THE LISTENING POST

Family characteristics, which come up from time to time in different generations, have always interested me. It seems more than strange that one person, no more closely related than a cousin, should noticeably resemble another, but I have seen it many times in my own family and in other families. Sometimes it may be a personal characteristic, a certain way of doing something, a mannerism of turning the head, or it may be a striking resemblance to the distant person. In my own family I know two cousins who bear a striking resemblance to two of their cousins. One is very much like a brother and the other, people tell me, looks very much like me. As to that, for such is the blessing of life, I cannot say, for I do not know how I look. It is well that I do not, I imagine.

Then there is another way I have noticed these resemblances. It is in the voice, and it has always seemed to be more or less a minor miracle to hear a voice which sounds so much like a voice which ceased to speak years ago. I had an experience like this the other day.

I was in the shop and heard a feminine voice at the front talking to one of the girls. As a matter of fact, I recognized the voice and the speaker, but the reason I knew the voice was because I knew long ago that it was just the type of voice that the lady's father had. The father has been dead for almost 35 years, but I have never forgotten him, nor have I forgotten the utter charm of his voice. He was a minister, quite a famous one, and all the older people here remember him quite well. He traveled widely over the South and West during his ministry, and even today there are people who come to Fulton and inquire where his grave is. It has not been more than a couple of years since I took a couple of elderly men to Fairview Cemetery and walked with them to the center of that beautiful place and showed them the plain slab which marks the last resting place of John Newton Hall, well loved Baptist minister. The lady who was talking in the office day and whose voice I recognized, was, of course, Mrs. Ruth Allen, daughter of the minister.

Brother Hall, and that is what I always called him, had a voice which had more friendliness, more understanding, more cordiality than any other voice I have ever heard. I often thought that had he lived until the present he would have been a famous radio personality. I heard him preach many times when I was a youngster, and several times heard him speak at the little school which bore his name at Martin this school having finally closed and the site now being occupied by the Junior College.

Ruth, and I have known her long enough to justify the familiar use of her name, has a great deal of her father's voice and I told her so the other day when she was in the office. Her voice has that same bell clear quality, the same cordiality, the same all-embracing friendliness that her father's voice had. She laughed when I spoke of this and chose to ignore my meaning. "Yes," she agreed, "my voice is so loud that I never need a telephone, and Reuben and I never have a quarrel without all West Fulton knowing the full details."

Speaking of the college which bore her father's name, Ruth was one of the first graduates and this was where I first knew her. The first graduating class had two members, Ruth Hall and George Farmer. Leigh-ho, that's been a long time, and Ruth may be chasing me with a shotgun for bringing up such things as age and the long time ago, but a country columnist must use what he sees and hears and feels, and take the consequences. I'm ready to run if the lady goes on the warpath.

British Claim Big Damage In Berlin

Key Arms Plants Reported Blasted By R. A. F.

London.—The British Air Ministry Sunday painted a picture of widespread damage in Berlin—in some instances approaching scenes of devastation in key armament factories—in a lengthy report of Royal Air Force operations over the Reich's Capital since the beginning of September.

The Ministry based part of its report on "reliable neutral sources." Among them, it cited an American oil chemist who recently returned home because the German firm for which he worked fourteen years had had all its twelve scattered plants bombed out of existence by Royal Air Force marksmen.

Residents of the Charlottenberg are of Berlin, the British reported, recently went without gas for days because of well directed hits on gas works there.

Earlier the Ministry and its news service said that British bombers flying through thick clouds dumped the heaviest caliber bombs yet carried to Berlin upon the capital Saturday night and other planes attacked at least a dozen targets in Germany and German-dominated countries.

The Ministry news service told of a large fire started in the Brandenburg airplane engine factory in the Spandau suburb of Berlin; a heavy assault on the Moabit power station, one of Berlin's main sources of electric supply, and salvos of high explosives falling on the Purtilitzstrasse and Lehrter railroad yards near Berlin's center.

REXALL STORE ANNOUNCES BIG ONE CENT SALE

The Evans Drug Store, local Rexall store, announces in an advertisement in today's issue the opening of its annual one cent sale, which starts October 30 and continues for four days. During this sale it is possible to buy one article at the sale price and secure another article by paying one cent more. Hundreds of articles appear on the sale list, and these offer a real money saving opportunity.

