Ayer's Cherry Pectoral

Test for Glasses Free.

EYE, EAR, NOSE & THROAT

M. E. Cracn-Preaching every 2nd Sunday.

Dr. T. L. Red, Druggist, at Paducah, Ky., writes us under date of Jan. 18, 1903, as follows: 'In my experience with the use of the oil of Cinchona, the results have been highly satisfactory. I have used it in all cases of digestive troubles, and in all cases of dyspepsia, such as flatulency, indigestion, etc. It is also a valuable remedy in cases of nervous prostration, and I have had much success with it in cases of neurasthenia. I have also found it of great benefit in cases of bronchitis, whooping cough, and asthma. This oil is employed in the form of a pectoral, and is manufactured by the American Chemical Company, of New York.'

In order to give the public an opportunity to try this valuable preparation, we will send a box of Ayer's Cherry Pectoral to all those who desire to do so. All orders will be filled promptly, and the remittances to be made payable to the order of the American Chemical Company, New York. Address all orders to Mr. G. W. Flint, of Skylight, Ky., also, for the benefit of all those who desire to try this preparation. Mr. G. W. Flint, of Skylight, Ky., also, for the benefit of all those who desire to try this preparation.
