THE MURRAY LEDGER.

VOL. 32, NO. 18

MURRAY, KENTUCKY, THURSDAY JULY 28, 1910.

\$1.00 PER YEAR.

CAPT. STONE HEARD BY A LARGE CROWD.

Monday a Big Day For the Association And Many Acres Are Pledged.

If there existed any doubt in the minds of the producers of tobacco regarding the result as to whether the Calloway farmers were going to pledge their growing crop of tobacco to the association this doubt was dispelled Monday. It was a notable day in the history of the organization and more and greater enthusiasm was manifested in its interest than has been exhibited here in several years. It was a coming together of the people with but one object in view, and that object the most commendable purpose ever undertaken by a people, a determination to stand together that they might receive the highest reward possible for their labor and toil.

The crowd Monday was not the largest ever gathered here, but it was one representative of the splendid citizenship of the county. Capt. W. J. Stone, of Kuttawa, president of the Planters Protective Association, was present and at 2 o'clock in the afternoon spoke to a splendid crowd of tobacco growers in the court yard. Disregarding the discomforts of the occasion by reason of no seats and but little shade the growers gave the eloquent ex-congressman close attention and heard him through nearly two hours of appeal. Capt. Stone came as a farmer to talk to farmers and his address was replete with sound advice, good common sense, a strong appeal for the urgent necessity of organization on the part of the farmers to enable them to combat the combined influences of men and money. He reviewed at considerable length the founding of the association and what it had accomplished since its organization in 1904, presenting the figures showing the average price received in 1903 amounting to \$2.50 as compared with the price received by the association for the 1909 crop of \$10.57. He did not hold out a promise to the people but instead presented the facts, showing just what the concerted action of the growers had accomplished in the past few years, and convinced his hearers that unless this combination was continued that within a few short years the producers would again be at the mercy of the trust and speculator. His plea in the interest of the women and children who have been so justly benefited by the increase in price of tobacco was earnest and brought tears to the eyes of scores of his hearers. He urged every grower of the county to join the ranks of the association but insisted that the organization did not want the conscript. He asked those who had wandered away to return to the fold and many in the crowd were heard to declare that they were back in the ranks to remain forever.

Capt. Stone has many friends in Calloway county and his coming at this opportune time was a vast benefit to the organization and will result in hundreds of acres of the growing crop being pledged. It is regrettable that every farmer in the county did not hear him.

GRAVES COUNTY CHAIRMAN OF ASSOCIATION RESIGNS.

Mayfield, Ky., July 23. Capt. T. J. Daughaday has resigned his position as county chairman of Graves county.

He says he does not wish to serve a county that is standing in the way of other counties that are well organized; and it now appears that Graves county will not pledge the required 51 per cent. of tobacco. So Graves county, now without a representative, will not be reckoned in the amount pledged.

While the above resignation leaves the tobacco growers of the county without a county organization, which is to be deplored, it by means is to be construed that the interest of all who are now members and others who may become members before the books close Aug. 15, will not be handled with fidelity. And we venture the prediction that those now members of the Association will not relax their effort as the days speed to a close of the books to win over the 51 per cent required of the 15,000,000 pounds of the crop now on the hill by the 15th proximo, which will entitle the growers to a county organization.

Miss Bernice Edwards, of Murray, who has been the guest of Miss Estelle Wear for the past week returned home Monday evening. — Benton Tribune.

GRAND STAND CONTRACT LET.

The contract for the grand stand at the fair ground was let the first of the week to Colie Pool. The contract price for the structure was \$2,500. When completed it will be 160 feet long with a seating capacity of about 2,500. The structure will combine as an exposition building and grand stand. Beneath the seats will be arranged stalls for the display of poultry and farm products, while at the top and in the rear of the seats will be an exhibit hall for the display of all articles representing the culinary and household departments together with such other displays as might be entered at the coming fair.

E. H. Haley is pushing the work on the track again this week and expects to complete the speedway at the very earliest date possible.

Con Frazier has about completed cleaning and clearing the grounds and expects to commence work at an early date erecting fences, stalls and stock barns. All work is progressing nicely and with favorable weather for a few weeks the entire grounds will be placed in almost complete shape.

Secretary Holton reports a number of entries for the different races and expects a large number of entries within the next two weeks.

Henry Bandy, of Lafayette, Tenn., has been granted a patent on a machine that cuts and handles tobacco, preparing it for the house. He claims that one man can in a day cut and house the tobacco from five or six acres of ground.

FULTON VOTES TO REMAIN DRY.

Prohibitionist Win By Seventeen Votes After Most Sensational Fight.

A special to the Courier-Journal gives the following account of the election held in Fulton last Thursday:

Three more years Fulton is to remain in the ranks of the long list of "dry" towns in Kentucky at the close of the most weird campaign in the history of this section, ending today with the local option forces victorious by the meager majority of 17 votes. Although claiming many grounds for contest it is not likely that the leaders of the high license cause, among whom are the leading business men of the city, will make any effort to dispute in the courts the results announced at the polls here this afternoon.

Bands of women chanted at the polls the tune of ancient hymns set to words which pleaded and threatened for the cause of the moment. The lines of voters were surrounded by men, women and children who joined argument with invective where a voter seemed in doubt and voters were jerked from the line by policemen upon warrants issued by the local optionist.

Imported evangelists commanded the forces of the prohibitionist at the polls and prayed and preached as the tide of battle seemed in doubt; local optionist swarmed over the polls, took possession of them and put the women in front.