NOTICE TO DELINQUENT TAXPAYERS

All delinquent city taxes must be paid before November 1, 1940. I have been instructed by the Mayor and City Council to collect such before the penalty becomes due on 1940 city taxes. I will be at the City Clerk's office on Wednesday and Thursday, Oct. 30 and 31, to collect these taxes and you will save court cost by paying me on above dates.

New Meter Measures Quantity Of Explosive Gas In Arms Plant

Detroit.—An explosion meter which automatically measures the quantities of combustible gases in munitions and solvent plants was demonstrated before the American Public Health Association recently.

The device, which can be carried in a worker's pocket, employs an old principle of measuring electrically the heat produced when combustible gases pass across a glowing platinum wire. It was shown to sanitary engineers and industrial workers by the Mine Safety Appliances Company of Pittsburgh.

2nd War Model 4-Year Plan Given To Germany By Hitler

Berlin.—Adolf Hitler has decreed a second four-year plan for the German Reich, specifically ordering Reichsmarshal Hermann Goering to adopt the plan to the demands of war.

The first four-year plan was completed successfully, Hitler said in a letter to Goering, who directed the plan.

The decree, dated October 18, placed the same legal facilities at Goering's disposal which obtained during conduct of the first four-year plan.

Tokio Paper Calls Americans, British 'Fifth-Columnists'

Tokio.—The newspaper Kokumin in an editorial Sunday on the removal of British and United States Nationals from Japan described them as "fifth-columnists" and said "Thank God for this opportunity to unite Asiatics."

The newspaper, which has a large following in military groups, expressed the opinion that the British and American Governments were planning some move in the Orient, hence both advised their Nationals to withdraw.

"Let the evacuees go as they please," the paper said. "Their departure is our benefit, not loss. They were here for colonizing the Orient and no other purposes. They have been a fifth column agitating the Oriental races for years past. Asia for the Asiatics now can be truly demonstrated."

Four Rescued After Being Lost In Black Canyon

Gunnison, Col.—Four students of Western State College hiked into the black canyon of the Gunnison River to make pictures and were forced to endure a cold night in Curecanti Needle, 1,000 feet above the canyon floor.

The picture-seekers, including one co-ed, were found at dawn Sunday by searchers, who saw their fire on the picturesque rock formation that rises steeply in the canyon.

Russell Johnson, of Fergus Falls, Minn., leader of the quartet, fell sixty feet in the darkness and suffered a rib injury and exposure.

Steamship Saves 279 Stranded On Rocky Beach

Ketchikan, Alaska.—A passing steamship dramatically rescued 279 passengers Sunday from a rocky beach where they had sought refuge after the \$1,000,000 Alaska liner Alaska struck a reef shortly after midnight while going at full speed.

The steamship North Coast of the Northland Transportation Company, only about fifty miles from the Alaska, picked up the Alaska's SOS and sped to the rescue. She arrived shortly after dawn and took all passengers and mail aboard safely.

The passengers were ordered to the lifeboats immediately after the Alaska struck the rocks ninety-six miles south of Ketchikan.

A Coast Guard cutter and a salvage ship will try to refloat the Alaska at high tide.

Four White Men Fined Today

In the Fulton Police Court four white men were tried before City Judge Lon Adams on charges of being drunk in a public place. They were Rubin Bowlin, who was given a 30-day suspended jail sentence; Jess Knight, fined \$10.00 and costs; Jack Mills, fined \$10.00 and costs; and Elbert Clark, fined \$10.00 and costs.

Tulane Credits 20-Year-Old Plants With Its Victory

New Orleans.—A twenty-year-old pair of pants with more darns than grandfathers socks is credited with starting Tulane back on the road to victory.

Here's the story: Trainer "Monk" Simons' green knee-breeches, worn over two decades, had become something of a tradition in southern football but the constant wear had made them thin and patched so this season Monk decided to step out in a pair of brand, spanking new ones.

Tulane lost the opening game....

Then, with coaches, players and fans puzzled, Monk switched back to his lucky pants and immediately the Wave romped over Rice, and blocked a last-minute punt a week later to turn the tide against North Carolina.

You guessed it—its the the old ones from here out.

Home Building Expected To Reach Peak Since 1928

Washington.—Seward McDonald, Federal Housing Administrator, predicted Saturday that construction of homes in the current year would reach the highest level since 1928.

McDonald estimated that approximately 525,000 dwelling units would have been built by the end of the year, and that the total number of single-family homes would equal the 1920-29 annual average of 427,000.

