Electric Cooking .... even if you do have to live on a modest income

A MAJORITY of the American housewives have more than $2,000 a year who use electric cooking are often in constant conversations who do they own housewives. They use electric cooking because it is so easy and better than old-fashioned methods ... and not because they want a fashionable idea of the kitchen.

Simple cooking means clean work and less work in preparing meals. It keeps their kitchen cleaner and cleaner. It makes all the delicate flavors and bold flavors of spices, vegetables, soup, breads and pastries — and it is really economical.

Come to us tomorrow and let us tell you all about electric cooking. We will demonstrate and will show you a demonstration kitchen and we may have. Other modern makes sold by local dealers.

**WATER VALLEY NEWS**

Beverly Ford of Fulton held the part of Miss Sari in the school's production of "Little Lady Bumpkins." The play is to be presented at 7:30 and 9:30 p.m. Monday at Sharon Church in Sharon, Ky.

"Ever Since Eve," starring Marion Davies and Robert Montgomery and directed by W. S. Van Dyke, will open April 11 at the Orpheum Theatre. The cast includes such well-known comediennes as Frank McHugh, Allen Jenkins and Patsy Kelly. Performances will be at 8 p.m. nightly and 2 p.m. Sunday.

Perhaps one of the best features of the picture is the presence of a side-splitting supporting cast of comedians. Performance by Allen Jenkins, Frank McHugh, and Patsy Kelly kept the audience in the proverbial gales of laughter. Montgomery plays the part of a goofy author who cannot settle down to finish his novels because he always has his mind off his work. The complications resulting from his infatuation with Miss Davies (Davies) are especially suited to their talents, and triumphs of former films are repeated here manyfold.
