HOOVER AND CURTIS WIN BALLOT BOUT

Solid South Broken in Ballot Casting of Nation On Tuesday

CARRIES NEW YORK STATE

Tennessee Goes to Hoover While Mississippi and Arkansas Remain Democratic

Herbert Hoover has been elected president of the United States by an overwhelming majority.

Reaching down into the solid south to get Florida and Virginia, and across the border into Kentucky, Tennessee, Missouri and Oklahoma and then, on up into the stronghold of his picturesque opponent—New York State—for majorities, Mr. Hoover had nearly 400 electoral votes. Only 256 votes are necessary to nominate. His total vote may run still higher.

Governor Smith wired his hearty congratulations to Mr. Hoover in California and went to bed in the Biltmore Hotel, New York City.

For the first time in history, Texas gave every promise of joining the

lead and clung to it, steadily increasing the gap that separated him from Governor Smith as the count progressed.

Mid-West for Hoover
A Republican victory was looked in the forms as the mid-west went to press.

"I am happy," was the brief comment of Herbert Hoover when asked what he thought of the outcome of the election.

Smith Smiles at Defeat
Al Smith took his bad news with a smile.

"There isn't any doubt about it now. Hoover is elected."

Curiously enough the governor's face grew not paler, but a dark crimson when the tidings enveloped him.

Herbert Hoover carried the home state of Gov. Alfred E. Smith, and with it the rich prize of 45 votes in the electoral college.

ELECTION NOTES

Mississippi Remains Democratic

Magnolia state voters withstood with an overwhelming majority the first serious effort the Republican party has made in 50 years to wrest Mississippi from control of the Democratic party.

Returns showed that 529 out of 1,590 precincts gave the Democratic electors 11,112 and the Socialist ticket 14. Tabulation at Jackson showed 475 precincts reporting Democrats 54,637, Republicans 10,500.

The campaign ending Tuesday was the first presidential campaign in the recollection of many Mississippians where over 110,000 votes had been polled. Indications were that approximately 250,000 of the 300,000 registered voters in the state visited the polls yesterday.

Arkansas Backs Smith and Robinson

Arkansas did what she could to give her native son, Senator Joseph T. Robinson, to the second highest office in the land. The state went about 2 to 1 for the Democratic nominee.

The majority was not as large as expected. It failed to reach the proportions of former years as was shown by incomplete returns from widely scattered sections of the state.

The four proposed constitutional amendments and the proposed initiative act to prohibit teaching of the theory of evolution in tax supported schools of the state were given large majorities favoring their adoption on the basis of the returns at a late hour Tuesday.

Parnell Is Winner

Governor Smith and Senator Robinson were leading 37,279 to 17,444 over the Republican ticket on returns from 569 of the 2,018 precincts in the state.

Governor Parnell had a lead of 15,905 to 3,377 over his Republican opponent, M. D. Rogers, in reports from 475 precincts, and J. F. Womack, state superintendent of public instruction, had a lead of 16,168 to 2,266 for C. E. Key, Republican, from 275 precincts. Those were the only contests in state offices.

Tennessee Elects Horton Governor

The state Democratic ticket, headed by Gov. Henry H. Horton, was swept in despite the Hoover victory.

Governor Horton led the ticket throughout the state and, believe it or not, he polled more votes in the good county of Shelby than Senator McKellar did. More than one Republican county over in the mountains went for the governor, and in the Democratic strongholds he polled from 100 to 300 votes more than the presidential candidate.

Senator McKellar had an easy victory over Mayor James A. Fowler of Knoxville, and Porter Duniap, the Democratic nominee for utilities commissioner, had a walkover in his race with N. L. Scooby, the Republican candidate.

Smith Carries Shelby

Gov. Alfred E. Smith carried Shelby County by 6,063 votes in Tuesday's balloting, receiving 18,180 votes to 12,117 for Hoover.

The total of 30,297 votes cast was a record for Shelby County, political observers said, and indicated the feeling injected into the campaign. The total vote in Shelby in 1924 was 23,068 votes.

Send The Advertiser to a friend one year—only \$1.00.

Now That That's Over With

Texas Joins G. O. P. Ranks

REPUBLICANS SMASH SOLID SOUTH, TAKE SMITH'S OWN STATE

With east and west and even a part of the "solid" south rolling in majorities for Herbert Hoover, his election to the presidency was conceded Wednesday by Chairman Raskob of the Democratic national committee. At the same time Gov. Alfred E. Smith made public a congratulatory message to his Republican opponent.

"I congratulate you heartily on your victory," Governor Smith said, "and extend to you my sincere good wishes for your health and happiness, and for the success of your administration."

The Democratic concession of victory was announced shortly before 1 a. m. At that hour the returns showed Hoover leading in every eastern, western and border states, except Massachusetts, and in Virginia, Florida and Texas. Smith had only 88 electoral votes out of a total of 531.

Although throughout the night Smith had faced the loss of Virginia and Florida, the Democratic crisis gained first importance when Hoover swept out of the upper New York counties with so great a lead that it overrode Smith's New York City advantage.

Tennessee and Maryland, after giving encouragement to the Smith forces early in the night, turned to Hoover. Others of the border, West Virginia, Kentucky and Oklahoma, rolled up substantial Republican majorities. Missouri alone still showed signs of a close race, Hoover's lead being subject to the great vote of St. Louis.

A similar situation developed in Massachusetts where Smith began to cut into his opponent's advantage as the Boston vote was tabulated. Rhode Island, where Democrats were optimistic, likewise gave Hoover a slight margin. Elsewhere in New England the Republican majorities held.

The Empire State, with its great block of 45 electoral votes, gave Herbert Hoover a majority of 42,456 votes over Governor Alfred E. Smith on the basis of returns tabulated from all but 922 election districts Wednesday night. Most of the missing districts are normally strongly Republican.

Capt. Jere Cooper Elected

Captain Jere Cooper was elected Congress from the Ninth District by an overwhelming majority in Tuesday's election. He lives at Dyersburg. He succeeds Flais J. Garrett, of Dresden, minority leader of the House.

Return Gordon Browning

Representative Gordon Browning of Huntington, Tenn., will return to the U. S. House of Representatives in March. He was re-elected in Tuesday's voting in the Eighth District.

FALLS DEAD ON WAY TO VOTE FOR AL SMITH

Sterling Holmes, 90, fell dead Tuesday at his home in Harrisburg, Ark., as he was preparing to go uptown to cast his vote for Smith and Robinson.

He was one of the oldest inhabitants of Poinsett County.

ALL DEMOCRATS IN JOHN SHARP'S HOME

Benton, the home of John Sharp Williams, going solid for Smith, gives Democratic ticket 163 votes.

President and Mrs. Coolidge voted Tuesday afternoon in Memorial Hall, Northampton, Mass.

Col. Chas. A. Lindbergh returned from Mexico to St. Louis, to vote.

Fifty injured, 10 seriously, in pre-election parade Monday night at Worcester, Mass.

President Coolidge started moving from White House Tuesday.

Democrats spent \$150,000 to put Governor Smith's 16 speeches on the air. Each Party Spent \$600,000 on Radio.

