meeting

A six-year-old hen that laid 324 eggs in her pullet year and over 20 eggs in her second year was one of the sights for visitors at the recent sixth annual poultry field meeting by the College of Agriculture of the University of Kentucky and County Agent R. M. Greene of Mason county at the W. E. Pyle poultry farm near Maysville.

The Pyle flock, her sons and grandsons being used in establishing a fine-bred flock of high layers. Although six years old, she still shows the fine points of a heavy layer.

Visitors also studied the male birds that are the sires of the pens which Mr. Pyle has entered in the Florida and Alabama egg-laying contests, including two pullets which may make 300-egg records. One hundred twenty-five people from 11 counties and Ohio and Indiana attended the meeting.

Pineville business men are raising funds for an industrial survey of the city. The Sun reports. Information available to manufacturers seeking new locations will be compiled.

Nine-Tenths Presentable
Nine-tenths of all the diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which lame and weaken every organ of the body and make them easy victims for any germ which attacks them. Prevent constipation and you prevent the source of all diseases.

with their consequent pain and financial losses. Herbs, the good old vegetable cathartic, will prevent constipation in a natural, easy and pleasant way. Get a bottle today from Dale, Stubbinsfield & Co.

Our Poultry Column

Edited by
(Prof. Frederic H. Stoneburner)

During recent years the commercial poultry industry has made more rapid growth in the Southern States than in any other section of America. This is logical because the Southland is a natural chicken country. The wonder is that such general expansion did not occur years ago.

To Scrap Dewey's Famous Flagship

Unless Congress passes a measure to preserve it, the historic Olympia, Dewey's flagship in the Battle of Manila Bay, will be scrapped and sold for junk. This is the significance of a recommendation to the Secretary of the Navy by a board of inspection. The board found the Olympia of no value. (Herbert Photos, N.Y.)

Lynn Grove Hi Notes

As a climax to the school fair, the Lynn Grove Wildlife will open their basketball season, Saturday evening, October 26, at 7:30. They will meet the Almo quintet on the Lynn Grove floor.

Although this is the first game for the Wildlife, the Lynn Grove fans are looking forward to an outstanding contest. Almo has played two games already, winning one over Hazel, and losing one to Kirksey.

Many new members have joined the Lynn Grove squad, making about 20 candidates for the team. The lineup for the Wildlife will probably be: Pogue and Clark, forwards; Douglas, center; C. Jones and Jackson, guards; with Miller, Rogers, and Sims on side line.

25 On Honor Roll

Twenty-five were on honor roll for first six weeks of Lynn Grove school. Charlie Arnett of eighth grade, with all A's had the highest standing. Charlotte Jordan, Oretta Ford, and Corinne Erwin, had one B and rest A's. The following had all A's and B's: Hattie Lee Farmer, Lula Lee Rogers, Elsie Rogers, Mildred Swann, Fara Lee Morris, Hoyt Jones, Hollis Rogers, Ozell Atkins, Fay Rogers, Elizabeth Swann, Clayton Hall.

After the business meeting was adjourned and the Major Project work was over, Miss Wilgus then gave a very helpful lesson on communicable diseases.

The next meeting will be at the home of Mrs. M. A. Pool Nov. 21. All members are requested to be present. Visitors welcome.—Mrs. J. V. Mayer, Secy.

OUTLAND HOMEOWNERS, CLUB MEETS WITH MRS. McDONALD