For seven days the placidity of Fulton's workaday curriculum has been transformed into an endless programme of parades, upheavals of oratory and business activity has stagnated under the pressure of a wave of violent hysteria, holding the town in its grasp. The streets of this place have been the scenes of revival meetings, their aspect that of a great Salvation Army gathering, while funeral parades have become familiar sights. Mile-long processions of white clad women and children, decorated vehicles and brass bands have wended

DEATH INSTEAD OF MARRIAGE.

Mrs. A. Dycus, of Dexter, Was to Have Wed S. B. Penn, of Kevil.

The following clipping is from the Paducah Sun of July 20:

"Yesterday was to have been the wedding day of S. B. Penn, of Kevil, who dropped dead in the city last week. Holding in her hand a clipping from a newspaper of an account of the death of Penn, Mrs. A. Dycus, of Dexter, Calloway county, approached Patrolman C. D. Gilliam, at the Union Station yesterday afternoon. She asked the policeman for the particulars of his death, and later confided to him that she was to have been married to Mr. Penn yesterday. She said that he was to meet her at the Union Station. Although she saw an account of his death in the newspapers, she thought it might have been another man of similar name, and did not hesitate to come to Paducah to ascertain the truth.

SENSATIONAL TRIAL HELD BEFORE JUDGE PATTERSON.

Ferd Cloys, a well known citizen of the Coldwater section, was given a preliminary hearing before Judge Patterson Wednesday afternoon upon a warrant issued by Esq. Potts, of the Brinkley precinct, in which he was charged with rape. The accusing witness was Mrs. Julia Adams, also of Coldwater. After considerable time was consumed in hearing the case, which was done after the public was excluded from the court house, Judge Patterson held that inasmuch as the warrant was issued without the witness first preparing and signing an affidavit setting forth the charge he would release Cloys and turned him over to Deputy Sheriff Wright.

Prof. I. S. Loos, of Helena, Ark., has been engaged by the Brassfield Concert Band as instructor and will arrive in Murray at an early date. He will remain here several months.

LOUIS FUTRELL CONVICTED.—TWO YEARS.

PADUCAH PREACHER SEEKS \$20,000 DAMAGE BALM.

Rev. M. E. Dodd, pastor of a Paducah Baptist church, has filed suit against the Fulton Daily Leader and W. W. Meadows, J. F. Fall, R. M. Chowning, Smith & Roach, Herbert Carr, Guy Freeman, Frank Carr, J. A. Milner, Len Jones, Homra Bros, Sam McCall, D. T. Creedle, Geo. Creedle, U. S. Thacker, W. Y. Eaker, M. W. Lewis, Bob May, Guy Tucker, Faris Naifeh, Walter Willingham, A. T. Church, Gus Fields, W. W. Gourley, J. R. Milner, Joe Hurst, W. P. Hughes, E. C. Reeds, E. L. McMillan and P. O. Harris, composing the Business Men's League of Fulton, for \$20,000.

Dodd in his petition alleges he was slandered in a recent issue of the Leader in the department conducted by the High License people in the recent local option election.

The petition is a lengthy one, and recites in detail the articles in which Dodd claims he was slandered.

This is the first suit filed as a result of the local option election, but we understand there will be several more filed.

Rev. Dodd figured quite prominently in a recent Paducah sensation when he was severely thrashed by Chas. Graham. Graham charged that Dodd insulted his wife.

DEATH COMES TO OLD CITIZEN

Mr. Rawleigh Radford, of near Kirksey, died Wednesday afternoon of the infirmities of age. He had been confined to his bed for some time and gradually grew worse until death relieved him. He was about 84 years of age and one of the county's oldest and most highly esteemed citizens. He was a man of strong character and in his active life wielded a great influence in the affairs of the county. He is survived by a large family of children. The funeral services were held Thursday afternoon, after which the remains were laid to rest in the Mt. Carmel cemetery.

Residence is Damaged.

While blasting out stumps in the public road just west of the limits the past week a large stump was hurled into the air at a great height and in falling struck the roof of the residence of Rich Waters with such force that it fell through to the floor of the dining room. Fortunately no occupant of the home was injured.

Second Trial of Tennessee Youth Results in Eight Years Off His Sentence.

Paducah, Ky., July 23. Two years in the penitentiary for Louis Futrell and an acquittal for J. S. Futrell, charged with the murder of Horace Osburn, a street car motorman, was the verdict returned this afternoon at 1:55 o'clock by a jury in the circuit court. The jury was out over 26 hours before a verdict was reached. On his first trial Louis Futrell was given 10 years in the penitentiary. Attorneys for Futrell will make a motion for a new trial tomorrow.

From the first ballot the jurors acquitted J. S. Futrell, of Model, Tenn., the father of Louis Futrell; but the jury disagreed as to the length of punishment for the son. On the first ballot seven jurors voted to give Louis Futrell two years, two voted for acquittal for him also, and three voted to give him a longer term. The jurors wrangled on this point until this afternoon, when the twelve men agreed on two years.

Only a few people were in the court house when the verdict was returned, as it was the general opinion that the jury was hopelessly hung. J. S. Futrell wept at the verdict against his son. Louis Futrell also cried, as he was taken to jail, where he will remain until the motion for a new trial is acted upon.

Louis Futrell shot and killed Horace Osburn in the spring of 1909, in a boarding house on Kentucky avenue near Third street.

