FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

Years of catering to the appetites of particular people make it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.
