New Road Now In Operation

FULTON-EDGEWOOD CUT-OFF OFFICIALLY OPENED MONDAY, MAY 7

The one hundred and sixty-nine miles of the new Edgewood cut-off of the Illinois Central system, between Fulton, Ky., and Edgewood, Ill., was officially opened last Monday morning when the first revenue freight train left Fulton at 7:40 o'clock and another at 8:40 o'clock. Two southbound freights left Edgewood Monday night for Fulton.

The Kentucky section, including 42 miles of track, was opened to service a year ago, but the section north of the Ohio river was only recently completed and opened in its entirety for the first time Monday. The initial trains of lumber and general freight with 59 cars in the first train and 52 in the second, crossed the Ohio river at Metropolis at 10 o'clock and 11:30 o'clock. The trains were run as extras.

Among the officials on hand at Fulton for the departure of the first train were J. W. Hevron, superintendent of southern lines of the Illinois Central, New Orleans; H. W. Williams, superintendent of the Tennessee division, Fulton; O. H. MacFarland, trainmaster; J. W. Shepherd, traveling engineer; J. J. Hill, trainmaster; J. S. Rice, traveling engineer; S. J. Holt, roadmaster; R. M. Alford, chief dispatcher; T. J. Davis, general yardmaster; and J. Huddleston, general foreman.

Officials who made the trip across the river to Metropolis were Trainmaster MacFarland, Mr. Shepherd, and Mr. Purcell. The trains crossed the Metropolis bridge, thence over the new line through the Ozark tunnels, and north to Bluff and Edgewood.

By means of the cut-off, the through north and south haul over the Illinois Central is shortened by 22 miles. The topography of the country is broken by the foothills of the Ozarks in the 127 miles of the Illinois section and is pierced by three tunnels. The new line traverses Clay, Marion, Jefferson, Franklin, Williamson, Saline, Pope, Johnson, and Macrae counties in Illinois and McCracken, Graves and Hickman counties in Kentucky. There is no grade exceeding a rise of three feet in a thousand feet, nor a curve of over 1 degree 30 minutes. Three tunnels were constructed, 12,657 feet of trestle were built, 16,111,000 cubic yards were excavated, including 4,680,000 cubic yards of rock; 6,366 tons of pipe and 12,035 cubic yards of masonry were laid. The work was done by contract under the supervision of the company's own engineers.

The cut-off represents the Illinois Central's solution of the problem of increased capacity to care for its rapidly growing volume of through north and south business. Since 1902 the amount of freight moving over the Illinois Central bridge at Cairo, heretofore the bottleneck of the system, has increased more than 200 per cent. The new cut-off relieves the congestion and facilitates the movement of the traffic.

In order to handle the business of Paducah, the yard was extended and a new connection built between the Illinois Central and the Paducah and Illinois railroad to facilitate the movement of trains departing from Paducah either to Fulton, Edgewood or Cairo.

A feature of the new line is the scarcity of highway grade crossings. Highways crossing the railroad in 146 places pass

over or under it, thus eliminating the danger of crossing accidents. Crossings with five other railway lines also are protected in this manner. In one place the new line runs perfectly straight for sixty-three miles. Altogether the cut-off eliminates 4,014 degrees of curvature and 1,087 feet of rise and fall between Edgewood and Fulton.

FULTON GIRLS WIN

Successful Contestants Are Martha Craig Rucker, Sara Butt and Daltie Cleveland

Three of Fulton's High school girls won distinction this week in the scholastic feature of the spring meet of West Kentucky and Tennessee.

Martha Craig Rucker, the attractive daughter of Mr. and Mrs. Lee Rucker, of this city, was awarded two medals: a gold one, the first ward in penmanship; a silver medal, the second award in spelling. These two subjects were warmly contested and Martha Craig was the high school girl who was successful. Miss Rucker is in the 1928 graduating class and has won much praise for her exceptionally splendid work.

Miss Sara Butt, daughter of Mr. and Mrs. W. R. Butt, an accomplished music pupil of Miss Doris Huddleston, and who also graduates this May, was awarded the gold medal as winner of the piano contest. Miss Butt's playing was decidedly the best rendered by any of the eight contestants, and her friends are indeed proud she won for Fulton High.

Miss Daltie Cleveland, the daughter of Mr. and Mrs. E. A. Cleveland, who is valedictorian of the 1928 class, was awarded the silver medal in public discussion contest.

Miss Cleveland spoke forcefully and with eloquence. She is very accomplished in the art of public discussion and deserved the honor bestowed.

SOUTH FULTON HIGH SCHOOL

On Monday evening, May 14, the Senior class of South Fulton high school will present their class day program, and the annual senior play. The play this year is, "The Spell of the Image." The pupils are working hard to make this production outclass all former efforts.

On Friday evening, May 18, Dr. E. A. Wright, of George Peabody College, Nashville, will deliver the commencement address and Supt. H. L. Jones will present the diplomas to a class of twenty.

The baccalaureate sermon delivered last Sunday morning by the Rev. Herbert Vaughn, at the First Methodist church and the musical program was enjoyed by a crowd of more than one thousand.

FRED HUMES WILL SHOW AT ORPHEUM IN "PUT 'EM UP"

While the nation is being startled with the endeavors of many people doing a galaxy of stunts such as flag-pole sitting, airplane flights, pancake eating, and the like, a new person now comes forward with a different kind of record that is required as much fortitude as any of the others.

The man is Fred Humes, Universal's popular Western film star, who will be seen in "Put 'Em Up," at the Orpheum, Friday, May 11. Fred made his record while punching cows in Idaho.

Mother

Fulton Chamber of Commerce

Members Seeking Favorite Son As New Secretary

The regular monthly meeting of the Chamber of Commerce was well attended Tuesday night with President A. M. Nugent presiding. Those present had the interest of the community at heart and expressed a desire to secure a secretary to carry on the work. Many talks of interest were made and the members became greatly enthused when the name of Joe Davis was mentioned as secretary, if he could be prevailed on to take up the work. Time and again he has refused to consider the secretaryship with a paid salary notwithstanding the fact that he has devoted more time to the work of the Chamber of Commerce within the past fifteen years than any member of the organization.

It was the first time since the organization of the Chamber of Commerce was perfected that every member in attendance voted in a secret ballot unanimous. The twenty-nine members not only voted unanimously but signed a petition urging Mr. Davis to accept the secretaryship believing that he is the man best suited to carry the work on in Fulton.

