THE MURRAY LEDGER.

VOL. 22, NO. 39

MURRAY, KENTUCKY, THURSDAY, JULY 14, 1910.

\$1.00 PER YEAR.

TWO SALES FOR THE ASSOCIATION

Will Dispose of All the 1909 Crop at Western District Warehouse.

Paducah, Ky., July 9.—A record has just been established by the local western district warehouse in the small amount of tobacco on hand for this time of the year. About 200 hogheads, of which the Planters' Protective association owns about 100, is on hand and it is believed that two more sales will dispose of the entire 1909 crop. The sales this year have been remarkable and have averaged over 500 hogheads per sale. The number now on hand owned by the association is ready for sale and there remains a large number of hogheads that are coming from Calloway county. Much rivalry has existed between buyers and last year's crop has sold like hot cakes. The association is well pleased with the results. Next Thursday another regular sale will be held and another two weeks hence, when it is expected to wind up the year's business. It is likely that the Western District Warehouse company will hold a public auction sale next Thursday following the association sales.

5 Styles Buggy Umbrella—Murray Saddle & Harness Co.

DAVID BOGARD LOSES HIS SUIT AGAINST THE RAILROAD

After several hours deliberation a Marshall county jury in the circuit court at Benton last Thursday returned a verdict in favor of the I. C. railway company in the suit of David Bogard, administrator. Mr. Bogard is a citizen of this county and lives about two miles north of Murray. He sued the railroad for \$2,000 damages as a result of the death of his child from measles, which he alleged the child contracted while a passenger on the train.

About eight months ago Mrs. Bogard and her children were returning to Calloway from Illinois and while a passenger on the train claims that her children contracted the measles from which one of them died. The case attracted considerable attention and was warmly contested.

Tobacco Sales.

Report of sales by Planters Protective Association, of Kentucky and Tennessee, including week ending July 9th, 1910.

	This week	Total
Clarksville	463	9732
Springfield	405	9299
Paducah	321	2261
Light weights	900	687
Total	1189	22,300
Average for week on all sold	\$10.14	

G. B. BINGHAM, Auditor.

The Baptist Sunday school spent the day picnicking at the grounds west of the city limits.

WORK STARTED ON THE TRACK.

Fair Officials are Pushing Things With a View of Early Completion.

Work has been commenced in earnest this week at the fair grounds, and from now until the grounds and building are completed will witness much activity upon the part of all the officials of the association.

Rev. E. H. Stokes, of Paris, has been here this week and made a survey and established the grades for the track. Rev. Stokes, while pastor of the Presbyterian church at Paris, is recognized as one of the best and most competent men who ever attempted track building. He has had considerable experience and some of the very best tracks in Western Tennessee were surveyed and built by him. Mr. E. H. Haley has the supervision of the track and after the survey is made will take control of the work and push it to completion.

The application made by the Calloway County Fair Association for membership in the American Trotting Association has been passed upon by that body and the local association admitted to membership with all the privileges accorded to such organization.

KNIGHT & SON STOCKS TO BE SOLD NEXT WEEK.

The two stocks of merchandise of A. Q. Knight & Son will be sold next Thursday at public auction to satisfy creditors. At a recent meeting of the creditors of the firms S. H. Dees, J. E. Owen and H. J. Wright, of Mayfield, were appointed trustees of the stocks until a disposition was made. The liabilities of the firms are about \$45,000 and the two stocks of merchandise invoice about \$43,000. The dry goods stock and the clothing stock will be sold separately and then jointly, the best bid to be accepted by the trustees. The merchandise is all comparatively new, clean and fresh and should bring a good price.

The many friends of these two well known firms will regret to learn of their financial embarrassment and are in hopes that a satisfactory adjustment of all claims will be made and that they will remain in business in Murray.

The Kentucky Tobacco Crop.

It is estimated that 385,949 acres are planted in tobacco in Kentucky this year as against 365,446 acres in 1909, an increase of 30,000 acres. The reports from some counties are very discouraging while other counties report that their plants were never set out under more favorable conditions and that they were strong and have grown well and promise record yields. About half the acreage is white Burley.

IMPORTANT REAL ESTATE DEAL.

Henry Realty Co., of Paris, Tenn., Purchases Number of Murray Lots.

