REMARKABLE FINANCIAL RESULTS.				THE NEWS.				
Experience of Policy Holders in the Mutual Life Insurance Company of New York.				A disastrous flood is feared at Ft. Wayne, Ind.				
The wonderful financial results achieved by The Mutual Life Insurance Company of New York have created the attention of the people at large, and are particularly gratifying to 129,000 members of this institution.				Heavy snowstorms are reported from Dakota.				
The Mutual Life Insurance Company of New York has now in trust for policy holders \$14,181,963, and has paid out since its organization, over \$245,000,000 to the holders of its policies.				The Senatorial deadlock in West Virginia continues.				
As an evidence of the wise management and admirable investment of its funds, the following table, published in the latest death claims in 1896 has been published, showing what the cost of insurance is in this Company. It will be seen that every dollar paid by the Company returned \$2.68 to the policy holder.				Louisville, O., was severely damaged by a cyclone last night.				
		Amount Paid by Policyholders	Not Returned		A bad railroad smashup occurred on the Cleveland & Pittsburg Road, near Cleveland, yesterday. Several cars were wrecked and railroad employees seriously injured. <td data-kind="ghost"></td> <td data-kind="ghost"></td> <td data-kind="ghost"></td>

Personal.

Dave Wiley spent Monday in Crofton.
W. R. Wilkinson, Evansville, is in the city.
S. E. Stegar, Trenton, was in the city Monday.

F. P. Gracey, Clarksville, was in the city Monday.

Miss Buckner Lander is visiting Miss Jennie Dulin at Crofton.

Joe Frankel leaves for Russellville to-morrow for a few days visit.

Miss Fannie Mayson has returned from a visit to friends in Memphis.

Mr. F. W. Ford has returned from Calver City to this county to live.

Miss Jennie Blangher and Mr. Sam Langher will return to Louisville to-morrow.

L. Spot Feland, assistant resident engineer on the O. V. road, was in the city Sunday.

Mrs. Laura Holway and Mrs. Wm. S. Holway, of Henderson, are visiting Mrs. Joe McCarroll.

Mr. Chas. Hill, of Crofton, Miss Lillian Bole and a number of others attended the ball at Crofton Monday night.

Amateur Railroad.

One night last week a small colored boy watched the engineer of the Accommodation train back his engine on the side track. As soon as the engineer left and while steam was up, the little fellow jumped aboard and opened the throttle. The engine responded to the call and started off like a thing of life. The night watchman heard her coming and at once became suspicious. He ran to the moving engine and closed the throttle barely in time to save a wreck. The novelty of the boy's daring is amusing but of a serious nature. Kids with such proclivities should be furnished dynamite bombs to "project" with.

A Todd County Murder.

On Thursday of last week at Kirkmansville, in Todd county, two brothers, named Hurt, became involved in a quarrel. Hill Drake, a colored man, was near them and attempted to quiet them and asked them not to fight as they were brothers. Charlie Hurt turned upon the negro, without further provocation, and hit him a savage lick on the side of the head with a stick of wood. By-standers took the billet from him, but he immediately got another and again struck the negro, and then turned and ran off and is still at large. Dr. Bartlett who was called in to dress the negro's wounds, pronounces them fatal as the skull is fractured in two places.

In a Bad Way.

Saturday night there arrived in this city a young lady, neatly dressed and good looking, who had neither friends nor acquaintances here. She found lodging in a rooming house and is evidently in a bad way. Her story is a sad one and after the regular style. She is the daughter of wealthy and respected parents in a Southern Indiana town. She gave up home, ease and refinement to follow one who proved false and has now thrown herself on the cold world to float or sink upon the currents of sin. Whether she is telling the truth or merely uttering a pretty story to catch the sympathy of the public is a matter of conjecture, albeit it is said to reflect that vice lures so fair a victim.

College Entertainment.