Members who were not present at Tuesday night's meeting are seeking the petition to sign and every effort will be made to get Mr. Davis to take hold of the work. All signing the petition promise faithfully to stand solidly behind him as a leader for the best interest of the community should he accept.

Mr. Davis is connected with several businesses in the city and he may have to sacrifice some of his interests should he take up the work.

DR. COHN MOVES OFFICE

Dr. Seldon Cohn wishes to announce that he is now located in his building on Walnut street, occupying half of the upper story with his office and operating rooms, where he will be pleased to welcome his patients and friends.

The Irby Drug Co., is located on the first floor of the building with an attractive display, while the Irby Fashion and the Marinello Beauty Shoppe occupy the adjoining store room, facing Walnut street.

CIRCUIT COURT MEETS MONDAY IN FULTON

The May term of Circuit Court for Fulton County began its grind of justice in Hickman Monday with Judge Joe Warren presiding, and on Monday, May 14, will convene in Fulton. A new system goes into effect with this term of court regarding jurors, says the Hickman Courier.

Heretofore a separate set of jurors have been drawn for the terms of court here and at Fulton. Now the jurors are drawn from all over the county as for one term of court and serve for both Hickman and Fulton, tacitly merging the courts.

The jurors of this court are picked from all over the county, for reasons before assigned. The list follows:

Grand Jury

Hickman—Henry Sanger, W. C. Sowell, H. R. Sublett, E. S. Cruce, S. H. Pruett, J. E. Logan, E. A. Hammond, Henry Pollock, S. L. Royster, K. A. Mitchell, E. Dobson.

Fulton—Tom Newberry, Tom Boaz, T. E. Murdaugh, Herman Roberts, Ramsey Snow, J. B. Varden, C. N. Barnett, Robert Chambers, A. F. Imman, E. E. Bondurant, J. W. Hackett, O. C. Croft, D. H. White.

Petit Jury

Hickman—J. P. Thomas, J. M. Roper, B. F. Briggs, Homer Provow, A. M. Jones, D. D. Davis, Tom Argo, C. L. Shaw, Oris Leet, H. A. Kettler, Chas. Becham, Henry Clay, W. E. Caldwell, Lee Page, J. H. Millett, J. H. Peavler, W. D. Lutten, Fulton—C. B. Jones, J. B. Imman, R. C. Goodwin, Roy Bard, S. T. Evans, J. R. Scott, John Newberry, T. R. Bellew, J. R. Kirby, Clint Reed, Will Whitnell, Sam Bennett, Jim Carrell, W. T. Easley, T. Whipple, C. A. Binford, Elvis R. Campbell, Dean Collier, Graines Legg.

Notice to Chicken Owners

There is an Ordinance prohibiting chickens from running at large in the city limits, and this is a fair notice to chicken owners to keep their fowls up or pay a fine.

Bailey Huddleston, Chief of Police.

FULTON COUNTY FAIR ASSOCIATION

Will Hold Its Annual Meet On August 28 to Sept. 1, This Year

The 1928 fair this year will be the best in its history, says President J. W. Gordon, and nothing will be left undone to make the event a brilliant success.

It will be five days of pleasure and enjoyment for all who attend August 28, 29, 30, 31 and Sept. 1. The races, as usual, will be a feature and some of the best trotters and pacers will be here.

The exhibits this year promise to be unusually attractive in each department and the various superintendents are hard at work putting forth every effort to surpass last year's exhibits.

A keen interest is being taken in the dairy department and much better cattle will compete for the prizes.

J. T. Watkins, who has worked hard to bring the poultry department up to the highest standard of excellence will outdo himself this year in making the show the best and biggest ever exhibited at any fair in Western Kentucky. He started some months ago to make this year's show a howling success and no one will be disappointed on visiting the poultry department this year.

Of course the Floral Hall will be filled with attractive displays as usual with many added exhibits.

Secretary Wade is working overtime to obtain the best amusements and free attractions for the big event. So begin making your plans now to attend this year's fair if you want to have a good time and enjoy the big show of the year.

AN APPRECIATED LETTER

Miss Martha Craig Rucker, Fulton, Kentucky. Dear Martha Craig:

It is with no small degree of thrill and pride that I acknowledge observance of your much coveted honor in school activities at this time. I long ago was convinced of your keen intelligence and ambition to win.

Go right along, little girl, with your good work and remember at all times that those who continue to strive for the higher places in life are always the winners. Some of us are made to rejoice in the fact that the royalty of our ancestors is one of life's great assets. This kind of sentiment is being rapidly crowded further and further into the background, in that we are now being made to understand that within the realms of the law of service hinges the verdict of human conscience. "He who wears the golden spurs must win them."

Press onward and upward; grow as you go; seek not the acquisition of honored places through any political or social pull; create within yourself that self-propelling driving power; make that individualism and natural personality of yours the one basis of dominating power. It is man's greatest and most enduring power; it is a God-given heritage and is largely worth to every individual just whatever he thinks it is. I am with you to the finish and am sharing with your parents a portion of the joys of your success. With all of the best wishes to you, I am

Very cordially yours,
S. S. MOTLEY.

POULTRY BREEDERS NOTICE

There will be a meeting of the Fulton Poultry Association in the Chamber of Commerce Rooms Monday night at 7:30. Whether you raise poultry or not, if you are interested, come out and join us. We need your help. Annual election of officers and plans for the coming show will occupy most of the time.

Thos. Exum, President, J. T. Watkins, Secretary.

"AFTER MIDNIGHT" PRESENTS A NEW NORMA SHEARER

"After Midnight," Norma Shearer's new starring vehicle for Metro-Goldwyn-Mayer, which opens May 14 at the Grand Theatre, is a dramatically human play of a life which begins in poverty and ends in poverty, and presents the star in a new characterization. The episodes between the beginning and end are set in the trappings of wealth, filled with the tinsel and glitter of the night clubs of a great city and portray a young girl's struggle to combat life. The enemy is not some silk-hat villain, as is usually the case on the screen, but that much more brutal thing, Life itself.

The story was written and directed by Monta Bell and tells the love of a cigarette girl for a thief. In the end the thief reforms and becomes a taxi driver and their youth and romance triumphs over the evil about them. It is so humanly realistic that it dares to present life as it is and yet finds a place for the homely, simple virtues to shine. Lawrence Gray plays opposite Miss Shearer. Gwen Lee appears in an important supporting role.