---Early Returns---

First and Second Only Districts Electing Democratic Congressmen

Louisville, Ky., Nov. 6.—Herbert Hoover swept Kentucky over Alfred E. Smith in Tuesday's elections by a majority of approximately 160,000 votes and carried with him nine out of the eleven members of congress from this state. Reports from 3,716 out of the State's 4,096 precincts were definite enough to make this certain, barring unexpected changes in the official count.

Only in the First and Second Congressional districts, Democratic strongholds since Civil war days, were Democratic congressmen elected, and Smith

carried only one Congressional District, the First. The Hoover vote was 514,153 for the state and Smith's was 354,537 in reports from the 3,716 precincts.

Congress Seats Changed

Kentucky, which had eight Democratic and three Republican representatives in Congress, will have nine Republicans and only two Democrats if final tabulation bears out the unofficial figures, which indicated that districts that have been Democratic since Civil war days had gone Republican with Hoover.

The Kentucky delegation, on the face of returns, lined up as follows: First district, W. V. Gregory; Second, D. H. Kincheloe, both Democrats, and the following Republicans: Third, C. W. Roark; Fourth, J. D. Craddock; Fifth, M. H. Thatcher; Sixth, J. L. Newhall; Seventh, Robert Blackburn, Eighth, L. L. Walker; Ninth, E. R. Kendall; Tenth, Mrs. John W. Langley; Eleventh, John M. Robinson. Thatcher, Robinson and Mrs. Langley were re-elected, while the other Republicans won over their Democratic opponents for the first time. Gregory and Kincheloe were the Democrats re-elected.

SMITH CONGRATULATES HOOVER ON VICTORY

New York, Nov. 7.—Wednesday—Governor Alfred E. Smith at 12:45 a. m. sent the following telegram to Herbert Hoover:

"I CONGRATULATE YOU HEARTILY ON YOUR VICTORY AND EXTEND TO YOU MY SINCERE GOOD WISHES FOR YOUR HEALTH AND HAPPINESS AND FOR THE SUCCESS OF YOUR ADMINISTRATION."
(Signed)
"ALFRED E. SMITH."

COOLIDGE SPEAKS FREELY

Washington, Nov. 6.—After listening to the election returns over the White House radio, President Coolidge retired little before midnight without making any statement on the election.

TENNESSEE CONCEDED

Nashville, Tenn., Nov. 6.—The Nashville Tennesseean (Democratic) at 11:20 o'clock Tuesday night conceded Tennessee to Herbert Hoover by a majority of approximately 10,000.

Hoover has 444 Electoral votes and Smith 87.

City and County

Unofficial Returns Give Smith Majority of 1749

McMullen Runs Far Behind in Judge's Race

The city of Fulton and the county of Fulton, remained true to the traditions of the Democratic party and turned out a good Democratic majority. According to unofficial figures Smith had a majority of 1749 in the county, while Congressman Gregory had a majority of nearly 2,000 in 22 out of 23 precincts. The Riceville precincts is not included in this total, and it will probably send Gregory out with more than 2,000 majority. In the county judges race Judge McMullen ran far behind W. H. Hampton. In 16 precincts, with several strong Hampton boxes out, the latter had a lead of 1159, and this will probably be swelled to more than 2,000 when the other boxes are reported.

The city of Fulton voted as follows:

Fulton No. 1—Hoover 47, Smith, 203, Gregory 214, Hughes 41.
Fulton No. 2—Smith 130, Hoover, 186; Gregory 137, Hughes, 182.
Fulton No. 3—A—Smith 261, Hoover 81; Gregory 278, Hughes 67.
Fulton No. 4—A—Smith 187, Hoover 124; Gregory 211, Hughes 105.
Fulton Totals—Smith 781, Hoover 438.

The other precincts in the county follow:

Riceville—Smith 149, Hoover, 46, Wolbertson—Smith 84, Hoover, 15; Gregory 86, Hughes 13.
Palestine—Smith 101, Hoover 11; Gregory 101, Hughes 11.
Crutchfield—Smith 165, Hoover, 31, Gregory 167, Hughes 24.
Cayce—Smith 278, Hoover, 36; Gregory 278, Hughes, 34.
Jordan—Smith 71, Hoover 14; Gregory 76, Hughes 15.
Fultonville—Smith 88, Hoover Gregory 78, Hughes 15.
Saratoga Ridge—Smith 133, Hoover 42; Gregory 133, Hughes 46.
Bonhurst—Smith 36, Hoover, 41, Gregory 35, Hughes, 43.
Walnut Grove—Smith 10, Hoover 6; Gregory 10, Hughes 6.
No. 8 Island—Smith 12, Hoover 4; Gregory 12, Hughes 4.
Madrid Bend—Smith 33, Hoover 0, Gregory 33, Hughes, 0.
State Line—Smith 107, Hoover 7, Gregory 148, Hughes 7.

The six precincts in Hickman voted as follows:

Smith 1053, Hoover 635; Gregory 1105, Hughes, 469.

GIBRALTAR LEAD FOR SMITH SLICED DOWN TO 6,078

Returns from the First District of Kentucky, complete with the exception of one precinct in Hickman county, show that the normal Democratic lead in "Gibraltar" was sliced to the bone. Governor Smith carried the 13 counties of the district by 6,078 votes, with one Hickman precinct still out.

Of the 13 counties, Smith carried only eight—Carlisle, Marshall, Ballard, Calloway, Hickman, Graves, Lyon and Fulton.

Hoover took five counties—Trigg, Livingston, Crittenden, Caldwell and McCracken. His majorities were large in McCracken, Crittenden, Trigg and Caldwell. He carried Livingston by 590 votes.

Following is the complete vote of the First District, except one precinct in Hickman county:

County	Hoover	Smith
Trigg	2,200	1,809
Livingston	1,777	1,187
Carlisle	783	1,986
Marshall	1,874	2,024
Ballard	958	2,811
Calloway	1,534	3,492
Crittenden	2,986	1,363
Hickman	689	2,093
Lyon	1,248	1,446
Graves	3,226	6,249
Caldwell	2,712	1,692
McCracken	7,311	5,481
Fulton	1,348	3,091
Total	28,646	34,724

SENATOR BLAINE URGES ELECTION OF GOV. SMITH

Republican Progressive Leader
Tells Why He Will Vote for
Democratic Candidate.

United States Senator John J. Blaine, former Governor of Wisconsin, tells in the following article the reasons which led him and other noted Republicans to bolt to the Democratic presidential candidate.

Senator Blaine's active support of Governor Smith not only assures the Governor of Wisconsin's electoral votes, but has materially strengthened his candidacy throughout the Middle West.

By JOHN J. BLAINE
(United States Senator from Wisconsin)

Three weeks ago I said, "Mr. Hoover is opposed to practically all of the policies of the great mass of Progressive Republicans and independent, forward thinking people of America. Since Mr. Hoover does not stand for the things for which I stand, I will not support him nor vote for him."

Mr. Hoover is the incarnation of modern reaction. The sponsors of his campaign depend upon bigotry, intolerance and puritanical hypocrisy to win.

Today America needs a courageous and independent leadership if our social and economic problems are to be solved in the interests of the masses.

Governor Smith, on his Western campaign has spoken plainly, fearlessly and courageously. He has challenged corruption in high places. He has defied privilege in any form and has thrown to the winds every consideration of political expediency.