The Lotus Literary Society of Bethel Female College met on Friday evening. Miss Fannie Baker, of Princeton, President. Miss Laura Baskett, of Henderson, Sec. The following program was splendidly rendered:

Muscle, Etude Mazurka—Miss Mary Negley. News and Notes—Miss Emma Nelson. Muscle, Silver Thistles—Miss May Wooten. Recitation, The Painter of Seville—Miss Sallie Rust. Music, The Storm at Sea—Miss Lula Owen. Address—Rev. J. W. Bigham.

Mr. Bigham's address was brimful of wit, humor, good advice and instruction delivered in the gentleman's own peculiar, attractive style, and was warmly applauded. Among the visitors were Dr. Jas. Rodman and lady, Rev. S. Dagg and Prestidge, Mr. Ross Donaldson, Mrs. Bailey Waller and Misses Lillie Waller and Emma Threlkeld. Dr. Rust gave notice that lectures will be included in the exercises hereafter.

Syrup of Figs

Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is Nature's Own True Laxative. It is the most easily taken and the most pleasantly effective remedy known to cleanse the system when bilious or constive; to dispel headaches, colds and fevers; to cure habitual constipation, indigestion, etc. For sale in 50 cents and \$1.00 bottles by H. B. Garner, Hopkinsville, Ky.

Around Town.

The whooping-cough is prevalent in this city.
All the liquor licenses in the city have expired but one.

1,000 bushels of Clover Seed located Jno. R. Green & Co.

Jackson Moremon, a well known colored man, died in this city Saturday.

The Fair Ground Cottage for rent, apply to Dr. B. S. Wood.

Sprague & Bioggetts minstrels played to a heavy gallery and a small auditorium last night. They have a fairly good company.

STORM ROOM FOR RENT.—Corner of 9th and Clay streets, formerly occupied by J. T. Barrow. Apply to Jno. R. Green & Co.

R. T. Quarles, of Nashville, a young man well known in this city, will be married to Miss Flora Hoodenfy, of McMinnville, Tenn., Feb. 22nd.

Yesterday was a gloomy day. The rain came down in sheets till after noon. Nobody was on the streets and the town had the appearance of "Sunday in the swamps."

A rumor is afloat that a colored woman is running the largest pocket sewing machine in the city. She is doing a big business and is becoming notorious at her calling.

Mr. J. M. Casey has sold \$16,000 worth of farm lands in this county in the last two weeks. W. A. Lowry took \$10,000 worth and J. W. Casey the remaining \$6,000.

Jno. Alexander, colored, went to Calvin Crabbs, colored, house near the asylum, Sunday, "spillin' for a fight." He raised quite a disturbance and a warrant is now out for his arrest.

The set of forty-five books, for 50 cents which we furnish in connection with the NEW ERA makes almost a complete library within itself. See advertisement under the head of "Inducements."

We call attention to the advertisement of A. Lyon, Evansville, in this issue. We take pleasure in recommending the house, which we know to be first-class. This house carries an immense stock which embraces, literally everything in their line, and all orders, large or small, will receive prompt attention.

Subscriptions to any paper or magazine in the world taken at this office at club prices that will in many instances save the price of the NEW ERA. For instance, the daily Courier-Journal (six issues a week) and the WEEKLY NEW ERA for \$10.50 or TRI-WEEKLY NEW ERA for \$11.50.

There must be something done with the mails on this division. Important letters to citizens of this place were not delivered last week in time for their contents to be of value to the parties who received them. The mail service is for the benefit of the people, and it becomes inefficient from any cause the proper remedies should be at once applied.

Our confectioners did a land office business on Valentines Monday. The mails were crowded with them, of all shapes, sizes and assortments. The NEW ERA came in for its share. We did not get any of the comic ones, of course. Ours were all silk-plush, finished in gold and gilt. They are hanging in the composing room, a very art gallery of color and sentiment.

Mr. H. H. Abernathy returned from Morganfield Saturday, where he had been to assist in the organization of a K. of P. Lodge. Seventy-five Knights from Henderson were present to assist in the work. A lodge of 34 members was organized. The work of administering the degrees commenced at 1 p. m. Friday and was not concluded until 8 a. m. Saturday, no recess being taken.