MRS. ANNA E. COVINGTON PASSES AWAY

Funeral service for Mrs. Anna E. Covington, who died Sunday morning at the family home on Arch street after an illness of several weeks duration, was held Tuesday afternoon at one o'clock at the First Methodist church, the Rev. Herbert Vaughn conducting the service, assisted by the Rev. A. N. Walker. Interment followed at Halls, Tenn.

Mrs. Covington was born in Somerville, Tenn., December, 1861. Early in life she professed faith and united with the Methodist church, living a consecrated Christian life until the end. She was loved and esteemed by a large circle of friends and will be sadly missed in the home circle, especially by the loved ones who did all in their power to prolong life and cared for her so tenderly during her illness. In the passing of this good woman the community keenly feels its loss.

Surviving are two sons, J. B. Covington of Fulton, and T. W. Covington of Halls, Tenn., and one daughter, Miss Lois Covington, of Fulton.

VEAL CALVES WANTED

Veal calves and cattle wanted at the Fulton Stock Pen, Saturday, May 12. J. H. Duncan.

Your Home

The first impression your visitor receives depends largely upon the appearance of your home. Well painted and tastefully decorated homes are both a financial and social asset.

SNAPPY STORY OF 1928 HAS CLARA BOW AS STAR

Bringing Clara Bow to the screen for her fourth starring picture with Paramount "Get Your Man," comes to the Grand Theatre on Monday and Tuesday. The madcap flapper of the screen, whose brilliant work in "Dancing Mothers," "Mantrap," and "Kid Boots," brought her to stardom for "It," "Rough House Rosie," and "Hula" has in her latest picture the same sort of role which won her laurels in her former parts.

The locale of the story is France where Miss Bow is an American tourist endeavoring to see Parisian life alone. There she meets a young Frenchman (Charles Rogers) and is forced to remain all night with him in a wax-works museum when the doors are locked by the night watchman who believes the place to be empty.

Here, in the midst of me-

chanical figures which execute famous historical events such as coronations, murders, lynchings and imprisonments, the two fall in love, but not until they have encountered numerous thrilling experiences with the grotesque models. The complications are increased when it is learned that the boy has been engaged for 17 years to a girl he does not love. The remainder of the picture is a series of comedy situations in which Miss Bow tries to break down the French betrothal tradition.

Miss Bow and Rogers, seen together for the first time since their success in "Wings" make an ideal combination. Josef Swickard and Harvey Clarke, screen veterans, play the father parts with Clarke supplying some extremely funny eccentric comedy. Josephine Dunn, who will be remembered in "Firemen, Save My Child," "Swim, Girl, Swim," and others is once more "the other girl."

NOTICE

Beginning Monday, April 16, I will begin custom hatching hen eggs at \$2.75 per tray of 150 eggs. Eggs set every Monday morning. Bring your eggs on or before that day. W. C. Latta, Route 4, Fulton, Ky. Telephone Exchange Crutchfield.

ORIENTAL TEA

The Oriental tea given by Circle No. 5 of the first Baptist church Friday afternoon and evening at the Chamber of Commerce was one of the most attractive and unusual programs that has been given in Fulton in a long time.

The room was a bower of exquisite spring blossoms transforming it into a flower garden by large wicker baskets and vases placed at every vantage point. The colors blended beautifully with the flags of every nation. Shaded lights and pretty colorful lamps were used effectively, while handsome shawls draping the piano and table finished the artistic touch to the surroundings.

Mrs. T. F. Thomson was splendid in her portrayal of a Hindu medium, and gave a "seance," while gazing in the crystal ball, saw the following program mature:

Miss Mary Elizabeth Beadles, the Southern girl dressed in a becoming orchid taffeta, sang, "When Honey Sings An Old-Time Song," and "Spring Song."

Miss Anne Lucille Goldsby, as the Irish girl, in a pretty green taffeta, sang "Last Rose of Summer," and "Peggy O'Neil."

Miss Agatha Gayle, the Polish girl, in a vivid dress of green with Red Russian shawl, played two lovely piano numbers by Paderewski.

Mrs. Chas. Gregory, Spanish girl, was wearing yellow tulle, with a Spanish shawl, black lace mantilla, sang, "The Spanish Maiden," and "O Sole Mio."

Mrs. Hardeman Howard, Japanese girl, wore a beautiful Japanese coat with yellow pompons in her hair, sang, "Japanese Love Song" and "Mr. Butterfly."

Miss Mary Hughes Chambers, the Norwegian girl, wearing a quaint flowered costume with green girdle and apron, played two charming numbers by Grieg.

Miss Frances Galbraith, the Indian maid, with her Indian costume of beads and feathers, sang, "Swaying Willows."

Mrs. Williams closed the program with two American numbers, "Invocation to the Sun" and "Moonlight, Starlight."

Miss Doris Huddleston was the charming and sympathetic accompanist for the lovely program.

Misses Mary Croft and Katherine Cook were the ushers, while Mrs. C. F. Jackson and Mrs. M. L. Boulton served punch during the afternoon, and Mesdames John Earl, Glen Robertson served during the evening. Mesdames B. Copeland, Earl Taylor, kept the register.

Mrs. Curtis Ledford, the chairman of the circle, and Mesdames J. W. Stockdale, W. C. Valentine and N. M. Bondurant greeted the guests. Quite a nice sum was realized for the organ fund.

American Legion Auxiliary

Much could, and should be said of our American Legion Auxiliary and the great work they are doing. Great orations, little speeches, many talks and lectures have we each attended where the men who fought for their country were praised and encouraged and awarded medals for their intrepidity and heroism during the war, which was as it should have been, for they deserve every word of praise that can come from mortal tongue.

Have we ever stopped to think of the great bravery or the immeasurable sacrifices, untold suffering and unselfish heroism of the brothers, sisters and wives of our American Dough Boys? But for them could there have been such cheerful abandonment of homes and loved ones for the battle fields of France?

They did their part then in many, many ways; they are still doing it, giving their time in service to the war-casualties who are still living, helping to keep fresh the memory of the ones who gave their life that we might enjoy the rights and privileges of democracy. It is an honor to belong to this wonderful organization, for it means that you are willing to be of service to the disabled war veterans; it means that, along with your other club activities you do belong to one that brings joy and needed help to others besides yourself and to the ones who should be very dear to your hearts. Class distinction has no place in this admirable institution; the millionaire's wife or sister or mother should feel that the laborer's wife, sister or mother's help is just as essential as theirs.

