FIRST SIGNS OF SPRING

The first real signs of spring have appeared. There is still
more snow on the ground, but the sun is shining and there is
a soft breeze in the air. We are now in spring and what a
change it is from winter. There are many things that
are associated with the signs of spring. The birds are
singing, the trees are budding, and the birds. And the
different countries have begun to come out for sporting
seasons. The weather is getting warmer and the snow
is melting. We can now see the earth and enjoy a
pleasant and beautiful day.

ENGLISH TEACHERS TO MEET IN FAIRBANK, SATURDAY, MARCH 31

The semi-annual meeting of the Council of Teachers of English of the Southern States Educational Association will be held at Tiptonham High School, Pauley, Saturday, March 31. The English Council was organized in 1925 for the purpose of bringing together the teachers of English in this district, that they might work out to a greater advantage, the English problems in this particular locality. Frequent time to time the various phases of English are the subjects for addresses, discussions, demonstrations and round table talks. An interesting collection of hand-work, such as book jackets, letters, charts, etc. is also exhibited.

The program for the year: Miss illian E. Carlson, Tallahassee High School; Miss Margaret Tandy, Instructor in English, Murray Normal, Vice-President; Miss Mary Royster, Fulton High School, Secretary-Treasurer.

The Council is very fortunate this year in obtaining the services of Dr. Charles S. Pendleton, Peabody College, Nashville, Tenn., who is one of the leading educators of the South and on English as an authority on all phases of English work. Dr. Pendleton is an officer in the National Council of Teachers of English and has been one of its active members. He is the author of "Social Objectives in English," a book which is widely studied by English instructors. As head of the department of English at Peabody College for Teachers, he is recognized as one of the outstanding directors of all work in this field, addressing groups of teachers of English throughout the United States. He has probably done more in the field of modern English than any teacher in America.

The program committee is striving to make every member on this program of every day use to teachers. Dr. Pendleton's talks will be especially helpful as he is the author of a guide to teachers constructive criticism and suggestion, rather than theoretical ideas.

Program for Mar. 31, 1928:

FIRST IS SERVICE
We have arranged every detail of our business that
our service is to rival that of any of the larger cities and
to exceed many of them. Our most expensive is of the
same quality, and built for the proper comfort and care
of the sick. Our embalming is done by a gentleman

out any additional charge whatever.
SECOND IS THE CHARACTER OF THE PROFESSIONAL WORK DONE BY THE EMBALMER
As much care should be exercised in selecting the
embalmer to render professional service after death as
used in selecting the physician during the illness. Our
embalmer is a native of twin-city, and has been
trained in the best mortuary schools, and he believes there are none better
