## To Subscribers.

Recently we have dropped from our weekly subscription list a number of subscribers whose time according to our books, has expired. This is a rule strictly adhered to. Please look on the margin of your paper and see when your time is out and come up and renew at \$1 per year with ticket in drawing. Persons seeing this notice who do not get the paper regularly, will please look up their receipts or on the margin of their last paper and see when their subscription expired.

## Home and Society.

I. N. Childress, of Caledonia was in the city Friday.  
Mrs. F. B. Henry is visiting relatives in South Carolina.  
Miss Bernice Jones, of Cadiz, is the guest of Mrs. Jones.  
Mrs. T. H. Hod, of Calvert City is visiting relatives in this city.  
Rev. Geo. Campbell, of Greenville, is visiting relatives in this city.  
J. H. Savage has returned from a visit to his father at Owensboro.  
Miss Kate Richardson, of Paducah, is visiting Mr. and Mrs. Cortez Leavelle.  
Miss Ella Johnston, of Madisonville, is the guest of Dr. and Mrs. W. K. Nesbit.  
Mr. and Mrs. W. J. Withers and daughter, Miss Lizzie, have returned from the east.  
Miss Ida Simpson and Alice Smith, of Elkton, are visiting the family of Mr. John Young.  
Misses Minnie Roper and Rosa Bamberger have returned from an extended visit to friends in Princeton.  
Mrs. H. C. Gwyneth and daughter, of New York, are at the Phoenix where they will remain for several weeks.  
Miss Ida Bowling, of Crofton, is visiting Miss Della Combs, who has recently returned from a visit to relatives in Webster and Hopkins counties.  
Misses Minnie and Anna McDougle, of Mayfield, Ky., who have been spending the summer with relatives and friends in the city and county, left this morning for their home. The young ladies won many friends during their stay who regret their departure.

Brown Iron Bitters furnishes aid to the stomach to accomplish its work. Only a small quantity of this specific action upon the stomach will do you any good, and Brown's Iron Bitters will act directly upon that organ, toning it up and giving it strength to do its work, relieving the pressure upon the nerves, quickening and improving the appetite, removing flatulence and heartburn, restoring the appetite, and dispersing the dizziness which are so annoying, and may prove very dangerous.

The city has been handsomely billed for the appearance of the Cleveland Haverly minstrels at the opera house on Wednesday night. The troupe is one of the largest upon the road and carries special arrangements for their famous opening. The opera house will doubtless be crowded on this occasion.

Scrofula, in the blood, corrupts and contaminates every tissue and fiber in the whole body, but whether appearing in the form of swelling, erysipelas, or running sores, the malignant poisons of this disease are completely eradicated by the use of Ayer's Sarsaparilla.

A branch of the Southern Building and Loan association has been organized in this city, with M. C. Forbes president; J. D. Hayes secretary; W. T. Tandy treasurer; Hunter Wood attorney. The board of directors consists of C. W. McCallie, F. E. Blumensiefel, S. G. Buckner, R. H. DeFreville and Hunter Wood. The headquarters of the association is at Knoxville.

Young Johnson, S. & B. R. B.: After trying many remedies, I pronounce "Owen's Pink Mixture" the best for teaching children. For sale by all druggists.

H. T. Wood, druggist at Forest City, Ark., says: "Owen's Pink Mixture saved my baby's life while suffering from diarrhea and summer complaint." For sale by all druggists.

To-morrow morning a special train will leave this city for Bowling Green, bearing the Hopkinsville delegation to the state convention of N. B. F. Ample arrangements have been made for the transportation of all who may wish to attend, and liberal rates have been secured from the railroad for the round trip. The best order will be maintained as the excursion is under the management of local colored citizens of eminent respectability.

J. W. Raymond, pastor Presbyterian church at Brownsville, Tenn., says: "Owen's Pink Mixture" will regulate the bowels better than anything he ever used. For teaching children it is a most valuable remedy. For sale by all druggists.

No Assignments Yet.  
The Owensboro Messenger says: At this time the September assignments of storekeepers and grocers are usually made public, but as the commissions of only a few of Collector Feland's appointees have been received the state is not yet made and the present force will continue to hold their places until the necessary documents to install their successors in office are received from Washington.

Don't You Know  
that you cannot afford to neglect that which might lead to consumption, to insanity, to death. Don't you know it can be easily cured? Don't you know that while the thousands and one nostrum you have tried have utterly failed that Dr. Sage's Catarrh Remedy is a certain cure? It has stood the test of years, and there are hundreds of thousands of grateful men and women in all parts of the country who can testify to its efficiency. All druggists.

## Pencil Pointings.

Walter Trainum has taken a position at M. A. Metz.  
Rev. L. L. Thomas, of Louisville, filled the pulpit at the Baptist church Sunday.

Mr. David Wood's family has recently been increased by the arrival of a fine little girl.  
Twenty-five and Grade Jersey milk cows and heifers for sale. d&wt.