Under the new law juries do not fix the penalty in felony cases, that being left to the discretion of the judge within the law, after the jury has found the defendant guilty. However, it is not known whether it affects crimes committed before the law went into effect or not. If possible, the attorneys for the defense, who will ask for a new trial, will take advantage of the verdict.

CIRCUIT COURT CONVENES IN REGULAR SESSION.

The regular August term of the Calloway circuit court will be convened here next Monday by Judge Hanbery, of Hopkinsville, will be a two weeks term with but few cases of importance to come up.

Suit was filed last week by Judge Simpson and Marshall Brooks, against Henry Ellis and wife and T. J. Melan and wife, for damages in the sum of \$1,000 each, charging that in a letter written for publication by the defendants that they were libeled by the charge contained in the letter that each of the plaintiffs were thieves. The suit grew out of the empoinding of some stock the property of Mr. Ellis.

Notice.

All parties indebted to Dr. Will Mason, Jr., for season of stock prior to 1910 are urgently requested to settle at once. If no call and get your note, these matters must be settled.

Yours truly,
D. L. REDDEN.

Morgan's Men Association Invites
Veterans in Gray to Join Them.

Carlisle, Ky., Maj. H. M. Taylor, who is now on the staff of Gen. W. H. Haldeman, of the United Confederate Veterans of Kentucky, and Col. Green R. Keller, of this city, are completing arrangements for the reunion of Gen. John H. Morgan's men, which will be held on the Parks Hill Assembly grounds, at Parks Hill, this county, August 16 and 17. The greatest reunion in the history of the Morgan's Men association is expected. Members of the orphan brigade and other famous confederate commands have been invited to participate and a great time for the old soldiers who were the gray is being prepared for. The officers of the organization are: Gen. H. W. Duke, of Louisville, president; J. W. Howies, of Louisville, first vice president; Judge M. C. Saufley, of Stanford, second vice president; Maj. O. S. Tenney, of Lexington, third vice president; Green R. Keller, of Carlisle, secretary; the Hon. Dr. E. O. Guerrant, of Wilmore, chaplain; P. Young, of Lexington, commissary. On the executive committee having direct charge of arrangements are: Judge J. D. Hunt, of Lexington; Capt. S. G. Sharp, of Covington; Judge G. S. Wall, of Mayesville; W. H. Robb, of Helena, and Maj. H. M. Taylor, of Carlisle.

Kentucky Intelligence

Lexington.—Glen H. Curtiss has been engaged to make daily flights in his aeroplane, the Hudson Flyer, during the Blue Grass fair, which is to be held here the week of August 23-25.

Mayfield.—Bob Overhine, 48, a bricklayer, formerly of Elizabethtown, N. C., falls heir to \$100,000, left by his mother, who died recently. Overhine will leave for California to locate.

Louisville.—J. L. Montague, 58, a traveling salesman for the Washington-Cropley Milling Co., was run over by a train near the Union depot. His left leg was ground off. He died one hour later.

Winchester.—Flynn & Chesbro, Detroit lumbermen, closed the purchase of 8,000 acres of timber land on the head of Bullskin creek, in Clay and Leslie counties, for \$120,000, from various local parties.

Frankfort.—Mrs. Mayme Carroll Gray, 78, niece of late Bishop William Carroll and Charles Carroll, a signer of the Declaration of Independence, died here. She was a member of a distinguished Baltimore family.

Pulten.—For three more years Pulten is to remain in the ranks of the long list of "dry" towns in Kentucky at the close of the most weird campaign in the history of this section, ending with the local option forces victorious by the margin of a majority of 17 votes.

Frankfort.—Appellate Judge Settle called in Judge O'Hair and Thomson, to sit with him in the case that has come before the appellate court regarding the location of the county high school in Hart county. The residents of the county are divided into factions over the location of the school.

Louisville.—Charles Bremaker, first paper manufacturer of this city, a commissioner of the Lakeland Insane Asylum, and one of Louisville's wealthiest citizens, died of old age. He was 72 years old. He was a member of the board of commissioners of the Lakeland Insane Asylum for 20 years.

Mt. Vernon.—G. W. Gentry, Jr., a sawyer, was killed by being struck through the stomach by Town Marshal G. R. Ferguson. The trouble came up over the marshal having arrested a son of Gentry some time since. It is alleged Gentry struck Ferguson in the face, when the latter opened fire.

Lexington.—With authorized capital stock of \$100,000 the Central Kentucky phosphate Co. was incorporated here. Lexington will be the location of the company's mines and plant. Capitalists from Birmingham, Ala., Winston-Salem, N. C., are the incorporators. The company will develop phosphate beds of the south.

Hartford.—The firm of Z. Wayne Griffin & Bros., one of the oldest drug firms in this part of the state, filed a voluntary petition in bankruptcy in the federal court in Owensboro. Assets about \$16,000. It is estimated that creditors will get about 75 per cent.

Louisville.—An injunction prohibiting Sheriff Al. Emmer, of Jefferson county, and County Clerk Pres. Ray from collecting the 12 per cent extra assessment on property in this county fixed by the state board of equalization, was granted John Armstrong and Julius C. Hertz by Judge Miller in their suit against the county officials.

Lexington.—Dr. J. A. McCleary, of Atlanta, as the head of a syndicate of Georgia capitalists, has purchased the Licking River railroad, which extends from Salt Lick, Bath county, 18 miles to a point near West Liberty, Morgan county. Dr. McCleary will assume active supervision of the road. It is to be converted from narrow to standard gauge and extended to West Liberty. R. B. Hutchcraft, the local mineral and timber expert, will have a part in the development of resources along the line.

