KY: FARMERS TO USE MILLION TONS OF LIMESTONE

A statement made by State Engineer Charles L. Funkhouser, as requested by Mr. R. H. Long, of the Fulton News, and by the Fulton County News, that the estimated cash income of farmers in Fulton County, for the year 1927, will be $10,479,000,000. This income represents the first time in the history of the county that the income of farmers has exceeded $10,000,000. The increased income is attributed to the increased prices of farm products, and to the increased acreage of crops.

Cash Income To Farmers Estimated At $9,000,000,000

For 1927

Cash income to farmers will be this year, according to the estimates of the State Engineer. The income is expected to be $9,000,000,000, which is an increase of $1,479,000,000 over the previous year. This increase is due to the increased prices of farm products, and to the increased acreage of crops.
