BENTON, KENTUCKY, WEDNESDAY EVENING, AUGUST 8, 1894.

NUMBER 41.

Progression

Is the Word With Our People.

The Money Stringency Cuts No Figure With Our Business Men—We are Still on the Improve.

LET THE GOOD WORK GO ON.

Say what you please about the town of Benton, it is improving faster than any town between Paducah and Memphis. This county has always been called such a poor county, not only by men in counties, but by our people that hundreds of good farmers have been kept away, and in hunting homes have gone to other counties and bought them. There is today not another county in the state of Kentucky that has cheaper lands than Marshall county. There are thousands of acres of excellent farming lands situated among sober, christian people in the midst of schools and churches that can be bought at from three to ten dollars per acre. The lands in this are just as strong and productive they are in McCracken, Calloway, Graves or any of the counties west of here, and within the past few years the improvements in farming have been almost phenomenal; the lands in the creek bottoms have been cleared up and the old farms on the hills have been sowed in clover and grasses and are today much better than they were ten years ago.

Ten and fifteen years ago only the poorest part of the lands was in cultivation and perhaps half of the homes of the people were under mortgages of subject to purchase debts, but such a condition does not now exist; the best of the lands are now being put in cultivation, surrounded by excellent fences; new houses, new barns and other improvements are all the time going on, besides the debts that but a short time since hung over them like a pall are being rapidly paid off. Thousands of men that were once indebted for their little homes are now happy and contented and are living at home like lords. The farmers in this county are now making more money than they did ten years ago.

There is now no disturbing element in the county, so far as sectional strife is concerned; the people one and all are content with "well enough," and in their social way go on and attend to their own business. As a matter of course when the farmers and the people in the country are prosperous our town will be likewise. The money panic came on last year and put a stop to many substantial improvements that were contemplated both in town and in the country, yet our people were not affected by it like they were in many other places. At the beginning of this year the panic was still on, and it has continued until within the past few weeks it has gradually been wearing away, or so much so at least that business in town is beginning to reach its normal condition, and only a short time will intervene until the panic of 1893-4 will be a matter of history with our people.

While other towns have been so affected by the money stringency that they have made no improvements during the passing year, it has not been so with ours. Every year since the railroad was built Benton has more or less improved in all of her business relations. The character of her improvements is much better now than they were the first year after the road was built.

W. M. Reed has built a new residence in the southwest part of the city that cost \$1,000. It will be occupied by Prof. J. P. Brannock while he remains here as the teacher in our seminary. Wallace Wilson will soon have

completed his new residence in the central portion of the town that will not only be a joy and comfort to his little family but an ornament to that part of the city. It is a neat cottage and will be worth about \$1,000.

The Baptist brethren are now building them a beautiful new church. It will when completed, cost in the neighborhood of \$2,000 and will be a credit to that congregation. It is located on Main street on the turn of the hill in North Benton.

John D. Peterson is about completing his new store house. It is built of brick with an iron front, is two stories high and is 90 feet long. It is the largest and most commodious store house in the city and will be worth \$3,000 when finished.

The railroad company is now building a new depot, which it is said, will be the best one on the line from Paducah to Memphis. This will be a great convenience to our people and will add much to the growth and prosperity of the city. These besides other minor improvements are some of the steps that are being taken by Benton and her people on the line of progress.

Kenneth Bazemore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lewis-ton, N. C., and it cured him of the complaint. When troubled with dysentery, diarrhoea, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praises that naturally follow its introduction and use has made it very popular. 25 and 50 cent bottles for sale by R. H. Starks.

Laughing.

Did you ever notice the ludicrous laughing of some people. The laugh of some is cheering to others, while the laugh of others as disgusting to some. We love to hear men, women and children laugh. Our heart has been made glad and we have been made happy a thousand times by the hearty and joyous laughs of our dear friends.

Who is it that does not love to see the gentle smile that produces a hearty laugh. We love to see an enemy laugh. Some people are accused of laughing through deceit, but this does not occur very often, for but few men can laugh when they really do not enjoy it. Too much laughing is as much in bad taste as too much profanity.

There are various kinds of laughs; the hearty, social laugh, the big horse laugh, the little, fine sweet laugh, and the idiotic laugh, but of men that laugh, the idiotic laugh is the most horrifying to a lady or gentleman of education or refinement.

