Handsome Addition to Fulton's Real Estate Market

The finishing touches were given the handsome Bob Johnson Apartment House, on the northeast corner of Convention Board and Fisher Streets, last week. It is a two-story brick structure with windows on the second floor, with two stories rising above the roof of the building. The Johnson Apartments will have 16 apartments in all, in a brick building with 14-inch concrete foundation. Practically all of 44 students in manual training department will offer an additional course in manual training. This course will require two or three years to complete, and it will be open to all women of the community.

School Notes

The Fulton City Schools opened September 3, with an enrollment of 1,525 pupils. Probably the enrollment will show an increase of from 500 to 750 pupils over that of last year.

PROFIT FROM HOGS

Last year the hog farmer who fed his hogs on a diet of alfalfa  
showed a profit of $2.00 to $3.00 per 100 lb.  
More pigs per litter, greater weight, and better  
prices paid for pigs.  
Sixty percent of the farmers in Missouri are now feeding  
alfalfa.  
The feeding of alfalfa is increasing rapidly.  
Hundreds of farmers are now feeding alfalfa.  
To get the most out of alfalfa, it is necessary to  
know how to grow and use it properly.  
The following are some of the best ways to  
prepare and feed alfalfa:

1. Harvest the alfalfa when it is in full bloom.
2. Cut the alfalfa into small pieces and spread it  
out on the ground to dry.
3. Shred the dried alfalfa into small pieces and feed it  
to the hogs.
4. Mix the alfalfa with other feeds such as corn  
or wheat.

Just received some more improvements to our Hat  
Department and are now better prepared than ever  
before to renovate your felt.