The Marshall Alexander Post No. 72 anxiously desires that everyone who is eligible to join the Auxiliary, do so at once. Only wives, mothers and sisters are eligible. When this post was first organized in August, 1926, they adopted a war at the hospital at Outwood, Kentucky; since then they have aided in many ways to make these boys happy. They furnished bed lamps for each bed; they send \$5.00 monthly to their birthday fund, also \$5.00 to the Hostess House, which is a house especially for the families of the boys to come and stay when they are visiting them. Sometimes, when a boy is real sick, it is necessary for his family to stay there for weeks at a time, and this fund takes care of them during this time. Among other things our Auxiliary has sent are bowls of flowers, on Easter, Thanksgiving and Christmas and at other holiday occasions; boxes of jelly, cakes, Christmas boxes, stationery, stamps, razors, shaving cream and substantial amounts of money. These boys so appreciate these things that anyone having had a son, brother or husband in the world war just can't help feeling little tugs at their heart when they think of them still going on suffering and getting some cheer out of it. Answer those tugs by joining the Auxiliary now. They need you. The Auxiliary tries above all things else, to

create cheer for them.

The latter part of April, the district convention of the American Legion Auxiliary was held at the Fulton Country Club, with the Fulton Unit as hostess. 54 delegates, alternates and visitors and 4 state officers were present. The meeting was called to order by Mrs. Patterson, of Mayfield, who presided over the meeting in the place of Mrs. Hannin, of Paducah, district committee-woman, who had just lost her mother the previous day. Mrs. J. R. Snow gave the address of welcome, which was responded to by Mrs. Eva Jane Washburn, of Paducah. During the all-day session many interesting things were discussed and a very enjoyable musical program was rendered. The hostesses served a delightful luncheon during the noon hour and the convention adjourned at four o'clock to meet again in Hickman next year.

Let's get busy and help this wonderful organization and create a real live Auxiliary, of which our brothers, husbands and fathers can be proud. Other towns have them—we can, too!

TIMELY ADVICE

If you are impatient, sit down quietly and talk with Job.

If you are just a little strong-headed, go and see Moses.

If you are getting weak-kneed, take a good look at Elijah.

If there is no song in your heart, listen to David.

If you are a policy man, read Daniel.

If you are getting sordid, spend awhile with Isaiah.

If you feel chilly, get the beloved disciple to put his arms around you.

If your faith is below par, read Paul.

If you are getting lazy, watch James.

If you are losing sight of the future, climb up the stairs of Revelation and get a glimpse of the promised land.

BEELERTON HIGH SCHOOL NOTES

The Beelerton Boys met the Bardwell boys on Clinton court again Wednesday afternoon. The Bardwell boys won another victory over our team, with a score of 14-10. During the three games which we have played with Bardwell, they have won with a total amount of only 7 points.

The Faculty play, entitled, "The Prairie Rose," which was given here a short time ago, was presented at Fulham High school Auditorium, Saturday night. May 5 it proved a very great success. Our part of the proceeds were \$21.00.

NOW WE CAN CLEAN HATS

This is our first appeal in 4 years for Hats. We have just made an improvement in our Hat Department that revolutionizes hat cleaning and justifies this appeal. Phone 130. O. K. Laundry.

Lesson for May 13

JESUS ENTERS JERUSALEM

LESSON TEXT—Mark 11:1-11.
GOLDEN TEXT—Behold, thy King cometh unto thee; He is just, and having salvation.

PRIMARY TOPIC—Hailing Jesus as King.

JUNIOR TOPIC—Hailing Jesus as King.

INTERMEDIATE AND SENIOR TOPIC—The Kingly Qualities of Jesus.

YOUNG PEOPLE AND ADULT TOPIC—Jesus Asserts Messianic Authority.

1. Jesus Officially Presented to the Jewish Nation as King.—(vv. 1-11).

This should not be designated the triumphal entry, for it was so only in outward appearances. The shouts were empty and meaningless. It was the promised King publicly offering Himself to the nation.

1. The preparation (vv. 1-6).

(1) Two disciples sent for the ass (vv. 1-3).

He told them just where to go to find it, and how to answer the owner's inquiry. The providing of this animal was the working out of the divine plan according to Christ's foreknowledge.

(2) Obedience of the disciples (vv. 4-6). Without asking why, they go at His bidding. The command may have seemed strange and unreasonable, but they rendered explicit obedience.

2. The entry into Jerusalem (vv. 7-10).

(1) The disciples put their garments upon the ass and set the Lord upon it (v. 7). This act showed their recognition of Him as their King (II Kings 9:18).

(2) The multitude (vv. 8, 9). Some spread their garments in the way; others who had no garments to spare cut down branches and strewed them in the way, which was just as acceptable unto Him. This entry was in fulfillment of a prophecy uttered some five hundred years before (Zech. 9:9).

They uttered the very cry which the prophet foretold. This is a clue to enable one to understand the prophecies which are unfulfilled as yet. If the prediction of His first coming was thus literally fulfilled, we must believe that those of His second coming will likewise be literally fulfilled. The prediction of Zechariah 14:3-11 will be just as literally fulfilled as that of Zechariah 9:9.

(3) The Lord's action (v. 10).

Upon entering the temple, He looked around upon all things; but as it was eventide He withdrew to Bethany with the twelve.

II. Jesus Exercising His Royal Authority (vv. 12-19).

1. The barren fig tree cursed (vv. 12-14).

The fig tree is typical of the Jewish nation. The fruit normally appears on the fig tree ahead of the leaves. The presence of the leaves is the assurance of fruit. This was an acted parable of the Lord's judgment on Israel for pretension of being the chosen people without the fruits thereof.

2. The temple cleansed (vv. 15-19). For the various sacrifice: In the temple, many oxen, sheep and doves were needed. Many persons came from the distant parts of the land; therefore it was impracticable for them to bring their sacrifices with them, so they brought money and bought the animals needed. This privilege the law had granted to them (Deut. 14:24-26), for the exchange was necessary. When evil men used it as an opportunity for gain, it became an offense before God. It defiled His house. Jesus made Himself a scourge of cords and drove out the money changers, overthrowing their tables and pouring out their money. By this act He declared Himself to be the Lord of the temple and one with God. That which God intended to be a "house of prayer for all nations" was made a "den of thieves." This action symbolized the call of the nation to repentance.

