T. J. TATE.

Dr. H. M. Sherman.

This noted Physician and Specialist will return to Hopkinsville at his office at Burdette House, December 15th, and remain till February 15th.

A great many did not have the opportunity to consult Dr. Sherman on his last visit here, owing to his limited time. They should go early on his return. His many patients that he treated here during his stay have improved wonderfully, and the result is others are anxiously awaiting his return to go under his treatment.

Peg Leg's Plunder.

Charles Crutfield, colored, better known as "Peg Leg," is in jail on a serious charge and his chances for the penitentiary are flattering in the extreme. Tuesday night he and a companion and one George Martin were drinking together in one of our saloons. When they left the saloon Peg Leg and his partner grabbed Martin and took from him \$10 and a pint of whisky. Crutfield was arrested and placed in jail and the officers are now looking for the other negro.

The Lecture Course Assured.

At the meeting of the Y. M. C. A. Tuesday night, the committee on a lecture course made a partial and encouraging report. In less than a week the course will be definitely arranged, season tickets issued and an active canvass of the town made by a strong and influential committee. We can not overstate the importance of this course, which includes lectures from Gen. Lew Wallace, author of Ben Hur, and at present running a series on the "Childhood of Christ" in Harper's Monthly; Prof. Joseph Cook, made famous by his Boston Monday lectures, and Wendell, from whom there is none greater on the rostrum. This is the very best talent the country affords. We trust our citizens may take an active interest in the matter, for it is one of the richest results of the Y. M. C. A. By this time next week we hope to be able to announce the list of lectures.

Destructive Fire.

Saturday night last, incendiary fire set fire to the stable of Mr. M. C. Arvin's place, there and a half miles southwest of Penbrooke. The fire was first discovered about 11 o'clock when the stable, corn crib and wagon shed were enveloped in flames. The incendiary left the stable door open and the flames escaped to the lot. The fire was so intense that Mr. Arvin and his son were blistered while pulling down a pail of water to try to extinguish the fire. The fire was out by 1:30. The stable was a large one, containing a lot of horses and a lot of corn. The loss was estimated at over \$1,000 and no insurance. Mr. Arvin came to this county two years ago and was getting a good start on his place. He had neighbors who helped him on this dreadful occasion. He was in the city Tuesday to purchase horses and feed, and feels badly affected by the calamity that has come upon him.

Happiness and Health.

Are important problems, the former depending greatly on the latter. Every one is familiar with the healthy properties of fruit, and no one can afford to be sick and miserable while the pleasant California concentrated liquid remedy, Syrup of Figs, may be had at all drug stores.

The sale of the household effects of the late Mrs. John B. Knight took place at the home of the late Mrs. Knight on Tuesday afternoon. All the sales were made at good figures and most of the things were bid in by the children of the deceased.

John Brown fairly well at the Opera House Monday, Tuesday and Wednesday nights. The living half-woman was a bliss of the finest type. The meretricious performances were good and the entire programme pleasing.

Dr. Alex Campbell will be married to Miss Johnnie Mills, at the Baptist church, at 9:30 o'clock, next Tuesday morning. Rev. J. N. Presbidge officiating. This is one of the most prominent society events of the season and many friends wish the handsome couple a happy voyage.

The attraction at the Opera House next Tuesday evening is strictly first-class. "Silver Spur" is a charmingly striking play. Its characters are true to life while the author inspires them with a romantic fiction that enraptures the audience. Seats on sale at J. B. Galbreath & Co's.

STORY ROOM FOR RENT—Corner of 4th and Lay streets, now occupied by J. T. Barrow. Apply to JNO. R. GREEN & CO.

Mr. R. W. Henry delivered the closing speech in the Garth-Arnold slander suit, at Elkton, yesterday. His speech is said to have been wonderfully clear, forcible and pointed. Mr. Henry is fast achieving a worthy reputation as a lawyer of ability and eloquence. Up to the time of going to press we have not heard how the jury decided, and it is probable that a verdict will not be returned before this afternoon.

Our drawing is a "lottery scheme" but a fair and square one to our subscribers. We do it because it pays and is legitimate. You pay for the paper and the regular price, no more and no less, and we throw in the chance at the premiums. Somebody will get every article on the list. It matters not who. We put up the whole \$1,000 worth and our subscribers take them in. Suppose you take our paper and a chance?

