Teaching You Thrift

Practice makes perfect. Schoolmasters of today as well as yesterday constantly repeat that truth. Pupils learn by applying it.

Application of that principle to our everyday habits proves its practical help. We learn by practicing, whether it be a good habit or a bad habit.

This bank teaches you thrift by leading you to practice it. The lesson is easily learned once it is begun. To become perfect in it requires constant practice. A savings account is the most consistent method of practicing thrift.

**Shun the Peddler**

The summer season, now at hand, brings with it an annual sight, not to be missed for aught, the peddlers. These enterprising fellows, armed with suitcases full of goods, and perambulating the countryside, are a common sight in the mornings and evenings of the summer months.

These peddlers, despite their proliferation, are still quite effective in selling their goods. Many of them are known to be quite persuasive, and some can be quite cunning in their sales pitches.