Louisville.—Plans for a big celebration in honor of Louisville day at the Ohio Valley improvement exposition to be held in Cincinnati August 24 to September 29, will be worked out at a joint meeting of committees representing the Louisville Board of Trade and the Louisville Commercial club.

Lexington.—Fifteen indictments were returned by the grand jury against the owners of resorts that are located elsewhere than in the "red light district." These, when were ordered some time ago to leave, they disregarded the orders, hence the indictments.

Frankfort.—Secretary of State Bruner stated that he intended to fine 25 banks in Kentucky, who had failed to send in their reports as he ordered them, unless they give a valid excuse for their delay. The law provides that the secretary of state may fine the banks who are delinquent as much as \$200, and Bruner says he will give the delinquents the limit. The reports should have been in two days ago.

Lexington.—Capt. Samuel T. Leavy, of Midway, an officer in Gen. John Hunt Morgan's noted brigade of confederate raiders, is dead, aged 70 years. He was overcome by heat a week ago and gradually sank.

Carlisle.—The Nicholas County fiscal court heard the report of Superintendent J. S. Sparks as to the condition of the turnpikes and bridges belonging to the county as a result of the recent floods. The loss to the county is placed at \$20,000.

Scottsville.—(By Special Agents) The boy who was charged with the killing of Amos Pease, was tried before County Judge Cook and held under \$5,000 bond to the circuit court, which convenes next September. The charge was reduced to manslaughter.

COTTON-BILLS LADING

COTTON MEN EXPECT SOME AD-
VICE FROM HARAHAN.

Action of London-Bankers Said To Be
Result of Vice-Prosecution of Those
Accused of Forging Lading Bills.

New Orleans.—With the harvesting of the South's cotton crop already begun in some sections and the time approaching when the crop will begin to move in even the more northerly states, Southern bankers and business men are now hard at work on the problem presented by the recent action of European bankers in connection with bills of lading. At the meeting of London bankers a resolution was adopted to the effect that beginning in November, American cottons, which they shall be acceptable only when they are guaranteed by an American banking institution.

This action grew out of the alleged frauds recently perpetrated through forged bills of lading, resulting in the loss of millions of dollars to continental firms.

Southern cotton men realize that a complete revolution in the cotton trade will follow the stand taken by the English bankers. In the event American banks refuse to guarantee cotton bills of lading, the cotton business of the South, they say, would be thrown into a complete chaos and this would mean a drain of millions of dollars from the monetary centers of the country, which, under present financial conditions, would be unable to stand such heavy demands for actual money.

Southern bankers express doubt as to whether the banks can assume such a responsibility as guaranteeing to banks abroad the bills of lading, on the principal commodity exported by this country.

One of the many plans suggested as offering a solution of the problem is that the railroads guarantee the bills of lading to the American banks, which, in turn, will guarantee them to the banks abroad.

In this connection, an important conference of leading cotton men will be held in New Orleans. Those who are behind the movement express the hope that T. J. Harahan, president of the Illinois Central railroad, will attend the conference and lend his advice and counsel in devising a plan which will fully meet the situation. Mr. Harahan went to England when the recent cotton frauds came to light and attended in Liverpool, meetings of cotton men held to discuss the alleged evils of the present system of exporting cotton.

CROP REPORTS ARE MIXED

Considerable Improvement Is Shown
In Five of the States.

Memphis, Tenn.—The week gives mixed and rather uncertain returns from the cotton fields. Considerable improvement attendant upon dry weather is shown in Alabama, Tennessee, Mississippi and Arkansas, while Northern Louisiana is rounding into a state of fair promise.

The Carolinas and Georgia suffered from heavy rains early in the week, so that little cultivation was done on the later days, while Texas and Oklahoma without rain are approaching a time when the crop may suffer. In fact, some loss has already been sustained in Southern and Southwestern Texas.

In the Central and Eastern States the crop is being "laid by" in a rather poor condition, some of the fields still being very grassy. Ten days without rain would permit of a rather considerable improvement, but the crop has received much less work than it would have gotten under normal weather.

Chicago in Throes of Sweltering Day
Of Accidents.

Chicago.—All heat records for the present hot summer and heat records for nine years past were broken in Chicago Sunday.

At 3 o'clock and 4 o'clock in the afternoon the official thermometers on the top of the federal buildings registered 97 degrees. On the streets temperatures of 102 and 103 degrees were read in many thermometers.

It was the hottest day experienced in Chicago since July 21, 1901. On that date a temperature of 103 degrees—official—was reached.

The day was an eventful Sunday in Chicago.

Scores were prostrated by the extreme heat.

Three large fires destroyed property to the amount of \$300,000.

Fifty families were made homeless. Hundreds battled in the heat of the day, to which was added the heat from the radiating configurations, in the effort to save their personal belongings.

One woman, overcome by the heat, rushed to the lake shore and attempted to throw herself into the water in the hope of ending her life.

Railroads Win Victory.—

St. Louis.—Frederick N. Dickson of St. Paul, master in chancery, filed his preliminary findings in the lumber rates suit instituted against the interstate commerce commission. In the findings the railroads gain a substantial victory. The lumber rates established by the interstate commerce commission from the Pacific coast to all points in western Minnesota, Iowa and Missouri, are sustained, but the rates from the coast to points east of the line are declared to be unreasonable.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Fourn, 207 W. Franklin St., Baltimore, Md.