Laughing schools are now being organized in all parts of the large cities in the east, and but few years will pass before they will be instituted in this country. At these schools boys and girls are taught how and when to laugh and it is said when one attends a few months the laugh is much improved and that to win the love and friendship is but to smile and laugh one of those sweet patent laughs. When you laugh always try to do it in decency and in order at the proper time and place.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it settled the matter and cured him sound and well. I heartily recommend this remedy to all persons suffering from a like complaint. I will answer any inquiries regarding it when stamp is enclosed. I refer to an county official as to my reliability. Wm. Roach, J. P., Primroy, Campbell Co., Tenn. For sale by R. H. Starks.

Times are just what you make them. If a merchant sits down on an old greasy nail keg and cries hard times to every fellow that comes in, you may bet your life there'll be hard times in that store. We say to the merchants and everybody, get out of your old 'hard time' talk. Say something about the good crops you see all around and dry up such nonsense, and our word for it times will be better. Get a move on yourselves and times will move with you, times are getting better every day, and with the crop prospects before us they'll be better than we ever knew them.

Home and Abroad.

It is the duty of everyone, whether at home or traveling for pleasure or business, to equip himself with the remedy which will keep up strength and prevent illness, and cure such ills as are liable to come upon all in everyday life. For instance, Hood's Sarsaparilla as a general tonic, and to keep the blood pure and less liable to absorb the germs of disease, will be well nigh invaluable. Change of drinking water often causes serious trouble, especially if one has been used to spring water in the country. From a few drops to a teaspoonful of Hood's Sarsaparilla in a tumbler of water will prevent the water having any injurious effect.

Hood's Vegetable Pills, as a cathartic, cause no discomfort, no disturbance, no loss of sleep, but assist the digestive organs so that satisfactory results are effected in natural and regular manner.

Eugene Fields in Chicago Record says: "We have no hesitancy in declaring that the newspaper writer who can write a timely newspaper article just now without offending somebody is a daisy Daisyville, Daisy county." RUN DOWN WITH DYSPEPSIA

STOMACH Liver AND HEART AFFECTED. Almost in Despair But Finally CURED By Taking AYER'S PILLS

"For fifteen years, I was a great sufferer from indigestion in its worst form. I tested the skill of many doctors, but grew worse and worse, until I became so weak I could not walk fifty yards without having to sit down and rest. My stomach, liver, and heart became affected, and I thought I would surely die. I tried Ayer's Pills and they helped me right away. I continued their use and am now entirely well. I don't know of anything that will so quickly relieve and cure the terrible suffering of dyspepsia as Ayer's Pills."—JOHN C. PRITCHARD, Brodie, Warren Co., N. C.

SAVES THE BABIES.

For Teething, Cholera Infantum, Summer Complaint, and other troubles common to children, Germetizer is beyond doubt the greatest of all remedies. Nothing on earth will take children through the trying ordeal of teething so pleasantly, safely and surely as Germetizer. They all like to take it, and it acts like magic in meeting the troubles of that critical period. It is perfectly harmless, containing no alcohol or opium in any form whatever. Thousands have tried it and it has never been known to fail.

SAVED OUR BABY.

Mr. J. T. McAllister, of Atlanta, Ga., says: "Germetizer saved our baby, Paul, carried him safely through an extremely bad case of dysentery and teething, and from a mere skeleton of skin and bones, it has made him a great big solid chunk of thirty or thirty-five pounds."

FAT AS A PIG.

J. J. Scruggs, of Sison, Miss., says: "Our little girl, nine months old, was in a very low state from summer complaint, and Germetizer made her as fat as a pig."

FAT AND GROWING.

Rev. J. J. Oxford, Atlanta, Ga., says: "My baby was sick from its birth, and we expected it would die. At the age of nine months he began to pick it up. The doctor was diagnosed. It began to improve at once and is now fat and growing every day."

WELL AND FAT.

G. W. Clarke, McRae, Texas, says: "Our little baby daughter has been cured of a violent case of Summer Diarrhea from Teething by the use of Dr. J. C. Roy's Germetizer. She had been reduced nearly to a skeleton. The first dose of Germetizer helped her, and now she is well and fat."

Germetizer is the thing for children; it's good as lemonade to take. And does good folk without mistake. \$1.00, 50c for \$2.00. Sold by Druggists, King's Royal Germetizer Co., Atlanta, Ga.

WEDNESDAY AUGUST 8.