One of the most important land deals that has been made in Murray in several years was negotiated the past week by Asher Graham, the local real estate man, with P. C. Henry, representing the Henry Realty Co., of Paris, Tenn., whereby the latter firm comes into possession of twenty-five acres of very desirable city property. The realty in question was the property of Judge Thomas P. Cook and lies just southwest of the residence of Judge Cook. The property is very desirable for city lots and is available from several different streets. The Henry Realty Co. will open two streets through the property and has already let a contract for grading and otherwise improving same.

The transfer of this property will be of considerable importance to Murray from the fact that available town lots for building purposes are very few and the growth of the town is being retarded upon this account. It is said that a number of persons who are desirous of building homes in the city have been prevented from doing so because of

the fact that lots were not to be had. With new streets through this property at least 50 to 75 lots will be available and the building activity will not be long delayed.

Thursday of this week Mr. Asher Graham sold the Will Keys brick building, occupied by Burton's barber shop, to Geo. W. Overby. This is also a valuable piece of property. There is considerable activity in realty the past few weeks and the Graham agency seems to be handling quite a number of deals.

Notice to "Fair" Subscribers.

We want to thank all who have responded to our call for payments on subscription. To those who have not paid, we must insist that you come forward without further delay and settle.

We have bought our grounds and we are going ahead just as fast as we can with our building and track and this all takes money. Our time is limited. Make your checks payable to E. A. Hughes, Treas. DO IT NOW. CALLOWAY COUNTY FAIR ASSO. (Incorporated.)

Dinner Party at Murray.

Mrs. Roy W. McKinney left this morning for Murray to attend a dinner party given by Mrs. John McElrath in honor of Mr. and Mrs. James K. Parr, of Hillsboro, Texas, who are on their bridal trip. Mrs. Parr and Mrs. McKinney were classmates at college. Mr. and Mrs. Patten McElrath, of Paducah, were also guests at the dinner party. — Paducah Sun.

BARGAINS! — BARGAINS!

TO BE HAD AT

JOHNSON & NIX'S NEW VARIETY STORE.

G. D. Johnson, of the new firm of Johnson & Nix, is just back from the market where he has been buying for his firm ALL THE BARGAINS IN SIGHT. We will open these bargains up in the building between Nix's Restaurant and J. L. Martin's clothing store. The business will be something entirely new for Murray and without doubt a business every one will feel proud of. Our doors will open for business promptly at **8 o'clock Thursday Morning, July 21st**, on one of as pretty and unique lines of

Queensware, Glassware, Enameled Ware, Tinware, Cutlery,

5c, 10c, 20c and 25c Counters, 24-ft. Show Case Novelties, and many other things too numerous to mention.

G. D. JOHNSON, DEE HOUSTON, MISSES EFFIE BROACH and BESSIE NIX, all well qualified to serve you, having had experience merchandising, will be behind the bat ready to serve you.

This is no Fake Business opened up for a few months, but One that Has come to you with Bargains and to Stay.

A business where little sister can find anything from a 5-cent article up for brother's birthday present, where mothers can buy a surprise present for their husbands, where fathers can suit themselves in a nice present for their son or daughter who has completed with credit their school course, where the young man can find a suitable present for his girl. In fact it is a place where every one from the youngest to the oldest can be suited.

COME TO SEE US. WE WILL BE PLEASED TO SHOW YOU THROUGH OUR LINE.

YOURS VERY TRULY,

JOHNSON & NIX.

We will have on our opening days, Thursday, Friday and Saturday — July 21, 22 & 23 — some Very Special Bargains.

Come along, be with us and bring your friend, that you all may share in our opening day's Special Bargains.

THE MURRAY LEDGER.

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, as second class matter.

THURSDAY, JULY 14, 1911

Says the Clarksville Leaf-Chronicle: There are some persons and some, too, who have been members of the Tobacco Association who seem to think that the day of organization is passed, and there is no longer any need of maintaining same. There are only few people who do not know that the price of tobacco has been advanced by the organization of farmers. Without organized efforts, instead of receiving ten cents or more, the farmers would now be paid not half that amount. If this has been brought out by organization, then such prices can be maintained in no other way. This is readily admitted by men who have never been members, and who have been restless for a year or more on account of the fear of a dissolution of the Association. As to what benefits have accrued to the farmers, the statement of a farmer of District No. 11, might be used as one of the beneficiaries of the Association. About fifteen years ago he said he went in debt for a small house, believing he could at the price of tobacco at that time pay for it. But in a year's time tobacco began to decline in price and he could not meet his payments. He fought his way until the third year of the Association, he paid for his home and had a surplus, which was placed in the bank and each year he has been improving his home and adding to his bank account. There are others in his District and other sections of the county who have done likewise. It seems that an organization that enhances the value of a staple crop to such an extent that the growers can own homes of their own and be masters instead of servants, should and will be maintained not only as a small organization, but one of such dimensions that a large majority of the farmers will become life members of same.

