## CONGRESSMAN JOHNSON ADVOCATE OF LOCAL OPTION.

Defense of Congressman's Record is Made by Temperance Advocate.

Judge H. I. Thurman, one of the leading local option advocates of Kentucky, delivered a speech in Bardstown on Monday, December 13, in favor of abolishing the saloons in Nelson county. Bardstown is the home of Congressman Ben Johnson, of the Fourth District. Mr. Johnson had been misrepresented in reference to his attitude on the temperance question by a well-known State politician. Of this misrepresentation Judge Thurman spoke as follows:

"But why should I bother about misrepresentations? Is that not the way in Kentucky now, especially when a man holds office? Is not your own most distinguished citizen's position on this very question almost daily misrepresented, and purely for political purposes? Did not one of the Hart county papers, a bit ago, say that Ben Johnson owned and operated one of the largest distillery plants in Nelson county, when I and all of you know that he never, at any time, had any interest, directly or indirectly, in the manufacture or sale of whiskey. You and I know, and every man willing to know the truth knows, that the records, of your County Clerk's office, kept within a hundred feet of where I now stand, bear mute testimony to the fact that the first vote he ever cast in his life was for local option in Bardstown. He has voted that way for nearly a quarter of a century. At the last election held in this county upon the question, which was three years ago, he then voted for local option; and I know, and everybody knows, that he will again vote for local option next Saturday. He is a plain man of few words, and yet a man who is not afraid to express his convictions. In my recent canvass for re-election as Circuit Judge of the Eleventh Judicial district, when I was being fought by the whisky interests of that district as, perhaps, no man was ever fought before, Ben Johnson was the only man holding public office in Kentucky outside of my district who came to my assistance. In a speech made in the very camp of the enemy, with distilleries standing all about him, he boldly and plainly stated that upon the question of local option he stood exactly where he had always stood; that he had always voted for it, and always intended to do so. He has never trimmed; he has never dodged. Though he beats no drum, blows no horn and never marches with a brass band, you need never doubt his position upon any public question. More than that, he is a 'dry' man of the right kind—he practices what he preaches. He is one of the few men of my acquaintance of whom it can be truthfully said that neither spirituous, vinous nor malt liquor ever passed his lips—a glorious example to the youth of this country. But I came to talk to you of other matters. You people of Nelson county know these things better than I do."

Chamberlain's Cough Remedy is not a common every day cough mixture. It is a meritorious remedy for all the troublesome and dangerous complications resulting from cold in the head, throat chest or lungs. Sold by all dealers.

## HAPPENINGS IN THE BUSY LITTLE TOWN OF HAZEL.

Ernest Lowery Carried to Nashville for Operation. Popular People Marry.

Attorney W. K. Brown has decided to move to Murray so as to be near the new court house.

Supt. L. A. L. Langston will, we understand, locate in our midst permanently. He will move his family here in the spring.

Mr. Hafford Paschall and Miss Verba Nance were married at the home of C. C. Orr last Friday night. The bride is the beautiful and accomplished daughter of J. M. Nance, of Princeton, Ky., and a half sister of Mrs. W. T. Jackson, of this place. The groom is a prominent planter and son of Frank Paschall, of near here.

Ernest Lowery was carried to Nashville, Tuesday for an operation by a specialist, to see if relief could be had for the wound he received Christmas week. Dr. Houston, his physician, returned Thursday and reports that the operation was performed and that hopes are entertained that Mr. Lowery's life may be saved. But while this is the case but little hope is held of him regaining the use of his lower limbs, which have been totally paralyzed since the day of the shooting. The shooting of an innocent man from a moving train and that without a moment's warning or the least provocation as this man was, marks one of the most heinous crimes ever enacted in or around Hazel. The powers that be should see to it that this brazen brute who did the shooting be punished to the full extent of the law. If Kentucky and Calhoun county let crimes like this go unpunished people will gradually lose that respect and that regard that they should have for the majesty of the law.—Hazel News.

A Wild Blizzard Raging brings danger, suffering—often death—to thousands, who take colds, coughs and lagrippe—that terror of winter and spring. Its danger signals are "stuffed up" nostrils, lower part of nose sore, chills and fever, pain in back of head, and a throat gripping cough. When grip attacks you as you value your life don't delay getting Dr. King's New Discovery. "On a bottle cured me" writes A. L. Dunn, of Pine Valley, Miss., "after being laid up three weeks with grip." For sore lungs, hemorrhages, coughs, colds, whooping cough, bronchitis, asthma, its supreme cure, \$1.00. Guaranteed by Dale & Scrabblefield.

Saved at Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved.

"I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated, emaciated from losing 40 pounds, growing weaker daily. Violent illness trouble pulling me down to death in spite of doctors. Then that matchless medicine, Electric Bitters, cured me. I regained the 40 pounds lost and now am well and strong. For all stomach, liver and kidney troubles, they're supreme. Sold at Dale & Stubblefield's."

Enumerators' Test Easy.

Any person of good judgment, who has received an ordinary common school education, can readily and easily pass the test to be given applicants for census enumerators' places on Saturday, February 5, the date finally set by U. S. Census Director Durand, according to an announcement from the Census Bureau recently.