As shown from the record of his administration as Governor of New York, he possesses a genius and leadership that gets things done.

He possesses a Lincoln genius and a Jefferson leadership. For these reasons alone I could heartily support him. For the following reasons I shall actively support him:

Gov. Smith's Farm Program
He recognizes the true cause of farm depression, namely, exportable surpluses. He proposes to control those surpluses and make an adequate tariff effective on farm products. That is a permanent and sound policy that will stabilize farm markets and prevent gouging of the public by the speculators, the middlemen and the cold storage interests.

He is opposed to imperialism in every form, whether in the Republics to the South of us or elsewhere. He is opposed to all foreign entanglements and alliances.

He has consistently fought to conserve the last natural resource possessed by the people, namely, water power. He stands for Government ownership of the great power sites and water power resources, and for Government operation and control.

Governor Smith possesses a courage that will ruthlessly drive corruption out of public affairs.

He stands four square for an election machinery that will give the people the right to control their Government through direct primaries.

He offers a constructive and constitutional program for a modification of the Volstead Act that will promote moderation and temperance.

He is on the square with the working man. He is in all essentials a liberal and a progressive.

Under Governor Smith as President, no organization, no appointed clique, would dictate the policies of Government. Governor Smith promises but one contract, and that contract with the people only.

BEELERTON HIGH SCHOOL

The Beelerton boys and girls played three games last Friday. The girls met Water Valley girls on the latter's court, winning very easily by a score of 12-4. The Second Team boys played Water Valley's first team boys and our boys won by a score of 11-5. The outstanding players were Cardwell and Hicks. The high point man was Kirby. Both these games were practice games. The first team boys met Pilot Oak's first team boys on latter's court and lost by a score of 12-6. This is the first game our boys have lost this season, and this is a fairly good record. We have three games scheduled for both boys and girls on our court for Friday afternoon. Everyone be sure and come.

The students who were chosen for the tryout in the debating were as follows:

Hazel Latta, Freshman; Frances Byrn, Sophomore; Paul Fite, Harry Bushart, Lowell Weatherspoon, Pauline Brown, Zelma Pillow and Pauline Davis, all members of the Senior Class.

Each Monday morning the student body learns a new song for our school song book. We have also added a new poem to this every week.

Mr. Kendall, who is in charge of the Junior High Department, is doing splendid work again this year. He possesses many qualities of a good teacher and by his charming personality he has won the friendship of the entire community. Mr. Kendall was for three years a member of the Varsity Baseball Team of Murray State Teachers College, and his athletic ability has made him popular among the athletes of this school.

The Primary and Intermediate rooms will present the Operetta "Peter Rabbit," Saturday night, November 3. Under the direction of Mrs. Crisp, and Miss Mobley, we will assure you that this will be a worth while program. This operetta carries out the old story of Peter Rabbit and Mr. McGregor. Peter, against the advice of his mother, goes to the garden of Mr. McGregor. He finds there many wonderful things, among which are peas, beans, carrots and lettuce which, besides being good to eat, can actually sing, dance and talk. Needless to say, Peter has a wonderful time, but the climax of the story is reached when McGregor happens to come in and finds Peter Rabbit in his garden.

You will find "Peter Rabbit" a very absorbing story until the very end. Every one be sure to come out, and see how well and how creditably these little people perform. All mothers who have children in this operetta will be admitted free of charge.

FARM NOTES By H. A. McPherson, County Agent

I am receiving lots of calls for lespedeza seed and it looks as if we are going to have a demand for all available seed. Now is the opportune time to save good lespedeza seed. Short hay as a rule produce the most seed and in some cases lespedeza that has been pastured will produce several bushels per acre. Look your farm over and see if you haven't some lespedeza that would do for seed. I remember a few years ago I persuaded a farmer to run a pan over his pasture, and to his surprise he saved more than \$100.00 worth of seed and later become one of the largest seed sellers in the county.

The following corn club boys won at the National Dairy Show: Thomas Stone won first place on Jarvis Golden Prolific Corn, \$10.00; Joe Thomas Johnson won second on Tennessee Red Cob, \$7.00 and Ardel Herrington won second place on Neil's Paymaster, \$7.00. The \$24.00 which speaks well for the boys.

In the adult corn class, Albert Jones of Cayce, won first on Tennessee Red Cob, \$10.00; John Jones won second on Tennessee Red Cob, \$7.00; W. C. Mokman won second on Reid's Yellow Dent, \$7.00, and second on Little Willis, \$7.00; Mr. Finch of Fulton won 3rd place on Big Willis, \$5.00.

The corn show was the best ever held at the Tri-State Fair and it looks as if it will be one of the best corn shows in the South in 1929.

HORTON BRANN VICTIM OF HEART FAILURE

Drops Dead at Passenger Station Early Friday Morning

Fulton was shocked Friday morning, October 26, when the news became generally circulated that Horton Brann, well known Fulton citizen, had died suddenly while waiting at the passenger station for an early morning train to Memphis. He was talking to Walter Hill when he suddenly fell forward to the floor and died instantly. Mr. Hill attempted to pick him up and discovered he was dead. Dr. Horace Luten was immediately called and on examination said, "Mr. Brann died of heart failure."

Mr. Aubrey Nugent, who was going to Memphis with Mr. Brann, was in Van Noy's lunch room when he learned of the untimely death and was shocked, as Mr. Brann, apparently, was enjoying the best of health when he left him in the passenger station a few minutes previous.

Funeral services were held Saturday afternoon at the home of his brother, Charley Brann, on State Line street, conducted by the Revs. G. T. Mayo, of Dresden, and H. B. Vaught, pastor of the First Methodist church. Interment followed at Fairview cemetery in charge of the Fulton Undertaking Co.

The passing of Horton Brann removes from this community, one of its best citizens, a man who had many warm friends and held in highest esteem by all who knew him.

He was born and reared in this community and at the time of his death was 60 years old. He is survived by one brother, Charley Brann, of Fulton; four sisters, Mrs. George Knox, of Orlando, Fla.; Mrs. S. A. McDade, Mrs. Lewis Burke and Mrs. J. W. Gibbs, of Fulton.

cafe for a lunch or full meal.

JOPLIN WOMAN IS HEARD IN STRONG PLEA FOR AL SMITH

One of the best political speeches ever heard in Clinton, says the Hickman County Gazette, was the one delivered by Mrs. Thornton Lee Brown, of Joplin, Mo., at the courthouse Friday afternoon. It was a most eloquent plea for Alfred E. Smith and the Democratic ticket. The speaker was introduced by L. L. Hindman.

Every angle of the campaign was touched upon by Mrs. Brown in her address. She took up the dry-wet issue and handled it without fear. She ripped into the Harding and Coolidge administration and flayed Herbert Hoover for remaining silent during the Teapot Dome scandal. And she referred with equal conviction and candor to other issues and phases of the campaign.

"I am a dry both personally and politically," Mrs. Brown told her audience at the outset. "No bootleg liquor has ever gone into my home, and I have never used any home brew. Nor have I consumed any of the hundred and thirty-one million gallons of prescription whiskey that has been dispensed under Republican prohibition enforcement. I have worked all day at the polls many times for prohibition."