III. Jesus' Authority Challenged (vv. 20-23).

They challenged Him to show by what authority He accepted the honors of the Messiah, and who gave Him the authority to cast out the money changers. This seemed to place Jesus in a dilemma. He responded by a question which placed them in a counter dilemma. Since John was His forerunner, the divinity of His commission rested upon that of John. They were powerless to discredit John, because the people accepted him as God's prophet. If they had accepted John's message they would have been prepared to accept His. They weakly confessed that they could not answer the question.

Route to Glory

"He must increase, but I must decrease." This is your route to glory. Unless He increases in your life and you decrease, your life will be contrary to what He wants it to be. In fact, it will be fruitless. In all things He must have the pre-eminence if you would be fruitful for Him."

Worthy Qualities

A man cannot persistently admire worthy qualities and not eventually partake of them.—Brown.

Clean heat

No black kettles to scour!

How much pleasanter cooking is, when there are no black pots and pans to scour afterward! Every woman who cooks with a Perfection Oil Stove is spared that horrid nuisance.

There is never a speck of soot. For in the long chimneys, every drop of oil is completely burned before the heat reaches the cooking.

Perfection flames stay at the height you set them, so you need never fear they will "creep up" and make the kitchen sooty.

Soot, as you know, is half-burned kerosene—just wasted heat. With Perfections you have real fuel economy, as all the oil is changed into cooking heat. They burn only kerosene, the safe household fuel.

Miss Allen says—

"Utensil bottoms are free from soot when cooking is done on the Perfection Stove."

MISS LUCY G. ALLEN
Principal, Boston School of Cooking.

With Perfection you will have wonderful cooking results, and your utensils will stay shiny as new. See the newest Perfections at any dealer's—1 to 5 burner sizes. Priced from \$7.25 to \$130.

PERFECTION STOVE COMPANY
Chicago Branch—
4301 South Western Blvd.

PERFECTION Oil Stoves & Ovens

WARNING: Use only genuine Perfection wicks on Perfection Stoves. They are stamped with red triangles. Others will cause trouble.

No smoke, soot or odor with Perfection long chimney burners.

We invite your inspection of the New Perfection. All Sizes.

Main Street, Fulton, Ky.

SOY BEAN HAY CROP IN PURCHASE

By Ralph Kenney
Ky. College of Agriculture

The extent to which Western Kentucky has adopted the soybean for hay is shown by the estimates of seed sold in 1927. Eight counties which in 1920 used not to exceed 500 bushels of seed, sowed approximately 1,700 bushels in 1927.

The same territory was credited in the 1920 census with 9,024 acres of clover and 14,559 acres clover and timothy mixed. Both of these have decreased largely. There were 7,418 acres annual legumes out for hay, mostly cowpeas, and the acreage of cowpeas has decreased. There were but 2,691 acres of alfalfa, 1,800 of this in Fulton county. The alfalfa acreage has been doubled in all counties in the Purchase and an equal acreage of sweet clover has been added in all counties, except Fulton where the alfalfa acreage is large.

There has been a large area seeded in Jap clover used largely for pasture. It becomes apparent that the legume hay most universally used is soybean hay. The acreage will have to be raised to 10,000 acres in each county and held there or higher before livestock can be expected to make a satisfactory return throughout this territory as a whole.

The seed used in various counties last year is estimated as follows: Graves, 5,890 bushels; Hickman, 3,300 bushels; Carlisle, 2,500 bushels; McCracken, 2,000 bushels; Ballard, 1,500 bushels; Calloway, 1,000 bushels; Fulton, 2,000 bushels, and Marshall, 300 bushels.

WATER VALLEY, KY.

The thirteenth annual commencement of the Water Valley high school started last Sunday night when the Rev. H. B. Vaughn, pastor of the First Methodist church, of Fulton, delivered the baccalaureate sermon.

On Monday night, the Ladies' school club presented the play entitled "Aunt Jorishy on the War Path."

On Tuesday night the Junior class presented the play entitled "Nora, Wake Up."

The Senior class presented its annual play Wednesday night, entitled, "He's My Pal."

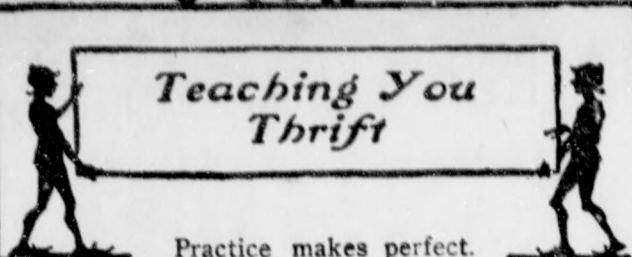

Thursday night the pupils of Miss Lorene Wright appeared in a musical recital.

Dr. W. R. Bourne, of the Murray State Teachers' College, will deliver the address to the graduating class tonight, (Friday). Presentation of diplomas will be made by H. H. Mills, principal of the school.

Smith's Cafe

Neat and Attractive Service and Food the Best

It is a pleasure to go to this cafe for a lunch or full meal.

Practice makes perfect. Schoolmasters of today as well as yesterday constantly repeat that truth. Pupils learn by applying it.

Application of that principle to our everyday habits proves its practical help. We learn by practicing, whether it be a good habit or a bad habit.

This bank teaches you thrift by leading you to practice it. The lesson is easily learned once it is begun. To become perfect in it requires constant practice. A savings account is the most consistent method of practicing thrift.

JERSEY HEIFERS DUE NEXT WEEK

Several Registered Males Will Also Be Purchased

(Hickman Courier)
Arrangements for the placing of more than a score of registered Jersey heifers in this end of the county with the 4-H club boys and girls, and also for the purchase of several registered males for groups of farmers in the different communities, were practically completed this week and County Agent McPherson hopes to take a committee of farmers to buy the stock the first of next week.

The heifers will be placed in the Brownsville neighborhood, the Sylvan Shade community and around Cayce, with the club boys and girls. Bull blocks for the purchase of registered males have practically been completed in the Brownsville and Sylvan Shade sections and it is hoped to also have one in the Cayce neighborhood. At the same time arrangements are being made to place heifers with the club boys and girls in the other end of the county and form several bull blocks there.

The Hickman Bank & Trust Co., will finance the purchase of the heifers for the club boys and girls in this end of the county and the two Fulton banks will finance those for the other end of the county. The farmers themselves are financing the blocks to purchase the registered males. It is felt that this will be a great step forward in the development of the dairy industry in Fulton county and great interest has been displayed everywhere.