At the same time, the Federal Home Loan Bank Board said there were "danger signals indicating an over-supply of apartment houses in some communities." In an annual report, the board said that in 1939 "there was a noticeable tendency for vacancies in apartments to increase, ten communities out of fourteen showing larger vacancies than the year before."

TEXAN WILL TRADE TEETH FOR STOLEN CAR PARTS

Dallas.—Someone stole two automobile tires and wheels from a trailer owned by Joe Moss.
Now Joe is willing to trade back for the set of teeth he found beneath his trailer after the thief had fled.

Miss Williamson Is Home Economist

Miss Elizabeth Williamson, daughter of Mr. and Mrs. Ed Williamson, Hickman highway, has been named Home Economist for Kentucky Utilities Company, Inc., and will leave Fulton probably tomorrow for Lexington where she will go in training for two weeks.

Following her training in Lexington with Home Economists there, she will have headquarters in Paducah, traveling through the Western Kentucky District.

Cynthianan, 105, Regular Voter Since Buchanan

Cynthiana, Ky.—The War Between the States is a comparatively recent event to Charles Rieckel, but Texas' 1835 Declaration of Independence is too much of a stretch for his memory—he was born that year.

Rieckel, who will celebrate his 105th birthday Sunday, has three desires—to be the Nation's oldest baseball fan, its oldest Knight Templar and a regular voter.

He says he hasn't missed voting in a presidential election since Buchanan was elected in 1856 and expects to go to the polls November 5. He also hopes to attend the Cincinnati Reds' opening day game next year as he says he has done for the past thirty years.

A retired watchmaker and jeweler, Rieckel, a native of Frankfort, Germany, came to the United States at the age of 19 and has lived here for eighty-three years.

Dutch Say Nazis Bomb Residences In Netherlands

Washington.—The Netherlands legation charged Sunday that German fliers were bombing non-military targets throughout The Netherlands and ascribing "this wanton destruction" to the German in an effort to foster "civilian hatred of the British."

"Shortly after the British have bombed military targets, additional bombs have been dropped on residential districts some distance away by German planes," the legation said in a statement cabled from The Netherlands Government in London.

Then, it added, "repeated broadcasts over the German-controlled Netherlands radio" accuse the British of "bombing civilians."

South Fulton Police Court

In South Fulton Police Court, before Mayor D. A. Rogers, the following were fined this morning, having been arrested Saturday night and charged with public drunkenness:

Clarence Stinson, colored, fined \$2.00 and costs; Tom Crittendon, white, fined \$5.00 and costs; Eulis Bennett, colored, fined \$5.00 and costs; Ernest M'Neese, white, fined \$5.00 and costs; and Arthur McKinney, white, fined \$2.00 and costs.

Bugler's Taps To Mark End Of New York's World Fair

New York.—The lonely wail of a bugle will sound the official requiem at midnight tomorrow for the New York World's Fair, after a two-year run that has drawn nearly 45,000,000 visitors to Flushing meadows.

The bugler sounding "taps" on the shores of Liberty Lake in the amusement area will signal the official end of the \$150,000,000 exposition, but funseekers will be permitted a final fling into the morning hours. The gates finally are closed. To keep their frolicking within bounds, 1,000 patrolmen will be on hand.

Next week workmen will begin demolishing the hundreds of build-

State Officials May Serve On Draft Board

Meredith Gives O. K. If Jobs Are Non-Paying

Frankfort, Ky.—Attorney General Hubert Meredith said Sunday he had no objections to County or State officials serving in non-paying draft board positions.

Two days ago Assistant Attorney General Guy H. Herdman advised Green County Attorney Vernon Shuffett that "as a matter of precaution" he should decline to serve board appeal agent even though it does not pay a salary. Meredith said that while he did not "quite agree" with that opinion, he would not overrule it.

Cites Constitution
Herdman cited a constitutional provision that county and State officials are incompatible with Federal offices of "trust and profit" and said he believed and appeal agent was an officer of "trust."

Meredith said he was not convinced that office came within that classification, but added there was "no doubt" about a draft board clerkship, which pays a salary.

Meredith's opinion was given administration leaders orally after the Governor's office had been notified of impending resignation under Herdman's opinion.

He said it was the duty of county attorneys to sue for removal of any local officers, but he said they probably would "resolve their doubts" in favor of local officials who serve in non-paying positions.

Youth, Crippled For 17 Years, Now Aids Parents

Shreveport, La.—John Henry Dunn, crippled for seventeen years by arthritis, has realized his life-long dream to be self-supporting.

