City Council Meets Tonight

Tonight the City Council will meet in its usual meeting room to hear the report of the committee which has been working on the street improvement and the street department. The committee has been working hard and has made good progress. They are expected to present their report at the meeting.

While we have almost confidence in the work of the committee, the type of material to be used for the streets is a subject of much debate. Not all members of the committee are in accord on this point. The material that some of them favor is more expensive, but it is thought to be more durable.

Fulton Policemen Given Dismissal License

Mayor Newman Terry and Homer Whitehouse have returned to the office of the chief of police, where they give the committee some help in the fight against crime. The police force is working hard to keep the peace in the city.

Ingram's "Garden of Allah," a novel by Alice Terry, is being filmed in Hollywood. The novel, which was written by Mr. Smith, has been very popular and is expected to be a great success on the screen. The movie will be a romantic drama and is expected to be released in the near future.

Smith Seen As Party Moses

Smith, who is running for the first district in Congress, is being compared to a party Moses. He is expected to lead his followers out of the wilderness and into the promised land.

One of the greatest romances ever filmed

"Ingram's "Garden of Allah,"" a novel by Alice Terry, is being filmed in Hollywood. The novel, which was written by Mr. Smith, has been very popular and is expected to be a great success on the screen. The movie will be a romantic drama and is expected to be released in the near future.

Smith, if elected president, will be the first president to have been a candidate for the presidency in the last twenty years. He is expected to make a strong impression on the people and is expected to win the election.

Detroit Evangelist to Conclude Melting Here

Evangelist John T. Smith will be in town for a few days to preach. He is expected to draw a large crowd, and his sermons will be well received.

Smith Sees His Sincerity and Ability

Smith, who is running for the first district in Congress, is being compared to a party Moses. He is expected to lead his followers out of the wilderness and into the promised land.

Our judgment in the railroad project will be decisive for much less than the other important projects in the city. It will be an important project and will be decisive for much less than the other important projects in the city.

HUMBIE BROTHERS SUFFERED LOSS BY FIRE

Saturday afternoon while the family of Humbie Bros., store owners, was at home, a fire broke out in the store. The store was insured against fire and the owners are now making plans to have the building rebuilt.

The fire was quickly extinguished by the fire department, and the property was saved.

The owners of the store, Mr. and Mrs. Humbie, are very anxious to get the store back into operation as soon as possible.

Are you teaching your daughter orderliness?

Every mother is intentionally interested in teaching her daughter cleanliness and promptness from the minute she is able to grasp the meaning of the words.

One of the earliest and best places to teach your daughter methods of business and system is in the kitchen. If you have the proper equipment in your kitchen, you can make her instruction here a pleasure for both of you.

The Bemer kitchen cabinet is the greatest example of cleanliness and is a first that can be found in the home today. That is why the Bemer kitchen cabinet is called the modern labor-saving device that is in the modern kitchen today—the Bemer Kitchen Cabinet.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

Years of catering to the appetites of particular people makes it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

Garth K. Ferguson Announces His Candidacy for Congress

In this issue of The Advertiser, we publish the announcement of Garth K. Ferguson, of Lancaster, a candidate for Congress subject to the return of the Democratic primary, election August 14. It will be reminded that Mr. Ferguson made the race for this office in the primary of 1916 and received 1,500 and the face of votes was limited to only 12 votes, after having carried nine of the thirteen counties comprising the district.

Few men are better known in the First Congressional district than Mr. Ferguson. He is a man of pleasing personality with brilliant mind and especially qualified to fill the office he is seeking.

He has served ten sessions as a member of the State Senate, during which time his accomplishings have been marked by solid record and his legislative record one of solid interest and his exhibit record as a public servant is too well known to comment on here. He thoroughly understands the problems of the district and is now asking the voters to favor him in the primary this year and on August 4, vote early for Mr. Ferguson.

A FEW LOOSE FEATHERS

By J. W. Walton

More and more dresses, skirts, coats, etc., were made, more and more of the dressmakers' work was done in the houses. This was especially true in the cases of the poorer classes. The housewives were more and more apt to take on the tailoring or dressmaking work for themselves, and they were more and more likely to look upon it as a necessity.

We are now ready to fill all orders for the newest patterns in Wall Paper and PAINT, Oil, Varnish and Glass.

VOLUME OF MILK DEPENDS ON BLOOD  

Tortuous Mammary Vein and Milk Wells Sure Indication of Productivity.  

The unholy mixture of a dirty latex glove and the maelstrom of blood in the veins of the bovine is a common sight in the dairy industry. The path of the milk veins in the cow's body is a tortuous one, with numerous twists and turns that make it difficult to keep the veins clean and healthy.  

Understanding the path of the milk veins in the cow's body is crucial for maintaining the health of the dairy cow. The veins are responsible for transporting milk from the udder to the body, and any blockage or infection can lead to a decrease in milk production.  

The key to maintaining healthy milk veins is proper hygiene and preventative measures. Regular cleaning of the udder and the teats, as well as proper milking techniques, can help prevent infections and blockages.

The Company You Keep

Just as a man is judged in a personal way by the company he keeps, so is he judged in a business way by the banking connection he makes.

A checking or savings account with a good reliable institution like this one reflects good business judgment. It builds prestige.

The Joy of God's Word

In the days of thy youth, you were taught the principles of God's Word to be remembered in youth and time of old. The most important truths were: (1) "Know the Lord thy God, that thou mayest live..." (Deut. 6:4). The most important lesson of the Lord's life was: "The joy of the Lord is my strength." (v. 7).

A savings account is like this one reflects good business conduct. It builds prestige.

The most consistent method of practicing thrift.

A savings account opens a window to God's Word. It builds prestige.

A savings account is related to the choice of people by his connection with a bank. A true bank is like a window to God's Word.