It will consist of filling out a sample schedule of population from a description, in narrative form, of typical families, and, in the case of enumerators whose work will be in the rural districts, they will be called upon to fill out an additional sample schedule of agriculture, from information furnished by the Census Bureau.

All persons, whether women or men, who may desire to become census enumerators must be citizens of the United States; residents of the supervisor's district for which they wish to be appointed; must be not less than 18 nor more than 70 years of age; must be physically able to do the work; must be trustworthy, honest and of good habits; must have at least an ordinary education, and must be able to write plainly and with reasonable rapidity.

Those who can comply with these requirements are invited to put in their applications, as there will be at least 68,000 enumerators' places to be filled by the middle of March in preparation beginning April 15.

Census Supervisor J. R. Jones, whose office is at Princeton, Ky., has received from the Census Bureau a supply of blank applications for persons applying for positions as census enumerators. These will be forwarded to his list of applicants as soon as possible.

The applicants, properly filled out, must be returned to the Supervisor not later than January 31, the Census Director having extended the time for filing from Jan. 25, which was the date first set for closing the consideration of applicants.

## ASSOCIATION OFFICIALS GET TEN PER CENT REDUCTION.

Schedule of 1909 Prices Agreed Upon and \$1.00 Advance is Made.

Guthrie, Ky., Jan. 18.—The executive committee of the Dark Tobacco Planters Protective Association held its second day's session and transacted the regular routine of work. The most important event of the day was the resolution offered by the finance committee, which was to cut all salaries 10 per cent. This was unanimously carried. The schedule of prices for the 1909 crop was agreed upon, which averages about \$1.00 a hundred higher than last year. The meeting adjourned to meet again April 1, to hold its regular quarterly meeting.

Some Telephone Facts.

One by one the telephone fallacies fall by the wayside.

The public was seriously assured that the additional cost of doing additional business left no profit, and that as the business increased it was necessary to increase rates.

Yet there is Cincinnati, with 53,000 subscribers. It is a Bell company. It has no competitor. It pays 7 per cent. on its preferred stock, 6 per cent. on the common stock, and the stock sells for over 175.

What are the Cincinnati rates? Eight dollars a month, \$96 a year, with more than four times as many connections as here.

Then we are told that the Louisville rates did not suffice to pay four per cent. That seemed awful to some of the subscribers and they were willing to "pass the hat" to save the Cumberland.

But an examination of the financial statements made for the investing public showed the company was earning from 11 to 13 per cent. and that even a period of industrial depression could not check its onward progress.

Truly a generous and kind hearted public has been imposed upon. Louisville Post.

And it might be added that when the Cumberland gets hold on a community it is time to cry "Save the commonwealth!"

## JOHN R. WALSH'S APPEAL DENIED

CHICAGO BANKER MUST GO TO  
LEAVENWORTH PRISON FOR  
WRECKING INSTITUTIONS.

### HIS LAST HOPE HAS VANISHED

Defendant Spent Sunday Getting His  
Business in Shape—Was in  
Charge of Two Deputies—Will  
Have \$500,000 Left.

Chicago, Jan. 18.—The supreme court of the United States Monday denied the petition for a writ of certiorari filed recently by John R. Walsh, the convicted Chicago banker, who will be taken immediately to the federal penitentiary at Leavenworth, Kan., to serve a five-year term.

United States District Attorney Sims prepared early to take action as soon as he should hear decision of the nation's highest tribunal. Sims will at once ask the United States circuit court of appeals for a mandate compelling the banker. This will be granted as there is nothing else for the appellate court to do, under the supreme court's confirmation of the sentence.

Walsh was ready. Following the receipt by him of vague rumors from Washington offering little hope, he spent all of Sunday arranging his affairs Monday with two deputy United States marshals standing nearby, he sat at his desk signing papers and settling up financial matters in connection with the failure of his three banks in 1905.

When he starts to prison, it is predicted he will go with the knowledge that all of the guarantors of his \$7,121,000 note give four years ago and have signed an agreement turning the canceled note over to the former bankers. This settlement will leave Walsh with every debt paid and with \$500,000 besides.

A dispatch says that Walsh will be accorded the same treatment given the other 1000 prisoners in the prison. No special privileges will be given him. Following the usual course, Walsh, after his arrival, will be photographed in his street clothing, then sent to the hospital for observation. After a few days' rest he will receive prison garb, be photographed again and then assigned to some light work.

### AFTER SUGAR 'HIGHER UPS'

Other Officials Wonder if the Govern-  
ment Will Continue the Investi-  
gation of Its Case.

New York, Jan. 18.—Arrangement of indicted sugar men Monday was awaited with interest and with expectation in some quarters where there was prevailing anxiety to learn whether the government will proceed further in sugar and under-weighing fraud prosecutions.

There has been somewhat of a conflict of statements as to whether, now that Charles H. Heike, secretary of the American Sugar Refining Co., has been held to court for alleged conspiracy the government will go ahead with its search for men higher up. That Heike is the man were after has been stated in prominent government circles, but the prosecuting officials themselves have, up to the present time, declined to say whether or not there would be further digging into the mystery as to who gave the orders for sugar employees to work cheating scales at the Williamsburg sugar docks.