RATS DESTROY GROWING CROPS

Farmers Below Hickman Report Whole Fields Must Be Replanted

Hickman, Ky.—Rats are causing great damage on a number of farms below Hickman, and while they infested that section in great numbers the past year, they have never before damaged the growing crops and the seed planted. They have not only eaten a large acreage that has come up, but have dug up the grains before they sprouted.

While the damage is thought to be widespread, those reporting the greatest damage are nearer town. Sid Hamby, chief of police of Hickman, who farms on a large scale, had to replant about 25 acres of corn the rats ate, and Roscoe Stone, another Hickman planter, lost about 15 acres. The rats followed along the furrow in one field of Mr. Stone's and dug the grain up, digging little holes at each hill.

W. A. Johnston and E. D. Johnson and others who reported losses because of rats.

A concerted campaign against them is being planned and Mr. Stone has ordered a gas gun to supplement poison in fighting the rats, which live in great colonies around old stumps and such.

County Agent H. A. McPherson has tried to get the U. S. Department of Agriculture to send one of its expert rat crews down here, but the department advised it would be June before it could reach this section, the demand other places being so great.

On one farm an ear of corn was thrown out to see how many rats would attack it, and one of the men on the place shot into the gang with a shot gun, killing 12 rats. The same afternoon the negroes on the place shot 145 rats. They were never seen in such numbers before and damage from them is great.

A nice gift. Send The Advertiser to a friend one year—only \$1.00.

Over Twelve Miles of Concrete Streets Please Ashland Citizens

Smooth, clean and safe, over twelve miles of concrete streets give citizens of Ashland, Ky., 100% satisfactory service.

Portland cement concrete is the ideal paving material for the motorized traffic of today.

Ashland taxpayers were so pleased with their first concrete streets that they used this material exclusively for contracts requiring over 100,000 square yards of new pavement during 1925.

FULTON COUNTY COURT VOTES ROAD BOND ISSUE

Will Complete Links in Roads
Already Built

Hickman, Ky.—The first real meeting of the fiscal court since the death of Judge C. D. Nugent, county judge, nearly two months ago, was held with the new judge, Henry McMullin, presiding, and it was a busy session.

Another step forward was taken by the court when they voted three to one to advertise and sell \$50,000 additional road bonds at the June meeting in order to buy adequate machinery to maintain the roads already built and to complete the links in the roads built last year. Delegations of citizens from Hickman and Fulton appeared before the court to discuss the matter and urge that the bonds be sold so that the roads started last year might be finished. The county has to have tractor maintainers to keep up the roads already built because roads can be maintained so much cheaper that way and also better, and also there are a number of missing links in each district that should be built, and thus connect the network of roads in the county.

HOUSECLEANING TIME FOR AUTO

Several Details Should Be Taken
Care of to Assure Good
Summer Service

The automobile has been called "the extension of the home."

This is Spring housecleaning time in the home. Why not also in the automobile?

In many ways the two operations are somewhat similar. The storm doors and storm windows are being removed from the home. So should the winter fronts from automobiles.

Many residences are being repainted and similar attention would improve a lot of automobiles. Residential interiors are being cleaned and refurnished. The cushions and floor rugs of the automobile deserve similar attention. This also is true of the engine interior. Carbon should be removed and the valves ground.

In fact there are many small attentions which both a house and an automobile usually require in the spring. This is particularly true of the automobile which is so designed that it will operate at maximum efficiency under widely varying conditions of temperature and climate.

A slight turn of the adjusting screw will give the carburetor a leaner mixture. The rate of generator charge should be reduced to meet the smaller drain which longer hours of daylight impose upon the battery. These adjustments should be made only by a competent automobile service man. And don't forget that a thorough oiling and greasing is an excellent Spring tonic for your car.

I mention the most obvious thing last—the cooling system. It should be drained and flushed with running water while the engine is operating. Incidentally here is a tip for the glycerine adherents. The glycerine which you take out of your radiator will not deteriorate. Save it for next winter.

Mr. Homer S. Dum, business director of the Musical Art Society, of America, Chicago, spent Sunday visiting his sister, Mrs. R. S. Matthews, of South Fulton. On Monday he did some illustrative teaching in Carr Institute of the new system of music the Board of Education adopted last fall. Mr. Dum also gave a talk on music before the high school assembly.

POLITICAL ANNOUNCEMENTS FOR COUNTY JUDGE

We are authorized to announce the candidacy of W. L. HAMPTON for the remainder of the term of the office of Judge of Fulton County, subject to the action of the Democratic Primary to be held on August 4, 1928.

ONE DAY OF ALL THE YEAR

We are coming again to the observance of Mothers' Day, when our thoughts turn more especially to the one whom, of all living beings, we owe the most—the one whose love is never failing and who never knew too great a sacrifice, when the happiness and welfare of her children are concerned.

Mothers' Day is observed on the second Sunday in May, this year falling on the thirteenth, when everyone who wants to do homage to motherhood will wear a bright flower for the mother living; a white flower for the mother dead. The carnation is favored over all flowers.

Mothers' Day was originated by Miss Anna Jarvis, of Philadelphia, who founded the Mothers' Day International Association, and the sixty-third congress passed a resolution fixing the second Sunday in May Mothers' Day and making it the duty of the president to proclaim it.

The late President Wilson issued the first Mothers' Day proclamation in 1914. States also, have given recognition to the day. In 1913 Nebraska designated Mothers' Day as a state holiday; in the same year Pennsylvania made Mothers' Day a state holiday and since 1912 governors of Texas have annually pardoned deserving inmates of prisons on Mothers' Day.

The original idea of Mothers' Day embraced the simultaneous observance in every part of the world of the day as an acknowledgment of the love and reverence all men and women owe to their mothers.

In addition to the wearing of flowers as tribute to their mothers, those whose mothers are living, but from whom they are separated, are urged by the promoters of the observance to visit or write them upon Mothers' Day.

Though we stress the second Sunday in May as Mothers' Day, it really should be every day in the year, for it is a background in every heart. The love felt by a mother for her children and by her children for her are things apart. They are proved by service and sacrifice, not by words. They need no special emphasis.

LET'S BOOST THE GOOD THINGS

When you have occasion to speak of the place where you live, what is the burden of your remarks?

Some complaint or grievance, no doubt.

The good things of community life we take as a matter of course and never give anyone credit for them. We believe that they are coming to us and we can see no reason for complaint.

If we have a good administration of affairs by public officials, we never take the trouble to tell them. If we have an unusually large number of public-spirited men who are working for the betterment of our local conditions, we seldom even give them even faint praise.

