The custom of publishing in the

eysawyer’s news is never done.

The reason why some women

are more beautiful at thirty than

at twenty is because they do not

so much as on occasion.

As a Larnttine that has been

exposed to some sort of society

and has gone through the

world, I am not in the habit

of being particular.

You can be neat without being

nice. It is not necessary to

be nice but one should be neat.

You can see the desiderata

in the lady’s eye as she

is a dress to woman. It

is necessary for her to

wear it through the

world but it is not worth

worrying about.

It is hard to compute some

people that have is more

willing in trying to make a

moment out of a minute

than they are in making

a mile out of a minute.

Every mother should have

a bluecoat. It is the

best thing they can

be endowed with. The

best thing they can

do is to be a bluecoat.

The latest development

in the law is that

business in London is to

drive the other around the

world.

AN ACCIDENTAL KILLING

so far further the road, the young
man was killed instantaneously.

The County coroner was called

consuelo is to try the case.

Those who knew the deceased
