THE LISTENING POST

For the past few days the Leader office has been the busiest place in town in one respect. I believe we had more different callers, all on the same business, than any place in town has had in a long time. For here we had the official draft list for Fulton county and the men who had registered under the Selective Draft Act were all anxious to see what numbers had been assigned to them. We were engaged in transcribing the names of Fulton men from the full county list and it seemed an easy task at the beginning. But before the job was done we found that it had certain difficulties.

For a few minutes after we started the transcribing people began to flock in by twos and threes and dozens. All of them wanted to see the list and it was practically impossible to ever get hold of the list for copying purposes. The first day we managed to get three or four pages copied, and after that it was in the possession of the visitors. At first we tried to keep the pages in order, but soon found this to be impossible. One person would start shuffling the sheets, another would come in and take up what he laid down, and then a third one would take another handful. As a consequence the pages were in a sad state of order, and finally I saw that something drastic had to be done.

So, at the end of the first day, I took the sheets home and made a big start on the copying that night. Next morning I held out the remaining sheets against the time when the job could be finished, and so by noon all were copied. Then the entire list of seventy odd pages was placed on the counter and we turned the visitors loose. At one time there were eighteen men present at one time looking for numbers, and the number was rarely less than three or four. Only for a few minutes during the day was the office entirely deserted, and then the rush started over again.

Then there were the others who thought they could call the office and secure certain numbers. This required some diplomacy, for finding any certain number was a matter of long and weary minutes and sometimes as much as an hour might be spent in locating a certain name and number. At least forty or fifty calls of this nature came in one morning, and at noon the calls continued to pour in.

Then when the drawing got under way another flood of calls started as to who had Number 158. We had ascertained this at the beginning and so it was no trouble, but some of those who called about certain numbers seemed to think we were being a trifle rude when we told them we could not do it. We were all sorry that this could not be, but even if we had been given the time the list was in such constant use that we could not get the pages together. Please accept this as our apology and our regret that we could not serve everybody better.

I was struck by the difference in the way people read. Many persons required two or three hours to find a name, and seemed uncertain when they did find it. Others had a better photographic eye and could spot a name by merely glancing down the pages. One man came in who had this faculty in rare degree. I watched him with considerable interest, struck by the ease

BOARD OF COUNCIL

Fulton, Kentucky.

258-31.

Kentucky's First Draft Quota 172

McCracken Unlikely To Be Asked For Men In November

Frankfort, Ky., —Kentucky—whose sons have enlisted in large numbers, will be called upon to furnish only 172 of the 30,000 men to be called into military training in the first quota November 18.

Instructions from the War Department on how to draw the 172, just seven more than one each from the state's 165 local draft boards, are expected to be received soon.

Announcing that Gov. Keen Johnson had been notified by Fifth Corps area headquarters at Columbus, O., of the first call out of the 328,500 Kentuckians who registered October 16, the Governor's secretary, Zellner L. Peal, said each local draft board would be asked to "get ten to twenty men rated and eligible immediately, not that they will be required for the first call, but to be ready when the second call comes."

Will announce Boards

It was announced also that membership of the six draft appeal boards for the state would be made public tomorrow night. Each board is to consist of a lawyer, a doctor and a representative of labor, industry and agriculture. Draftees dissatisfied with the rulings of their local boards and local appeal agents may carry their cases to the district boards.

Kentucky has roughly 144 of the nation's population, but due to its high enlistment rate, the first quota call will be for only approximately 1,174 of its population.

With 165 draft boards in the state, it seems improbable that any board in the state will be asked to contribute more than two men on the first call. Volunteer enlistments are expected to be more than ample to fill the quotas of the three McCracken boards on the November 18 call.

French Freighter Leaves U. S. Port Under Secret Orders

New York. —The French freighter San Francisco, tied up here since last June, sailed today on a secret mission, with her hull riding high in the water, indicating she carried no cargo.

The French tri-color flew from the stern of the 6,013-ton vessel, and she was freshly painted black with a white superstructure, replacing her wartime dress of dull gray.

