BULLDOGS START PRACTICE SESSIONS

Although school does not open until September 20, work is already underway for the 1924 football team. Coach Jack Garrett has been on the job all summer to get the men ready for the coming season. Coach Garrett is a member of the coaching staff at the University of Kentucky and is the cousin of Coach Frank Garrett, who is head football coach at the University of Kentucky.

Many Fulton Youths Off to Colleges

This is the time of the year when many Fulton youths go off to college. They are well-prepared by the Fulton schools for college work and are successful in college because of the good preparation given them. The high schools in Fulton County are doing a splendid job of preparing youth for college work.

FULTON HOSPITAL

The following are the appointments of the medical staff at the Fulton Hospital: Dr. J. W. King, Dr. R. C. Johnson, and Dr. W. D. L. Price.

COTTON SUBSIDY

The amount of the cotton subsidy has been increased from 20 cents to 30 cents for each 50 pounds of cotton sold on the world market.

HOMEMAKERS PLAN FALL MEETINGS

The Homemakers of the Fulton County will hold their fall meetings in October. The meetings will be held at the various centers in the county. The subjects to be discussed will be announced later.

FULTON BATTLE WITH THOUSANDS

As the summer for the football team ends, thefall season begins. The team is already working hard for the coming season.

Surely they realized that "deficitfinancing" would produce bigger deficits.

COMPLIANCE: Copes of this newspaper are sold at the rate of 1c per word.

Happy Birthday to You!

What a wonderful world! What a wonderful world! Just imagine, a world where everyone is happy, and everything turns out just right. It's a happy little world, where the sun always shines and the rain never falls. Do you know what I mean?

It is tragic that more public officials are not far-sighted enough to envision the consequences of their actions. Once upon a time, the Federal government attempted to make a slight reduction in the relief rolls. What happened? Governors from six states "marched" on Washington.

A mixture of water and fertilizer should control almost all erosion as well as leaching and make splendid winter and spring pasture if sown at once.

The smaller towns and cities have quickly controlled, had parked cars not hampered fire fighting efforts in the Experiment Station. Hydrants may be obstructed by snowdrifts and walls of ice and ice jams. We may deprive ourselves of health, joy, and prosperity by focusing on the negative aspects of life.

We may deprive ourselves of health, joy, and prosperity by focusing on the negative aspects of life. Instead, we should focus on the positive aspects and strive to be the best version of ourselves. The good old days were those when most of the excess wind was used to turn windmills instead of being used over the radios. Why does Uncle Sam refer to them as "nuisance taxes" when every tax can be classified as an inconvenience? The future of our country depends on our ability to make difficult decisions and stand up for what we believe in.

"Lend a hand!"

This year Film Protection Week will be celebrated from October 7th to the 13th. The purpose of this week is to protect our homes and stock against the ravages of fire. Each year, millions of dollars and thousands of lives are lost to fire. We are called upon to guard against this destruction. The Protection Week is about protecting our property and ourselves.

The value of the protection work is shown in the following table:

<table>
<thead>
<tr>
<th>Property Type</th>
<th>Damage Cost (in $)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Houses</td>
<td>50,000</td>
</tr>
<tr>
<td>Barns</td>
<td>25,000</td>
</tr>
<tr>
<td>Crops</td>
<td>10,000</td>
</tr>
</tbody>
</table>

The value of the work done by the National Board of Fire Underwriters is as follows:

<table>
<thead>
<tr>
<th>Property Type</th>
<th>Value (in $)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Houses</td>
<td>50,000</td>
</tr>
<tr>
<td>Barns</td>
<td>25,000</td>
</tr>
<tr>
<td>Crops</td>
<td>10,000</td>
</tr>
</tbody>
</table>

It is important to have insurance coverage in case of fire. The cost of insurance is far outweighed by the potential loss.

During the last 24 years Dale Carnegie has given guidance to 13,000 organizations. Let him guide you.

All things in nature are interdependent and must be respected. Mary Baker Eddy said, "The good old days were those when most of the excess wind was used to turn windmills instead of being used over the radios. Why does Uncle Sam refer to them as "nuisance taxes" when every tax can be classified as an inconvenience? The future of our country depends on our ability to make difficult decisions and stand up for what we believe in.

FELTON MOTOR OIL

REASONABLE PRICES

Your tractor deserves good "food", too, which is nothing more than good fuel and motor oil.

CHEAP, INFERIOR GRADE MOTOR OILS ARE MORE COSTLY IN THE LONG RUN, BECAUSE THEY HASTEN MOTOR TROUBLE, AND REPAIRS AND OVERHAUL JOBS NOT ONLY MEAN EXPENSE BUT BRING DELAYS THAT ARE BOtherome.