"But I am not satisfied with the way prohibition has been enforced. Governor Smith is not satisfied with the way it has been enforced. I want to say, too, that I firmly believe when Governor Smith stands with one hand on the Bible and promises to do all he can to enforce prohibition, he means what he says. I do not believe that the prohibition act was nullified by Governor Smith in New York state, but I do know that it was nullified by the appointment of Andrew Mellon as secretary."

WILL AID IN BUY-AN-ACRE DRIVE FOR CAVE PARK

MRS. FLEM D. SAMPSON

MRS. JAMES BREATHITT, JR.

Mrs. FLEM D. Sampson, wife of the Governor of Kentucky, and Mrs. James Breathitt, Jr., wife of the Lieutenant Governor, have accepted posts as vice-chairmen in the Buy-an-Acre campaign of the Mammoth Cave National Park Association, due to commence November 19, according to announcement just made from the Louisville headquarters of the association.

Mrs. Sampson and Mrs. Breathitt, as the two vice-chairmen, will co-operate with Mrs. B. M. Starks, Louisville, general chairman for the drive, which has for its purpose the raising

of the additional funds needed to complete the project for a national park in the Mammoth Cave region.

The Buy-an-Acre campaign contemplates that each person who has not already subscribed, will be asked to buy one or more acres of land in the designated park area and donate the land to the Federal Government for park purposes. In this way it is expected that sufficient funds will be raised, with the \$500,000.00 subscribed in the spring campaign, to purchase at least 16,000 acres, the minimum number the Government will accept and develop.

Make Fulton County Boom

By J. T. Watkins

Well the election is over now and it does not matter whether or not your man or my man was elected, the thing for us to do is get busy and make Fulton county BOOM. This can be done if every body will put their shoulder to the wheel and the old wagon will go over the hill.

The best way to put this county to the front is for everyone to join the 4-H club and work hard for the coming year.

By 4-H club I mean Hens, Heifers, Hogs and Hustle. There is a combination that can't be beat. There is no good reason why every farm in this county should not have at least 100 standard bred poultry, one or two thorough bred Jersey cows and one or two pure-bred brood sows roaming over the pastures for, at least, ten months in each year.

Some will say, "I haven't the money to invest in any high class stock." You have gone to the bank and borrowed money on your tobacco and other farm products, and I have an idea the banks would rather loan money on this kind of proposition than on tobacco. Try it once and see.

Now we will figure on the hens. 100 good hens should average, at least 150 eggs per year, or 1250 dozens, which will bring over \$375.00. There is no reason why your farm should be littered up with unproductive hens. There are some farms that have dozens of hens that won't lay over 3 or 4 dozen eggs each year, but they eat just as much as a hen that lays 15 dozen eggs in the same length of time and the feed for one costs the same as for the other.

The same rule applies to your milk cows. If your cow doesn't give a good supply of rich butter-fat milk, I'd ditch her and get a good one.

It also applies to your brood sows. When your sow farrows and she brings 3 or 4 pigs she should be ashamed of herself, for a good breeder will bring 8 and 10 under the same conditions.

Now the last of the four: Ask yourself have I hustled as much in the past as I should have done if not do with yourself as you would do with a hired man under the same conditions; prod yourself up just a little and see if there won't be some improvement in your "turnout."

If every farmer in Fulton county would join or adopt these 4-H's we would soon get on the map and have the best roads in the state, the best looking farms in the country and instead of having to borrow money we would have "money to burn."

JUST LIKE HOME FOOD

Smith's Cafe is in reality a home-like restaurant because it has been trying to overcome the prevalent idea that restaurants can't serve food like you get at home.

Scores of patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they eat here so regularly.

Years spent in catering to the appetites of particular people make it possible for us to serve wholesome, tasty meals.

The next time you feel like eating away from home, bring your family here.

Where the Bell System's Profit Goes

THERE is in effect but one profit paid by the Bell Telephone System. This profit is not large, for it is the policy of the Bell System to furnish a constantly improving telephone service at the least cost to the public.

The treasury of the American Telephone and Telegraph Company receives dividends from the stock of the operating companies. It receives a payment from the operating companies for research, engineering and staff work. It receives dividends from the Western Electric Company—makers of supplies for the Bell System—and income from long distance operations.

Only one profit is taken from this money in the American Telephone and Telegraph Company's treasury. That is the regular dividend to its stockholders—now more than 420,000 in number—which it has never missed paying since its incorporation in 1885.

Money beyond regular dividend requirements and a surplus for financial stability is used to give more and better telephone service to the public. This is fundamental in the policy of the company.

The Bell System accepts its responsibility to provide a nation-wide telephone service as a public trust.

Least slack when winter's over

When winter's over Brilliant coal leaves no slack pile--no powdery dust such as you often see in a cellar where ordinary coal is stored for several months. Brilliant is a clean, hard coal, which does not break up in your bin or in haulage to your house. Brilliant coal leaves no clinkers and only 2% ash. Every pound has 15,000 heat units. Order now!

Teaching You Thrift

Practice makes perfect. Schoolmasters of today as well as yesterday constantly repeat that truth. Pupils learn by applying it.

Application of that principle to our everyday habits proves its practical help. We learn by practicing, whether it be a good habit or a bad habit.

This bank teaches you thrift by leading you to practice it. The lesson is easily learned once it is begun. To become perfect in it requires constant practice. A savings account is the most consistent method of practicing thrift.

Community Building

One's Own Roottree Makes for Ambition

Although home ownership has increased measurably during the last few years as the result of educational programs carried on by realtors and savings associations, the majority of American families still pay rent. Only about 55 per cent of American families are under their own roof-trees. This proportion could be largely increased in the opinion of a city real estate manager, if as much stress were placed on the spiritual values as on the mere financial value of home ownership.

"Assuming that the purchase is properly financed," he says, "the material advantage of home ownership over renting is indisputable. To my mind, however, the greater benefit is the enrichment of life itself that comes with planting one's own roots in the soil."

"A strange and wonderful experience comes to the man, who for the first time, owns his home. Hitherto he has been a nomad, living in other people's houses, subject to their regulations, whims and legal requirements. He may live in them a long time and never become a part of them nor they of him. But let him acquire the land and the house that stands on it—and forthwith he begins to grow in an amazing number of ways. He becomes established. He becomes identified with that piece of land and that house. It is his. He is part of it and it becomes part of him in many senses. It acquires the marks of his tastes. Its design, furnishings, upkeep and gardens all become symbols of himself."

"So many people hope to own their own homes eventually and set it as a goal in their lives, but delay too long. The time to begin owning a home is when you can get enough credit to go into debt for it. This provides a spur to ambition; a point on which he can focus his expenditures so that they bring him the greatest return in health and happiness."

Mass Coloring New Object of Builders

American commercial and domestic life is writing its history in buildings with its own individuality, says Harvey Wiley Corbett, nationally known architect and authority on construction.

Every form of architecture the world has known, Mr. Corbett points out, has resulted from two factors: The needs of the people, and the materials available. But it was the skill with which materials were used to meet the needs, which reflected the art and the ingenuity of the period.