Plans of not guilty were expected from Heike and the other men named in the sugar frauds blanket indictment, with the possible alternative that denunciations would be interposed for some or all of them.

### LIFE-SAVING DEVICE SAVES

Float Quickly Loosened From Lash-  
ing and Thrown to Man  
Swept Overboard.

New York, Jan. 18.—At the height of a severe storm at sea, Michael Ryan, a sailor on the Philadelphia, was swept overboard by a wave and was rescued against great odds. It was the first real test of a new contrivance for securing and quickly releasing life preservers. Charles S. Lenz, is master at arms on the steamer. He had loaned a life preserver from the lashing he had invented and threw it within 15 feet of Ryan. When the steamer was brought to a stop Ryan was holding to the life preserver fully a half-mile away.

### Institution to Cure "The Blues"

Houston, Jan. 18.—Mrs. Martha Jones a resident of this city and widow of the late Frank Jones, the millionaire brewer of Portsmouth, N. H., has turned over her extensive estate, Echo Park, to Dr. Herlihy of Harvard for such a sanatorium to cure the "Blues."

### Children Gets Mills Estate.

New York, Jan. 18.—The will of the late D. Ogden Mills of New York disposes of his large estate by division equally between his son and daughter. Ogden Mills and Mrs. Whitelaw Reid, wife of the American ambassador to the court of St. James.

## FATHER ARRESTS OWN SON

FORCES HIM TO REBORN GUILTY  
TO ROBBERY STORE.

Young Man Gets Two Years Where  
He Might Have to Serve  
Twenty.

Atlanta, Ga., Jan. 18.—Devotion to duty which runs superior even to the affection of a father for his son, was brought to light when in the trial of Leonard Howe and C. D. Howe, young men charged with burglary, it developed that Leonard Howe had been turned over to the state authorities by his father, Joseph T. Howe, special officer for one of Atlanta's largest manufacturing concerns.

"You ask me why I arrested my own son," said Howe. "I shall tell you. My son and Thomas Lewis were arrested and charged with robbing the Park pharmacy. I visited them and found them guilty. Leonard returned home and was detained there by his sister. I returned home and told him he was guilty and that he must go to court, admit his guilt and take his punishment like a man."

"This statement brought the high court praise from Judge Hogan. There is, indeed, a real man," said the judge, "and an officer who has the highest regard for his oath."

"The judge imposed a sentence of two years in each case. Under the law he might have made it 20.

### GIRL HEROINE OF WRECK

College Amid Tears Skirts Into Band-  
age and Binds the Wounds  
of Injured.

Pittsfield, Ill., Jan. 18.—Miss T. H. Kinsie, a frail, little college girl of Lulu, Miss, was the heroine of a wreck Monday on the Illinois Central in which the life of Fireman Carl E. Kitchen was crushed out by the crumbling of the cab of the engine on train No. 206, St. Louis special from Memphis. Nine men were injured.

Within three minutes after the crash came, when the St. Louis special freight engine, the cool-headed girl was caring for the injured, and doing her best to bring order out of the confusion of the frightened passengers. Tearing off her overskirt, and the sleeves of her skirt waist, she made bandages with which she quickly and skillfully tied up the bruised and cut hands and broken limbs of those who had not been so fortunate as herself in escaping injury.

Fireman Carl E. Kitchen, 29 years old, of No. 308 North Thirtieth street, East St. Louis, was crushed between the engine cab and tender of the passenger train and instantly killed.

### DEAD LABORER A PRINCE

Noble Armenian, Working as Mechanic  
at Madison, Ill., Killed by  
Train.

St. Louis, Jan. 18.—A man supposed to be an Armenian laborer was killed last Monday in Madison by a train. Sunday with much pomp and ceremony, he was buried, with all the honors of a prince. He was a native of Armenia, Macedonia and other affiliated races attending the funeral, for after his death the identity of the man had been established and it was found that he was Prince Paganus Mongourian, 39 years old, and a former general of the Armenian army. During the revolution in Armenia, Turkish rule he led a losing cause, and escaped from the country to avoid capture and probable execution, though held a hero by his people. Coming to New York he became a director in a Macedonian-Bulgarian banking association which failed a year ago with \$500,000 liabilities. Then he came to Granite City to hide himself. He was known there as a mechanic.

### WILL REFUSE TO EAT MEAT

Many Clevelanders Will Try Boycott  
in Effort to Reduce Cost of  
Living.

Cleveland, O., Jan. 18.—Four hundred and sixty superintendents and foremen of 21 of the largest manufacturing concerns of this city, have pledged themselves to aid in a general boycott on meat for 30 days.

In addition to agreeing to do without meat themselves, the superintendents and foremen have promised to induce as many as possible of the 75,000 employees under them to dispense with the food for the same period. If the employees enter into the pact, approximately 30,000 Clevelanders will abstain from meat during the next month.

### Americans Are Tallest.

Washington, Jan. 18.—The mean height of a white native of the United States at full growth from 30 to 35 years is 68.22 inches; of a British-American, 67.65; United States colored, 67.22; England, 66.92; Ireland, 66.91; Germany, 66.67. From this it appears that the average American is over 1 1/2 inches taller than the average German.