Mr. M. L. Lipshutz has returned from Owensboro and has been sick at his home on east 7th street, since his return.

Thomas Gaugh, the brakeman who was wrecked at Henderson Monday, died Tuesday and was carried to his home at Earlington.

Several additional experiments with Dr. Brown's Sarsaparilla by local physicians have had satisfactory results.

It is said that a company with a large capital stock has been organized to purchase the Acadia Hotel property, including the salt wells, chalybeate well, etc.

Mr. Ed. Jones, of London, England, was married Tuesday to Miss Maggie Dixon, of Henderson. Miss Dixon is a grand-daughter of ex-United States Senator Dixon.

Dr. Patton has for sale 12 mares, good colors, good size, 4 to 7 years old, well broke, each a good farm, brood and drawing animal.

Dr. Andrew Sargent has a small rat terrier which he has cultivated a decided taste for mosquitoes. Dr. Sargent says the little animal will sit by him when reading and catch every mosquito which comes around him.

Geo. Patterson and Pope McCracken came before Judge Winfree Monday and entered joint plea of guilty to the charge of selling liquor unlawfully. Warrants had recently been issued for their arrest. They were fined \$50 which was promptly paid.

Tom Williams, col. of Pembroke, was fined \$25 and costs by Judge Winfree Monday for carrying concealed deadly weapons. In default of the amount he will break lock upon the watchful eye of Mr. Biggers.

Mr. Harvey Breathitt's house will be ready for occupancy by Oct. 1st. Mr. B. has suddenly altered his determination to occupy it himself and now announces that it will be for rent. What a sudden change of mind of Mr. Breathitt!

A negro named Jas. Miller was arrested and jailed at Henderson for poisoning two mules. Sunday night an attempt was made to organize a mob to hang him, but for lack of a specific action upon the stomach will do you any good, and Brown's Iron Bitters will act directly upon that organ, toning it up and giving it strength to do its work, relieving the pressure upon the nerves, quickening and improving the appetite, removing flatulence and heartburn, restoring the appetite, and dispersing the dizziness which are so annoying, and may prove very dangerous.

Rev. C. C. Hersman, a distinguished Presbyterian divine of Tennessee, preached to large congregations at the Ninth Street Presbyterian church. The pastor, W. L. Nourse, preached at Greenville, Ky., on the same day.

Thomas Gough, an L. & N. brakeman, lay down near his train Monday afternoon in Henderson county and went to sleep. The train pulled out and the wheels of a car passed over both arms which he had unconsciously placed across the rails and crushed them terribly. It is expected that he will die.

Mr. Jas. S. Ragdale has entered the field as a candidate for County Clerk subject to the action of the Democratic party. Mr. Ragdale is well known as a life long, true Democrat and has devoted much time and energy to his party, taking the ditty spells which are so annoying, and may prove very dangerous.

A Montgomery county coroner jury rendered a strange verdict over the body of a man found dead near Clarksville: "Death by violent murder." The man's head had been carried across the road and both arms were cut from the body and both eyes were gone. This was evidence sufficient to justify the verdict of "violent murder."

Seventy-five new cases have been entered upon the civil docket since the last term of the circuit court, and the list of cases is growing. Judge Grace will find his hands full for the September term. The criminal docket will be unusually large. There are now about twenty prisoners confined in the county jail charged with various "high crimes and misdemeanors," besides quite a number who are out on bond.

The insurance companies have adjusted the losses occasioned by the partial destruction of Maj. Feland's residence in an entirely satisfactory manner. The Hopkinsville High School began yesterday with the most flattering assurances of a successful term. Maj. and Mrs. Feland have made arrangements for the temporary entertainment of their boarders. The damaged building will be repaired at once.

"Let there be light" for six hours twenty nights of each month, is the plan of the city of Hopkinsville and the Gas Company says. Before 10:30 o'clock on many nights the street lamps are extinguished in the resident portions of the city and the principal streets are left in darkness. The city is given credit by the amount of gas thus saved and the amount deducted from the sum which the contract calls for. We rather opt out.

The entire stock of dry goods of N. B. Shyer has been sold to Mr. Morley Cohen, of Marshallfield, Mo., who will remove his family to this city at an early date and take possession of the business. Mr. Cohen is spoken of as a thoroughly live and energetic merchant, who will bring years of experience to the business. The people of Hopkinsville will welcome him as they do every man who has confidence enough in the future of our city to invest his interests here among us. Mr. Shyer has been identified with the dry goods business of this city for many years, and has made many friends who will give him up very reluctantly. He has always been for Hopkinsville and has aided liberally every effort to advance her interests. As stated in a previous issue he goes to Nashville to embark in the wholesale jewelry business. He will leave with his family next week.

There was a terrible epidemic of dysentery and bloody flux in Pope County, Illinois, last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Waltersburg, sold over 380 bottles of Chamberlain's Colic, Cholera and Diarrhea Remedy during this epidemic and say they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 50 cent bottles for sale by H. B. Garner.