This most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and those who are more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, faintness, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. E. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

An Easy Fit.

A number of years ago there lived in northern New Hampshire a notorious woman-hater. It was before the day of ready-made clothing, and wearing a new suit, he was obliged to take the material to the village tailor.

She took his measurements, and when she cut the coat, made a liberal allowance on each seam.

The man's dislike of women in general prevented his having a fitting. He took the finished garment without looking at it. It was much too large, and his disgust was apparent in the answer he made to the splendidly loiter on his first visit to the post office, when he wore the deplorable article.

"Got a new coat, Obed?" said the loiter.

"No, I hadn't," said Obed. "I've got seven yards of cloth wrapped round me."—Youth's Companion.

The Home of the Cod.

There is just one other great cod bank in the world besides those off Newfoundland. It lies off Cape Agulhas, which is the southern tip of Africa, and south of the Cape of Good Hope. The Agulhas Plateau is said to be almost a duplicate in size and richness of the north cod banks. But this is too far off, so there is little promise of its appeasing the hungry appetite of the world for cod.

Remember, girls, that pinning a 117 hat on a 17 cent head doesn't increase the value of the head.

BIG BUSINESS BY ASSOCIATION.

Clarksville Paper Predicts Bright Future For The Organization.

In speaking of the Tobacco Association, the Clarksville Leaf-Chronicle of last Wednesday has this to say:

The Association salesroom was the scene of lively work today, as about 400 hogsheads of tobacco were ready to be disposed of. Probably every buyer of prized tobacco was present, and as they gathered around the long tables, the samples were kept moving, being handled alternately by each buyer, who if he desired took the tobacco at the price placed upon it by the salesman. The stocks have been so reduced that only one day in the week is used as a sale day and each is ready to get up his quota of hogsheads, if he can find what he needs. At the close of the breaking Tuesday only one hogshead was left in each of the four Association houses unbroken. There are still a few hogsheads unprized in most of the prizing houses, and looks now that all except probably a few scattering hogsheads will have been prized and sold by August 1, and this will be about the condition of the independent houses also.

The early close of the selling season marks an eventful epoch in the work of the Tobacco Association. On this market will be sold about 11,000 hogsheads of dark tobacco, while Springfield will almost sell the same, with Paducah handling about one-half the said quantity.

This is something surprising to those who thought almost the entire crop would be sold loose. The good business methods under which this has been done has enabled the tobacco to be sampled and sold as fast as delivered to the warehouses, in some instances being rolled from the wagon to the skids and sampled. Some of those who sold from the Association because, as they claimed, they needed the money, have seen their neighbors prize and sell before their crop was delivered to the factory. This has caused many to sign the pledge anew, and it is expected that 20,000 hogsheads of Association tobacco will be sold at the Clarksville salesroom next season.

Big Barbecue and Bran Dance.

There will be a big all day barbecue, picnic and bran dance at Brandon's Mill, Saturday August 6th. Also there will be speaking promptly at 11 o'clock in the interest of the Farmers' Union and Tobacco Association, by O. J. Jennings, editor the Murray Ledger. Everybody is invited to come and spend a pleasant day. There will be plenty to eat, cold refreshments, good music and good order. Come, spend a pleasant day.

There will be a big picnic and bran dance 1-4 mile west of Russell's Chapel, Saturday, July 30. Speaking at 1 o'clock by O. J. Jennings in the interest of the tobacco association. Good music by string band, also phonograph music.

Mrs. W. G. Love is spending several days at Dawson for the benefit of her health.

WILL SUE FOR ANCIENT ESTATE.

Hazel to Have a Concrete Residence.—Other Locals From Hazel.

W. M. Mills, late of this place, but who now resides with his son-in-law R. L. Smith near Nashville, Tenn., was here this week and stated his intention of bringing suit to collect his portion of an estate worth several million dollars, which he claims has been unlawfully withheld for many years from the lawful heirs of which he is one. The property in question is located in the very heart of New York City and comprises a number of acres of land. Mr. Mills has been at work on the case for several years and showed some papers he had lately secured which traced his ancestry through nine generations, running back to 1602 and proving his right to a share of the estate in controversy. His numerous friends around Hazel would be glad to see him succeed in his undertaking.

Concrete blocks are being hauled this week for the erection of a nice residence on the corner adjoining H. I. Neely's residence lot on the west. The building will be owned and occupied by Otho Boyd and wife, Mr. Boyd having purchased this lot from Mr. Neely. The structure will be pushed rapidly to completion and when finished this will be one of the handsomest residences in the town. Hazel needs more citizens with the enterprise of Mr. Boyd and more new residences. Let the good work go on.

Prof. Langston, of Murray, was here Wednesday. He expects to move into his handsome new residence near the school building about the middle of August.

Victor White who has been clerking for the Hazel Merc Co., for the past several months left Monday for Kansas, where he will locate to be with his brother and sister.

Word from Mrs. T. M. Lamb who went to New Mexico some months ago for the benefit of her health is to the effect that she is getting along nicely. Her friends here are pleased to know that she is improving.

Eunice Miller passed through here on his way home last week. He has just completed his four year course in medicine at the University of Louisville, and is now a full fledged M. D. He will locate at New Providence and will gladly serve his friends when called upon. Mr. Miller is one of Calloway's rising young men. His friends congratulate him upon the completion of his course in the University and wish him much success in the practice of his profession. —Hazel News-Notice.