### Cardinal Gibbons Finds Prices High.

Washington, Jan. 18.—Most of the prices for food products are clearly out of all reason," said Cardinal Gibbons in an interview. "and the people can not go on paying such prices when they are not earning any more than they were some years ago when prices were not so high."

## THE SEASON OF INCONSISTENCY.

## STRANGE GRAFTS GIVEN CHANGE

INVENTORS SWARM ON AVIATION  
FIELD TO TRY OUT THEIR  
NEW MACHINES.

### STARTLING FEATS IN PLANES

Air—That There Was No  
Accidents Was a  
Marvel.

Los Angeles, Cal., Jan. 18.—Paulhan's attempt to lower Farman's 144-mile record, in a machine that Farman himself built, will not be the only attraction at aviation field Monday if the weather is fine.

A dozen or more surprising Pacific coast aviators have been tuning up their experimental flying machines for a week, and some are ready to be tried. These include every variety of fantastic design, from J. B. Sore's 1000 pound flower-pot stand, which made one ill-starred appearance on the field last week, to Heller's, which is supposed to rise by means of ventilating fans in the roof and then glide slantingly back to earth again.

There is not one which will not fly, according to the inventors. These optimists, however, admit that none of the machines has ever flown. But then there are principles back of them, excellent principles, they admit.

The wind and rain conspired Sunday to test the mettle of ships flying on aviation field. The result was a victory for Curtiss and Paulhan. In half a mile of wind, Curtiss rose to a height of more than 100 feet and there performed as pretty a piece of aeroplaning as has been seen. He described circles in daring fashion, lifting and dropping and beating against the wind and winking up by flying a figure eight.

Paulhan strove to outdo this, going up 512 feet and encircling about like a hawk; but his exhibition lacked some of the brilliancy shown by the American.

Curtiss and Paulhan and Charles K. Hamilton, each driving their own machine, swung around in an aerial marathon. At times they raced together headlong against the wind. Again they played tag with each other. They flew under and over each other and around each other. That there was no accidents was a marvel. The aviators did not want to fly in the wind. They knew that the wind strains the delicate silk planes and pulls at the fastenings. But the crowd was there and something had to be done to amuse it.

### Kills Self With Dynamite.

New London, Conn., Jan. 18.—Residents in Evergreen avenue, just north of Pequot Colony, thought an earthquake had over taken them when William Bennett deliberately placed a stick of dynamite close to his breast, and touching off a fuse, blew away half his body. Bennett's wife was in an adjoining room and it evidently was his intention to kill her also. Bennett was about 35 years old, and had worked with his father driving artesian wells and was familiar with using dynamite. The sitting room in which Bennett ended his life was wrecked, all the windows being blown out and the furniture and bric-a-brac demolished.

### Trolley Trip of 2700 Miles.

Syracuse, N. Y., Jan. 18.—A trip of 2700 miles on trolley cars is to be undertaken by A. J. Littlejohn of this city. He plans to go from Oneonta to St. Louis, Mo., and will use steam railways for only 20 miles of the distance.

### Wants Roosevelt to Referee.

New York, Jan. 18.—In a statement Jack Johnson wants Col. Theodore Roosevelt as referee of the championship fight next July.

## FARMER HELD FOR MURDER

TEN EMPTY SHELLS FOUND BY  
VICTIM'S SIDE.

It Is Claimed Suspect Threatened to  
Kill Anyone Stealing His  
Grain.

Trenton, Mo., Jan. 18.—A tangle of relationships is involved in the killing of James Humphreys, charged with shooting him to death. Hatch was shot apparently from ambush near the village of Lindsey Friday night, and his body was found Saturday morning.

Ten empty shotgun shells were found near Hatch's body, which was literally filled with shot. Neighbors say that Humphreys had complained that his corn was being stolen and threatened to shoot the thief on sight. A sack of corn was found near Hatch's body, but his friends ridicule the suggestion that he stole it.

Detectives have been working on the case since the body was found and have gathered a mass of circumstantial evidence. After the examination of a number of witnesses at a secret hearing of the coroner's jury, Humphreys was ordered arrested. The jury reconvened Monday.

The theory of robbery was exploded by finding \$50 in Hatch's pocket. Hatch's body was found half a mile from Humphreys' line fence. Beside the fence in a stock shed and a corn crib. Within gunshot of this crib were found Hatch's hat and the sack of corn. There are two sets of tracks from the crib, almost to the place where Hatch is believed to have been shot. He wandered a quarter of a mile before he died. Officers Monday measured these tracks and made other observations prior to the meeting of the coroner's jury.

Humphreys' arrest caused little surprise among his neighbors. He is a young widower and some time ago had trouble with his father-in-law, Thomas Pike, who was obliged to pay Humphreys damages. Later Pike a daughter divorced Humphreys. Hatch was an old man, while his wife was a young woman.

Humphreys takes his arrest coolly. He was in the party that brought Hatch's body to town. He has ample means to defend his case. A brother of Hatch's from Oklahoma, who is also reputed to be wealthy, will attend the Tuesday and offer his means to further the defense of his brother, the mysterious murder of his brother.