## WATER WORKS.

The Survey About Completed With Satisfactory Results.  
The Supply of Water Large Enough For a City Many Times Its Size.

Mr. Kennedy, a civil engineer from Indiana, who has been employed by the council to survey the city and report on the probable cost of a system of water-works and also on the extent of the water supply, has just returned and will return home in a day or two. During the time he has been here he has walked over all the country surrounding for a distance of about three miles and thoroughly explored all the streams, the springs and their sources and traced miles of caverns.

A New Era reporter sought him this morning and asked him what he thought of our water supply.

"I have traversed over a distance of probably seventy-five miles since I arrived and have found a large supply with the surrounding country. I have visited all the springs, and found that while some are strong and others are feeble, the whole country around is a perfect honey-comb of caverns, and through these comes the waters which form our springs. The big rock spring is nothing more than an underground stream fed from the surface through sink holes. The cave spring at the asylum is similar, for I explored the cavern for a considerable distance, by wading up the stream, and also followed its course on the surface by a chain of sink holes. All of the springs put together would begin to furnish water enough for your city."

"Then where can we get it?" queried the reporter.

"From either of the two rivers. I have thoroughly explored the country bordering on both, and find that on the south fork a limestone formation exists, while the north it is sandstone. Between the two is a matter of course you should take the north fork, where the water will be softer, coming from a sandstone quarry."

"Up above the rock quarry is a fine place for a dam I ever saw. On either side of the stream are rock walls, and a dam could be built across the creek fully forty feet high. If you wish it, I can make a perfect lake there. I have surveyed that section and find that the natural watershed is 40 square miles. That is an enormous water supply. Also looked for caverns over this shed to see if there was a possibility of losing the water after securing it, but I could find none. Even if one should be found it would be an easy matter to stop it."

"One inch of rain fall on one square mile of territory is equal to 17,000,000 gallons of water; there are 40 square miles of this territory there would be 680,000,000 gallons. Only about half that falls will sink into the earth at once, the remainder runs off into streams. From one heavy rain then we could catch 340,000,000 gallons if we wanted it."

A dam 12 feet high across the river above the quarry would hold 100,000,000 gallons of water, hence one rain would run your dam over."

"Would the river itself, without any dam, supply water sufficient for the city?"

"Yes; enough for a city of 30,000 inhabitants, and it would be good and pure water. Nearly all the water used in the city is from the river, and the plan I propose to adopt would be almost pure. The land surrounding the river above the dam is now mostly in grasses, because it is high and unprofitable if cultivated in anything else. No large body of water is ever stagnant, whether it runs or not. In order that the water should be necessary for the sun's rays to heat it clear to the bottom. You never saw in all your life a stagnant body of water that was large and deep."

"The plan I would adopt is this: After building the big dam, I would build a pumping station and small reservoir just a few miles below, with a capacity of 100,000 gallons, and from this lay a pipe to the top of the hill about the Bell place where I would erect a stand pipe with a capacity of 200,000 gallons. This city is a high place and the water would get three feet into the little reservoir and third in the stand pipe, which would make it all ways perfectly clear."

"What pressure would that stand pipe give?"

"The top of the Bell's hill is 156 feet above the level of the river, and a stand-pipe 90 or 100 feet high would give a pressure sufficient to throw water over any building in the city, whether on a hill or in a valley. It would be from fifty pounds to the highest elevation to about ninety pounds on Main street."

"What amount of water per day would be sufficient for this city?"

"In densely built cities it is less per capita than where large lawns surround the houses. About twenty gallons per day per capita is an extra allowance, and I calculate that about 150,000 to 200,000 gallons would furnish all you could possibly come for several years."

"The gentleman entered into many minute details regarding the matter but space is too limited to refer to them."

Many old soldiers who had contracted cholera diarrhea, while in the service, have since been permanently cured of it by Chamberlain's Colic, Cholera and Diarrhea Remedy. For sale by all druggists.

Our list of premiums will be large and valuable. Renew your subscription and get a ticket.

Our agent will call on you shortly. Have a dollar ready for him, and get a chance in the big gift distribution.

**PREFERRED LOCALS.**  
We cordially invite you, ladies, to examine our line of Toilet Articles. We know you will be highly pleased. WYLY & BURNETT.

**BIDS FOR MEATS.**  
I will receive bids on September 7th at 6 p. m. for one year's supply of beef and mutton for the Western Ky. Lunatic Asylum, beginning September 8th, 1899, and ending September 7th, 1900. Said beef and mutton to be of best quality and furnished regularly at asylum at such times and in such quantities as the steward may require. To be weighed at asylum on delivery and settled for monthly by weight. The asylum to receive it in equal numbers of fore and hind quarters. The right of reject or to alter all bids.  
J. C. BUCKNER, Steward.