With the development of this new type, Mr. Corbett says, the trend will be more and more away from petty decorative details, and toward the skillful distribution of masses, and the use of color. Instead of minute and purposeless ornamentation, obviously superimposed upon a building, color will be applied logically, over large spaces, as an integral feature of the terra cotta, or other facing materials.

The distribution of masses, Mr. Corbett declares, will meet the needs of the building's occupants, with as much beauty as is possible.

Urge Clean Homes

It is full as important to render the home safe from fire and the depredations of the elements as it is to make it colorful and cheerful for its occupants. The mission of the fall clean-up campaign is to achieve both of these highly desirable and essential ends.

Each year larger numbers of communities are recognizing the peculiar menace of the winter months and are holding a clean-up campaign in the fall as well as in the spring in order to safeguard themselves at both times of the year.

City Planning Pays

The present haphazard growth without planning for the future which most American cities experience now involves an annual loss of more than a billion dollars, John Nolen, landscape architect and city planner of Cambridge, Mass., declared before a convention of the International City Managers' association.

More than 200 American cities now have such plans, Mr. Nolen declared, while zoning ordinances have been adopted by 350 cities and planning commissions established by 557.

Game Clubs Are Planting

Towns and cities are doing their part in creating community forests on their idle lands and on the watersheds of their reservoirs. Wise farmers are setting slacker acres to work growing wood crops, says the American Tree association. Fish and game clubs are planting areas to serve as sanctuaries and to protect the streams. Land owners are beautifying and making more valuable nonworking acres.

Age of Outdoor Life

This is the age of sunshine and outdoor life. Houses are built with many windows, sun parlors, sleeping porches and daylight basements. Homes are brighter, cheerier and healthier. To make life an old house is to bring the sunshine in with more and larger windows.

*"When the frost
is on the Pumpkin..."*

Let those who visit Europe praise the delights of French cooking, but no French cook ever turned anything out of an oven that would tickle the palate of the home-staying American like genuine old-fashioned pumpkin pie - m-m-m-m!

And the most luscious food in America today is prepared on the electric range - meats, vegetables, pies and cakes. Why not put an electric range in your home in time to have Thanksgiving dinner cooked on it?

LAUGHTER CURES MANY ILLS, HAPPY CLARA BOW BELIEVES

Laughter is a cure for many ills, Clara Bow, famous film actress, believes. In "Red Hair," her latest starring Paramount picture, which will come to the Grand Theatre on Monday for two days, Miss Bow undertakes to make the world laugh.

"Life has taught me one thing and that is that a laugh is the most valuable thing in the world. By that I do not mean irresponsibility. I mean that anyone who can smile places the other fellow under a pleasing handicap," Miss Bow says.

"I have known a great deal of sadness but that is gone forever simply because I have learned to overcome it when necessary."

WILLINGHAM BRIDGE NEWS

Mr. and Mrs. Burnie Stallins and children spent Saturday night and Sunday with Mr. and Mrs. Allen Noles and family, of Fulton.

On account of unfavorable weather the party and pie supper at Lodgeston were postponed until Saturday night. As the weather was still bad, there wasn't very many present. The Wise Owl and Fortune Teller were there, so every one seemed to enjoy it very much.

Mr. and Mrs. Willie Jeffress, Roper and Louise spent Sunday with Mr. and Mrs. S. F. Jeffress and family.

Miss Blanche Noles, Mr. Charles Arnn and Mrs. Philip Clements were Sunday evening guests of Miss Louise Jeffress.

Mr. and Mrs. Leighman Elliott attended Sunday school at Harmony, Sunday morning.

Several from this neighborhood attended the Hallowe'en party at Cayce, Friday night.

BEELERTON HIGH SCHOOL NOTES

Last Friday afternoon Pilot Oak boys came over for another basketball game with Beelerton boys. This game was another victory for Pilot Oak, although it was a very close game, for at the last minutes the score was a tie, and an extra four minutes was played and Pilot Oak made three more points. The snappy game ended with a score of 19-16.

Friday evening the High School students enjoyed a party which was given at the auditorium. After all kinds of amusements, we went out on the campus, built a camp fire, and roasted wieners. A good time was had by all.

Mrs. Crisp, Primary Instructor, is doing her second year's work with us. She has her Life Certificate from Murray State Teachers College, making our complete faculty from that school. Mrs. Crisp also taught in the Wickliffe school one year doing the same work she is doing now. She is doing more than excellent work preparing the little folks for a thorough foundation. Mrs. Crisp is liked by all the student body and also the community.

The operetta "Peter Rabbit" which was given Saturday night by the Primary and Intermediate rooms was a success in every way except financially. Owing to the bad weather and roads we did not have as large an audience as we should like to have had. This did not put a damper in any way on the way the little people performed, however.

The operetta had two stage settings. One was a woodland, with the trees and their many colored leaves on them. The other setting was McGregor's garden, and it was the children themselves that made the stage beautiful this time. The children's costumes showed that the mothers had put in some hard work, because they were very, very pretty. The stage settings and the costumes played no little part in the success of the Operetta. Another factor that contributed to the success of the Operetta, was that all parts were known perfectly. This is the first program either this year or last, where there was no prompting.

We are sorry that so many people missed the operetta Saturday night and hope that we will have a larger crowd for our next program as we are trying to make each program better than the last one.

We strive to
do the impossible—

Can You Make Good Cake?

Cakes fine of grain —
Light as a feather —
Delicious in any weather!

Do you sometimes need an alibi for your cakes? Or are you always able to slice them proudly in the assurance that they are soft, close and light in texture, delicately rich in flavor and meltingly good to the last crumb? Such cakes make the world go around a little more gladly, for the love of cake apparently is inborn in us.

Helpful Hints

Here are some general hints on good cake making. Use good materials, fine granulated sugar, cake flour, and a tested recipe. Measure accurately. Cream the butter thoroughly, add sugar gradually, and work it in until the mixture is thoroughly creamy. Add the well beaten eggs, or the well beaten yolks if the recipe separates the yolks and whites. Mix and sift dry ingredients, add alternately with the liquid, and beat well. Add flavoring and beat. Fold in the egg whites, if they are separated from the yolks. Distribute the batter evenly over buttered tins, making a little indentation in the middle with the back of a spoon, so that cake will rise evenly. Bake evenly in a moderate oven until cake is baked and brown, and shrinks from side of pan. Turn out to cool on a rack where air can reach all parts. Then ice.

Favorite Cake Recipes

Following are some unusually good cake recipes.

Caramel Nut Loaf Cake: Cream one-fourth cup butter and one cup sugar, and add four egg yolks, beaten until thick and lemon colored. Dilute one-fourth cup evaporated milk with one-fourth cup water. Mix cake flour, two and one-half teaspoons baking powder, and one-half teaspoon salt, and add to first mixture alternately with the milk. Add two tablespoons caramel flavoring, and one cup chopped nut meats, mixed with two tablespoons flour. Pour into a well greased loaf pan and bake in a moderate oven, 350 degrees for 45 to 60 minutes. Serve plain or with caramel icing.

Caramel Icing: Mix together two cups confectioner's sugar, two tablespoons evaporated milk, and two teaspoons caramel flavoring, and two cups melted butter. Stir until creamy. If too thick to spread well, add more evaporated milk, drop by drop.