But let something go wrong and our first inclination is to blow up. Somebody is to blame, of course, we reason, and that somebody needs a good reprimand, if not something worse.

Having let off steam, the most of us are ready for

next round and become almost human again.

But let's resolve to change our policy in the future. Why not try looking for the good things that may be found in abundance and boost them? It will benefit everyone who tries it and it will help the community, too.

A GOOD LOSER

Much is always being said about a man who, if after having met with some misfortune, gets the name that he is a "good loser." We have heard this so often that we sometimes wonder if it does not require more real manhood to be a good winner than a good loser. There is really nothing to appeal to one's vanity when he meets defeat, for it is generally conceded that he went to the best of his ability, and we really feel a pity for him, and if a close personal friend, we take it to heart ourselves. But on the other hand one who makes good generally gets swelled up over it and even his good friends help in this swelling process all they can.

We recently met a man who has been fortunate in making some money, and to hear him brag about his monthly income makes one sick. He has gotten so his friends avoid him, and in fact his friends are thinning rapidly, and all due to his inability to be a good winner. Any one can lose and be modest, grin and bear it and act like they were in no wise worried, or had lost any sleep, and we admire them, but where we find one who has won, we rarely if ever find these modest traits.

NO DIFFERENT FROM OTHERS

It took more than 181,000 letters recently from that many farmers in the country, for the discovery to be made by an editor of a well known farming journal that farmers, after all, are human beings.

After opening that vast amount of letters in which they discussed the various phases of their business, he came to the conclusion that they are no different from any other business man. The farmer today, like any one of us, has problems, and is confronted with the necessity of either becoming a competent up-to-date business man, or going into the discard. Much of the agricultural comment still approaches the farming man as one benighted and needing advice and preaching, and they even scold at him every opportunity. Today one cannot "talk down" to the farmer, as he, too, is looking for ideas which he can personally translate into an improved farm, a happier life and a bigger pocketbook.

This editor derived from this list of letters the following comment:

"As compared with a generation ago, the farming man is entirely changed. His paper takes him all over the world in a few minutes, puts him in touch with what is going on politically, socially, financially, agriculturally and otherwise, everywhere. His automobile takes him to the movies in town, or for a drive, wherever he wants to go. His electric light plant has removed the gloom and dinginess from his surroundings. He has his radio. His water system has lightened his and his wife's burdens. His bathtub has added to his self-respect. His household appliances have made life more livable for the whole family. His tractor and other power machinery have reduced his labor shortage of the right kind of men to help him work his place. His truck has speeded up his marketing."

Railroad News

The Illinois Central System payroll amounts to more than a quarter of a million dollars a day.

This is a banana-eating nation. In 1926 we imported 63,000,000 bunches of the yellow fruit, or one bunch for every two persons in the country. This was 42 per cent more than was imported in 1921. Of every three bunches of bananas consumed in this country, one bunch entered through the port of New Orleans. A large part of the fruit finds its way to northern markets via the Illinois Central System.

The growing of snap beans is on the increase in Mississippi. Ranking thirteenth among the states in 1924, with a production of 2,200,000 pounds for canning purposes, Mississippi jumped to second place in 1926 with a production of 8,000,000 pounds sold to canners. Mississippi farmers raise an average of 2.1 tons of snap beans per acre, compared with an average of 1.5 tons per acre in the country as a whole.

Mississippi ranks second only to Florida as a producer of early tomatoes. Approximately one-fourth of the country's entire early tomato crop is now raised in Mississippi. The farmers of the state have more than quadrupled their income from this source in the last ten years.

The Illinois Central System has the distinction of having paid dividends on its common and preferred stock without a break for nearly three-quarters of a century.

More than nine-tenths of all the fluorspar mined in the United States comes from counties on the Illinois Central System in southern Illinois and western Kentucky. Last year the mines of this region produced 104,000 of the 113,000 tons produced. The remaining 9,000 tons were mined in Colorado and New Mexico. Fluorspar is used in the manufacture of steel, glass and enameled ware.

Failure to stop, look and listen at railway crossings cost the lives of 2,328 men, women and children in this country last year. Nearly three times that number were injured through the same negligence.

Petition from Vine street

Special Sale Copper-Clad Ranges

Week of MAY 7 to 12

You are invited to attend and see the most remarkable demonstration ever held in our city. An expert from the Copper-Clad Malleable Range Factory will show you how the Asbestos lining of a range Sweats every time a fire is made. Come—see for yourself. See the Sweat roll up in beads on the iron body. See the Sweat that causes Sweat Rust, a disease that eats up and rasts out range bodies from the inside.

Then see how and why Copper-Clad Ranges are lined with Pure Copper where other ranges rust out. See the domes on the sheet of copper. See the air spaces formed by the domes. See the thermos bottle principle actually applied to ranges. See what it means in fuel saving.

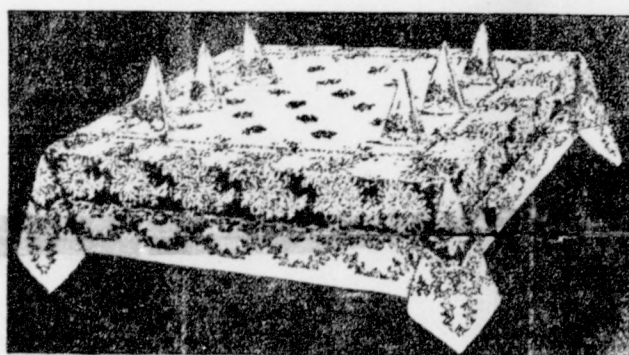

Come and bring your friends, too.

read to council and ordered filed.
Petition also read from the Community Service Club, of Fulton regarding conditions at Fairview and matter referred to cemetery committee.
The Council allowed the balance due Black and Veatch, of \$334.38.
The matter of setting Decoration Day for the city was left to the Mayor and Cemetery to designate date.
Council adjourned to meet Monday 14, 1928 at 7:30 p. m.
THOMAS H. CHAPMAN,
City Clerk & Auditor.

MRS. MARY BRANSFORD

Funeral service for Mrs. Mary Bransford, 82, who died early Sunday morning at her home near Cayce, was held Tuesday morning at Mt. Zion church, interment followed in the church cemetery in charge of the Fulton Undertaking Co. Mrs. Bransford had lived to a ripe old age and was loved by all who knew her. She was a consecrated Christian and will be missed from the community where she was so well known for her kindly deeds and acts. She is survived by one daughter, Mrs. E. E. Willingham, of Fulton, and two sons, Dick and Gid Bransford, of near Cayce.