How About the Food

You Eat and the

Tractor Oil You Use?

YOU wouldn't think about eating food that disagreed with you, or any old rubbish you could pick up. Your tracker deserves good "food" too, which is nothing more than good fuel and motor oil.

WELCH Motor Oil Has

Stood the Test!

WELCH is used in all the leading tractor on the market today, and because of its fine performance, is highly recommended everywhere.

Why not use WELCH regularly in your motors. It will pay up performance and protect the operating life of that motor. Welch is scientifically refined and is guaranteed to give perfect satisfaction.

Cheaper, inferior grade motor oils are more costly in the long run, because they hasten motor trouble, and repairs and overhaul jobs not only mean expense but bring delays that are bothersome.

MID-SOUTH FAIR TO

FEATURE BIG RODEO

Memphis, Tenn., Sept. 4—With flags and bunting waving atop a dozen buildings, the Mid-

south Fairgrounds is assuming a festive air for the three-day "Mid-South Fair" which will start Saturday. There will be no letup in activity from Tuesday, when the big rodeo started.

The stage is all set, and with a break from the weather man, a record attendance is certain, according to Sec.-Manager Frank Fuller.

Governors of Tennessee, Arkansas, Mississippi and Missouri will also be here.

The public is invited to take advantage of the entertainment features, which include a variety show, a square dance, a band concert, a pageant, and a parade.

The Midway, with the Rubin and Cherry Shows featured, will arrive Sunday and be in readiness when the gates open Monday.

The big Rodeo scheduled for every afternoon and evening at 210 and 7:30 will top the entertainment features, with cowboys, cowgirls, ropers, bulldoggers and everything that goes with a championship rodeo to be offered.

Western Drama of the Plateau To Be Re-enacted on Fair Grounds at Fulton Sept. 22-25

Practically all Kentucky farmers in the Blue Grass area within the show area of the Fair Grounds will have their farms represented by junior riders on horseback at the 14th annual Fulton County Fair in the southern Kentucky city.

The three main events of the fair, the fair itself, the Rodeo, and the aircraft show, will be put on in the same manner as in recent years and will be expected to draw the usual large crowd of spectators which the fair has been able to attract.

Tours of farms by open cars will be held to demonstrate the good results which can be expected from the use of farm equipment and the value of the work of the soil conservation service agencies of the government.

The fair will be held Sept. 22-25, and will feature the usual activities of a commercial fair, including a horse show, a livestock show, a produce show, and a display of farm equipment.

Support grows when vitamin A is found.

Vitamins A and E are in alfalfa meal itself. This potency is very high and makes it a source of this vitamin for growth and other purposes.

A woman is a creature who can spot a blond hair on your arm.

One swallow won’t make a summer. We must wait and see.

Though the color of an alfalfa field is a rather small part of the total cover of an alfalfa-clover pasture, the latter can furnish more of the needed nitrogen for the crop.

U. S. Has More Land In Row Crops Than Europe

Europe—outside of Russia—has almost the same total acreage of cropland as the United States, says H. H. Bennett, Chief of the Soil Conservation Service. But Europe has only 65 million acres in row crops as compared with the United States, which has 75 million acres.

American farmers can afford to buy more farm equipment, but European farmers are restricted by political considerations.

Farms in Tennessee and Kentucky

The state of Tennessee has about 150,000 farms, and a total acreage of 5 million acres. Kentucky has about 200,000 farms, with a total acreage of 4 million acres.

MR. DODD TAKES THE AIR

Alfred E. Green, producer and director, has announced plans to begin work on "Mr. Dodd Takes the Air," a film based on the novel by W. W. Haines and Elaine Ryan, which was produced by Henry Woolf. The novel was originally written by British author William Woolf and was adapted by Woolf and Jules Styne for the screen. The novel was later adapted for the stage and produced as a Broadway play, "Mr. Dodd Takes the Air," by David Belasco. The film version of "Mr. Dodd Takes the Air" will be produced by Warner Bros. and directed by William Wellman.

"Mr. Deeds" is a classic American comedy film directed by King Vidor and released in 1936. The film is based on the novel of the same name by Ben Hecht and Charles MacArthur. It stars Gary Cooper as the title character, a penniless mayor of a small town who discovers a large inheritance. The film was a commercial success and has since become a cult classic. The novel was later adapted into a stage play and a television series.

THE NATION'S SENSATION!

A PANIC ON THE RADIO! TERRIFIC ON THE SCREEN!

Mr. Dodd is a character from the novel "Mr. Deeds" who is portrayed as a simple man who inherits a large fortune and becomes a national sensation. The character was later adapted into the film "Mr. Deeds" and the television series "Mr. Deeds Goes to Town." The character has become a symbol of the American dream of sudden wealth and fame.