### ACCUSED OF USING FUNDS

Representative Files Affidavit That  
Ballinger Paid Nephew's Ex-  
penses Out of Treasury.

Washington, Jan. 18.—Charges against Secretary of the Interior Ballinger—other officials alleging improper use of public funds to pay private traveling expenses of a nephew of the secretary were made in an affidavit filed Monday by Representative Hitchcock (Dem., Neb.) with the house committee on expenditures in the interior department.

### Aeronauts to Aid in War.

Indianapolis, Jan. 18.—Jack Bennett of St. Louis and H. H. McGinn former mayor of Osborne, Ind., both daring aeronauts, left here Monday in a special car carrying a fighting airplane for use of the Nicaraguan insurgents. It will mark an epoch, as the first time aerial craft has been used in actual warfare. McGinn says he is under orders to report to Gen. Estrada the insurgent leader, at Huehuetenango, as soon as possible with the aircraft. Bennett goes with him as aid.

### 10 Rescued From Ship.

San Francisco, Jan. 18.—Rescued from the sinking schooner San Huena Ventura after being tossed for two days and two nights by giant waves, without food and water, Capt. Raymond, his wife and baby, his 16-year-old son and six members of his crew have been rescued here and sent to a hospital.

## RECORD VOTE IN ENGLAND

THOUSANDS OF AUTOMOBILES  
AND CARRIAGES USED.

London Safe for Unionists, But the  
Outside Constituencies Are  
in Danger.

London, Jan. 18.—Clear weather and a host of workers on either side using thousands of motor cars and carriages to convey voters to the stations gave promise of a record poll being recorded at Monday's elections for members of parliament.

In doubtful districts the party or candidates were reinforced by an army of canvassers and few voters escaped. In all, 104 seats were contested. Of these 31 were London constituencies and 73 provincial boroughs. Last year the Unionists held 36 of the 104, the Liberals 62 and the Laborites 10. The proportion for London alone was: Unionists, 17, Liberals, 12, and Laborites, 3.

The city of London itself is quite safe for the Unionists, and A. J. Bell and Mr. P. G. Stanbury doubtless will receive majorities even larger than they had at the last election.

### Suffragette Gets a Vote.

London, Jan. 18.—The suffragettes are all envying a woman who actually voted Saturday at Morpeth. Her name was mistakenly inserted in the register and when she demanded the right to vote the election officials were unable to refuse her.

### MISS TAFT IS INTERESTED

Vassar Sympathizer Asks President's  
Daughter to Inquire Into New  
York Strike Situation.

New York, Jan. 18.—Miss Helen Taft, daughter of the president, who was reported as having taken a sympathetic interest in the Philadelphia shirt waist makers' strike, has been invited to come to New York to study the strike situation.

The invitation was sent by Miss Violet Pike, one of the Vassar undergraduates, who has enlisted in the ranks of the strikers.

"We would be glad to have Miss Taft come," said Miss Pike, "and study the conditions among the waist girls at first hand. I believe it will be a great thing to have the sympathy and co-operation of a young woman like Miss Helen Taft."

### NAPLES IS ARMED CAMP

Troops Guard Every Street, But In-  
habitants Threaten to Repeat  
Riots.

Rome, Jan. 18.—Naples Monday is an armed camp. Troops hold every street, and reinforcements have been rushed there, yet the disorders continue and duplication of the riots when 20,000 people attacked the town hall, are imminent.

The promise of the mayor that the city would contribute \$1,500,000 for workmen's model houses had little effect and all night long the disorders continued. Calls for mass meetings and parades were issued by the leaders of the agitation against the general rise in rents. Clashes were frequent and many were injured in the poorer quarters of the city.

### ICE PACK 70 MILES LONG

Towns Are Menaced by the Greatest  
Ice Gorge Ever Recorded  
in Ohio River.

Louisville, Ky., Jan. 18.—The ice gorge at Wolf creek, on the Ohio river, remains almost as solid as granite, and Monday the jammed packs extended from the extreme western edge of Louisville to Brandenburg, a distance of about 70 miles. With this massive barrier holding back the water and the heavy rainfall in the Ohio valley, loss from flood is imminent. The river has reached the flood stage at Louisville.

Although there have been similar gorges in the Ohio river, this is said to be the greatest on record. So serious has the situation become that the head of the government engineering department at Cincinnati has been asked to take up the matter with Washington by wire.

### Spring Butter to Be 35 Cents.

Elgin, Ill., Jan. 18.—Optimistic house wives who expect the price of butter to drop from 40 cents to 25 cents a pound as summer approaches are between 7 and 10 cents off on their queues, according to members of the Elgin board of trade who establish every Monday afternoon. This year creamery officials declare, there will be no drop in the price. The 30-cent wholesale price is predicted. This means butter at the grocery stores at 35 cents.

### Striking Girls Defiant.

Philadelphia, Pa., Jan. 17.—Proposals of arbitration with the manufacturers were hoisted and jeered at by the striking girl shirtwaist makers at a meeting held to consider the subject.

### Bank Fails on Loans.

Evansville, Ind., Jan. 17.—The Citizens National bank is in the hands of a C. O. Johnson, a national bank examiner, who, several days ago, found the bank had several loans of long standing.