Ever since he was stricken at the age of 6 by the disease, which shriveled his arms and legs, Dunn, now 23, planned to aid his parents, Mr. and Mrs. W. H. Dunn of Shreveport.

His ambition was to become a filling-station operator.

But for a year the going was tough. Large oil companies met his applications with "no stations open." Dunn persevered.

Finally, L. E. Thomas, who was connected with an oil company, found a station available. Dunn moved in last month. He has built up a steady clientele.

Dunn's brother and a cousin do the heavy work around the station.

ITALY INVITES REPRISALS

Italy might well have taken second thought before it joined with Germany in air raids on the British capital and before it exulted over those raids. Rome, with the exception of the Vatican, which is a separate State, is no more an open city than London. Its civilian population is no more immune to attack than the men, women and children of the British Isles. Its monuments of the past are no more a protection for it than similar monuments in Britain. It has escaped destructive bombings only because of the scrupulous policy of the British Air Force to bomb only military objectives.

Now it calls for retaliation, and retaliation is an easy matter. It is not necessary to fly over France, Switzerland and the Alps as has been done in the raids on the aircraft factories of Milan and Turin. Planes from British warships which fly at will between the Western and Eastern Mediterranean could fly over the Eternal City. Bombers from Gibraltar or Alexandria could make the forays with little effort. The only result, however, unless the Italians are a less courageous people than the Chinese, the Spaniards and the English, would be destruction of lives and property of little if any military value.

It was not a German advocate of Shrecklichkeit who put forth the erroneous theory that the bombing of civilian populations would destroy the morale of a people and bring about their early surrender. It was Doughter the Italian war strategist, who conceived this hellish idea, which was put into effect in China, in Ethiopia, in Spain and in the Battle of Britain. Now the Italian air force joins the German Luftwaffe in the serene hope, no doubt, that Italy's preachments and Italy's practices will not prove a boomerang.—Courier-Journal.

WHY MAGDA IS WANTED

Rumania's Hitler-controlled cutthroats want Magda Lupescu and Urdareanu more than they want Carol because, apparently, they regard Carol as a playboy whose reign was managed by his mistress, a woman of substantial mentality and unlimited ambition, and for another reason.

Many Rumanians would dislike the murder of their former king.

Magda Lupescu and the former Palace Minister could be murdered without resentment being aroused.

Their blood, shed with proper flourish, would balance certain terroristic acts of Carol's regime, for which Magda Lupescu may have been or may not have been responsible, but with which she could be charged effectively.

A mistress of a former king is not in a strong position politically, even compared with a former king.

Bagda's murder would be perhaps as popular in Rumania as a witch-ducking was in New England when there was little public entertainment there.—Louisville Times.

Kansas City—The burglar who stole a purse containing \$4.50 from the apartment of Stanley W. Ward should have been more careful.

Departing, the prowler dropped his own purse containing 50 cents, cutting his profit to \$4.

16 Years Ago

(Oct. 28, 1924)

Mrs. H. H. Perce was the winner of the free linoleum rug given away by the Smith-Ethridge Furniture Company for the oldest linoleum rug still in active use.

Lily May, little daughter of Mr. and Mrs. E. C. Hardesty, is reported ill at their home on Jackson street.

Mesdames J. C. Brann, J. E. Fall and Jess Nichols are representing the Fulton Woman's Club at the First District Federation meeting in Paducah today.

Mrs. Pistol Shell was arrested Sunday in South Fulton by Tennessee officers on a charge of public drunkenness and profanity and was given a hearing in Mayor Hutchens' court yesterday. She was fined \$15 and costs.

Mrs. Mary Kate Wiggins died yesterday morning in the hospital at Paducah following a long illness of typhoid and other complications.

W. A. Bell has returned from Louisville, where he attended the Masonic Lodge.

Miss Katherine Rainey of Sedalia spent the week-end with Miss Pearl Winstead.

Mrs. Charles Irvin, who has been a guest of Mrs. Glenn Robertson for the past week, has returned to her home in Paducah.

SUNSHINE AND SHADOWS

Chattanooga, Tenn.—L. A. Bryant drew himself a bath and stepped from the room.

Hearing sounds of splashing, he rushed back.

There was a raccoon, plopping about in the water. Apparently a tame pet, it had strayed into the house.