French Line officials said she sailed under "secret orders" trans-

James Willey Dies At Home Of Daughter

James Willis Willey, 85-year-old retired farmer of this community, died this morning at the home of his daughter, Mrs. Charlie Carver on West State Line, following a long illness. Clifford Smith For Pensions

Frankfort, Ky., — Clifford E. Smith, Frankfort, attorney and adviser to Governor Johnson, put in a lick for the Appellate Court Pension Act today.

He filed a brief supporting the act with the Special Court of Appeals appointed by Johnson to determine the act's validity. The special court, returned to full strength after two resignations, meets tomorrow for consultation.

The act provides \$5,000 pensions to retired Court of Appeals Judges under certain conditions. It has been contested by Attorney General Hubert Meredith.

Smith contended the pensions violated neither Section 235 nor 246 of the Constitution, which prohibit a public officer's salary from being raised or lowered during his term and limit the officers' salaries to a maximum of \$5,000. He said it was in the public interest for the Legislature to offer gratuities "in recognition of the public service" which he said was performed by Appellate Court Judges.

WARNING

Chief of Police K. P. Dalton is warning prospective pranksters about doing damage to property. Extra policemen have been put on the staff to guard the school property and other sections of town and the offenders will be brought into City Court and fined from \$5 to \$15. Willkie And Roosevelt Buttons Help To Cheat The Subways

New York. —If you think election campaign buttons are good only to indicate party loyalty, listen to William Jerome Daly, secretary of the Board of Transportation.

"Records of the revenue division of the independent lines of New York City transit system of October 29 revealed that among slugs and counterfeit coins recovered from turnstiles there were 174 Willkie buttons and forty-eight Roosevelt buttons."

Daly was prompted to issue his statement after Raymond Pollak-

off, 21, was arrested for trying to get by with a Roosevelt button which he had hammered into the approximate shape and size of a 5-cent piece.

Police said they found four similar creations in the young man's pocket and that Pollakoff said he utilized Roosevelt buttons after experimentation had shown that "the Willkie buttons don't fit."

They do fit, Daly said in effect, and cited a "typical day" last week when twenty Willkie buttons and three Roosevelt buttons turned up in the turnstile take.

Mrs. Luther Bone Dies Last Night

Mrs. Luella Bone, wife of Luther Bone, passed away last night at 8 o'clock at her home in Riceville after an extended illness.

Funeral services will be held at the Riceville Baptist church Friday afternoon at 2 o'clock, with Rev. Cloys Carlton, Paducah, conducting the services. Burial will be in Oblion chapel, in Graves County, in charge of the Hornbeak Funeral Home. The body will be at the home in Riceville.

Mrs. Bone, who was a good christian woman and a faithful church worker, will be sadly missed by a large host of friends as well as relatives. She held her membership at the Riceville Baptist church. She had been in poor health for some time preceding her death.

She was first married to Greenberry Burgess, to which union one son was born, Buel Burgess of Roseclaire, Ill., who survives. She was later married to Luther Bone and to this union two sons, Lloyd Bone and Delton Bone, were born. She is survived by her husband, three sons, and six grandchildren.

Lewis Asserts He'd Decline Cabinet Post

Washington — John L. Lewis, C. I. O. leader who last week gave his support to Wendell L. Willkie for President, said Wednesday he would not accept the secretaryship of labor "if, in the future, it should again be tendered to me."

He made the statement in formal comment upon a radio speech by Senator Wagner (D.-N. Y.) Tuesday night, which was announced as a reply to the speech in which Lewis announced for Willkie and gave his views on the Roosevelt Administration.

Cites Former Offer

Lewis described the Wagner speech as a "futile attempt" at answering him.

"Senator Wagner is an honorable man and I esteem him highly," Lewis said in his statement. "It is unfortunate that he stooped to charge by inference and innuendo that an offer of the portfolio of labor would influence me."

"In the past I have been offered the portfolio of labor and I have declined it. If, in the future, it should again be tendered to me, I would decline it."

No. 13 Comes Far Down On Draft List

Washington. —Maybe 13 isn't so unlucky after all.

It didn't emerge from the selective service lottery bowl until shortly before 9 p. m. Tuesday. It was the 3,19th number drawn.