Coconut Layer Cake: Cream together three-eighths cup butter and one cup sugar. Sift together two cups cake flour, three tablespoons baking powder and one-half teaspoon salt, and add this to the first mixture, alternately with six tablespoons evaporated milk diluted with an equal quantity of water. Add and fold in the stiffly beaten whites of four eggs. Bake in layers in a moderate oven, 375 degrees for 20 to 25 minutes. Ice when cool with coconut icing.

Coconut Icing: Combine two and one-half cups confectioner's sugar, two tablespoons evaporated milk,

two tablespoons lemon juice and

one-fourth teaspoon almond flavor-

ing and stir until creamy and

smooth. Add one can moist coco-

nut, reserving about two table-

spoons. Spread the icing between

layers, on top and over the sides

of cake, and sprinkle the remainder

of the coconut on top.

Pineapple Sponge Cake: Beat four

egg yolks, add one cup sugar, cream

well, and then add one-fourth cup

syrup from canned pineapple. Add

one cup cake flour, sifted with one

and one-half teaspoons baking pow-

der and one-fourth teaspoon salt.

Fold in the stiffly beaten whites of

the eggs. Pour into a greased tube

pan and bake in a slow oven, 325

degrees for about one hour. When

cold and ready to serve, fill center

cavity and cover top with pineapple

filling.

Pineapple Filling: Beat one and

one-half cups heavy cream, add one

cup drained crushed Hawaiian pine-

apple and one-fourth cup confection-

er's sugar. Pile on cake and serve

at once.

Peach Topsy-Turvy Cake: Beat

two egg yolks, add one cup sugar,

and cream well. Sift one cup flour

with one teaspoon baking powder

and one-fourth teaspoon salt, and

add alternately with one-half cup

peach syrup. Fold in the well beaten

whites of the eggs.

Arrange one can sliced peaches,

drained, and one-fourth cup chopped

dates in the bottom of a buttered

cake pan. Pour batter over and bake

for thirty minutes. Turn upside

down, and serve with whipped

cream. Serve either hot or cold.

L. A. DOWNS OFFERS ART PRIZE

When invited recently to lend his support to the Indiana art exhibition known as the Hoosier Salon which will be held in the Marshall Field & Company galleries in Chicago, January 29 to February 13 next, President L. A. Downs of the Illinois Central System saw an opportunity to attain two objectives through one action.

In common with other men who have spent their working lives at railroading, Mr. Downs has often felt that there is color and romance to his calling that is available to artistic interpretation. Thousands of scenes and incidents connected with the great transportation industry would furnish themes for paintings worthy of the skill of the best artists.

Also, Mr. Downs is a Hoosier himself. Having been born and reared in Indiana and schooled at Purdue University, he takes pleasure in seeing Indiana artists win support through the salon which has become their great annual exhibition in Chicago.

For these reasons President Downs responded to the appeal of the Hoosier Salon Patrons Association with an offer of a cash prize of \$100 for the best painting by a Hoosier artist of an industrial scene (preferably but not necessarily a railway picture) taken from any place in the territory served by the Illinois Central System. Pictures competing for the Downs prize must be painted in oil and entered in the forthcoming Hoosier Salon, and they must be not more than 60 by 84 inches over the frame, although they may be of smaller dimensions. To participate in the Hoosier Salon exhibition artists must observe the usual rules of admission. Any native-born Indiana artist, anyone who has received art training in Indiana, anyone who has established a periodic residence in Indiana, or anyone who has affiliated with a group of Indiana artists for five years is eligible. There is an entry fee of \$5, and this fee entitles the artist to enter not only the picture competing for the Downs prize, but also two other pictures in any medium or type of work he desires.

The jury of award and admittance will consist of Oscar E. Berninghaus, of Taos, New Mexico; Oscar Gross, of Chicago; John Spelman, of Oak Park, Ill.; Albin Polasek, Miss Irma Renee Coen, E. Martin Hennings, all of Chicago; together with L. A. Downs, Mrs. J. M. Kleppinger and Harry Kurrie as lay members. It is expected that at least \$5,000 will be given in prizes in the various classifications. Any artist desiring to compete or exhibit in the Hoosier Salon should communicate at once with Mrs. C. B. King, executive chairman of the Hoosier Art Patrons Association, Room 728, 211 West Wacker Drive, Chicago.

FULTON HARDWARE CO.
Agents
Lake Street, Fulton, Ky.

ROUTE 4, FULTON, KY. (New Hope Community)

Mr. and Mrs. Morris Scott, of Rockford, Ill., are visiting her parents, Mr. and Mrs. W. B. Finch for a few days, en route to Houston, Texas, where they plan to make their future residence.

Mr. and Mrs. W. H. Latta, Mr. and Mrs. P. R. Latta, Mr. and Mrs. John Howell, Mr. and Mrs. W. B. Finch, Mesdames Leslie Everett, A. E. Gwynn, T. J. Kimbro, O. T. Kimbro, John Veatch, H. H. Hodges and Miss Elsie Gwynn attended the annual meeting of the county Homemaker's Association at Arlington, Thursday.

Mr. and Mrs. Pal Moore visited her parents, Mr. and Mrs. J. T. Massey, near Springhill, Sunday.

Mrs. Annie Phillips, of Wingo, spent the week end with Mr. J. B. Phillips and family.

Miss Elsie Gwynn was the guest of Mr. and Mrs. W. H. Latta Thursday night and Friday.

Mrs. Sam Howell continues very ill.

The Homemaker's Club met Tuesday afternoon at the home of Mrs. T. M. Watkins, with 18 members and three visitors present. A very interesting sewing lesson and minor project on lines was given by Miss Louise McGill, home agent. This was very instructive and helpful to all present.

Mrs. R. R. Latta and Mrs. T. J. Kimbro were chosen as the leaders for the food project to be carried on during the next few months.

The next meeting will be held at the home of Mrs. Carl Drysdale, Friday, November 23, at 10 a. m. to 3 p. m.

McFADDEN NEWS

Mr. and Mrs. Jim Bard and daughter, Lillian, spent Sunday with Mr. and Mrs. Herbert Howell.

Mr. and Mrs. John Boulton spent Saturday night and Sunday with the latter's parents, Mr. and Mrs. Garry Pickering.

Mr. and Mrs. Jim Walker and little daughter, Frances, spent Sunday with Mrs. Annie Oliver.

Mr. and Mrs. Ervin Williams and family of Water Valley and Miss Mary Bowers spent Sunday with Mrs. S. A. Bard, and Miss Hattie Hampton.

Mrs. Cleveland Bard was a Sunday guest of Mrs. Clarence Bard.

Miss Swan Herring spent Friday night with Miss Annie B. Ferguson.

Mr. J. R. McGhee visited in Cayce Saturday night and Sunday.

Mr. and Mrs. John Daws and Mr. and Mrs. Shelby Wagner spent Sunday with Mr. Eph Daws.

Mrs. Lula Bard, Mrs. Ervin Bard and Mrs. C. L. Herring spent Saturday in Mayfield.

Mrs. Herbert Howell spent Wednesday with her mother, Mrs. Jim Powell.

Mr. and Mrs. Jim Daws spent the week end with relatives in Benton.

Mr. and Mrs. Eugene Bonduant was a Saturday guest of Miss Lillian Bard.