Elmira, N. Y.—The girls at an aviation corporation plant here have formed a "Greek" letter organization. Its name: Gotta Koppa Poppa.

Minneapolis—It's always a holiday when a baby arrives in the household of Josef Mlekodaj.

The eldest daughter, Anna, was born Jan. 1, 1912; John came on July 4, 1915; Henry, Dec. 25, 1918 and Chester, Nov. 11, 1920.

Two other children lay no claim to special birthday distinction, but the youngest, Louise, arrived April 1, 1924.

Chicago—A jury of eight women and four men presented Federal Judge Philip L. Sullivan with a verdict and a necktie, both representing two weeks' work.

The foreman explained the tie was made during the juror's spare time while sitting on a case. Each juror took at least one stitch in the making of the tie.

Seattle—Co-eds taking home economics at the University of Washington are going to have a house of their own to study complete with fixtures, including a baby.

The house will be a residence for girls majoring in home economics. The baby will be "adopted" for a year to give them a full understanding of "home problems."

Elko, Nev.—Charles Sexton who as chairman of the Nevada Public Service Commission passes on certificates for trucks to operate in the state, can sympathize with hitch-hikers.

His car stalled 11 miles west. He stood by the highway waving his thumb 13 hours before he got a lift to town.

Omaha, Neb.—Crowds at a downtown intersection heard the shatter of glass as the automobiles collided. Then they heard another sound of crashing glass—two stories up.

That was Iz Bogdanoff, clothing salesman, poking his head through what he thought was an open window to see the first crash. He suffered a slight scratch on the head.

Elgin, Ill.—E. L. Nolting planted an apple tree in his yard 39 years ago and then two more in subsequent years.

When he came to pick his crop this year, he said he found 58 varieties flourishing on the three trees, the result of a carefully planned grafting program through the years.

THE FRUITS OF LABOR

This scene is typical in America... Along rolling plains, on rich farm lands, in crowded factories, men toil that they might preserve America's oldest tradition—the right to live and prosper. Under open skies our people share in the treasures of American soil. Here are found the world's richest opportunities.

Since time immemorial, flour has been a necessity in the lives of nations. The fact remains with our millions that "bread is the staff of life." Today, we are proud of the small part we play in feeding America.

Work of repainting the Methodist Parsonage on Walnut street is now under way and the building presents a much better appearance.

MRS. DAYANIA ATTENDS
MEETING AT LOVELACEVILLE

Mrs. C. A. Davinia and Mrs. J. D. Moss, members of the Royal Neighbors of America, went to Lovelaceville, Kentucky, Saturday where they attended a district meeting of the organization, held at the Lovelaceville school building. The meeting was a well planned affair and at the noon hour the Woman's Missionary Society of the church served a delightful dinner.

Mrs. Davinia, a member of the Paducah Camp, filled the chair of the past-president.

BINKLEY-WILSON

Of interest to their many friends in this section was the marriage of Miss Estelle Wilson of this city to James Clay Binkley, which took

place at the home of the groom's mother, Mrs. John Binkley on Friday evening, October 25, at eight o'clock.

In the presence of a few close friends and relatives, with Elder Charles L. Houser officiating, the single ring ceremony was performed by candlelight, before the mantel which had as its central ornament a crystal bowl of white snapdragons, flanked by candelabra containing white tapers. Tall floor baskets of white chrysanthemums and dahlias were used on each side of this improvised altar.

The bride was lovely in a dress of Soldier blue with which she wore black accessories and her shoulder corsage was of talisman roses. She was attended by her sister, Miss Marie Wilson.

Roy Carver of Fulton attended the groom as best man.

Mrs. Binkley is the daughter of M. C. Wilson of Lynnville, Ky., and was graduated at Cuba High school. Mr. Binkley was graduated at Fulton High school in the class of 1935 and is now a valued employee of Pepsi-Cola Bottling Company in Fulton.

The young couple left immediately after the wedding for a short trip to Lexington where they will visit Harold and Wendell Binkley of this city. Upon their return they will make their home with the groom's mother, northeast of town.

PALESTINE HOMEMAKERS
IN MEETING OCTOBER 25

The Palestine Homemakers Club met for an all-day session in the home of Mrs. Richard Mobley, October 25. The meeting was called to order by the president, Mrs. Roy Bard and the club sang "God Bless America." The business session was then held and roll call was answered by members answering a question.