Registrants who were assigned some of the other numbers long favored by the superstitious like-wise found they were drawn far down on the list of priority in which men may be considered for military service.

No. 7 was the 6,078th number drawn. No. 11 was 5,683d in order and 99 was 5,555th.

Some others, and the order numbers they became: No. 2—6,419; No. 3—3,856; No. 10—4,334. Serial No. 1 was drawn from

Long, Hard Fight In Greek Arena Is Seen By Reds

Moscow. —The "Red Star," Soviet army newspaper, declared today the British fleet was master of the Eastern Mediterranean and forecast a long hard battle between the Greek-British allies and Italy. The Soviet government was informed of war developments by the Greek Minister.

"The location of Greece insures aid from her British allies who are interested in keeping so advantageous a battlefield as Greece," the paper declared.

"The limited possibilities of Albania as a base for the Italian front, having only three or four highways, make it difficult for Italy to concentrate overwhelming forces."

"With the appearance of British aviation in Greece, the Italian bases in the Southeastern part of Italy itself will be subjected to blows from bombers. Under such conditions, operations in the Albanian-Greek theater of war do not promise a quick decisive development."

Navy Orders Six "Blimps" For Coast Duty

Washington — A \$1,324,000 Navy order for six new non-rigid "blimps" to be used for coast patrol and training work was announced Wednesday by Secretary Knox.

The contracts went to the Good-year Aircraft Corporation, Akron, Ohio, sole bidder. It called for delivery in about a year.

Capt. Charles E. Rosendahl, a special assistant to the Navy Secretary, said the craft also could be used in war time to spot mines and combat submarines, and to convey merchant shipping.

Secretary Knox told his press conference the Navy was acquiring "very rapidly" cargo carriers, oil tankers and other vessels for the fleet's train. Additions will be assigned to the fleet in Hawaiian waters, Knox said.

To a question Knox said the fleet's auxiliary equipment was not yet "completely adequate" for operations at points as distant as the Philippines. He added that "of course the fleet itself is ready to go into action at any moment."

The bowl nearly eight and a half hours after the lottery began to become order No. 3,479. No. 9,000, the highest number in the bowl, came out five and a half hours later as order No. 653.

PROTECTOR OF BIG REDWOODS DIES AT 94

New York. —Dr. Augustus Eisen, 94, Swedish-born scientist whose efforts to protect the California redwood trees were largely responsible for establishment of Sequoia National Park, died in his sleep today at the home of friends with whom he had lived for 25 years.

He was widely known in the fields of biology, archaeology, zoology and anthropology. His activities as a naturalist rewarded him with practically every civilian decoration of the Swedish Government.

Doctor Eisen came to this country to form his native Stockholm 65 years ago and spent many years in California and in travel throughout the West.

Four Men Held In Slaying Of Toll Collector

Two Under Indictment For Robbing Bridge Keeper Last Summer

A fourth Trigg county man, Braxton Gillahan, about 27, was placed in jail in Mayfield Wednesday night, to await questioning today in connection with the slaying of O. H. Dunnagan, toll collector on the state-owned Egner's Ferry bridge Monday night. Gillahan was lodged in the Graves county jail for safe keeping.

Trigg County Sheriff Charles Humphries announced Wednesday that J. D. and H. C. Birdsong, brothers, and Thomas Wilson, all about 21, and residents of Trigg county near Golden Pond, had been arrested and placed in jail for questioning. Humphries said the Birdsong brothers were free under bond from Trigg County Court on a charge of holding up Dunnagan at the bridge last summer, when taken into custody Wednesday.

Break Expected

Major Joe Burman, state patrolman in charge of the investigation, stated in Mayfield Wednesday night that he expected a break in the case today. Burman brought Gillahan to Mayfield about 6 p. m. Wednesday. He said investigations were proceeding with good results.

The first three arrests were made by state highway patrolmen at the homes of the men Tuesday afternoon, but kept secret until Wednesday.

Humphries said the prisoners were taken out of Trigg county because of "high feeling" in the section toward the killer of the widely-known and liked toll collector. J. D. Birdsong is in the Graves county jail in Mayfield, while H. C. Birdsong is in the city jail there. Wilson is in the Murray jail.