ELECTION OVER.

At 7 o'clock Saturday evening the most exciting congressional primary election ever held in this district ended. It has been a long fought and hotly contested fight between the friends of Mr. Stone and Mr. Hendrick, but when the ballots were counted Mr. Hendrick was the winner and is now the standard-bearer of the democratic party in the district for congressional honors at the November election. For some three months his friends have been untiring in their efforts to give him the nomination, and they have succeeded, and of course feel very proud of their victory over such an able and distinguished gentleman as Capt. Stone.

During the struggle for the nomination many bitter and unnecessary epithets have been used by the friends of one against the other that could well have been left unsaid, which goes to show how the judgment of so many men can be left behind in their zeal for the success of their favorite. The Tribune, like all other papers, had its choice between the two and it did all it could in a decent way for the success of its favorite candidate, and in looking back over the battlefield, after the smoke has cleared away, it can see nothing it has done that causes any regrets whatever to come up before its vision. It was driven into the fight very early in the campaign by all kinds of slurs, abuse and bad names, but it was never in any way caused to swerve from its plain path of duty; it made a fight against all kinds of odds and in the face of abuse, intimidation and vituperation, but so far as its own voting precinct and its own county was concerned victory was sure and certain. This was locally all we could ask or desire, and it went clearly to prove that so far as Marshall county was concerned the "bread and butter brigade" was on top.

In spite of the dirty insinuations made from some sources the Tribune meekly bows to the will of the majority and is still in the field as a bold and fearless democratic organ.

Now since the vote has been cast, the nomination made, and the result known, we promise our readers a rest from local politics and will try and give them a change, at least for awhile.

The election is over and we are profoundly glad of it.

Honest John wins and is now before the people as the democratic nominee.

Do what you please, say what you will, but the people of Marshall county stand by the Tribune.

Wherever the Tribune was read by the people in this county a landslide for Hendrick was prevented.

Who is it that is not glad that there is no more primary elections in sight. Two in one summer is a nuisance.

Of course there are plenty of "I told you so's" in the district at present. Always are just after an election.

The Bardwell Star has our thanks for carrying Carlisle county for Mr. Stone by such a handsome majority.

The Baptist Gleaner has sold out and is no more. Its remains have been carried to Louisville and deposited in the Records office.

The last mail brought no new circulars from Murray. What can be the matter with that town? It can truly be called the "circular town."

We place the name of Hon. J. K. Hendrick at the masthead this week as the nominee of the democratic party of this district for congress.

When the polls close our fight is ended. We never carry on the fight after the battle is over, and those who are glad their favorite candidate was successful can just rejoice until they are satisfied.

If the Bardwell Star had had the influence at home that the Tribune has in Marshall it would not have lost Carlisle county to Mr. Hendrick. It is one of the papers that is not without honor save at home.

The populists in this county who have been electioneering for Mr. Hendrick will now have a chance to show their faith by their works. If he was a good man before the primary he is still a good man so now go and vote for him.

It is thought the tariff question will soon be settled, the bill passed and congress adjourn. This will certainly suit the general public, as it is becoming very impatient. The democrats all over the country are anxious for the party in power to redeem all of the pledges of the democratic platform.

We have no excuses to give why Mr. Stone was defeated; it is only sufficient to say, that the democrats spoke out in no uncertain tone last Saturday and said by their votes that we no longer want Mr. Stone to serve us in congress but we want Mr. Hendrick, and that is enough. There is no use to whine about it, but consider the voice of the people satisfactory.

Bert Peterson, we are glad to say, received the nomination in Calloway county for Assessor and will have no trouble in being elected at the November election. He is a true and tried democrat, is a gentleman of fine ability and will make the people of Calloway an excellent official. He is a cripple and bears his misfortune with becoming dignity, and is never heard to murmur or complain, but is always willing to submit to the unalterable decree of his people. He possesses a fine discriminating judgment and the people of his native county will never have cause to regret his election to the office of assessor.

Honors Fall Thick and Fast.

The Peterson boys seem to be strictly "in it" of late.

Judge W. F. Peterson, of Murray, has recently been appointed by President Cleveland as consul general to Vancouver Islands, where he will shortly leave to his post of duty at a fine salary.

Mr. Bert Peterson, on last Saturday, received the nomination in Calloway county for Assessor, which is a good paying office.