Geo. Witte created a disturbance at the residence of Mrs. Hummel, near the depot, and was fined \$10 in the city court for drunkenness and disorderly conduct. Mrs. Hummel's house was fireproof and she has since been disturbed several times and she is now left alone. She certainly should be protected from the manly disturbances of rowdies and boozers.

For more than forty years LITTELL'S LIVING AGE has kept its readers abreast with the literary progress of the age. Its frequent issue and ample space renders it an unrivaled compilation of a great and constantly growing literature which embraces the productions of the most eminent writers in all branches of literary and scientific work. Its prospect for 1937 is worthy the attention of all who are selecting their reading matter for the new year. To new subscribers remitting now for the year 1937, the intervening weekly numbers are sent gratis. Litell & Co., Boston, are the publishers.

Orders for our paper and the forty-five books for subscribers are pouring in from all points. It is the biggest little offer ever made in this country. Read the list of books and take advantage of the opportunity.

Mail contractor Costello succeeded in closing a contract with Mr. G. B. Coombs for the Garrettsburg route. Mr. Coombs threw up the job some time since because of the inadequate pay. He is now to receive \$1,000 per year for the route, or about \$3,000 a trip. Formerly the price paid was only \$250 a trip. The people along the route have received no mail for several weeks. Occasionally some neighbor would get a letter for him to his immediate vicinity and take it to his friends as a matter of accommodation, but the general public was cut off from the outside world. We believe that the mail will hereafter be systematically delivered.

On a recent visit to Clarksville, a New Era man had the pleasure of being shown through the elegant establishment of Mr. C. L. Cook, one of the leading jewelers in our sister State. It was truly a matter of surprise to find such a display of handsome goods outside of the metropolitan cities. From the finest solitaire diamonds down to the cheapest silver-plated ware, all was elegance and splendor. The special feature in his display were the new and most attractive novelties of the season and all at astonishingly low prices. Skilled workmen were busily engaged in fine watch repairing, which is a specialty of the establishment, and police officers were exhibiting goods to crowds of customers almost continuously. The house is entirely reliable and everything sent out is fully guaranteed first-class. We take pleasure in recommending such business houses and the "push" and enterprise of such men as Mr. Cook making him eminently deserving of the success he has attained.

The North wind blew and we shall have snow and what will the boys do then, poor things? Why they'll just run into the Phoenix saloon late in the afternoon and get on the outside of a good regular drink 'till morning.

A Henderson market the Journal says. "Comparatively the sales last week were but a counterpart of the week before. Prices were about the same and likely will remain so, with slight fluctuations, until about Christmas, when better sellings are expected. About fifty loads were sold last week, mostly of inferior quality and for decidedly inferior prices. A number of farmers brought in samples, but refused to let go at prices offered. The farmers, at least those who sell their tobacco last week, were disappointed in the prices paid. A good deal would be for the farmers to hold back for a little while."

An Owensboro correspondent of the Farmers' Home Journal says: "It appears that you have struck the keynote of the entire situation when you said, in your issue of November 20th, that 'it seems to be universally conceded that the only hope for improving prices in the future is a general reduction of the crop of 1937,' and especially does it seem to be true of the production of tobacco suitable for making strips. We have some kind of cooperation can be effected among the planters, it must be put to every farmer that another year's labor must be thrown away. The general meeting of planters at Lexington, December 7, will in all probability, have a very meager attendance from this part of the State, which is the main strip-producing portion, and consequently but little can be expected to be accomplished tending to reduce the crop of strip tobacco. It seems to me that if this crop of tobacco to have a general reduction at some accessible point, say Owensboro, for the consideration of this grave question. Let us hear from some other tobacco grower."

Owensboro Messenger: There is promise of trouble again this year between the planters of the tobacco factories and their hands on the wage question. The ruling price is forty cents per hundred to strippers, but at a few factories fifty cents is paid. This is the cause of the trouble. At the factory of A. C. Tompkins & Co., yesterday the hands struck for fifty cents and failing to get the case they quit work. The proprietors do not intend to accede to the demand, and think they will have no trouble in filling the places of the strikers in a few days with other hands.

A LITTLE THING OF OUR OWN.

A waspene buzzing about work. And various other little things. He's not a boy, and then a dog. Then made a master's dog.

The reason for this is in his back. Was well, he broke his back.

The truth of this matter is that the newspaper man's check, like all the rest of his anatomy, had become most decidedly "third up" by constant and close examination with a keen eye and a sharp pen.

The editor's check made the heart all sick. "We don't want to be a lawyer."

Can Carry It Solidly.