Mr. and Mrs. Otto Bradley visited in the Liberty neighborhood, Sunday.

Rev. A. N. Walker and Mesdames Lula Bard, Ervin Bard and Roy Bard spent Monday afternoon with Mr. and Mrs. Jim Bard.

DUKEDOM TENN.

The ladies' school and community clubs' Hallowe'en party given in Dukedom was a good success and a large crowd attended.

Quite a few people are interested in this half of the state line road being dragged. Mr. Winston furnishes the tractor and different people do the driving and the gas is donated by the citizens of Dukedom. We are in hopes of this road being surfaced by another year, and we are not going to let this spirit die.

Mr. Jno. T. Smoot's little daughter, Jean, was carried to Mayfield hospital and her tonsils removed last week. She is getting along nicely.

Mrs. Minnie Rhodes of near Pilot Oak, died Sunday, November 4, after a long illness. Interment took place at the Mt. Pleasant cemetery on Monday.

Mrs. Neva Jackson spent last week in Centralia. She was accompanied by her mother, Mrs. Jackson took samples of pictures of Mrs. Kate Jackson's burial dresses and called on a few funeral directors, selling quite a number of her dresses.

Mrs. Robbie Hudson and Mrs. Jessie Cashon spent the week end in Troy with Mrs. Cashon's sister, Mrs. R. C. Murray.

ROUTE 5, CHESTNUT GLADE

The Hallowe'en party at Ridgway school house was quite a success. The large room was decorated with trees, vines, cornstalks, paper lanterns, pumpkins, etc., with a carpet of leaves on the floor. Witches' brew and ginger cakes were served by the "Welfare Workers" ladies. Fantastic costumes, masks, music, contests, readings, songs and fortune telling provided plenty of amusement. The airplane ride was enjoyed by the ladies. Everyone seemed to enjoy the evening.

Mr. Cecil Hall and family, who left for Detroit, recently, arrived all right and are house-keeping in Detroit now.

Singing at Chestnut Glade was attended by quite a crowd Sunday. Quite a number from Dukedom and other nearby places, but not so many from a distance. We hope to have an evergreen singing, one that continues throughout the winter, and in good working condition in the spring. Singing was announced for next Sunday afternoon at Dukedom and the third Sunday afternoon at Pilot Oak.

Mr. Bull, assistant supervisor of agriculture in West Tennessee, will be at Chestnut Glade Saturday evening, November 10, to discuss with the farmers and their families, methods of making more money in farming. This is a subject of great interest to each of us who live on the farm. So let us all go prepared to learn all we can.

Mr. and Mrs. Jim Smith, of Battle Creek, Mich., are the proud parents of a little daughter, Lucy Jane, named for the grandmothers. Mrs. Smith was formerly Miss Grace Finch, well known here.

Mr. S. L. Moore has been quite ill.

Bro. Moore filled his appointment at New Hope Sunday.

COLDS

For colds, grippe, flu and to prevent pneumonia, take Mendenhall's Chill and Fever Tonic, a pleasant substitute for quinine, combined with a laxative cough syrup. Mrs. Lulu K. Roach, Drifton, Fla., writes: "My husband had a severe attack of flu, coughed terribly, was treated by our family physician and tried different cures but got no better. I then tried Mendenhall's Chill Tonic, using two bottles. He completely recovered in about ten days. Our family physician now uses your chill tonic."

FEVER FLU

Lang Bros., Druggists, Paducah, write: "We had a customer who was all run down, pale and emaciated, had a very bad cough. Some physicians pronounced his case consumption. One of our doctors prescribed Mendenhall's Chill and Fever Tonic for him and after taking several bottles he was fully restored to health. He had a cough and chronic malaria." Remember we make chill tonic, black label, free from arsenic, which should be taken in place of quinine for malaria, chills and fever, grippe or "flu" also chill tonic, red label, containing 20 minims of Fowler's Solution of Arsenic to each fluid ounce. Arsenic is indicated in chronic malaria, anaemia, inactive liver and spleen, functional nervous disorders and impoverished blood.

COUGHS FREE

To prove to you that Mendenhall's Chill Tonic is better than any other, we will send a 75c bottle free to heads of families who will sign the coupon below and mail it to the J. C. Mendenhall Medicine Co., Evansville, Indiana. This is to certify that I have never used Mendenhall's Chill Tonic, but will accept the free bottle and use it when occasion demands. Write plainly.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.

Adrift With Humor

THE NOBLE ART

A near-champ in the heavyweight class was proceeding along the street when he came to two small boys engaged in a wrangle.

"I'll pop ya in de neerer!" declared Willie.

"I'll hang one on ya chin!" threatened Junior.

"Dear, oh dear," sighed the professional pug. "Wat's de younger generation comin' to, anyway?"—Ameri can Legion Monthly.

There's a Difference

"Now listen, son," said dad to his boy when leaving for college.

"Shoot, old dear," said son.

"When you get back to college this year," went on his dad, "I want you to wire less and not wireless so often for money."

Go Easy, Judge

Judge—Have you any excuse to offer before I fine you for speeding?

Victim—Yes, your honor. It's like this. I heard that there was a coast out of a job, I had to hurry to get her before some one else beat me to it.

LOOK AFTER THEMSELVES

She—Woman will look after them selves.

He—What's the matter—aren't the men looking after them enough to satisfy them?

Precautions

If I should make a polar trip.

Where the conditions are so hard.

Before I want on board the ship.

I'd say, "show me the menu card."

What's the Password?

Friend Wife—It seems to me that the library club is meeting quite often at Holmes, isn't it?

Friend Hubby—Yes, I admit it, but we don't disturb anybody. The meetings are held in the basement.

Shampooed

Policeman (to woman driver)—Hey you, what's the matter with you, any way?

Lady (in traffic jam)—Well, officer you see, I just had my car washed and I can't do a thing with it!

Something Just as Good

"My hair is falling out," complained Mr. Egg to the druggist. "Can't you recommend something to keep it in?"

"Certainly," replied the druggist, "I advise you to get an empty box."

GOOD IDEA

First Bird—Why does he go to sleep all tied up in a knot?

Second Bird—Probably to remind himself of something when he wakes up!

Under the Spreading, Etc.

Beside the filling station now.

The village smithy stands.

And many dollars fall into.

His large and sinewy hands.

Funny

"Your hair looks funny, Eloise."

"Had it up in curl papers."

"Well?"

"Must have used a comic supplement."

Started the Usual Way

"How did that story happen to spread so fast?"

"Oh, I guess somebody told it to somebody else in confidence."

Catching the Crawlers

French Fisherman—Any luck today?

Second Dito—Nope. All I caught in my nets was two channel swimmers.—Albion (Mass.) Record.

POULTRY

FATTEN BROILERS
FOR MARKETING

For the most part, farmers and poultry raisers who keep Leghorn chickens pay most attention to the production of eggs. They think of eggs as the chief end of poultry keeping. My experience has been that by paying a little more attention to the fattening and marketing of Leghorns, the income from this source can be considerably increased, says a writer in the Successful Farming. Especially is this true when marketing broilers.

Leghorn broilers fatten easily when confined and force fed for about two weeks. They will consume about two pounds of feed during this time and should show a gain in weight of one-half to three-fourths of a pound.