We direct especial attention this week to the communications in this issue of the Ledger from Cedar Lane and Almo, and in which is contained much of importance to the tobacco growers of the county. When you see the producers of tobacco presenting arguments to their fellow growers for a union of all parties concerned no question can be made of the sincerity of those directly concerned. We would again plead with the farmers of Caloway that the necessity for pledging the growing crop to the association is more evident today than ever before. The farmers of this county must pledge a majority of the entire acreage of the county or the organization will withdraw from the county and leave the tobacco growers at the absolute mercy of the speculators. The time for pledging is limited and the books of the association will close August 1st. There is no time for parleying, delay is dangerous. The organization has perfected its methods of preparing and selling the tobacco pledged to it and the highest prices received by any grower anywhere is received through the association. The loss maintained by the growers of this county the past year is of such great magnitude that it looks like folly to attempt to reason with any man for additional cause why it should be pledged. Lay aside every prejudice and think the matter over from a sane standpoint and if you can advance any reasonable excuse for not pledging your growing crop write it to this paper and let every grower know it. If on the other hand you fail to find

an excuse do not longer delay the matter but place your crop with the association and stand by it in the face of any odds. Get in and stick.

One of Ben Johnson's managers says he will "lick the platter clean" in the Third district. When was Todd gerrymandered out of the Third? If there is anybody here for Johnson for governor, he hasn't announced the fact. —Elkton Times.

Rev. M. E. Dodd, pastor of the First Baptist church, Paducah, was overcome with heat last Sunday night while preaching a sermon upon the "Ethics of Prize Fights." The reverend gentleman must feel close akin to Jeffries at the present time. It is possible that he can't come back.

In every home where there is a baby there should also be a bottle of McGee's Baby Elixir. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 25c and 50c per bottle. Sold by Dale & Stubblefield.

SCHOOL TRUSTEES TO BE ELECTED AUG. 6.

One half of the school districts of the county will hold elections Saturday, August 6, for the purpose of electing trustees to serve for the ensuing term. The officers of the election have been appointed and notified. Where names are to be placed upon the ballot the voters of the district will be compelled to place the names there by petition, which must be filed not less than ten days before the election.

Doing hard work in a bent or stooping position puts a stitch in the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of Ballard's Snow Liniment will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1.00 per bottle. Sold by Dale & Stubblefield.

Organizing Base Ball Club.

Local base ball enthusiasts met last week and organized for the purpose of putting a good team of home boys in the field. The promoters of the game asked for a donation from the fans for the purpose of leasing and building grounds and have met with fair success. But few towns the size of Murray can boast of better talent, and it is admitted upon every hand the home players are the most enthusiastic ever known. As quickly as the necessary funds are procured work will be commenced upon the grounds and the team organized for practice.

Stings or bites that are followed by swellings, pain or itching should be treated promptly as they are poisonous. Ballard's Snow Liniment counteracts the poison. It is both antiseptic and healing. Price 25c, 50c and \$1.00 per bottle. Sold by Dale & Stubblefield.

District Conference Convened.

The Paris district conference of the Methodist church was convened at Hazel Wednesday morning with a large attendance of delegates and visitors. The gathering is one of the most important church events of the year. A large number of delegates and visitors from Murray are attending.

Almo, Ky., News.

Health is very good. Crops are looking very promising now despite the late planting and dry-weather. Claud Rowland lost a good mare last week. Rev's. Nowlin and Allen held a protracted meeting in our town about two weeks ago. Rev. Rudd held a protracted meeting at Temple Hill last week with 6 or 8 professions and several additions. Laman Griffin of Tennessee visited relatives here last week. Dr. L. Smith has another heir at his house, its a boy. Bob Weatherford sings in a trio now, its twins at his house, a boy and a girl. Myrtle, little daughter of L. A. Hopkins, of Route 1, broke one of her arms last week, but is said to be getting along nicely.

