Every time we sell a man a Suit he is well satisfied that he has his money’s worth.

If, for any reason under the sun, he is not thoroughly and completely satisfied, we will do everything within our power, even to giving him his money back, to see that all matters stand as right as our duties—the facts from which they are derived will make this all impossible. We have been doing this for years and years and we are not particular tailors. We know how to do it, and every man who wants a good Suit will find, in our experience, that he can do it at our store.

COLUMBUS PARK
WILL ADD UNIT
TO STATE SYSTEM

West Kentucky, now in a way to get a state park at Columbus, Ky. Mayor S. C. Broyles has on the Mind of the park. He is being considered for a financial start when the legislature will meet so that the project may get under way. Once the appropriation comes he is likely to become available when a vote to appropriation of the park is made. The immediate financial start that the park needs is the most important.

West Kentucky is the only state without a state park. For one time the people of that locality have been clamoring for the establishment of the park. Once the needed appropriation is obtained, the park may be opened. It will be necessary to have a good appropriation this year to get the work started.
