$10,000 BEING SPENT TUBERCULOSIS CASE

TUBERCULOSIS CASE

Union City, August 14; Troy, August 15; Obion, Aug.

Tuberculosis is the most prevalent and devastating infectious disease to which flesh is heir. It is the most widespread and preventable of all diseases of mankind, and it is the urgent need for a definite step in the prevention of this disease is the development of the public health laboratory in the county. This is necessary to prevent the spread of the disease to the healthy, for there is no cure for this disease once it is contracted and is not contagious to the person in the State. Clinics and hospitals for the treatment of tuberculosis will be established in the Union City, Troy, and Obion sections of the county. Several miles of streets are being resurfaced at a cost of about $10,000, and the work will be completed within the next few weeks.

TER J. MeNIELLY V FOR THE REST OF THE TERM OF THE OFFICE OF COUNTY JUDGE

A FAVORED TERRITORY

We are authorized to announce the following for the remainder of the term of the office of County Judge in the Field of Fulton, Ky., under the Act of March 3, 1928.

In the election held in the Field of Fulton, Ky., under the Act of March 3, 1928.

SUMMER FEEDING OF HENS PROFITABLE

It is not necessary to feed hens all year round as they lay eggs for only part of the year. Hens are profitable to feed in the spring and summer months, when they are most active and lay the most eggs.

The flock should be kept in good condition throughout the summer months. It is important to keep them well fed and watered, and to provide them with plenty of fresh air and sunshine.

For breeding purposes, it is recommended that the flock be kept at a temperature of 70-75 degrees Fahrenheit. This will encourage the hens to lay eggs during the cooler months of the year.

It is important to maintain good husbandry practices, such as regularCleaning and disinfection of the coop, to prevent the spread of disease among the flock.

A VERSE FROM "THE WILD ROSE"

In the summer of 1928, the Fulton Hardware Co. was granted help which it needed. A letter was written to the Fulton Hardware Co., expressing the need for aid and the company's willingness to support the local community.

A Verse from the Bible

The Bible is a book of guidance and instruction for all people. It contains wisdom and counsel that can help us in our daily lives. By studying the Bible, we can learn about the values and principles that have guided humanity for centuries.

A FAVORITED TERRITORY

The lines of the Illinois Central System are woven into the economic heart of the United States. Within the forty states that are crossed or touched by this railroad are the natural food supply, the breadbasket of the world, producing one-third of all the domestic products of the world. The inhabitants and industries of other states depend upon this territory for the imports they require. In short, this territory is one of the most important projects of the state. It is situated in the midwest, and is served by the Illinois Central System, which serves the territory as an integral part of the transportation system.

NEARLY 1 BILLION IN STATE TREASURY

At Frankfort, Ky., July 1, 1928, the state treasury was the recipient of a large sum of money, the result of an outstanding warrant. The amount belonged to Mrs. Emma C. Cromwell, widow of the late Mrs. Emma C. Cromwell, who held the outstanding warrant. Mrs. Emma C. Cromwell was a prominent citizen of the city, and her death was deeply mourned by all who knew her.

GOOD WOMAN IS CLAULED BY DEATH

The death of Mrs. Y. J. was a great loss to the community. Mrs. Y. J. was a devoted wife and mother, and was greatly loved by all who knew her. She was a member of the church and was active in its affairs. Mrs. Y. J. was survived by her husband and two children.

GROCERY FIRM MAKES ASSIGNMENT

On the 4th day of May, 1928, a grocery firm made an assignment for the benefit of fixing up the firm. The firm consisted of stockholders, and the assignment was made to fix the losses that had been incurred.

Railway transportation is a powerful factor in the economic life of this great central region of the United States. Constrictive criticism and suggestions are invited.