The brass band at this place is getting along fine, they will be ready to play for us before long. J. M. Imes is getting his fine brick business house near completion. Uncle William Guerin of Sugar Creek visited his son E. L. Guerin last week.

Farmers with hay-crops are being delayed with their harvesting on account of the continued showers. Farmers if my vocabulary was sufficient and I could wield my pen in a way that would make an impression on your minds I certainly would do so in behalf of the tobacco association. Our actions are certainly priced, if we pledge our tobacco it means a continuation of tobacco liberty and good prices and prosperity. If we do not pledge our tobacco it means that we again become enslaved to the trusts, that we will get 3 and 1 or 4 and nothing and a dock for the sweat of our brow and for the hard earned money crop of our living. If we pledge, I think we would act intelligently, if we do not stay with the association, I think we have acted unwise and will deserve for our untruthness to one another to become hard run, and subjects of the merciless trusts, and thus let many comforts and enjoyments that makes us happy now pass the other way. Now farming brothers, does reason and common sense not appeal to us? Look at the condition of affairs for the last several year before the association came into existence, and compare them with now, we have nothing to parley about, the question is already answered, A great many of our farmers have quit the association because some rascals got in and tried to run it by cheating them out of their rights. I believe and hope the association is free from these personal "interest" and trust bought men. Farmers I would regret having

Green Edwards has bought a new mill outfit and is now prepared to grind corn for the public. Green is a fine, honest man and of course he will get a good trade. T. L. Brown celebrated his 58th birthday a few days ago, and to his great surprise his kindred, neighbors and friends began to arrive about 10 o'clock and every one brought a basket filled to the top with all the good things imaginable to eat and at 12 o'clock one of the best laden tables was filled six times with all those good things to eat. It is to be hoped that Mr. Brown will live to enjoy many more such birthdays as the recent one.

A little girl of John Henderson is very sick at this writing. Otis Bazzell and Cal Smith are building new tobacco barns.

By the way we have one of the liveliest banks of its size at Kirksey to be found anywhere, and under the management of Mr. Williams. It is doing a splendid business and as for soundness why there is not a bank anywhere that has a more substantial lot of stockholders than the Bank of Kirksey. Most of them are well to do farmers, merchants and doctors and there is no doubt it being a sound bank with all these well to do stockholders at the helm. So hurrah for Kirksey and her enterprising citizens. Why don't some good mill man put in a roller mill at Kirksey? This is one of the best farming communities to be found and we believe a roller mill could do a money making business at Kirksey.

Say correspondents where are you at. Come, wake up and let's help the farmers friend to keep the Old Reliable to the top notch. So come boys, let's make the correspondence column lively. RATTLER.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, apoplexy are often the result of kidney "disease." If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and sending pain in passing it and overcomes that unpleasant necessity of being compelled to go often through the day and night, many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root if you do you will be disappointed.

any of you coming back in the fold and being robbed again, but I can advise you sincerely that you had better come in our ranks again, letting the trusts and their anti-organizations alone so far as tobacco is concerned. Now farming friends I hope our Editor (who has stood by us for our rights) will be kind enough to publish these scattering remarks as they are touching on something that is of vital importance, importance of personal, mutual and almost national scope. Farmers pledge, lets keep the association in our county, or we are helpless. PRUDY.

Cedar Lane.

Tobacco and corn doing well. Not as large tobacco crop as was first thought would be set. Not a very good stand in many places.

Tobacco is being pledged to the association right along, and only a slip of the cog with the old time tobacco buyer and she will all land in the association for the most of them in the past have shown to the farmer that they are a set of d—rascals and the only thing that keeps the old timer from cursing the farmer is the association. The old time liners (tobacco buyers) can and have seen the handwriting on the wall for several years, and if prices of tobacco ever drop again there it all goes into the association to be sold or not sold. We had just as well die with quick pain as the slow fever, and if we have to go back to the old starvation prices we can never live and pay debts and taxes, for as can be seen every new law that is made now means more taxation on the people.