Peterson Brothers here will soon move into their new two-story brick house, where they will continue to enjoy their excellent grocery trade and live happy the remainder of their days.

Truly the Peterson boys are "in it."

It Is Hendrick.

"Honest John" Wins by a Good Majority.

The Vote Not Official, But Can Be Relied On as Being Safe

FOR MR. HENDRICK.

The following table will give some information regarding the result of the congressional primary. Most of the figures, however, are only estimates. The vote from Marshall, Calloway, Graves, Carlisle and Livingston are semi-official and can be relied upon.

Counties.	Hendrick	Stone
Ballard	50	40
Caldwell		
Calloway	638	138
Carlisle		
Crittenden	100	
Fulton	95	
Graves		377
Hickman	500	
Livingston	618	
Lyon		360
Marshall		29
McCracken	200	
Trigg	100	
Total	2,301	944

As the returns come in officially the majority of Mr. Hendrick continues to fall, and it is probable that it will fall as low as 1,000, but as the count now stands his majority is in the neighborhood of 1,300.

Calloway's Vote.

For congress—Hendrick, 1,111; Stone, 473. Hendrick's majority 638.

The following are the county nominees:

County Judge—E. C. Ferguson.
County Clerk—Galen Miller.
County Attorney—J. H. Coleman.
Jailer—Rufus T. Farley.
Sheriff—James B. Hay.
Assessor—Bert Peterson.
Surveyor—James A. Parker.
The nominees are all good men and will be elected in November without any trouble.

McCracken Nominees.

Below are the county nominees for McCracken county:

County Judge—Chas H Thomas.
Sheriff—W R Holland.
County Clerk—Chas E Graham.
Jailer—Joseph Miller.
Attorney—Johnson Houser.
Assessor—W T Byrd.
Surveyor—E B Wren.
Mr. Will Fisher, was defeated by Mr. Chas Graham for county clerk, has served notice on him to contest the election.

Glad and Sorry.

Washington, Aug. 6.—(Special.)

Representative Montgomery's friends showed how glad they felt over his renomination Saturday by placing on his desk this morning a pretty basket of lovely flowers.

The many friends of Capt Stone were sorry to learn this morning that he had been beaten for the nomination. Everyone here fully expected the captain to win. He is regarded as one of the ablest and most influential members in the House, and he has made a record in congress to be proud of. The First district by its action of Saturday has lost the valuable services of a faithful servant. No new man can hope at one jump to fill the place in the House that Capt. Stone will vacate March 4.

County Court Day

Monday was county court day and as usual there was a large crowd in town. There was no business of much importance transacted in the county court or anything unusually happened. Several persons were more or less intoxicated, but good order prevailed all day. The vigilance and promptness with which our town officers attend to their business has of recent made a wonderful change in the conduct of persons who are disposed to act disorderly. We are glad to see it and so are the people both in town in the country for when they come to town on business they don't want to be disturbed, insulted and abused by a lot of disorderly men. So it is much better and speaks well for the town and county to have officers who will execute the laws with justice and impartiality.

Will Nix Killed.

It is reported that last Friday, in the Indian Territory, Mr. Will Nix, a deputy U. S. marshal, was shot and killed by a man named Gertie whom Nix had tried to arrest for peddling whiskey.

THIS IS A

Marshall County ROOSTER.

Stone's Majority in the County is 29.

The Vote in the County

Below we give the vote that was cast in the primary election last Saturday in full by precincts. It will be seen that the vote was an increase over two years ago of 124. It is known that Stone carried the county two years ago by 92 votes, and that he also carried the county last Saturday by 29.

The day was beautiful and everybody who wanted to vote had a fine chance to go out and cast their votes for the man of their choice. The day passed off quietly without any disturbance or hard feeling among our people, and if anyone is mad at his neighbor on account of the election we are not aware of it.

There was but little money won or lost on the result of the vote by our citizens on the result in the district or in the county.

Stone's majority in county 29.

Have you heard how the vote in Marshall went.

How good and how pleasant for brethren to dwell together in unity.

There was an increased vote in the county of 124, but Hendrick only increased his vote 63.

The Benton voting precinct gave 205 votes; 130 for Stone and 75 for Hendrick, a Stone majority of 55.

The postmasters in Marshall county was a little too much for the boys. Its a little hard to down good men.

Can the man be found that said "Marshall county will go from 100 to 300 for Mr. Hendrick." We guess not.