Mr. N. B. Shyer, from whom Hopkinsville has no more wide-awake merchant, has come up among us and taken charge of the house and stock of the late Jno. T. Wright. He has opened with a boom which we in this issue send reverberating throughout the land. With the immense stock on hand he has got to hustle and the hustling has begun. See what he says about goods and prices in his handsome advertisement, and strike him while he's anxious to sell.

The Court of Appeals rendered a decision recently, in the case of the Commonwealth vs. Hazelwood, which will be of interest to dog owners. The Court held that, independent of the act of the Legislature requiring County Clerks to keep a book for the registration of dogs when they become recognized as personal property, dogs were listed and taxed and therefore personal property and must be so regarded under the law. The value of the dog is to be determined the same as any other personal property.

The Mutual Life Insurance Company is the greatest life company in the world. Moreover, in every point of excellence in which each particular competitor takes pride, the Mutual shows a satisfactory average. No company can exhibit a steadier average of dividends paid to policy-holders for a long series of years than this company, and the rates of premium charged the insured have been kept at minimum figures. The Mutual Life issues a liberal policy and offers the public the kind of insurance that there is a demand for. See annual statement in another column.

One thousand dollars is a big sum of money to invest in advertising, is it not? But then "printer's ink" brings in more money to the square inch than any other commodity in the world. We believe in printer's ink and are taking \$1000 worth this year; time out April 15th. See all about it under "Inducements" in another place. We are warmly applauded. Among the visitors were Dr. Jas. Rodman and lady, Rev. S. Dagg and Prestidge, Mr. Ross Donaldson, Mrs. Bailey Waller and Misses Lillie Waller and Emma Threlkeld. Dr. Rust gave notice that lectures will be included in the exercises hereafter.

Walter and Frank Carney, twin brothers, died at their home near Walnut, last Friday.

A town in Florida is going to be named after Rev. T. T. Eaton, a minister well known in this city.

The only child of Mr. and Mrs. Frank Walton, of Allensville, died of inflammation of the brain, Sunday morning.

The Western National Bank lately organized in New York, of which Secretary Daniel Manning will probably be President, has among its stockholders Mr. Lucien Jones, of this city.

Mr. Ed O'Brien, a prominent citizen of Hadenerville, is critically ill with erysipelas which set up in a wound inflicted on his leg several weeks since by the accidental discharge of a pistol.

Rumor has it that there will be a wedding in high life at Guthrie to-day. The groom is a prominent farmer-lawyer, from near Nashville, and the bride is one of the sweetest young ladies in Todd county.

The Owensboro street railway went into operation Saturday night and the citizens were as happy as a boy with his first pair of breeches. Owensboro has thrown aside the garments of a town and is wearing grown up, city clothes.

The Junior Dancing Club was delightfully entertained by Mr. Felix Gaither at his father's residence, Friday night. The meetings of the Club are always highly enjoyable and this occasion was one of the most pleasant of the season.

Agent Logsdon informs us that business is heavier over this division at present than ever before known in the history of the road. There is a heavy freight blockade in the South, which accounts for the delay in north bound trains.

Measles is alarmingly prevalent in the southern part of Todd county. Nearly every family is nursing a case and in some instances entire households are sick. The physicians say the disease is of a malignant type and is usually followed by pneumonia.

Several ministers in this city and a number of the leading christian people are contemplating a grand union revival to be held in the rink building. The room is large and commodious and would be the best place in the city for such gatherings. Should the meeting be decided upon, we may expect the most general revival ever held in this city.

OFF For Frankfort.

Judges R. T. Petree and Joe McCarroll and Hon. John Feland and James Beacham leave for Frankfort to-morrow to argue the Winfree-Anderson contest election case before the Court of Appeals. A decision will probably be rendered on Friday or Saturday, and the readers of the NEW ERA can feel assured that they will get the very first intelligence of the result, hot off of the wires.