Green Edwards has bought a new mill outfit and is now prepared to grind corn for the public. Green is a fine, honest man and of course he will get a good trade. T. L. Brown celebrated his 58th birthday a few days ago, and to his great surprise his kindred, neighbors and friends began to arrive about 10 o'clock and every one brought a basket filled to the top with all the good things imaginable to eat and at 12 o'clock one of the best laden tables was filled six times with all those good things to eat. It is to be hoped that Mr. Brown will live to enjoy many more such birthdays as the recent one.

Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root if you do you will be disappointed.

J. A. HARDING, Of Bowling Green, Ky., who will begin a tent meeting here Sunday, August 7th.

DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Murray Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys. Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Murray. Follow the advice of a Murray citizen and be cured yourself. J. A. Ellison, Price street, Murray, Ky., says: "I found Doan's Kidney Pills to be an excellent remedy for kidney trouble. I had such severe pains in the small of my back that I was hardly able to stoop and though I tried many remedies, I was not benefited. I finally procured Doan's Kidney Pills at Dale & Stubblefield's Drug Store and before the contents of the second box had been finished I was feeling like a different man. All the symptoms of kidney complaint finally disappeared and I was restored to better health than I had enjoyed for years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Returned to Tennessee.

Chas. Paschal was arrested last week upon a warrant from the courts of Henry county, Tenn., by Sheriff Jordan and turned over to the officers of that county. It will be remembered that Paschal attempted to take the life of his young wife at Puryear some several weeks ago and also attempted to take his own life afterwards.

Large Crowd Attended.

The Farmers Union and W. O. W. picnic at Faxon last Saturday was attended by a large crowd. Secretary Barnett, of the Union, and State Manager Brewer, of the W. O. W. lodge were present and were the speakers of the day. It was an enjoyable occasion.

Paducah, Ky., July 8.—

Owing to the absence of Otis Bick, principal witness for the state, Commonwealth's Attorney John G. Lovett today had all the Marshall county night rider cases retired at Benton, with leave to re-instate. Bick has been absent from the county for several months, and his whereabouts is not known.

"I have been somewhat costive but Doan's Regulates gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 306 Wauke Ave., Altoona, Pa.

The Murray Ice Co. will sell ice from 7 to 9 o'clock on Sunday morning.

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest liniment ever devised. A household remedy in America for 25 years.

Weak Throat—Weak Lungs

Cold after cold; cough after cough! Troubled with this taking-cold habit? Better break it up. We have great confidence in Ayer's Cherry Pectoral for this work. No medicine like it for weak-throats and weak lungs. Ask your doctor for his opinion. He knows all about it. His approval is valuable. Follow his advice at all times. No alcohol in this cough medicine. J. C. Ayer & Co., Lowell, Mass.

B. K. Jennings, a member of the firm of Jennings-Amos Mfg. Co., of St. Louis, was the guest of his brother, O. J. Jennings, and family the first of the week.

Mrs. Sallie Hubbs, of St. Louis, Mo., came in this week to visit her sister, Mrs. Jane Blalock, of near Brandon Mill, and who has been quite ill the past several weeks.

C. H. Bradley and family returned Sunday from Stockton, Cal., where they have been the guests of Mrs. Bradley's sisters and mother for the past six weeks.

"Pug" Melugin, of the railway mail service, is the guest of his parents, R. N. Melugin and wife, north of town. He will be at Fulton for the next several weeks.

County Clerk Falwell, who has been quite ill the past few weeks of typhoid fever, is doing very well. He seems to be improving. Mrs. Falwell also has the fever but is not as ill as her husband.

Will Harris returned the past week from a business trip through Tennessee. He has been confined to his home the past several days on account of being poisoned with poison ivy.

Lost. — Stick pin, oak leaf, red and brown. Bracelet, two small gold bands with dragons head between, three chip diamonds in eyes and one in mouth. Return same to this office and be rewarded.

Mrs. Ed Skinner and son, Glenn, of Nashville, Tenn., were the guest of her brother-in-law, John Skinner, east of town, the past week. She left Thursday for Paducah where she will visit relatives.

Attorney J. C. Speight, of Mayfield, was here Wednesday transacting business. He was en route home from Paris where he went to represent Bob Greene, a former citizen of this county, and who is charged with killing his son-in-law, Green Todd.

Midn. T. A. Parker left last Friday for San Francisco, Cal., where he has been assigned to the U. S. S. Maryland. He will possibly be stationed at the above named place until October. Miss Elizabeth Parker accompanied him to Paducah where she was the guest of friends for a short visit.

