City Financially Embarrassed

STREET IMPROVEMENT PROGRAM Halted
A. FAGGER ENTERS RACE FOR COUNTY JUDGE

We have been through the regular routine of the Street Improvement Program in this year's budget and it is obvious that there is not going to be any improvement work done in the city this year. The money has been appropriated by the city council and it has been placed in a state of suspension by the state auditor.

We understand that the improvement work will be deferred until next year and that the city will be able to afford the improvements then.

In the meantime, the people are waiting for the improvements to be made and they are becoming more and more impatient. They want the improvements made as soon as possible.

How Much Electric Service Do You Get For Your Money?

Most of your housewives who read this advertisement are overworked. Washing, ironing, sweeping, preparing meals, caring for the children, and doing the usual and other duties in the home, keep you away from morning till night.

These household labors wear you out, ruin your health, steal your good looks, make you old before your time! Most husbands don't realize that housework is drudgery—although they are quick to grumble if things don't go smoothly.

But you can hatch the hardest and most tiresome of your housework by using electrical equipment and electric power to do it. The process of the key will show how much electric service you can get for one cent. Consider these examples:

A work's wish for a family of six can be done in an hour and a half. A kitchen of average size of 15 per thousand hours for a half-hour.

A four-room house can be partially vacuum-cleaned in an hour and a half (once or twice a week is often enough). At the 1.00 rate, you can operate the vacuum cleaner for about 100 hours for a half-hour.

And remember, if you use more than a very moderate amount of current, your rate per kilowatt-hour is reduced.

Compare the average cost of living today with what it was fourteen years ago—just before the World War began.

Taxes have more than doubled. Food costs 60%; more. Clothing costs 50%, more. Furniture costs 100%, more. Rates are 60%, higher. These are government figures.

But the highest residential rate for electric service is 17½, less than it was in 1914. Only the most careful economies have made it possible for us to reduce the rate to what large a segment we spend for improvements every year.

We aim to give our customers the lowest rates consistent with satisfactory service, the use of efficient equipment and steady growth. Please do not hesitate to let us know if your service is not satisfactory.

If you wish to learn how your own motors work you shall be glad to send an instructor to your home to teach you. Just telephone or call at our office.

OPEN MEETING OF WOMAN'S CLUB

At the May Elks open meet of the Woman's Club, there was a discussion of the problem of the war's effect on our young men, with several speakers present, including Miss Margaret Taylor and Mrs. H. A. Williams, the former President and Secretary of the American Legion Auxiliary. The discussion centered around the need for support and encouragement for our service men and women. The meeting was well attended, with many members expressing their feelings of support and concern for those serving overseas.

THE TYPE WHICH IS

This is a segment of the text discussing the importance of certain values and beliefs. It mentions the need for people to stand by their convictions, the value of a smooth and serene life, and the importance of fulfilling one's dreams.

THE ITALIC WHICH IS

This part of the text seems to be discussing the role of women in various organizations and the importance of being part of community groups.

THE APHORISM WHICH IS

Here, there is a discussion about the value of work and the importance of being productive citizens. It mentions the process of filling one's dreams and the need for constructive participation in the world.

THE METAPHOR WHICH IS

This section speaks about the American Legion Auxiliary's efforts to support and honor those serving in the military. It discusses the importance of remembering the sacrifices made by our service men and women.

THE HYPERBOLE WHICH IS

This part of the text appears to be emphasizing the importance of cooperation and unity, particularly in the context of supporting service men and women.

THE PERSUASIVE WHICH IS

This is a segment of the text that seems to be designed to persuade or influence the reader. It may be advocating for certain values or actions, such as supporting the American Legion Auxiliary or encouraging cooperation.

THE RHETORICAL WHICH IS

This section of the text seems to be using rhetorical devices, such as repetition or alliteration, to emphasize certain points or create a certain tone or effect.

THEאנTHROPOMORPHISM WHICH IS

Here, there is a reference to human-like qualities being attributed to non-human entities, such as inanimate objects or animals. It may be used to personify or anthropomorphize these entities to make them more relatable or understandable.

THE METONYMY WHICH IS

This part of the text appears to use metonymy, which is a figure of speech in which a term is used as a substitute for another term with which it is closely associated. It might be used to replace a person's name with a title, or an organization with its leaders or members.

THE METAPHOR WHICH IS

This section of the text contains a metaphor, which is a figure of speech in which a word or phrase is applied to an object or action to which it is not literally applicable. It may be used to draw parallels or create new associations between different concepts or ideas.

THE EPISTHEMATIC WHICH IS

This part of the text seems to be using episthematic devices, such as allusion or allusion, to introduce or develop certain themes or ideas. It may be linking the current discussion to previous conversations or events.

THE PARADOX WHICH IS

This section of the text contains a paradox, which is a statement that appears contradictory at first but is meant to convey a deeper truth or idea. It may be used to challenge the reader's thinking or provoke further reflection.

THE METAPHOR WHICH IS

This part of the text contains a metaphor, which is a figure of speech in which a word or phrase is applied to an object or action to which it is not literally applicable. It may be used to draw parallels or create new associations between different concepts or ideas.

STAND BY YOUR TOWN

If you think your town is best, prove it.

If you have it beat the rest, keep it up.

When there is anything to do, let the fellows come on you—You'll feel badly when it's done, Don't you know.

If you're not used to giving knocks, Change your style.

Throw bumpers instead of rocks.

You can't win if you don't try.

Let the other fellow out, when he sets up a fight.

Meet his hammer with a head.

And a smile.

When a stranger shows up in town,

Tell him who and what you are.

Make it strong.

No black kettles to scour.

Tell the truth, for that's enough.

There's no need for you to shout.

You can sing your song.

BURLISON SAYS FISHING IS FINE AT REELFOOT

Veteran Sportsmen Makes Annual Survey of Conditions; Is Enthusiastic.

Fishing for trout on Reelfoot Lake is constantly gaining in popularity, according to T. M. Burris, veteran sportsman of the Reelfoot Lake country. The lake is at the mouth of the Clinch River and the windy breezes make the water move enough to keep the trout on the move. Burris, who has been a fishing authority on the lake for years, notes that the fishing is as good as it ever was.