New Pusher-Type Fighter Plane Delivered To Army

Washington. —The first delivery of a formidable new five-place fighter plane was announced today by the Army. The craft is armed with two 37-millimeter cannon and also with machine guns of both .50 and .30 caliber.

The ship, produced by the Bell Aircraft Corporation, Buffalo, N. Y., was delivered to Wright Field, Ohio. Known as Model YFM-1A, it is similar to fighters first delivered in 1937, but is equipped with retractable tricycle type landing gear. Its two liquid-cooled Allison engines operate pusher-type propellers, mounted to the rear.

Twenty Blanks Are Included In First 100 Draft Numbers

Washington. —One fifth of the first numbers drawn in the draft lottery, for all immediate purposes, were simply "blanks." Each of those twenty numbers was above the highest number held by any registrant. The highest reported to national headquarters was 7,836, given to the top man in an area near Baltimore.

An additional 1,000 numbers were included in the lottery to cover men who may register later and consequently get serial numbers higher than any reported before the drawing.

Those extra numbers appeared with high frequency in the first 100 drawn. Whereas some eleven extra numbers were expected, on the average, in each 100, there were twenty in the first 100.

That factor complicated all efforts to compute a formula by which a man might determine the approximate order in which he called to Army service. In making up a list of men in the order in which they will be considered, draft boards will disregard the extra numbers.

She attended Lambuth College three years and was a prominent member of the Tau Delta Sorority and of the Dramatic Club. She was president of the Phi Alpha Mu for two years. After graduating at Union she taught at Brown's school and in Pinson.

This and That

Four years ago election day (November 3) we had rain and that night more rain, sleet and snow. Out of the 213 votes cast at Fulgham 14 were republicans. Nicholas voted 16 republicans and 188 democrats. The next day Richard Archer died in Hopkinsville. Death entered our own home 17 years ago, November 1. The George Bruce sale Wednesday, following his recent death, breaks up another home.

A 26-year-old picture of Mt. Pleasant Sunday School made by the Gardner Studio of Fulton reveals a striking contrast in the number of children. Had twice the number than in relation to the number in the men and women's classes now which were practically the same as now. Some of the teachers in 1920 were J. W. Stroud, C. M. Bone, Orene Miller Jackson of

Detroit, Hettie Pharis Hinch of Evansville, Mrs. James Lee of Fulton, Mrs. Len Barclay and probably Mrs. Lura Cice, deceased, or myself. Sunday School attendance at Mt. Pleasant last Sunday was 100, Salem 76. Curt Sullivan who finished high school here in 1930 was the last member in a class of 14 to enter the matrimonial career.

At the present time, we're fairing fine with an "extra dish" of Michigan fowls sent by friends from Detroit. Thank you!

with which he found his own name. I thought he must have been lucky, but I soon saw that he did have a gift. He asked several persons who were looking for their names about their names and promptly proceeded to find them. He seemed able to take a sheet, and glance at it swiftly and pick out the name he sought. I am like a majority—after looking at three or four pages of names all appear the same. But this man could really go to town at picking names from a crowded sheet.

Halloween spooks gathered at the home of Mr. and Mrs. Claude Shelby in Highlands last night when their daughter, Miss Martha Jean Shelby, entertained nineteen friends at a delightfully planned party. The guests came costumed in Halloween creations and masks.

On the lawn, which was electrically lighted, the group enjoyed various games and contests. Winning prizes in the clever contests were Miss Martha Frank Collins, Miss Betty Ruth Carney and James Carter, Miss Jane Shelby and Jack Merryman.

Following the contest a fire was built and a weiner roast was enjoyed. The "hot dogs" were served with ginger bread and cider.

The following were present: the hostess, Miss Collins, Miss Carney, Miss Shelby, Miss Marion Maxfield, Miss Mary Eleanor Blackstone, Miss Betty Lou Gore, Miss Jean Rawls, Miss Mary Jean Linton, Miss Clara Davis, Messrs. Each was presented an attractive gift.