Jas. V. Wear, who has been associated with the Benton Tribune-Democrat, the past several years, has purchased the LaCenter, Ky. Advance, and will issue his first paper this week. He is a capable printer and we wish him untold success in his undertaking.

The city health officers and other officials are to be congratulated upon their recent action in having the alley ways around the business section of the town placed in a better sanitary condition. Millions of flies are bred in the cesspools where little or no attention is paid to sanitary conditions and the citizens of Murray are fortunate in having these matters given attention.

Johnson and Nix are making announcement this week in a half page advertisement of their opening to take place next Thursday. This new firm is opening a big variety store, something that is needed in Murray and Calloway county, and will prove a splendid success. Both members of the firm are well known citizens and are deserving of a splendid patronage. They will occupy the Whitnell building, adjoining Nix's restaurant.

Hazel Happenings.

Eld. Wm. Ethridge will conduct a tent meeting at Coldwater next week.

Mrs. J. T. Humphreys, of Memphis is the guest of her sister, Mrs. Myrtle Mason this week.

The protracted meeting will begin at Lebanon, on the Hazel circuit, the third Sunday in July.

Miss Louise Graham, daughter of Asher Graham, of Murray, is a guest at the home of Riley Miller.

J. M. Nance and little son, Dixie, of Remit, Ky., are visiting his daughters, Mrs. Ida Jackson, of this place and Mrs. Verba Paschall, of near here, this week.

Mrs. M. C. Morris, who has been ill at her father's home near Jones Mill for the past few weeks is improving slowly.

H. Wilcox, a mail clerk on this division of the N. C. & St. E., spent his vacation at his father's home near here the past week.

Melton Marshall has bought out the restaurant formerly owned by E. Mason and will continue the business at the same old stand.

Mrs. Floyd Challie and little son, James, of Miami, Fla., and Miss Kate Moore, of Hustburg, Tenn., were the guests of Mr. and Mrs. Will Mayer last week.

The meeting at the Christian church conducted by Elder Briggance of Henderson, Tenn., is growing in interest. Elder Briggance is a good speaker, and his subjects are simple, scriptural and logical. — Hazel News.

Preacher About Recovered.

Rev. South Hawkins has about recovered from the injuries received at the explosion at the Christian church, and is able to be up all the time. — Cadiz Record.

SHERIFF JORDAN MAKES FIRST MONTHLY REPORT.

Sheriff Jordan was kept quite busy during the month of June collecting taxes, and the first of July submitted to County Judge Patterson his first monthly report as required by law. This report shows that he has collected a total of \$1,194.32 which is divided as follows: State, \$1,777.72; road and bridges, \$1,180.36; general fund, \$511.12; school, \$725.12. Out of the funds there remained at the first of the month a balance of \$314.04 in the road and bridge fund; \$8.97 in the general fund. No warrants have been drawn on the school fund and the total amount due the state has been forwarded to the auditor.

These monthly reports will enable the county judge to know at the end of each month the financial condition of the county, and Sheriff Jordan is to be congratulated upon his prompt compliance with the law.

The Reason For Staying.

J. Will Jones, one of the county's leading farmers, has just gotten the returns for the last six hogheads of his 1909 tobacco crop, which was sold at Clarksville through the Association. The net amount received for these six hogheads was \$1,147.73, the prices for these six hogheads being \$13, \$11.50, \$8, \$10.50, \$12.50, \$14.

For six hogheads sold several weeks ago Mr. Jones received \$1,096 net, making the average net price for his entire crop over ten cents per pound. He raised on twenty-one acres a little over 20,000 pounds, which netted him \$2,183.73.

With such prices as these for the average tobacco raised in Trigg county, what good farmer of the county can afford to see the association go down? — Cadiz Record.

The Difference.

What is the difference between high grade and low grade baking powders?

All baking powders are white and are sold in round cans with bright labels. The contents look much the same, but in fact they are very different.

High grade baking powders are made of pure cream of tartar derived from grapes. They are healthful and economical to use.

Low grade baking powders are made of alum, an astringent mineral acid.

Before the Pure Food Law only a chemist could tell by analysis one from the other.