They jumped on the editor of the Tribune and the postmasters of the county with both feet, but they couldn't carry Marshall.

Who said the Benton Tribune had no influence and was making votes for Mr. Hendrick? What has become of that manner and character of men.

If Capt. Stone had appointed good postmasters in all of the counties like he did in Marshall his majority would have been at least 2,000. But a man cannot always tell, you see.

It must forever be understood that the "bread and butter brigade" is on top in Marshall county. Whenever our working people are slandered by such names you can mark it down that they will resent it at the first opportunity.

Who said the Tribune had no influence in Marshall county? Look in every part of the county where it is read by the people and see how the vote was cast. It must be remembered that when a paper is for good men and on the side of the people they will sustain it.

Stray Notice.

Posted by W. N. Allen, living two and a-half miles south of Birmingham, on the Birmingham and Wadesboro road, Marshall county, Ky., one large gray mare mule, supposed to be 18 years old, windgalls on hind legs, collar sore on the left shoulder, shod on front feet; valued by me at \$10, this July 28, 1894.

The Magic Touch

OF

Hood's Sarsaparilla

You smile at the idea. But if you are a sufferer from

Dyspepsia

And Indigestion, try a bottle, and before you have taken half a dozen doses, you will involuntarily think, and no doubt exclaim,

"That Just Hits It!"

"That soothing effect is a magic touch!" Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates a natural, healthy desire for food, gives refreshing sleep, and in short, raises the health tone of the entire system. Remember

Teething Children.

Nothing on earth will take children through the trying ordeal of teething so pleasantly, and so very surely and safely, as Dr. King's Royal Remedy. They all like to take it, and it acts like magic in meeting the troubles of that critical period. It is perfectly harmless, containing no alcohol or opium in any form whatever. Thousands have tried it and it has never been known to fail. \$1; 6 for \$5. For sale by all druggists.

GILBERTSVILLE.

Our Correspondent's Budget of Items of Interest.

The "Merry Go-Around" has been here and everybody enjoyed the passing around. It was crowded every night and it managers were very accommodating. Della Chestnut, a favorite with everyone stayed on the swing all the time and kept her hand full of tickets.

Pinnacle Hill school opened on July 30th with good attendance—30 pupils. Trustees present; all children were a pleasant face and were glad to welcome their teacher, Miss Attie Houston, back again.

Having tried her once the trustees know she is industrious and has a good head stored with useful knowledge. The trustees and patrons met and made new desks and repaired the house; also cleaned the well out and got everything in readiness for the school. Hurrah for them.

Our school began last Monday with 26 pupils and the pretty teacher, Mr. George Edwards. We congratulate the trustees on employing such a good looking and promising young man, but the genial M. L. Chestnut is a judge of beauty and good sense. We are well pleased with the outlook for a good school.

The Methodists are to begin a meeting at this place soon to be held in the factory where there is plenty of room. Bro. Gregory and Mathis know just what to do in a meeting.

Miss Bell Gregory from Texas has returned after an absence of one year. She visited friends and relatives.

Miss Stella Houston is visiting the family of L. B. Duncan in Lyon county.

George Tucker and Miss Neal were married at the home of the bride last Thursday evening. May they live a long and happy life.

Mr. Walter Vickers says he don't believe in promising his girl so much, but he will insure her a living if she will go to work and make it.

Mr. McEun is shouting happy; the girls smile at the boys when the swing is here as much as to say "you are so sweet; let's take a ride." Poor old widower asked a widow to take a ride on the ponies and she took a seat by a lady and left him by himself like a peacock he looked down at his feet.

Hurrah for "Ponto." Why don't you come often?

Mr. Fred Gregory is taking the lead for the boys as he is so industrious, economical and managing. The girls are only waiting for leap year to come.

Mrs. Vickers wife of J. R. Vickers, departed this life July 26, 1894. She had that fatal disease, consumption. She leaves her husband and four children, many friends and kindred to mourn her death, but their loss is her eternal gain.

After a long and happy union the cold and icy hand known as death called away a loving wife and mother dear to another clime there to dwell. Mourn not as those who have no hope for she has gone home to live with Christ.

They loved her yes they loved her. They loved her yes they loved her. And they sweetly called her to yonder shining shore. The golden gates were opened. A gentle voice said, "come!" And with farewell unspoken she gladly entered home.