UNION PRESBYTERIAL MEETING WEDNESDAY

The Union Missionary Society met with Mrs. Daise Bonduant last Wednesday in an all-day meeting. The meeting was called to order at 10:30 o'clock in the morning by the president, Mrs. Cecil Burnett. The opening song was "I Gave My Life For Thee," followed with devotionals, led by Mrs. Clyde Burnett. Her topic was "Call To The Society." Following was the scripture lesson, taken from Matthew 6:25-33. Mrs. Lucy Burnett then conducted the invocation.

Mrs. J. C. Sugg, Sr., and Mrs. S. E. Bonduant rendered a vocal duet, "Our Best." Mrs. C. R. Burnett then led the panel discussion and was assisted by Mrs. Della Lawson. They gave a very interesting and instructive outline of the work of Stewardships and the Great Commission. A map explanation of the work was given by Mrs. Clyde Burnett.

The business was transacted and Mrs. Elbert Bonduant read the minutes. Each member answered the roll call with a verse of scripture. The meeting was closed with the Wayside Prayer.

The Ladies' Aid was then called to order by its president, Mrs. J. B. Inman after the opening song, "Love and Help Each Other." Miss Clarice Bonduant read the minutes and other routine business was transacted. The members of the Aid voted to have a quilting at the home of Mrs. Hayden Donoho's home on Tuesday, October 29. The meeting was closed with prayer.

MRS. NEWTON ENTERTAINS

Mrs. Harold Newton delightfully entertained the members of her Wednesday night contract club last evening at the home of her sister, Mrs. Freeman Dallas, in Highlands.

Two tables of players enjoyed an evening of progressive contract and high score prize, handkerchiefs, went to Miss Helen King. Miss June Dixon won the travel prize, a pair of miniature vases.

At the conclusion of the games, Mrs. Newton served a lovely party plate, cleverly carrying out the Halloween motif. The tallies, luncheon cloths, favors and other decorations were all suggestive of Halloween.

Miss Ruby Boyd Alexander will entertain the club next week at her home on Walnut street.

The Youth in Business

By C. E. Johnston

Dean, Schools of Business
International Correspondence
Schools

THE youth who is preparing himself for the world of business will do well to give attention to a new field of management responsibility. This field has to do with the production and distribution of goods and services in such a manner as to win public approval. Every major executive knows that buyers are concerned with more than just products and prices. Consumers are interested in how the conduct of business operations affects employees and the general public, in what may be termed the social aspects of business. Young men, as well as senior executives, should begin to think in terms of the social as well as the economic results of business.

Recently many industrial companies have held "open house" for their employees and their relatives and friends. This has been done in part to acquaint employees with the work performed in different divisions of the plant and in the factory as a whole. It has also been done to improve public relations. Holding "open house" is a means by which the community in which a concern is located is informed about the nature of its operations. Today much attention is rightly given to the philosophy that underlies business management. The beginner in business, however, commonly misconceives the position of the senior officials of his company. He is apt to think that the making of profits and the avoiding of losses is all that interests the "higher-ups." This is far from the case. An understanding of the true motives that move executives is essential to the proper understanding of business.

FALL AND FALL

THE FRUITS OF LABOR

This scene is typical in America... Along rolling plains, on rich farm lands, in crowded factories, men toil that they might preserve America's oldest tradition—the right to live and prosper. Under open skies our people share in the treasures of American soil. Here are found the world's richest opportunities.

Since time immemorial, flour has been a necessity in the lives of nations. The fact remains with our millions that "bread is the staff of life." Today, we are proud of the small part we play in feeding America.

PLANNING--

There comes a time in every couple's life when plans are made for a new home, when the husband and wife decide to quit being renters and movers and actually own a home.

We are anxious to join in these plans, for this is our business. During past years we have changed this town from a town of renting people to a town of home owners. The work is still going on and we still have a safe and sound plan to offer. If you earn a steady salary and have thrifty habits you can own a home through our plan.

Coach Giles Will Throw Changed Team Against Lexington, Friday

Missing on three cylinders, Coach Giles' Fulton High Bulldogs machine will play against the Lexington, Tenn., team Friday afternoon in the Tennessee town with three of its main cylinders either on the shelf or held in the shop for repairs and other causes. These three are Darter White, the only triple threat man on the team, Buckingham, shifty end, and "Ox" Winstead, hefty guard.