## PLAN TO EXHUME BODY OF HUNTON

BELIEF THAT HIS DEATH WAS  
NATURALLY SHATTERED BY  
OTHER EVIDENCE.

### RELATIVES' DEATH LIKE OTHERS

Was a Cousin and Beneficiary of Col.  
Swope—No Arraignment to Be Made  
in Swope Inquiry Until Chem-  
ists Make a Report.

Kansas City, Mo., Jan. 18.—Another recent disinterment and autopsy to determine the cause of death is expected to be made anon in connection with the investigation into the death of Col. Thomas H. Swope and Christiana Swope, the strange symptoms of Miss Margaret Swope and the extraordinary epidemic of typhoid fever in the Swope household at Independence.

The investigation in progress is so thorough that persons most familiar with what is being done do not doubt that the body of James Maud Hunton, who died two days before Col. Swope died will be taken up and the exact cause of his death ascertained.

Persons active in the gathering of evidence on which will be based warrants which they intend to have issued will not admit that arrangements have been made to disinter the body of Hunton, but the nearest they come to denying that it will be done is by saying they have no intention of doing so at present.

The death of Hunton was attended by the characteristic symptoms of apoplexy, which was the cause analyzed by Dr. G. T. Twyman and Dr. H. Clark Lytle, who attended him. Until the revelations came in connection with other deaths, there was not the slightest suspicion that there was anything unusual about his death. Now, however, it is thought he may have been a victim of some subtle poison, the symptoms of which would simulate those of apoplexy.

Hunton was the cousin and most intimate friend of Col. Swope. He was named as a beneficiary in the will of Col. Swope and was to have been one of three executors of the estate. If he had survived Col. Swope he would have received a bequest of about \$50,000. His death two days before the death of Col. Swope caused the amount of his bequest to revert to the residue to be divided, under the terms of the will, among the nephews and nieces. If he had survived Col. Swope the bequest would have gone to his estate.

J. G. Paxton and J. H. Atwood, attorneys for the Swope estate, departed for Chicago to confer with the accountants who are making an analysis of the contents of the stomach of the late Col. Thomas H. Swope, and learn the result of the investigation.

Mr. Atwood would not say whether an arrest would be made if no traces of poison were found in the stomach of the dead millionaire.

### BRAZIL AMBASSADOR DEAD

Mr. Joachim Nabucco Had Represented  
His Government in Washington  
Since 1905.

Washington, Jan. 18.—Joachim Nabucco, ambassador of the republic of Brazil to the United States, died at his home in Lafayette place shortly before noon Monday.

He had represented his government here since May, 1905. Immediately on learning of the ambassador's death, President Taft called at the embassy and left his card.

### Statehood Bill Chances Brighten.

Washington, Jan. 18.—Friends of legislation at this session of congress for the admission of Arizona and New Mexico as states are now confident that the road to joint statehood is open. They believe that the obstacles which have heretofore existed in the senate have been about removed. Senator Beveridge, chairman of the senate committee on territories, will present the administration bill for the admission of Arizona and New Mexico as states. Up to this time Senator Beveridge has been disposed to oppose admission.

### Thirty Clocks to Awake Mims.

New York, Jan. 18.—For the first time in thirty years, Robert Willoughby failed to wake up Sunday morning setting off a series of gongs, gave their when his thirty clocks simultaneously sounded alarms at 6 o'clock. He had died at some time during the night of Bright's disease. Willoughby was 87 years old and had long been employed as a motorman. He was the most punctual employee in the service.

### Dropped Dead After Prayer.

Bloomington, Ill., Jan. 18.—After repeating the Lord's prayer in the Christian church at Fairbury, Mrs. Loretta Anderson, a pioneer of that vicinity, aged 84, dropped dead in her pew.

### Found With Gas Turned On.

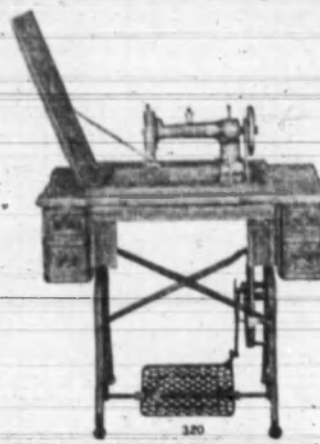

St. Louis, Jan. 18.—Mrs. Theresa Yaser of 3633 Llermann avenue was found dead in her home Monday from gas asphyxiation.

## THE MURRAY LEDGER.

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, JANUARY 20, 1910

Congressman Ollie James is on the committee to investigate the Pinchot-Ballinger affair.

Judge Hanbery has announced that he will appoint W. H. Hooks of Cadiz, as his master commissioner of Trigg county.

Attorney Parr, who was instrumental in exposing the sugar trust's frauds in the importation of sugar into the United States, is to receive \$1,000,000 for his services. Most attorneys must feel a little below par at present.

The constitution of Kentucky provides for only two door-keepers of the legislature, but that body elected a whole flock of them. The people will later on take opportunity to hold the door open in order that many members may quietly make their exit.