A. B. C.

There were five persons examined here last Saturday for teacher's certificates and the result is as follows: Frank Higgins, second class; D. W. Lents, second class; J. F. Clark, second class; J. M. McGee, first class, and C. L. Manning failed to get any certificate at all.

Mother is Stronger. Palma, Ky., July 23, 1894.—My mother has been in delicate health for some time and last spring began taking Hood's Sarsaparilla. Today she is much stronger than she has been for a long time before. T. H. Nichols.

Mrs. Emma Hardin and two daughters Grace and Lavena, of Mason, Tenn., are in the county on a visit to relatives and friends. They will remain for several days.

Mrs. T. S. Hawkins, Chattanooga, Tenn., says: "Shiloh's Vitalizer 'saved my life.' I consider it the best remedy for a debilitated system I ever used." For dyspepsia, liver or kidney trouble. 75c, sold by Dr. R. H. Starks.

Lemon's drug store is the place to buy all kinds of school books.

Ripans Tablets: for sour stomach

Awarded Highest Honors—World's Fair.

DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE. A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

Shot Accidentally.

Mr. Rollin Waller, last Saturday night at Calvert City while running the "flying jenny," was handling a pistol in a careless way when it accidentally went off and shot Jim Riley Lindsey through the wrist the ball passing some distance where it took effect on the right side of the abdomen of Mr. Walter Guynne it passing around in front to the other side where it came out making an ugly if not a serious and dangerous wound. The best medical skill was at once procured and the wounds properly dressed. Mr. Waller is very sorry of the accident as both of the gentlemen were his friends. This is but another trouble caused by fooling with pistols.

LOCKHART, TEXAS, OCT. 15, 1889.

Paris Medicine Co., Paris, Tenn.

Dear Sirs:—Ship us as soon as possible two gross Grove's Tasteless Chill Tonic. My customers want Grove's Tasteless Chill Tonic and will not have no other. In our experience of over 20 years in the drug business, we have never sold any medicine which gave such universal satisfaction.

Yours Respectfully, J. S. BROWNE & CO.

Simon L. Bearden.

Last Saturday Mr. S. L. Bearden a son of Mr. George Bearden, died at his home two miles southwest of town of quick consumption and was laid to rest beside his brother in the Green burying ground one mile west of town. He was born April 21, 1867; was never married, but lived a quiet exemplary life, always attending to his own business and letting others alone. His mother was a Miss Thompson, and he was related to a very great number of people in his locality. Judge Dupreist made a few remarks and led in prayer at the grave in the presence of the neighbors and relatives of the deceased.

"Says Good Old GRANNY METCALFE"

I am 85 years old and have used about all of the cough and lung remedies that have been sold during my life; and for the benefit of the suffering, I will say that I have never used any remedy equal to Dr. Bell's Pine Tar Honey. It gives quick and permanent relief in grippe, as well as other coughs.

Mrs. M. A. METCALFE, 217 N. Second St., Paducah.

"DR. BELL'S PINE TAR HONEY."

FOR SALE BY ALL DRUGGISTS.

Notice.

To farmers who want their hay baled: We have this day bought a first class baler and want to bale your hay. All parties wanting hay baled, anywhere from Paducah to Murray, or from Mayfield to the Tennessee river, please call on us at Benton, Ky. We will be ready to go to work as soon as the hay will do to bale. Yours truly, J. H. LITTLE & CO.

Col. Cal McGee was in the city Monday and there is one of two things certain about his coming he either walked or come on his hay rake.

There were 903 votes polled in the county last Saturday which was a very nice vote and the democrats are well satisfied with it and of course others should be.

Mrs. William Howard died Saturday night and was buried at the Holmes' burying grounds near Oak Level. She died of typhoid fever.

Why is it that people from all parts of the county like to trade at Lemon's? Because he keeps a large stock of well selected goods and treats his customers right.

The election is over and we are strictly down to business. Call and see us.

Obituary.

Mary J. Tabbs, daughter of Eld. J. P. and Elzada L. Tabbs, was born Oct. 20, 1870, professed faith in Christ July 30, 1885, joined the Missionary Baptist church at Cap Spring Aug. 1, and was baptized the next day; lived a devoted member until her death June 30, 1894, aged 23 years, eight months and ten days.

