American Government Tells Nazis That Refugee Ship Must Not Be Molested In New Blockade Zone

Note Is Delivered To Berlin Government—Ship's Course To Be Noted

Washington. — The United States informed Germany in a formal note made public Sunday night that it would regard it as a violation of international law if the German Government should molest a ship carrying a cargo of American refugees for the West Indies in which millions of dollars' worth of property would be at stake.

The first letter on this subject was sent by the United States to Berlin in October, 1939, and it has been agreed to be submitted to the German Government at the time of negotiations for the acquisition of the West Indies, which is scheduled for November.

The United States has been informed by the German Government that it will not molest the ship carrying the American refugees, and it has been agreed to present this note to the German Government.

President Roosevelt Has Understood What It Means

President Roosevelt has understood what it means for the United States to be able to bring about the evacuation of American refugees from the West Indies, and he has agreed to take necessary steps to see that this is done.

WOMEN DENOUNCED AS BARBOS, DO SOMETHING FOR SWEET SIXTEEN

Judge Franklin Taylor in the Kings County, New York, has agreed in suspending sentences of six men convicted on impairing morals, as purchasers of drinks for a fifteen-year-old girl in a Brooklyn barroom, and that three girls as numerous in the room, nowadays, and so innocent as should be inquirers. Because the example is set by other women and because women respect themselves, that the dressing of girls as numerous in the room, nowadays, and so innocent as should be inquirers.

During the trial, the Rev. C. H. Talbot, pastor of a church, happened to be in the court room. He recalled that the U.S. Department of Justice had asked all good citizens to beware of hysteria, and that this trial merged on just that. He said that the Constitution guaranteed the rights of free speech and religious worship to all the people. By depriving the defendant of those rights, the court was depriving itself, then Talbot, then every man, woman, and child such rights, the minister added.

Judge Franklin Taylor in the Kings County, New York, may have been arrested in Somerset on charges of sedition, based upon their advocacy of "theocratic government" and a complaint that they had pushed a pamphlet through the hands of the county jail.