White, who is the Bulldogs best ground gainer, is ineligible for the Lexington game on account of scholastic standing. Buckingham has been suspended for the week for failure to abide by the training rules and "Ox" Winstead, who has started every game this season for the Bulldogs, is out with an injured knee. "Corky" Bethel, best utility man on the squad, is out this week with a cold.

Coach Giles will have a much changed lineup when the Bulldogs take the field against the Lexington outfit Friday afternoon. In the line he will have Nelms, McKenzie, and Tosh, the only three regular starters and the other linemen to start will be Jack Snow at left guard, Earl Willey at right guard, Layne Spence at right tackle and Robert Hart or Joe McAllister at end, replacing Buckingham.

The backfield will be practically the same as last week with the exception of "Darter" White. "Sugar" Willingham will serve as quarterback instead of guard. He has seen considerable action this season in the backfield, although the majority of games he has held down the guard post. Joe Treas McCollum, "Tate" Crawford and Bobby Merryman will complete the backfield.

The game Friday, which is the next to last one this season for the Bulldogs will be played Friday afternoon at Lexington. It is a non-conference game. Very little is known about the Tennessee team, this being the first time in several years that the two teams have met. Lexington defeated Huntington recently by two touchdowns, while Martin (who defeated Fulton 13-12) only defeated them by one point. However the Lexington team was badly trimmed last week by a

strong Whitehaven team 47-0. The game will be called at 2 o'clock and a large delegation of local fans will accompany the team to Lexington.

Probable starting lineup will be: Nelms—LT. Tosh—LT. Snow—LG. McKenzie—C. Willey—RG. Spence—RT. R. Hart or McAllister RE. Willingham—QB. Merryman RH. Crawford—LH. Treas—FB.

MOVIE FIRMS AGREE TO TERMINATE THEIR 'BLIND SELLING'

Washington.—The Justice Department announced today that a consent decree had been filed in New York under which five major motion picture companies agreed to terminate so-called "blind selling" and modify "block booking" methods.

The companies which consented to the decree were announced as Paramount, Lowe's, RKO, Warner Brothers, Twentieth Century-Fox, and their subsidiary and affiliated companies.

Three of the major companies named in the original complaint which led to the decree did not join in it. They were United Artists, Universal, and Columbia.

WATCH STOLEN IN 1914 RETURNED TO OWNER

South St. Paul, Minn.—Police returned to Frank A. Vogel a watch stolen 26 years ago.

Vogel reported theft of a new gold watch from his locker at a stockyards packing plant in 1914. The watch turned up in a Duluth pawnshop recently. The hunting case has been replaced with a

cheap nickel plated open-face case, but the police were able to check the watch number.

Efforts to trace the watch revealed it had been pawned by a man who borrowed it from a friend, who had purchased it from a Wisconsin jeweler, who had bought it from a South Dakota dealer, who had gone out of business five years ago.

GREEKS REQUEST RIGHT TO RETURN TO FIGHT AXIS

New York.—The crew of the Greek liner Nea Hellas, the former Anchor liner Tuscania, now in Lisbon, Portugal, has asked to be repatriated in order to join Greek fighting forces, the B. B. C. said today in a report heard by N. B. C.

The B.B.C. said the ship was bound for New York with 500 passengers, including former French Premier Camille Chautemps. The Nea Hellas, along with five other Greek ships, has been ordered to remain in Lisbon, and 14 Greek ships to stay at the Island of Madeira until further notice, the B.B.C. said.

AXIS SAYS NEW PLANES FASTER THAN BRITAIN'S Rome.—Germany and Italy have begun construction of bombers faster and better than any now being supplied to Britain by the United States, Maj. Gen. Aldo Guillelmetti, an Italian airplane designer, said today.

Writing in Italy's official aviation publication, he said the new bombers were capable of speeds 60 miles an hour faster than "the newest machines made abroad." Germany and Italy also have in production pursuit planes superior in speed and cruising range and arms to British planes of the same category.