She leaves a father, mother, and five sisters and quite a number of relatives and friends to mourn their loss. She was sick about two weeks; she bore her suffering with great patience and Christian fortitude. She was an obedient daughter, a true and affectionate sister, a kind friend and neighbor, a faithful and devoted church member, one that was well beloved by all who knew her.

But she has left us and gone on before to receive her reward in heaven. In the family circle and at church she will be missed, 'oh so much'; none can tell but those who have had the same sad experience. Oh, how sad to think that Mary is no more on earth, but sweet to know that her immortal soul is at rest in heaven where there is no more pain nor death, no farewell tears to be shed.

The day before she died she prayed a long and beautiful prayer for all, and twice that day shouted praise to her Heavenly Father and warned her sinner friends and asked them all that would promise to meet her in heaven to give her their hand, which some did. She told them not to forget that promise. She called father, mother, sisters and friends to her bed and bid them all farewell, saying, "Meet me heaven." She said that was the brightest day she had ever seen. So then dear parents and friends weep not as those who have no hope, we shall meet Mary in the sweet by and bye.

A friend, MAHALAH PRICE.

Two Lives Saved.
Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Lemon's drug store Regular size 50c and \$1.

"I know an old soldier who had chronic diarrhoea of long standing to have been permanently cured by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Edward Shumpik, a prominent druggist of Minneapolis, Minn. "I have sold the remedy in this city for over seven years and consider it superior to any other medicine now on the market for bowel complaints." 25 and 50 cent bottles of this remedy for sale by R. H. Starks.

Country people don't know anything about hard times. Strikes and labor riots don't bother them. They go right along plowing their corn, hoeing their tobacco and cutting their wheat and have no thought of hard times. We have never entered a country home yet where there is not plenty to eat and that of the very best. Country people do not know how well off they are.—Breckinridge News.

"The Best."

The best medicines are Humphreys' Specifics. They cure surely; they cure quickly; they cure economically. Every pellet is worth its weight in gold as a curative agent. For sale by druggists.

Mammoth Cave.

Bayard Taylor says of the cave, after visiting all the great natural wonders of the Old and New worlds: "I have been twelve hours under ground, but I have gained an age in a strange and hitherto unknown world; an age of wonderful experience and an exhaustless store of sublime and lovely memories. Before taking a final leave of Mammoth Cave, however, let me assure those who have followed me through it that no description can do justice to its sublimity or present a fair picture of its manifold wonders. It is the greatest natural curiosity I have ever visited, Niagara are not excepted, and he whose expectations are not by its marvelous avenues, domes and starry grottoes must either be a fool or a demigod." If this is the experience of one of the world's greatest travelers those who have never beheld the wonders of the Cave or felt the weird and thrilling emotions experienced by a trip through its beautiful avenues should embrace the opportunity offered by the Mammoth Cave Excursion on August 15th via the C. O. & S. W. R. R.

Excursion tickets including transportation to the Cave and return, trips through the Long and Short Routes and one and one quarter days' board at the Mammoth Cave hotel, will be sold at the low rate of \$14.75 from Paducah, Ky.

For further information and illustrated pamphlet of Mammoth Cave write or call on J. T. Donovan, C. P. & T. A. of the C. O. & S. W. railroad, Paducah, Ky. T. B. LYNCH, Gen. Pass. Agent.

No August Guessing Contest.
The Weekly Courier-Journal has withdrawn its offer of \$1,000 to be given to subscribers who could name the hottest day in August, and guess closest to the highest temperature on that day. This action was taken because of the serious interruption of mails, caused by the great railroad strike. A simple and liberal guessing contest on the November Congressional Elections is now being prepared, and will be announced by the Weekly Courier-Journal shortly.

The Man For the Place.
Great Editor: "I advertised for a private secretary, whose chief duties will be to sit in the ante-room and keep poets, bores and other undesirable persons at bay. The position requires something of a diplomat as well as a fluent linguist. You would not do at all." Ricketts (who stutters a trifle): "That's wh-wh-where you make a mum-mum-mistake, squirrel! As sus-soon's a bub-bore cue-cue-came in I'd bug-bug-begin to tell a 1-1-long s-s-story, and before I'd gug-gug-got half through, bub-bub-between whu-wh-what I'd sus-sus-say and wh-wh-what I'd tut-tut-try to say-say, I'd have him cum-cum-pletely tut-tut-tired out. I ain't mum-mum-much of a dud-dud-diplomat, perhaps, but as a 1-1-linguist I'm a cau-cau-caution."

