The Country Boy

Will be a Tower in the Land if they are timid and properly valued. The country boy, though comin' from poor and humble parents, is blessed with a sound, robust physique that is necessary for him to receive the proper education and lead a useful life. Good doctors and leading politicians are omen. Those who make great laws are those who reach the highest place in business.

The Country Boy

A wedding at the street!

Last Wednesday, a 2 o'clock event.

Mr. George Burrows, with Miss Arthur Ayres, the bride, stepped into the buggy, in the center of Main street between the corn and the house. Just before they started, Mr. Daniel Harbour stepped into their buggy and removed their language from the buggy in which Mr. Ross, Mr. Robert Harbour and Miss Ada Chumley rode. The horses stood as still as death and seemed to have done that for a long time.

Mr. Harbour, behind the wheel and the neighbor on the opposite side of the buggy, offered them to the community. The community had recognized the marriage of the couple who had their house back from their theater of human exploitation. The community was so kind as to wish them all happiness with their life, love and their children. They are all as dangerous, generous, noble as any life can be, and wish to see their friends, hope, and life continue.

There is little hope for the poor people under the conditions of society and necessity. Their life is as brutal as the snake in the sun with the harm, and to believe in humanity is a hope for their children. Their life is a continuation of the days of slavery.

The country is the most beautiful and the most natural of any on the earth, and there is no better place to raise a family. It is not the best place for all, but to look at the front of it, it is better than any other place.

The wedding party was composed of handsome young men and beautiful young women. The editor had an idea, but it was Miss Britie Harlow, but soon found out its a lie. Thus Harold was told to be in the same with the tune.

How the people appreciate the condition of a country family.

We have always expressed the opinion that the condition of a country family is very much worse than in the city. The necessity of the people to be educated and to be in the city is much worse than in the country.

As a result of this, the Standing Committee on Education of the Benton County Groceries have made many reports to the government that it is necessary to support the country family.

Ayer's Cherry Pectoral

We have been told that the condition of a country family is very much worse than in the city. The necessity of the people to be educated and to be in the city is much worse than in the country.

Ayer's Cherry Pectoral

How to distinguish between the country family and the city family.

The country family is the most beautiful and the most natural of any on the earth, and there is no better place to raise a family. It is not the best place for all, but to look at the front of it, it is better than any other place.

HARDIN HIGH SCHOOL,

HARDIN HIGH SCHOOL,
INGHAM MERCHANT, went to Paducah Saturday afternoon on a visit to see and he was there all day, returning home late that evening.

Mr. T. H. Hall, of Hardin, was in town Sunday visiting friends and he reported that the weather there was very cold and snowy.

Mr. J. M. Jones, of Marshall County, is going to Live Oak, Florida, to spend several weeks with his relatives, the Mr. and Mrs. H. B. Smiths.

Prof. J. P. Brannobk, of Marshall County, has been invited to teach a high school at Benton, and because he is a very good teacher, he has accepted the position.

The only work done this winter is the completion of the new school building.

There have been many marriages in the county in recent weeks, and the people of the county have been very busy preparing for the New Year's celebration.

The county is going like hot pies, and there are many who are looking forward to the New Year's celebration with great interest.

They are selling the pigs at very high prices, and the people of the county are very happy with the high prices they are receiving.

The only work done this winter is the completion of the new school building.

If you want to make a good impression on the people of the county, you must make a good impression in your work. You must show that you are a good teacher and that you are doing your best to make your school a success.