Mrs. Ruth Gore and son, Everett, visited her sister, Mrs. C. A. Craddock, a few days last week.
Mr. and Mrs. Herman Magruder and daughter, Frances, of Clinton, Mrs. Fannie Hindman, Mr. and Mrs. Leslie Irvine, of Moscow; Mr. and Mrs. Booker Graham, Mrs. James Pruitt, Mrs. Burns and Mr. and Mrs. Glidewell, of near Liberty church, were the Sunday guests of Mr. and Mrs. F. C. Irvine.
Mrs. W. T. Leip was taken to a Paducah hospital Tuesday, where she will undergo a serious abdominal operation.
Miss Mary Franklyn Story was the Friday night guest of Miss Serrilla Phillips.
The Bible Institute held at New Hope church Friday, Saturday and Sunday was greatly enjoyed by those in attendance. Rev. Earl Gooch, of Bardwell; Revs. E. C. Nall and F. G. Wilborn of Hickman; Rev. E. L. Stovall, of Clinton; Rev. L. R. Riley, of Arlington, and Revs. J. M. Story and S. L. Price were present and delivered splendid, inspiring discourses.
Meadames John Everett, Leslie Everett, Jennie Gore, and

Ruth Gore spent Wednesday as the guests of Mrs. F. C. Irvine. Rev. and Mrs. F. G. Wilborn of Hickman, and Mr. and Mrs. C. E. Benedict, and family, of Clinton, were the Sunday dinner guests of Mr. and Mrs. W. B. Finch.
Mrs. J. T. Marchison and son, D. J., of Beelerton, were the week end guests of her parents, Mr. and Mrs. J. P. Moore.

JUST LIKE HOME FOOD

Smith's Cafe is in reality a home-like restaurant because it has been trying to overcome the prevalent idea that restaurants can't serve food like you get at home.

Scores of patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they eat here so regularly.

Years spent in catering to the appetites of particular people make it possible for us to serve wholesome, tasty meals. The next time you feel like eating away from home, bring your family here.

A FEW LOOSE FEATHERS

By J. T. Watkins

May 8 and no hot weather yet. This cool weather is sure hard on baby chicks.

Talk about your pains in the heart, the writer had them last week. The day of the heavy rain in Memphis, I lost all my young stock I was grooming for the shows, eighteen nice large reds, about the best I have ever hatched out, would weigh about a pound. I sure was proud of them, but like "Kelly's Army," they all got drowned. Please omit flowers.

We got our new receipt cards today and will take your dollar in exchange for one year's dues, at any time or place.

There will be a meeting of the Poultry Association, Monday night at seven-thirty, at the Chamber of Commerce rooms. This will be the regular election of officers, and also to make arrangements for the coming show. Everybody come.

Otis French has the honor of being the first member to pay his 1928 dues. His card number is 1.

Any person of good moral standing may become a mem-

ber of the Poultry association upon the payment of one year's dues. The amount is one dollar. You don't have to raise "chickens" to be a member. If you wish to help boost the show at the fair this year you will make a good member. If you pay the dollar.

McFadden News

Mr. Jim Bard spent Sunday with Mr. and Mrs. Clarence Bard in Fulton.

Mr. and Mrs. Gus Paschall and Mrs. H. H. Stephens spent Saturday in Paducah.

Miss Laura Mae Pickering spent the week end with her parents, Mr. and Mrs. Garry Pickering.

Mr. and Mrs. Cleveland Bard and family spent Sunday afternoon in Mayfield.

Mrs. Herbert Howell spent last Thursday with her mother, Mrs. Jim Powell.

Mr. Richard Allen, of Harris, Tenn., and Miss Lillian Bard spent Sunday afternoon at Edgewater Beach.

Cecil Edward Wolbertson is improving at this writing.

Miss Rosie Lee Paschall is spending the week with Mr. and Mrs. Gus Paschall.

3 big features found in no other low-priced six

Offering bodies by Fisher, the Pontiac Six brings to the low-priced field not only the style and smartness, but also the luxury, roominess and staunch construction inherent in Fisher design.

Embodying the G-M-R (General Motors Research) cylinder head, Pontiac combines amazing smoothness and silence with economy of operation, using ordinary gasoline.

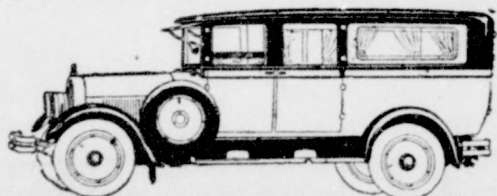

And providing the thermostatically-controlled cross-flow radiator, it practically eliminates losses of water and alcohol and assures the proper temperatures for highest engine efficiency.

Bodies by Fisher—G-M-R Cylinder Head—Cross-flow Radiator... here are three big features found in no other low-priced six that no buyer of a six in Pontiac's class can afford to overlook. If the New Series Pontiac Six offered no other exclusive advantages, it would still hold its rightful position as the world's finest low-priced Six.

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875; Oakland All-American Six, \$1045 to \$1265. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

PRODUCT OF *new series* GENERAL MOTORS

When death enters your home you want a service that is complete; and you want that service rendered by those who are competent, and who hold the confidence placed in them, as a sacred trust.

Our ambulance service is the best that can be had, and has been for the past four years. Our hearse is the most modern in this community. Our funeral home, located at 218 Second Street, is by far the most beautiful and complete in this section, with ample sleeping rooms for family of deceased should they be needed.

Our embalming is done by Paul Hornbeak, with Mrs. J. C. Yates as lady assistant.

We answer ambulance and death calls for any distance.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.

The Profits of Barns, Sheds, are worth while.

The most important buildings on the farm are those which give shelter to livestock and implements.

At present prices of livestock, a good barn or other shelter may pay for itself almost in a season or two.

Every delay means loss of profits to you. Why not figure with us today.

PIERCE, CEQUIN & CO.
FULTON, KY.

Will you give a Penny for its Life?

It costs one cent more per chick to feed Purina Poultry Chows for the first six weeks than to feed uncertain unbalanced mixtures. Of the chicks fed average mixtures 50% die. Purina saves 90%. It costs a lot more to let chicks die than to save them. The best feed you can buy is by far the cheapest. You can save a cent—or a life. Which will it be?

Phone us your answer.

Just say
"I want Purina Chick Startena."