Letter of Administration having been granted on the — day of December, 1909, by the Calloway County Court to the undersigned upon the estate of J. H. Goodwin, deceased, notice is hereby given to all persons having claims against the said estate to present the same to me properly proven according to law with in three months from this date, or they will be forever barred. This July 25, 1910. —N. H. Hopkins, Administrator. 3t

Brooks Chapel.

Fine rainy weather and crops are looking well. Wheat is about all threshed in this neighborhood. It is better than has been for years.

Elsie Lillard has sold 29 gallons of blackberries at Dexter. They are real scarce here this year, only a very few farms have any at all.

Callis Buyers has returned from Cottage Grove, Tenn., where he spent a few days with Daniel Wyatt and family.

Regie Anderson visited relatives near Olive Sunday.

Webster Hopkins, of Flat River, Mo., is mixing with relatives here.

Russell Barnhart, superintendent of the Illinois Central railroad company's air-brake department, of Paducah, was up Sunday visiting his father, W. Barnhart. Bob Barnhart and wife and little daughter, Jewel, of Paducah, are spending a week here with his father, W. Barnhart, and his wife's father, Uncle Elias Hopkins. Bob is an employ of the I. C. railroad company at Paducah. Bob and Russell are brothers and are good railroad men.

Lee Nanney married a Miss Woods, of near Mayfield, last week.

Quarterly meeting at the Gordon Shed Saturday and Sunday and will be protracted this week.

Mrs. M. S. Burke, widow of Gus Burke, lost her fine horse caused by snake bite.

By request W. Barnhart will address the patrons and children of Brooks Chapel on Aug. 8. It will be the opening of Miss Atlanta Bynum's school. A cordial invitation is extended to all to be present. His subject will be: "Thoroughness of School Work."

Mrs. Horace Warren and son and daughter, of Hardin, are enjoying a week with relatives here. So far as I have learned the majority of the farmers have or will put their tobacco in the association. The association has passed through the fire furnace. It has brought the poor farmers, their suffering wives and children, widows and orphans through and not a hair of their head is singed nor the smell of fire upon them. This is the old time religion, its good enough for me. Don't change the good old friend for a new one, come into the association for it is a farmers union. It handles only tobacco and tobacco is only raised by farmers. Farmers, give your heart to God anew and pool your tobacco to the association. To the good prizers and officers and joiners of the association of 1909 past, also to 1910.

I wish you pleasure And great riches, Long life on earth And a home in heaven. AUNT JOE.

ARE PLACED ON UNIFORM BASIS.

Rural Schools of Kentucky are to be placed on a uniform basis and the course of study will be the same in every school in the state. This was determined upon at a meeting of the state board of education held at Frankfort recently. It was also determined to have a uniform certificate or diploma for the High school of the state and all diplomas in the future will be issued by the state superintendent of public instruction instead of by the county authorities.

The High schools have been standardized, but no provision had been made for issuing diplomas to the county High school graduates. This was covered by the action of the board and the graduates of the county High schools will get the same diplomas as the graduates of any other High schools. The action of the board of education in adopting a uniform course of study for the rural school was the most important action in some time, as it means that the schools of the state will teach the same thing, no matter whether the school is located in Murray or Pikeville.

The board also fixed the amount of the bond which must be given by each of the book companies which have secured contracts to supply books to the schools in the state. The bond of the American Book Company, which has the largest number of contracts, was fixed at \$5,000, and the other companies graded according to the amount of business done in this state. The board also passed on the course of study provided for by local trustees of some hundred High schools that have been or will be established. Accepting them as legal High schools upon the approval of the course of study.

Benton Defeated by Murray.

The first game of the season to be played on home grounds was a spirited contest on the new grounds just east of the mill last Monday between the new aggregation of Murray boys and the Benton team. The game was played in the late afternoon and resulted in a victory for the home boys by a score of 4 to 1. The new ball park is well located and has been put in fine shape and several good games are to be played before the season is past.

Monday's game was played without a jar or hitch and while the local team has been organized only a short time a splendid game was played and witnessed by a large crowd.

Union Meeting Postponed.

Farmers union people take notice that owing to the school trustees election falling on the same date of our meeting and other important business the county union is hereby called to meet Wednesday, August the 3rd., at the produce house in Murray at ten o'clock a. m.—J. W. Crisp, Secretary.

John Harvill Is Dead.

John Harvill, an aged citizen of Graves county, died last Saturday night at the home of his son-in-law, Tom Carroll, near Wisconsin, after a short illness of the infirmities of age. He had been visiting in this county several weeks. The burial was at Beech Grove Sunday.

A Big Wheat Crop.

T. A. Beaman, west of town, completed thrashing his crop of wheat the past week which yielded him 463 bushel, an average of 14 bushels to the acre. He says it is of fine quality.

BOB OVERSHINE INHERITS GREAT FORTUNE \$340,000.

Mayfield Brick Layer Quits The Mud and Trowel For a Life of Ease.

Mayfield, Ky., July 20.—No longer will Robert Overshine, of this city, call down from a third story staging for "more brick."

He's rich now; his mother died in Elizabeth City, N. J., last week and left him \$340,000.

Overshine doffed his overalls today and declared he'd never again slap mortar on a brick. With his newly acquired fortune he says he wont need the \$3 per day that Mayfield bricklayers get.