But now baking powders have the ingredients printed on the back of the label. By reading the housekeeper knows the ingredients and being careful of the welfare of her household, avoids the alum kind of baking powder.

Good baking powder is one of the most useful things in the kitchen—and their is a difference.

FARM FOR SALE. — Sixty acre farm, 1 1/2 miles northwest of Stella, 28 acres in cultivation balance in timber; good young orchard, double barn, stables and crib, 5 acres in meadow, plenty of good water. Will sell at bargain and give possession in the fall. Call and look over the place or write me. — BEN DIXON, Murray, Ky., Rfd. 6. 3t.

Chamberlain's Stomach and Liver Tablets gently stimulate the liver and bowels to expel poisonous matter, cleanse the system, constipation and sick headache. Sold by All Dealers.

\$3.50 is our price on a Saddle that has quitted seat, roll behind, leather undersides, square housing, good finds. This is a nice saddle. — Murray Saddle & Harness Co.

Ledger \$1; worth several.

JURIES FOR THE AUGUST TERM ARE SUMMONED.

Sheriff Jordan and his deputies are busy this week summoning the jurors for the regular August term of the Calloway circuit court which will be convened the first Monday in next month. The names of the jurors were drawn from the wheel at the April term and are as follows:

GRAND JURORS:

G. A. Hale, Elish Humphreys, Pat Beale, E. J. Cook, B. F. Caraway, Ben White, G. H. Pitman, T. W. Thompson, J. O. Suiter, Felix Bailey, Rufus L. Miller, W. C. Hendon, A. O. Miehau, Albert Smith, Lee Cahoon, J. J. McCuiston, Thos. E. Yarbrough, J. D. Rowlett, Robb Marine, Jno N. Garrison, Thos. F. Cahoon, F. H. Guier, Jno. F. Summers, J. C. Mahan.

PETIT JURORS:

John H. Curd, Burnett Washam, Geo. W. Dunn, J. M. Orr, Chas. H. Wrather, R. N. Cutchen, B. McBoyd, Jno. W. Paschal, O. T. Harrison, Richard Langston, T. E. Tripp, Andy S. Scarborough, Henry McCuiston, N. A. Pate, C. H. Whitnell, Payton S. Key, S. A. Rhea, W. A. Sparkman, Albert W. Robinson, B. H. Hopkins, O. Z. Humphreys, Jas. A. Cain, E. F. Banks, John H. Thompson, W. T. Cook, Joe W. Winchester, R. L. Spencer, S. A. Purdon, Jno. C. Oliver, Jno. A. McDaniel, A. P. Adams, G. M. Radford, Brack B. Denham, J. J. Brinn, Albert W. Wynn, P. A. Wells.

Patterson—Banks.

Mr. Harry Patterson and Miss Laura Banks were united in marriage last Thursday evening at the home of the bride's parents on Curd street. Only immediate relatives of the contracting parties were present. Rev. McPool said the ceremony. Mr. Patterson is the oldest son of Judge Patterson and has been associated with the N. C. & St. L. railway at this place for the past several years and is one of most splendid young men of our city. Miss Banks is a daughter of Eldridge Banks and is well known and popular with a large circle of acquaintances. They left Thursday on the 7 o'clock train and will be absent for some time.

Regular Monthly Meeting.

The regular monthly meeting of the Calloway county fiscal court was held Monday of this week with a full attendance of all members.

Quite a batch of accounts were allowed and matters of interest to the taxpayers discussed and disposed of at the meeting.

E. B. Holland & Co. are running a 10 days clearing sale. See them for low prices.

LITTLE CHILD MEETS WITH SAD ACCIDENT.

Benton, Ky., July 10.—Last Saturday, while her brother was mowing oats, a small daughter of Thomas L. Hunt, who lives on the Morgan place, just north of town, got into the machine, and as a result, got her right foot cut off just above the shoe top. The oats were thick and tall, and her brother did not see her until the machine had run into her and severed her right foot from her body. He stopped the machine only to find the mangled form of his little sister, which horrified him beyond his senses. Picking her up in his arms he carried her home, a distance of about one quarter of a mile, and soon had Drs. Howard, Stille, Hall and Jones to finish the amputation, since which time she has been getting along as well as could be expected under the circumstances.

This is a sad accident, and should be a warning to all parents, not to allow children to be playing around where a harvest in machine is being run.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up.