Hon. J. H. Powell, our able, eloquent and courteous commonwealth's attorney, having finished up his business at the present term of court, left this morning for home. Mr. Powell's ability as an orator ranks second to none in the State. He understands his business and acts his part well. During court we heard his name frequently mentioned in connection with our own.

However, such speculations may be premature, but coming as it does from our most influential citizens, it bears an earnest impress, and shows that idle talk is not their desire. We confidently believe that no man in the whole district could give Webster's vote so solidly as Mr. Powell, and we earnestly hope that the opportunity may be offered by which our prediction can be verified.

Tobacco Notes.

The special tobacco crop report to Bradstreet's indicates that the western leaf crop will aggregate about 235,000 bushels, against 250,000 bushels in 1935; that there has been a decline in the yield of about 30 per cent. in the Bright Virginia and North Carolina leaf, and of about 10,000,000 pounds, or nearly 10 per cent, in the seed leaf crop, mainly during the falling off in a year against the output of 1935.

Of the L. of the market, the Farmers' Home Journal says: "The market continues to drift along without new features, without speculation, without animation and without encouragement to farmers. We may quote the general tone of the market relatively steady and firm for both dark and Burley, on good and medium and all grades above—and with a few exceptions toward the inside quotations. Lower grades are more irregular and uneven, especially the low grade dark leaf and leaf which has probably not sold lower this season."

Of the Henderson market the Journal says: "Comparatively the sales last week were but a counterpart of the week before. Prices were about the same and likely will remain so, with slight fluctuations, until about Christmas, when better sellings are expected. About fifty loads were sold last week, mostly of inferior quality and for decidedly inferior prices. A number of farmers brought in samples, but refused to let go at prices offered. A Correction.

Cards are out announcing the marriage of Dr. A. P. Campbell and Miss Johnnie Mills, at the Baptist church, at 9:30 o'clock next Tuesday evening.

—South Kentuckian.

There are just two things wrong in the above, no cards are out and the marriage will take place at 9:30 o'clock Tuesday morning.

Matrimonial Mixture.

In a neighborhood not a thousand miles from Owensboro, a certain winsome young lady with malice aforethought engaged herself to three young men and set the same day to wed each.

Three happy young men made independent arrangements for three happy weddings, the preacher was notified and everything ready, when the young lady put tragic ending to the farce by sending runners to each swain declaring that she had concluded not to marry at all. The inquirer has good authority for this singular narrative.—Inquirer.

Arrested and Released.

Mr. W. A. Wolf, a former resident of this county, was arrested Thursday night, as he was about to take the train for his home in Missouri, on a warrant sworn out by Wheeler & Mills, tobacco warehousemen. Wolf was placed in jail that night, and Friday was brought to trial before Judge Anderson. Wolf was charged with having obtained \$173 from the above gentlemen on 3 bids, of tobacco which he represented himself as having purchased from one English. This was in 1879. He then left the state and returned here a few days since on a visit with the above results. Because of the absence of English the County Attorney dismissed the case.

Hymenial.

Mr. G. E. Gaither was married to Miss Emma C. Glass, at the residence of the bride's mother, at 4 o'clock Thursday afternoon, Rev. J. W. Venable officiating. Only the family and a few intimate friends were present at the ceremony. Mr. Henry Wallace attended the groom as his best man. After the ceremony Mr. Gaither and bride took the 3 o'clock train for Cincinnati and other points to be absent several days. The groom is one of our successful business men. He came to Hopkinsville about 12 years ago and by industry and frugality has assumed a leading position in commercial circles. The bride has long been a social favorite in this city. She is a young lady of many winning qualities, and the New Era can but extend to them the warmest wishes for a bright and happy life.

One Thousand Dollars And Cost.

The Garth-Arnold slander suit was brought on an end, Thursday by the jury returning a verdict of \$1,000 damages and cost in favor of the plaintiff, Miss Mollie Garth. The case was one of unusual interest and was attended with intense excitement. Mr. E. G. Seebree for the plaintiff and Mr. R. W. Henry for the defendant both made powerful speeches for their respective sides. By the verdict of the jury Miss Garth is entirely exonerated from the damaging rumors that were circulated against her and stands to-day with character unimpaired. Those who know her speak of her as a bright and attractive young lady, and it is to be hoped that the experience of this trying ordeal will not in any way disturb the happiness of her future or mar the claim she has upon an upright and perfect womanhood. At the conclusion of the trial the defense entered a motion for a new trial.