At the conclusion of the business the landscape leader, Mrs. Gussie Browder, gave an article on "Care

of Fall Flowers." The lesson was on "Meal Planning" and was given by Mrs. Ethel Browder. Mrs. Browder stressed the importance of planning meals which will supply the food constituents essential for health. At the noon hour, a lunch which was planned by a specialist from the University of Kentucky and prepared by three club members, was served to 19 members and one visitor, Mrs. Burnside, Home Demonstration Agent.

In the afternoon a review and demonstration of research work done on vitamins was given by the agent. For her minor project the agent talked on "Philo Etiquette." The recreational leader, Mrs. Weatherspoon, conducted a program of songs and a questionaire on "The Lady of Long Ago."

The club then adjourned to meet in November with Mrs. Harvey Hewitt.

FAMILY REUNION
NEAR U. C. SUNDAY

A reunion of the Jonakin family was held yesterday at the home of Mrs. Isora Verhine, near Union City, honoring Mrs. Verhine who will leave soon to make her home in St. Louis.

Attending were Mrs. J. H. Jonakin, Mrs. B. B. Jonakin, Mr. and Mrs. A. G. Baldrige, Mr. and Mrs. Albert Owen, Mrs. Johnny Cook and daughter, Phyllis, Mr. and Mrs. Jim Burke, Mrs. Pearl Weaver, Mrs. Billy Jolley and daughters, Sarah Jane and Virginia Lee, Mr. and Mrs. Carl Milam, Mr. and Mrs. Bob Jonakin, all of Fulton, Mr. and Mrs. Will Jonakin of Jordan, Mr. and Mrs. Robert Wade and daughters, Marjorie Ann and Bobbie Sue of Union City, Mr. and Mrs. Gerald Woosley and daughter, Emily Jane, of Union City.

PLANNING--

There comes a time in every couple's life when plans are made for a new home, when the husband and wife decide to quit being renters and movers and actually own a home.

We are anxious to join in these plans, for this is our business. During past years we have changed this town from a town of renting people to a town of home owners. The work is still going on and we still have a safe and sound plan to offer. If you earn a steady salary and have thrifty habits you can own a home through our plan.

Youth Joins Army, Escapes Firearms Charge

Charlestown, W. Va.—Municipal Judge Cyrus W. Hall was somewhat flabbergasted Thursday when he got a card from Kentucky saying: "Dear Judge: Please continue my case for three years. I've joined the Army."

Hall recovered enough to say that he would inform the youth, charged with discharging a firearm in the city limits, that "charges are dismissed."

GOODS TO BRITAIN UP 57 PER CENT

Washington.—American shipments to Great Britain during the first year of the war totaled \$780,000,000, a 57 per cent increase over the preceding year, the Commerce Department revealed today.

Most of the shipments, Secretary Jesse H. Jones said, were products "vital to the conduct of war," explosives, firearms, metals and metal working machinery, industrial chemicals and petroleum products.

The sharpest increase in exports to Britain during the year ending September 1, 1940, occurring following the fall of France in May. During that month, the British purchased \$49,415,000 worth of American products and in August the figure had risen to \$123,090,000.

During the year, the British purchased 743 airplanes at a cost of \$53,177,000.

R. A. F. Fighters Are Speeded Up, Air Chief Says

London.—Air Marshal Sir Philip Joubert announced in a broadcast tonight that the pride of Great Britain's flying force her Spitfire and Hurricane fighters are being more heavily armed and speeded up.

He said the Defiants 2-seater fighting machines with revolving gun turrets, were being restored to their "proper role" of night fighters and that "with developments should be very effective."

Several new types of fighting planes are being built, he declared.

New York Judge Bars Communists From Ballot

Albany, N. Y.—A State Supreme Court justice Thursday barred the Communist Party from the November 5 election ballot in New York.

Justice William H. Murray said testimony of witnesses from Franklin and Greene Counties at a hearing this week made him "unalterably convinced that there is not on the petition signatures of fifty persons from each of those counties obtained without fraud and concealment."

Mishap Victims Urged To Save Severed Ears

Chicago.—If an ear is torn off in an automobile accident, the American College of Surgeons was advised, it should be saved because weeks or months later it can be put back on and will make a perfectly good new ear.

The report was made yesterday by Dr. H. L. D. Kirkham of Houston, Texas. The ear has to be kept in a preservative, but he said that even if it were not found until twenty-four hours after the accident, it still could be preserved.

Any dead person's ear, if preserved, can be used to make a good ear, he said.

The "dead" ear does not exactly