Examine my line of steel grave vaults before deciding upon any other character of burial vault. I handle the best made in America. — J. H. Churchill.

HOLLAND AND ITS TULIPS

Growth of the Flower is Now One of the Recognized Industries of the Country.

In going from Amsterdam to Copenhagen Mr. Roosevelt went from the scene of a great swindle of the seventeenth century to the scene of an equally notorious swindle of the twentieth century. Conrad Gessner had successfully transplanted the tulip from Constantinople to Germany in 1559. In the fore part of the seventeenth century, originating in the Netherlands, the "tulip mania" impoverished investors all over Europe. As high as 12,000 florins—\$5,200—was paid for one bulb of the species known as Semper Augustus. Ownership, even in a single bulb, was frequently divided into shares; there was the wildest speculation on bulbs not yet in existence, by men who possessed not so much as a square foot of land for a garden. Large quantities of bulbs were sold on paper, far in excess of the number actually produced. When the crash finally came thousands of the speculators lost all they had. It was a long time before tulip culture in Holland recovered from the effects of the financial disaster that overtook the victims of the tulip mania. But when the sturdy common sense of the people returned they set to work in sober earnest to rationalize the cultivation of the flower, with the result that today there are 1,800 recognized varieties grown in the Netherlands and 4,800,000 pounds of bulbs are shipped every year to the United States. Between The Hague and Haarlem in the season thousands of acres are given over to the cultivation of these beautiful flowers whose languorous incense monopolizes the air as their gorgeous colorings transform the earth into an oriental carpet.

WORKING WITH BABY ON BACK

Eskimo Woman Seems Little Inconvenienced by Burden, and Infant Is Comfortable.

It is surprising what work an Eskimo woman will undertake with a baby on her back. It is a common occurrence to see them bent down skinning seals or cleaning sealskins; it often makes one feel afraid the baby will roll out, but no such thing happens. Baby sits in its cozy quarters looking round and taking notice of all that is going on, or sleeps on quite unconcerned. The women even carry children of two or three years old in their hoods, and always have their hands free for other work. It is very amusing to watch the operation of taking a child from the hood. The little mortal is shaken round till it occupies a favorable position behind the mother's left shoulder. Another shake and a couple of jerks, and up comes baby on to the shoulder, where it looks like a bundle of rags. Overbalancing it takes a plunge, head first, toward its mother's lap. Before arrival there, however, the infant turns a somersault and lands safely on its mother's knee, to be fondled and caressed and talked to in the way usual to mothers the wide world over. —From the Wide World Magazine, London.

Remedy for Insomnia.

A woman who has suffered long from insomnia has made a discovery which she has never seen in any chapter of advice on this subject. She often wakes in the middle of the night with a nervous craving which is not hunger, but which she formerly strove to satisfy with food. Now she eats an apple or drinks the juice of one or two oranges. The acid in these fruits seems to "go to the spot" as nothing else does, besides which they have the advantage that they can be placed by the bedside on retiring, where they can be obtained later without getting up. The apples used must be rather tart and firm, like the Northern Spy, and sometimes it takes diligent search to find them. The oranges, too, serve the purpose better if they are not too sweet.

Cleanliness of Ants.

No creature is more tidy than an ant, who cannot tolerate the presence of dirt on her body, says a writer in St. Nicholas. These little creatures actually use a number of real toilet articles in keeping themselves clean. A well-known authority says their toilet articles consist of coarse and fine-toothed combs, hair brushes, sponges and even washes and soap. Their saliva is their liquid soap, and their soft tongues are their sponges. Their combs, however, are the genuine article and differ from ours mainly in that they are fastened to their legs. The ants have no set time for their toilet operations, but stop and clean up whenever they get soiled.

A Dime Novel Guide.

One night at the Gaiety club Dr. William T. Hornaday, director of the New York Zoological park, was asked his opinion of a certain Rocky mountain guide. The director replied, warily. He is the last man in the world to refuse a recommendation to any fellow being who has a shadow of right to one. He hedged.

"The last time I saw Hawkins," he said, "he came into my office wearing a large diamond scarf pin, stuck into a ready-made necktie, a still larger diamond in a ring on his little finger, and he had his mustache dyed. Now, if I were looking for a man to guide me into mountain fastnesses, or even across treacherous glaciers, I should want to know what he was doing."