Jerry Mason has been reappointed postmaster of Mayfield. The office carries with it a salary of \$2,400 for the postmaster, and \$1,200 for the assistant, and five clerks at a salary of about \$1,000 each. His appointment seemed to surprise nobody, except his opponents.

The school teachers of Ballard county held a meeting to protest against the proposed educational bill that provides for a commission to act as a governing body for the school teachers of the state. The bill also provides that the retiring of teachers shall be fixed by the commission, third

B flat cornet. It would seem with these few hints before it the Times should get the name right next time.

They do things different in Fulton, South Fulton especially. J. Porter Swann, a former Calloway citizen, is the mayor of South Fulton. Bootleggers were progressing too smoothly and Mayor Swann employed the services of Nashville detectives to detect the guilty corn juice peddlers. A liveryman by the name of Burton was arrested upon the evidence furnished by the detectives and it made him real angry. He went into the lobby of the Meadows hotel in Fulton Tuesday afternoon and proceeded to shoot the detective full of holes. Of course Burton declared he was innocent of the crime of "hooling" and took the accusation as an injury to his good name and character and his only recourse was to shoot his accuser and thereby vindicate himself.

Senator Salmon, representing the Hopkins-Christian district, has introduced a bill in the State Senate to abolish the so-called bi-partisan Board of Control of Charitable Institutions. In a recent interview Senator Salmon gave his reason for introducing such a measure, and among other things declared that a compact entered into regarding

the appointment of the officers under control of the board had been violated, and publicly declared the bi-partisan system a farce. The Ledger is in full sympathy with Senator Salmon's views and believes no sane reason can be advanced for perpetuating such a colossal and expensive farce. The Board was created with the single purpose of preparing easy berths for political scalawags, and the expense to the taxpayers of the state of \$18,000 to \$20,000 per year in order that these political non-de-scripts might fatten at the public crib is producing a nauseous feeling. The Charitable Institutions of Kentucky have been just as ably managed in the past years as they are to-day and the tax-payers were not burdened with a highfalutin', high-sounding, high-priced useless political roost pole. The absolute uselessness of such a body can be readily understood by comparison. If there is necessity for such a board to have supervision over the heads of the charitable institutions, who hold their places by appointment of the governor, and are heavily bonded for the faithful performance of the duties prescribed by law, why not also create a board of control of the board of control, and

**FARMERS TAKE NOTICE**  
The Boardhead brand of Fertilizer will be handled at the same price this year as last year, and on the same plan. I do not see any place to better it, and save you and myself. If you do, let it be known and we will act accordingly. There were seven cars ordered last year, (105 tons) and they run out before the season was over.  
The boardhead stood the test in 1908 and 1909, by the side of various brands used.  
Some one may ask how came this move to get up among the farmers? It was due to the association. Three years ago the thought came to their minds, why not handle our own fertilizer and save the middle man's profit? We began writing to get it through to the factories for our goods. The first answer came, "We don't know you."  
The very men who ought to have been known long ago.  
"The other fellow has worked the fertilizer trade up and we can't give it to the farmer." So we wrote the third letter before we got what we wanted. They asked us to refer them to our county judge and magistrate of our district. We did so at once. After investigating they sent us a man from the factory to give us the agency and draw up contract. We asked for the best regardless of price, and we got Boardhead brand. It is the best. The farmers can meet me every 4th Monday at the Farmers & Merchants bank, at Murray. Other times by either phone.

### Death of Mrs. Lieth.

Mrs. David Lieth, wife of the Rev. David Lieth, presiding elder of the Paris district, M. E. Church, South, died at the district parsonage in Paris, Tenn., on Friday night, Jan. 14, 1910.  
For more than thirty years Mrs. Lieth filled the place of an itinerant Methodist preacher's wife. And to say that she filled it well is putting it mildly. She was a devout Christian and all who knew her in the different charges served by her husband can and will testify to the truth of this statement. She leaves her husband and three daughters to mourn their loss. She was hurried at Paris Monday, Jan. 17, after appropriate services, conducted by the Rev. W. T. Bulling, D. D.  
Her many friends know where to find her. **J. M. HAMIL.**

### Simple Remedy for LaGrippe.

LaGrippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs, and is in a yellow package.

### Linn Grove.

Uncle Billie James and wife, of Hazel, have moved here to live with Ed James.  
B. B. Wynns has moved to his new home near Murray.  
Our school is progressing nicely under the management of O. C. Wreather.  
Roy Kelso and Miss Sallie Phillips were married last Thursday evening. Lee Clark said the ceremony.  
Miss Verdine Bruce is the guest of her grandfather and family this week.

### A Wretched Misdeed.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. It invigorates the entire system and strengthens the kidneys so they eliminate the impurities from the blood. Rheumatism, kidney and bladder troubles are all cured by this great medicine. Commence taking at once and avoid Bright's Disease and Diabetes. Sold by all druggists.

Mrs. M. V. Scarborough died Wednesday night of this week about 12 o'clock at her home near Stella of heart trouble and the infirmities of age. She was about 71 years of age, and one of Calloway county's most highly esteemed Christian women. The funeral services were conducted to-day by Rev. Hamil, after which interment took place in the Goshen grave yard.

