What About New Passenger Depot?

For some time now it has
rumored around that the line will
soon be making the passenger depot a
stop on the railroad. No doubt railroad
men in the vicinity are working
on the plan, but as to moving the depot
out to Fulton at about this time, a
lot more work must be done before a
final decision is reached. The present
passenger depot is in the middle of
the business section and being
situated there is an advantage to
both patrons and railroad. Work
on the new depot is the present
problem, and we hope to have
something definite to report
shortly.

FErforgen and Gregory
FULTON MONDAY NIGHT

Fulton citizens will have an
enthralling musical evening
Monday night when the
Ferguson and Gregory
trio will appear. Their
program is of high
social and musical value,
and will be enjoyed by
those present.

DEATH CLAIMS

Fulton was saddened Monday
when the death occurred of
Leander D. Brown, father
of Mrs. Hugh Brown, Of
Missouri. Mr. Brown had
lived in Fulton for many
years and was well known
and respected.

Men and Women Are For Smith

Remember, the World's Playground, Filmed for 'No Other Woman.'

The urgent need is generally conceded. The present ancient structure, the pride of the Fulton
men and women, is worn and is in need of repair. From the
ancient foundation, the men and women of Fulton
will erect a new station, to be
erected at a cost of $10,000.

The present station is
worn and in need of
repair. The new station
will be erected at the
expense of the men and
women of Fulton. The
old station will be
removed and the
new station will be
erected on the
same site.

The present station is
worn and in need of
repair. The new station
will be erected at the
expense of the men and
women of Fulton. The
old station will be
removed and the
new station will be
erected on the
same site.

Fulton is fortunate in having the
same men constructing the new station. The old station
will be removed and the
new station will be
erected on the
same site.

**Third Liberty Loan Bonds**

The Treasury offers a new series of Liberty Loan Bonds on Monday, June 7th, which will bear interest at 4 per cent. These notes may be bought at any bank or post office in the state. The New York central railroad company and the American express company issue a special guaranty for these bonds. All contracts should reach the local bond office on or before June 21st, 1920, after which date the bonds will be sold at the price of $100 for $103.25, payable at the end of ten years. The proceeds will be paid to the government in ten annual installments.

**RUGS**

The Best Without Question.

All Leonard Refrigerators are finished in Golden Oak. They are the best without a question. They are scientifically built. They have all the important features necessary to a perfect refrigeration-effectiveness, cleanliness, free circulation, economy in the use of ice, condensation and dry air, and long life. An inspection of the LEONARD will thoroughly convince you of its immense advantages and economical superiority. The price is right. Come in and see our line.

We have a splendid line of WE DREAM FREIGEBER, WE PICKS and WAIVER COOLERS. Small and large sizes—and the kind you want.

**FOOD LIKE YOU GET AT HOME**

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That’s the reason they come here so frequently to eat. Years of catering to the appetites of particular people makes it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.

Fulton, Ky.
EXPERIMENT STATION BLUE GRASS TOUR

By W. E. Varner, Blue Grass Tour Director

This has been a hard year. The farmers have had a hard time when a little rain has come, but when the sun has shone, it has been so hot that the crops have suffered. However, the corn is coming along at a good rate and the wheat is looking fine. The land is now ready for planting, and the farmers are busy with their work.

The farmers have worked hard this year. They have been interested in the college and the experiment stations, and their efforts have been rewarded. The weather has been favorable, and the crops are doing well. The farmers have learned how to use new methods of farming, and they are making good progress.

The farmers have also been interested in the political matters of the day. They are interested in the Congress, and are working hard to elect candidates who will represent their interests. They have been active in the campaigns, and have gone out to vote in large numbers.

This year has been a test of patience and perseverance. The farmers have had to work hard to get the crops in, and they have had to be patient in waiting for the rain. They have shown their determination and their ability to overcome difficulties.

The farmers are looking forward to a good harvest this year. They are working hard to get the crops in, and they are hoping for a good return on their efforts. They are confident that they will be able to make a good living from their farms.

THE CONGRESSIONAL RACE

The following is what the Farmer, Truck Gardener, and Home Economist, has to say about the congressional candidates:

As in the past, the candidates of the two major parties are vying for the voters' support. The Farmers' Alliance is supporting candidate X, while the Republican Party is backing candidate Y. The Independent Party has nominated candidate Z, who is running on a platform of moderation and compromise.

The candidates are all fighting hard to get the votes of the farmers. They are presenting their platforms and their programs, and are hoping to win the support of the farmers. The election is close, and the outcome is uncertain. The farmers are voting, and they will decide who will represent them in Congress.

The farmers are interested in the congressional race, and they are working hard to elect candidates who will represent their interests. They are going out to vote, and they are hoping for a good return on their efforts.

The reason for discontinuing the service is due to a lack of business.

STATE TOBACCO CRIP INCREASES

Gain This Year Over 1927 in 28 Pal. Federal Survey Reveals

Louisville, Ky., July 16 — Kentucky's 1928 total acreage of tobacco is estimated at 236,850 acres, compared with 190,640 acres last year, and the total production of 59,000,000 pounds, compared with 33,000,000 pounds last year, according to the report of the Kentucky Tobacco Survey, made by Capt. L. H. Jones, of the Kentucky Tobacco Experiment Station.

The findings of the report indicate a heavy increase in both the acreage and production of Kentucky's tobacco crop, with the gain this season, and estimates the tobacco crop of Kentucky this year to be 59,000,000 pounds, compared to 33,000,000 pounds last year.

Tobacco is expected to rank second in the total value of crops produced in the state, and the increase in acreage is due to better marketing conditions and the increasing demand for Kentucky's tobacco in foreign markets.

The report states that the tobacco crop of Kentucky this year is due to the favorable weather conditions and the increase in acreage.

The report also states that the tobacco crop of Kentucky this year is due to the favorable weather conditions and the increase in acreage.

The report also states that the tobacco crop of Kentucky this year is due to the favorable weather conditions and the increase in acreage.

The First English Mission House

From Acts 14:15-17

We Must Work Together

VERY thoughtful citizen of this community is interested in its development and progress. There's no question about that. We all want our children to enjoy better homes, better schools, better parks — more agreeable surroundings and greater comforts.

We all want our town to keep step with its neighbors, to take the lead in civic affairs. So there is only one sound plan for us to follow.

We must work together to increase the wealth of this community by doing everything we can to encourage local business.

When you and your family patronize our advertisers — the stores and banks of our town — and keep your money in circulation right here at home, there is no power on earth that can prevent our progress.