Tonight Overshine treated all his friends and told them goodbye. He boarded a train west bound, and said his future address would be California. He plans to buy a ranch and watch others work for him.

Bob Overshine is well known in Murray where he was employed as a bricklayer. He was employed on the Christian church.

The Big Four.

Here are the four biggest tobacco growing counties in the state of Kentucky, according to the Cincinnati Enquirer: In this year of 1910 will be grown in—

Graves county, 20,000,000 lbs. Christian, 16,500,000 lbs. Daviess, 15,000,000 lbs. Henderson, 13,600,000 lbs.

The Planters' Protective Association is keeping up the fight for a new and better organization in Graves county, and the outlook is very flattering for the majority of the tobacco crop this year being pledged to the association pool.—Farmers Home Journal.

Al Perry Reported Dead.

The Ledger is informed the Al Perry, a former citizen of the east side of this county, died at his home in Walla Walla, Wash., the past week. The cause of his death is not known.

Perry left Calloway last fall and located in Washington where he has been since leaving here. Perry was an accusing witness against several men charged with night riding in this county during the troubles of 1908, claiming that he was visited and whipped by them. He afterwards became a member of the state militia.

Will Receive Bids.

I will receive bids for the balance of the lines yet unsold of the defunct Planters' Telephone Co., at the office of F. F. Acree, Murray, Ky., on Wednesday, August the 3rd. Persons desiring to bid on these lines will meet at the above named time and place.—W. J. Geurin, Assignee.

Fire and Death.

A six year old son of Elmer Clark, who lives at Fair Dealing, died very suddenly Wednesday morning and was buried at the family burying ground Thursday. He was very severely burned last winter but had recovered from that misfortune when he died.

The residence of Tom Gregory near Fair Dealing, burned Tuesday night about 8 o'clock, nearly every article of the household goods being burned. We understand it was a total loss, as there was no insurance.—Benton Tribune.

Death Near Farmington.

Turner Adair, aged about 72 years, and a highly respected citizen of the Farmington section of Graves county, died last Saturday of the infirmities of age. The burial was at the Mormon temple.

WHERE TO WORSHIP.

METHODIST CHURCH

At the eleven o'clock hour Sunday morning the pastor will preach, the theme being "A Fore-cast of Twentieth Century Tragedies". Text I Samuel 15-23.

The special musical program will be rendered as follows:

Prelude—Mrs. Joe Ryan.

Offertory—Miss Jessie L. Hudson.

Postlude—Miss Gladys Owen. There will be a meeting of the choir Thursday night at 7:30 o'clock.

Dramatic and Musical Recital.

There will be a dramatic and musical recital of unusual merit at the Institute on Friday evening, July 28th. The artist, Miss Jessie L. Hudson, is a graduate of Columbia College of expression and also of the Sherwood school of music. She comes most highly endorsed by Presbyterians, Baptists and Methodists alike.

Her dramatic recitals both of the humorous and pathetic, together with her vocal selections, assure all who attend a rare treat. The recital is given under the auspices of the Womans Home Mission Society of the Methodist church and tickets are now in the hands of a ticket committee and can also be had at Dale & Stubblefields drug store. Tickets 25c.

Sent to The Asylum.

Mayfield, Ky., July 23.—Buck Sweat, aged 45, one of the good farmers living northeast of Mayfield was adjudged a lunatic and ordered confined in the Hopkins-vill asylum. He was sent there today. His health has been bad for several months and to this is attributed the cause of his derangement of mind. He has a wife and eight children and was making a crop on the farm of John Puryear.

Two More Fair Premiums.

J. F. Morris, the pop man, will give \$10.00 to the Calloway county lady who makes the biggest and best display of canned fruits, jellies and preserves, at the Calloway County Fair. Quality and general appearance considered.

The Bank of Murray will give \$25 in cash for the best 20 hands of tobacco grown by one farmer in Calloway county and shown at the Calloway County Fair as follows: \$15 to first best and \$10 to second best.

E. B. Holland & Co. are running a 10 days clearing sale. See them for low prices.

Prevent and Relieve Headache

"It gives me great pleasure to be able to refer to Dr. Miles' Anti-Pain Pills as the best remedy we have yet had in our house for the prevention and cure of headache. My wife who has been a constant sufferer for a number of years with above complaint joins me in the hope that they may fall into the hands of all sufferers."

JOHN BUSH, Waterville, Me.

Used Them Four Years.

"Dr. Miles' Anti-Pain Pills are the best I ever tried for the relief of headache. I have used them for nearly four years and they never fail to give me relief. I have tried many other remedies, but have never found any better."

JOSEPH FRANKOWICK, 854 Trombly Av., Detroit, Mich.

There is no remedy that will more quickly relieve any form of headache than

Dr. Miles' Anti-Pain Pills.

The best feature of this remarkable remedy is the fact that it does not derange the stomach or leave any disagreeable after-effects.

Druggists everywhere sell them. If first package fails to benefit, your druggist will return your money.

THE GOLDEN EGG OF THE TOBACCO ASSOCIATION.

(Continued from Page One.)

old hen in which is imbedded the germ of future prosperity and give her the nourishment so much needed. This is a critical moment in the history of our association. Beaten and battered, pursued and percutured our leaders have marched on in our behalf. But their is a time when forbearance ceases to be a virtue. Could we blame them now if they should lay aside their armour and declare munity? We have even complained because they received salaries for their service. Would we without purse or script have gone fourth to labor with the people for a cause that was as much to their own interest to support as ours?