Have you a weak throat? If so, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another and the last is always the harder to cure. If you will take Chamberlain's Cough Remedy at the outset you will be saved much trouble. Sold by all dealers.

### Calloway County High School.

The new brick building at Hazel is finished. The entire school moved into its new home last week and is down to work in earnest. Sixteen new pupils entered last week. Theron Wells went to Bowling Green to attend school, and after spending a week there came to Hazel and is taking the High School course.  
There are now about fifty boarding students. That the county high school is a success is beyond the possibility of a doubt. Comparing conditions of the opening week with the large attendance, is evident that the people are pleased with the location and selection of teachers.

The citizens of Hazel are to be congratulated upon getting the school and the result of their efforts to make it a success.  
The new pupils that entered are Otis Houston, Locust Grove; Lurtie Cain, Kirksey; Frank Bedford, Coldwater; Herman Raspberry, Shiloh; Hub Dunn, Kelly; Finney Crawford, Salem; Lois and Buford Houston, Hickory Grove; Vera Miller, Mary McLeod, Tully Hall and Lona Bray, Hazel; Agolett Humphreys, Tennessee; Theron Wells, Oran Keys Vancelev; Boudie Doran, Tenn. Albert Carlton; Miss Brinn.

W. D. Edmonds died Monday at his home a few miles Southeast of Murray on the Providence road, after a several months illness of consumption. He was 49 years of age, and is survived by a wife and several children. Funeral services are conducted by the Rev. J. C. Rudd, after which burial took place in the Locust Grove cemetery. Bill Edmonds was a clever man, loyal to his friends, and he was our friend.

"How wonderful is Death. Death and his brother sleep."  
It is a dangerous thing to take a cough medicine containing opiates that merely stifle your cough instead of curing it. Foley's Honey and Tar loosens and cures the cough and expels the poisonous germs, thus preventing pneumonia and consumption. Refuse substitutes and take only the genuine Foley's Honey and Tar in yellow package.

Persons who expect to apply for positions as census enumerators will meet in Murray Saturday, Feb. 5, at 1 o'clock for the purpose of examination or taking the "test." The school building has been secured for the purpose and Postmaster Downs has been designated to conduct the tests.

Mrs. A. E. Short died Tuesday the 11th inst., at her home in Almo after a prolonged illness of consumption. She was a well known lady and about 62 years of age. The burial took place in the Belcher grave yard. Deceased is survived by two children, Robert and Annie E. Short.

Gistoe Stephens came in last week on a several weeks visit to his father, southwest of town. He is now traveling in the south for a Louisville clothing house.

"Had dyspepsia or indigestion for years. No appetite and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, C.

S. H. Dees was called to Columbus, Ky., the first of the week on account of the serious illness of his sister, Mrs. Alice Trevathan.

C. B. Fulton, A. D. Thompson and W. H. Finney left Tuesday on a several days prospecting tour of Texas and Oklahoma.

## -take advantage of the low fares southwest via the Cotton Belt

this month—don't put off your trip southwest until the opportunities there are gone.  
You know that there are big chances for you in the great new southwest—you know, too, that they'll soon be utilized. Why delay your trip? These low fare tickets via Cotton Belt Route to Arkansas, Louisiana, Texas, Oklahoma, and New Mexico are sold on the 1st and 3rd Tuesdays of each month. Plan now to go on the next excursion. You'll have 35 days to look around and you can stop over both going and returning.  
The Cotton Belt is the direct line from Memphis to the Southwest, through Arkansas. It operates two daily trains, carrying through sleepers, chair cars and tourist-class cars. Trains from all points Southeast make direct connection at Memphis with Cotton Belt trains for the Southwest. Let me give you full information, illustrated booklets, etc. Write today to

### Almo.

Jake Mahan and Miss Ethel Griffin have married since our last report.

Carlos Roberts, our efficient rural route carrier, certainly deserves credit for his stickability, as he is the only carrier in two counties that carried the mail during the deep snow. He only missed one or two trips during the entire spell.

We have two stores in Almo now with another nearing completion. We are glad to see our little place grow.

Our worthy prize, J. A. Belcher, as usual is doing a large business in the Association.

Oscar Weatherford, our new blacksmith, is getting all the work he can do now.

Eveline Rowland, little daughter of Claude Rowland, has been quite sick the past week, but is better now.

The young folks, as usual, have lately been enjoying some parties and candy breakings. Sidney Rayburn is going to make a crop with W. R. Eldridge of Route 1 this year.  
**MALDA MCFOD.**

The first examination for common school diplomas will be held in the superintendent's office the last Friday and Saturday in January. Those who pass creditable examinations will be admitted to the County High School, free tuition.

## ..LISTEN..

Not a new business but an old business by a new man.

### LAUNDRY! LAUNDRY! LAUNDRY!

Yes I have accepted the agency for the New City Steam Laundry, of Paducah, and am located upstairs in room No. 4 of the new Graham Bldg. If exclusive attention given to that one business, courteous treatment and fair dealing will secure your patronage, I have nothing to fear, for that will be my motto.

### WILL CALL REGULARLY ONCE

a week to collect and deliver, so save your laundry and look out for the wagon.

Yours very truly,