No other medicine is so reliable as Ayer's Cherry Pectoral, for the cure of coughs, colds, and all derangements of the respiratory organs. It relieves the asthmatic and consumptive, even in advanced stages of disease.

Killed Her Child.

Our Crofton correspondent details the killing of an infant at that place, last Saturday. The woman, Celia Oates, was arrested and brought to this city, as stated. She confessed that the child was her own, but says that it died shortly after birth and she had buried where it was found. She stoutly denies that she killed the child and tells her story like it was true. She is now in jail awaiting investigation.

An Inventor's Advice.

George Stevenson when advising young men how to get on, would finish by saying, "Do as I have done—persevere." For fifteen years he plodded and worked before giving the finishing touches to his locomotive. In as many days those persevering in the use of Dr. Pierce's "Medical Discovery" have experienced great relief and found themselves on the high road to health. Liver complaints, impure blood, chronic lung troubles and many other ailments which are the result of impure blood, are cured by this medicine. It is a true and reliable remedy for all ailments.

Important to Stockholders.

HOPKINSVILLE, KY., Feb. 12/1937.

A call was made by me on the stockholders of the Christian County Agricultural and Mechanical Association, to meet at my office Feb. 7, at 11 o'clock to elect a directory for the ensuing year. There was no attendance and the meeting went by default. This is not as it should be. There ought to be more interest felt in the success of the association and it will and it ought to die, I now appoint the 1st Monday in March at 11 o'clock a. m. for another meeting to elect the directory for the present year, and I call upon all stockholders, and especially the farmers, to be present and represent their stock.

There has been for several years an idea afloat that the institution had drifted away from the original design and mechanical and agricultural enterprise, into a "Jockey Club." Without discussing the question now as to whether this is true or not, I have only to say that there is an opportunity to correct this error if it be one.

Let every stock holder attend and cast his vote, and let the farmers and stockholders manifest their faith by their works, in buying stock and becoming interested in this their county association, and thus they can correct the errors and evils of the past. I call upon every stock holder to be present at the March meeting and cast his vote, and if he fails to do so, he can not complain of the action of the stock holders, what ever it may be.

Yours truly,

JOHN W. McPHERSON

Having in our official capacity as members of the Plymouth Hospital Committee been asked to test and prove the effectiveness of many different articles to be used as disinfectants in sick rooms and as preventives of infectious fevers, report that Darby's Prophylactic Fluid has been thoroughly tested during the recent Typhoid epidemic in this place. It proved most efficacious in stopping the spread of the fever.

An Elegant Substitute

For Oils, Salts, Pills, and all kinds of bitter, nauseous Liver Medicines and Cathartics is the very agreeable liquid fruit remedy, Syrup of Figs. Its advantages are evident—it is more easily taken, more acceptable to the stomach, more pleasantly effective, and more truly beneficial to the system than any other remedy. Recommended by leading physicians, and for sale in 50 cent and \$1 bottles by H. B. Garner, Hopkinsville, Ky.

The John T. Wright Stock!

The Finest and Most Complete Stock of Men's, Youth's and Boys' CLOTHING,

Furnishing Goods, Boots, Shoes and Hats has been purchased at a great sacrifice and must be closed out at once. Every article throughout this great stock has been marked down to prices so far below cost that it will astonish all. Remember that this is not an old, shelf-worn stock, but new, desirable, stylish goods, as the greater portion has only been received within the past few months.

Overcoats, Overcoats, Overcoats!

As the season has so far advanced, and having a great many overcoats on hand, we have decided to place the entire lot on our counters up stairs at four uniform prices which will open your eyes in astonishment. Embrace this opportunity to purchase goods at prices never before heard of, as the Wright stock is known to all as the best ever in this city.

Remember the Place-Glass Corner

We take this method of informing our many customers and friends that we carry a full line of everything kept in a first-class Dry Goods House, and will at all times meet any prices made by any house in Hopkinsville. Therefore, remember when goods are priced to you in any house in the city that we stand pledged to sell them as cheap if not cheaper. Respectfully,
JONES & CO.
