FRANCHISE QUESTION
HELD IN ABSENCE

Chicago, Ill., March 1.—Following
an expression of willingness by the
Chicago Telephone company to
reach a settlement of its franchises
with the city, Comptroller McGann
yesterday consented to go on a
investigation of the company's
affairs.

John Barton Payne, counsel for the
company, said that if the council
would take no action against the
company, the latter would be
prepared to proceed with the
negotiations.

If the city should not stand for a
franchise investigation, the
company would probably be
forced to go into court.

After hearing Attorney Payne's
statement, the council went into
session, when representations were
made by members of the council
that the company was offering
unfair terms to the city.

If the city should not stand for a
franchise investigation, the
company would probably be
forced to go into court.

the Board License if the bill goes
Through for Legislature.

One of the progressive and trading
leaders of the city, who is
wishing the city council to go
25% on the license tax, said that
he had been talking to several
people and also had inquiries as
to what would be done if the
tax should be kept at its
present 20 cents a week, said that
the council should be dared to do
something about the situation.

It was understood that
25% is all that can be
obtained from the
public.

The council, in its
meeting today, said that
it had received a
revised license tax
schedule which
would mean a
discount of 25%.

In Cairo.

A new theory in the Mangrum murder case has been advanced in Cairo. It is said that Mrs. Mangrum may have been murdered, much comment and attention, has been directed towards the case, but no definite information yet has been received from the authorities.

The Mangrum case has been the subject of much discussion and conjecture in Cairo. The theory is that Mrs. Mangrum may have been murdered by some unknown person, possibly in order to gain possession of her property.

In addition, there have been reports of other cases of murder in Cairo, including the murder of a woman who was found dead in her home. It is unclear if these cases are related to the Mangrum case.

The investigation continues, and the police are working to gather more information to determine the cause of Mrs. Mangrum's death.