Beware of Ointments for Catarrh that Contain Mercury.
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c a bottle.

Some Funny Men.

The editor of the Glasgow Republican has discovered a lot of funny men and writes of them as follows: "There are a great many funny men in the world and they are funny on many different subjects. But at this writing we will confine ourselves to the funny men and their funny actions in regard to newspapers. Some funny men subscribe for a paper and pay in advance, others subscribe and pay in a few months, others pay promptly at the end of the year, while others forget to pay for their paper. But the funniest of all are the men who take the paper from the postoffice addressed to them for months and they and their families read and enjoy them until reminded that their paper is not paid for, when they make the very startling discovery that they never subscribed for it."

Sunday Conversation.

One of the easiest and most successful plans that Satan has for tempting a christian is in the line of Sunday conversation not suitable for the Sabbath. Some people say, "I can talk about anything on Sunday. It never hurts me at all." But we notice that when one talks about his business affairs, very soon he is making plans about business matters, and the mind is soon running on the week day lines of thought and plans, and the rest day, and the blessed work that God has given each of us for His day, to give us rest and refresh our minds, and make a change for us, is turned into a day exactly like the other six. It is very easy for families to get into the habit of talking on their everyday affairs so that no one could never mistrust that it was really Sunday if one did not know. Careful thought and special prayer on this line are surely called for in our busy lives, or we shall miss a very large part of what God has kindly and wonderfully planned for the Sabbath day.

Tired, Weak, Nervous,
Means impure blood, and overwork or too much strain on brain and body. The only way to cure is to feed the nerves on pure blood. Thousands of people certify that the best blood purifier, the best nerve tonic and strength builder is Hood's Sarsaparilla. What it has done for others it will also do for you—Hood's cures.

Hood's pills cure constipation by restoring peristaltic action of the alimentary canal.

Arbitration to settle differences in past matters between two parties is all well enough, but as a means of determining how much an employer shall pay his hired men in the future, is all wrong and can only result in fooling one, or bankrupting the other. No sensible man or company of men will engage in business when it is known that some outside persons will set the prices he or they must pay for the labor they may need. The people of this country are not ready to give to a board of arbitrators the right to control the capital of a private. However much the "walking delegates" may prate about the beauties of arbitration, it cannot be made to take the place of the law of supply and demand. The farmers recognized that law in the sale of their produce, the manufacturers in their sales and why should railroad men and factory men be exempt?

The Little Doctor.
The great curative agent, Electropoise, rented two months for \$5. Don't miss this opportunity of leasing the most skillful physician in the State; makes no errors, gives no medicine, but does cure disease where all else fails. One thousand of these instruments will be rented for the above nominal price. After this supply has been exhausted, old terms, which were much higher will be resumed. The Electropoise proves its worth by its works. Read the following letters which give testimony of its merits:

Irvine, Ky., Feb. 7, 1894.
Dear Sirs:—I was very much pleased with your reply to my letter of January 26. Such candor is not to be found among quacks. It gave me more faith in you and your Electropoise. I will rent it and take the chances of being cured. Yours truly,
E. A. McCURE.

In the letter to which Mr. McCURE refers, we stated to him that his disease was of such a nature that we could not assure him a cure, even with the Electropoise; but there was a chance, and certainly nothing else would do him good if the Electropoise failed. This second letter, received a few days ago, shows that we were mistaken, and that his case, though pronounced hopeless, was not so when the greatest of all remedies was applied.

Irvine, Ky., June 20, 1894.
Dear Sirs:—I am well pleased with the Electropoise. Have thoroughly tested it by four months' use, and found that it has done all and more for me than you said it would. A friend who has been watching its effects on me came this morning and asked me to send for one for her. Yours truly,
E. A. McCURE.

Years ago an old hard-shell preacher, who lived on the border in those days when the Indians were at war with the whites, was making preparations one morning to go to his church, miles away, through a country infested with savages. He was carefully loading his old flint-lock rifle to take along when a friend present remarked: "What are you going to take that gun along for, old man? Don't you know that if it is fore-ordained for the Indians to kill you, the gun won't save you?" "That's very true," said the old man as he deliberately rammed the bullet home, "but suppose it is fore-ordained that the Indian should be killed? Now how would the Lord carry out his purpose if I didn't have my gun along?" That closed the debate.