We may not be able to analyze the situation or tell just how each dollar of the commission is spent, but we do know that we have paid the cost of carrying on the association and realized as much again out of our tobacco as we did before we had an association. We have also learned that the only way to rob the treasury is to join the association and then sell out.

To us the matter is vital. If the association should go under we know only too well where our tobacco market will be in a short time. If we had forgotten the past, this year's experience would have refreshed our memory.

Picture the dark patch without any Association and then again let your imagination play as to conditions if we were to get every tobacco grower in the dark patch to join heart and hand and co-operate with every movement that tends toward perfection of the organization. This on first thought may seem visionary, but with a united effort on the part of the people, each striving to bring it about, it could become a reality.

O'will we never realize the necessity of protecting ourselves from the insatiable greed of greed of trusts. Have we forgotten how the American Tobacco Company entered a conspiracy with the Regie agents by which the territory was divided, all agreeing to pay some fixed price without regard to quality, and allotting the territory into well defined districts so that there could be no conflicts of interest, leaving us powerless in their clutches?

We owe it to country, home, wife and children to support the hen that lays the golden egg.

CONTRACT LET FOR NEW BRIDGE OVER CLARKS RIVER.

The Calloway county fiscal court has let a contract for a new steel bridge to span Clarks river near Almo. The Vincennes bridge company has the contract for the bridge which is to be about 130 feet long. The contract price is \$3,475, to be paid out at the 1911 levy. This is the same company that has the contract for the bridge over the west fork of Clarks river at the Coldwater mill site. The two bridges will be commenced at about the same time.

Examiners for State Banks.

Frankfort, July 21. By his own interpretation of the banking laws of this State, Secretary of State, Ben L. Bruner, has decided that he has the authority to appoint bank examiner, and today so notified Frank H. Hitchcock, Postmaster General, not to discriminate against the State banks of Kentucky in naming depositories for the funds accumulated under the Postal Savings Bank laws.

There is no statement on the part of Dr. Bruner that he will attempt to examine any bank in this State which does not desire it, unless he believes that the bank is insolvent or is disobeying some of the banking laws of the State.

Bishop E. E. Hoss left Nashville on last Wednesday, July 13, for San Francisco, whence he expected to sail for the east on Tuesday, the 19th inst. He will be absent from the United States for about four months.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable. Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything, but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name—Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEEDFUL KNOWLEDGE.

Murray People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Murray proof:

George Aycock, contractor, Murray, Ky., says: "For two years my kidneys were disordered, the secretions from these organs containing sediment and being too frequent in passage. I was also annoyed by headaches, dizzy spells and a blurring of my sight and when I arose in the morning, I was languid and tired. It was finally my good fortune to learn of Doan's Kidney Pills and I procured a box at Dale & Stubblefield's Drug Store. I received relief through their use in a short time. I am pleased to recommend Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

CAPT. STONE HEARD BY A LARGE CROWD.

(Continued from Page 1.)

Some criticism was occasioned during the speaking from the fact that the band, which was escorting the Benton and Murray ball teams to the park before the game, stopped near the speakers stand and played, interrupting Capt. Stone and causing many of the crowd to give expression to caustic criticisms. The occurrence is to be regretted and no doubt the members of the band did not realize that they were interrupting the speaking.

COMMITTEE MEETING.

The Calloway county committee of the tobacco association held a meeting here Monday with a full attendance. The meeting was one of the most enthusiastic held in several months and quite a large amount of business was transacted. Committeemen reported that the work of pledging the present crop was progressing nicely and that in every section a large per cent of the growers were joining the organization. Upon motion of J. B. Swann, of the Swann precinct, O. J. Jennings was elected secretary to succeed A. P. Adams, resigned. After a general discussion of the outlook contracts for pricing and storing tobacco were awarded as follows:

Pricing contracts.—Outland Bros.; F. E. Outland; E. J. Miller; B. F. Stone & Sons, and J. B. Swann.

Pricing and storing.—C. E. Farmer; J. A. Belcher; Mizell & Tarry.

SPEAKING DATES MADE.

County Chairman J. H. Keys will speak at Harris Grove, August 4th, 1 o'clock, and at Kelley's school house at night.

W. H. Finney will speak at Kirkey, July 30, 1 o'clock; and at Corinth school house at night.

O. J. Jennings will speak at Brandons Mill Saturday, July 20, 11 o'clock; Russell Chapel Saturday, August 6th, 1 o'clock.

FULTON VOTES TO REMAIN DRY

(Continued from Page 1.)

their way through the thoroughfares of Fulton, with gray-haired women bearing the banner, "We Fought for Your Fight for Us Now," followed by companies of shrieking children in countless array.

Women have marched in these parades wheeling before them baby buggies with three-week-old occupants, waiting in tiny protest against the strangeness of the disturbing events. Country folk from miles around have taken part; the men strengthened in numbers by country women and children, all bearing in the processions white and black banners upon which are emblazoned mournful admonitions and dire mottoes. In the heat of the mid-afternoon sun footsore tots have tramped for hours shrilling forth home-made songs of prohibition.

The fight for the return of the open saloon was under the management of the Business Men's League of Fulton. Although in charge of the election affairs by reason of the fact that they controlled a majority of the election commissioners, the league allowed equal representation and employed no questionable means to win the fight.