There are two methods which I have employed in fattening broilers. These are pen and crate fattening. The simplest and most logical method for farm conditions I have found is pen fattening.

Following this method, the birds are confined in small pens when about one and one-half pounds in weight and are fed the following mash: 25 pounds cornmeal, 15 pounds middlings, 8 pounds meat scraps, and one-half pound salt. This is fed as a wet mash by adding sour milk, buttermilk, or skim milk. The birds are fed this mash three times a day and are permitted to eat for half an hour at a time when the uneaten portion is removed. It is important that the intervals between the feedings should be as nearly equal as possible.

The object of feeding this wet mash is to get the birds to eat large amounts of food so they will make maximum gains in the shortest time.

Corn meal and milk in any form should be the foundation of any good fattening mash. It should also be remembered that when milk is used in fattening fowls, not a too large amount of meat scraps should be used.

One reason for the wide spread in prices paid for Leghorn broilers and those of the heavier breeds is because the Leghorn, being more active, will not take on flesh as readily as the heavier breeds when on free range.

Roosters Can Be Sold

Now, Says J. H. McAdams

Now that the incubation period is over there is no further need for roosters in the flock and all but one or two of the best male birds can be sold, advises J. H. McAdams, extension poultryman at the Kansas State Agricultural college. Every flock owner knows, according to McAdams, that the male bird is unnecessary so far as the production of market eggs is concerned. Male birds now represent just so many extra mouths to feed, he says.

The hitch to selling male birds comes largely from the price consideration, according to McAdams, who says that when these birds were purchased last fall or early winter they were valued from \$2 up to possibly \$10 each. Today with old roosters commanding 16 cents a pound an exceptionally high price prevails, but as soon as the old roosters start moving to market the price will drop probably to about 10 cents a pound.

"Even though old roosters were such a drug on the market that he could not sell them at all, no farmer could afford to keep them in his flock," McAdams warns. "To live, a rooster must eat and the feed bill on each individual one will be at least 10 cents a month, making a total cost of at least 90 cents to hold the old birds over until February."

Poultry Hints

The results of chickens eating carrion or spoiled feed are limberneck or indigestion.

Egg eating is a vicious habit and the best method to combat it is the slaughter of the offending birds.

Convenience for both hens and caretaker should be considered—convenience means cleanliness and cleanliness means health.

A laying hen is about the only example of a going concern that can sit still and yet produce dividends.

The first quality that makes for success and profit in the poultry flock is vigor, vitality or constitution. Choose your own name for this quality.

A chicken that is liberally fed does not, as a rule, exercise enough to run off flesh but only enough to keep in good general health and to have a good appetite.

Eggs will remain fertile up to ten days after the male has been removed from the breeding pen.

Given a chance, poultry will return good profits on the investment. Cleanliness is one of the best guarantees of success.

Poultry diseases spread principally in four ways: By the birds eating dead diseased birds, by contaminated air, through drinking water, and through the droppings of diseased birds.

The Ghosts of Romance

By RUBY DOUGLAS

(Copyright)

"AND now we are having the shadow of our own sin cast upon us," murmured Nora solemnly. Helene laid down the palette knife with which she was busily cleaning a canvas on her easel. "What's happened now, pray tell?"

Gloria, pounding out some copy on a typewriter over in a corner of the big sun-parlor studio, stopped working to listen.

Nora, the only indolent one of the trio, huddled herself among the gay chintz cushions of the swinging hammock. "I saw them," she whispered, awesomely.

"Saw whom, for goodness sake?" asked Gloria, impatient to be back at her story.

"The three headless soldiers!" "Ridiculous, Nora," scoffed Helene. "What did you eat for supper last night?"

"Tommy-rot," added Gloria.

"All right—believe me or not," Nora went on, earnestly. "Last night as I lay upstairs in my bed and watched I distinctly saw three headless soldiers on three white horses walking up the elm drive toward the house. I was so petrified that I just buried my head in the covers and—after a while, fell asleep."

"You're a goose. The story those people told us has just gotten on your nerves, Nora. The house isn't haunted. We've been here all summer and nothing has happened."

"Till now," interrupted Helene.

The three girls had rented the old Cross farm for a studio to work in all summer. The villagers had a weird story about the place being haunted because during the Civil war three soldiers had been killed in these grounds. Old wives' tales were told of how, every so often, the ghosts of the three headless soldiers had been seen to walk under the old elm trees. And, in spite of the so-called practical mind of the average house-hunter, the stories had kept the house from renting readily.

"How on earth did you happen to be awake after midnight looking out the window?" asked Gloria. "You're such a grand little sleeper." "Shh," whispered Helene, in mock alarm, "didn't you know Nora had quarreled with Bob and—well, they do say that it causes sleepless nights—unrequited love."

"Nevertheless, I saw them and you may sit up with me tonight and watch," announced Nora, with determination. "Three nights they always walk, so I've heard."

It was with a bravado they did not feel that the three girls sat, knees embraced in their arms, on Nora's bed that night, lights out, nothing alive and noisy about them but the grand father's clock that ticked ominously in the hall.

Suddenly, they gripped each other and six eyes were glued to a dark and distant spot beneath a big elm tree in the driveway.

"Not a word," whispered Nora.

They watched in silence as three white horses ambled toward them bearing on their backs what looked to the girls like three uniformed soldiers without heads.

The beating of their hearts vied with the ticking of grandfather's clock. Their hands were icy cold. The girls clung frantically together.

They jumped almost out of the bed when a horse whinnied and snorted.

A headless soldier reprimanded him. And that was his fatal mistake. Faint though his voice had been, Nora had recognized it as Bob's loved tones.

To the consternation and relief of Helene and Gloria she called wildly out of the window at midnight, "Bob—Bob—"

And three heads came out of three uniforms and three masculine lungs rang out on the crisp, night air.

There was much scrambling among the girls to get into clothes sufficiently conventional to receive soldiers at night. What night do for a ghost would not, perhaps, seem suitable for a real, live man.

"You nearly scared us to death," Nora was saying to Bob, while she looked at him with anything but an annoyed expression.

"I should think you did," added Helene.

"I'm done out of a year's growth," said Gloria.

And then the boys explained how Bob, desperate for want of his sweet heart's companionship, had perpetrated the whole idea. The quarrel had been largely because Nora insisted on spending this summer with her two girl friends instead of marrying him as she had half promised. Bob had suggested that if the girls could be properly frightened maybe Nora would marry him to have a protector for the others.

"I'm all for protection, now," confessed Helene.

"Yes—Bob wouldn't be a bad sort to have around the place," added Gloria.

"What say, Nora?" asked Bob, still holding her hand. "Will you marry me—for the peace of mind of your dearest friends?"

The five young persons stood looking at Nora.

"It seems selfish—not to," Nora said. And it was settled that there would be a wedding and that the three white horses were to lead the wedding procession which was to be through the aisle of elms in the garden of the haunted house.

ONLY PONTIAC AMONG ALL SIXES OF ITS PRICE OFFERS

Body by Fisher! The very phrase suggests the newest style, the greatest luxury, the finest construction. Yet only Pontiac among all sixes of its price offers Bodies by Fisher. And their long, low, smart lines, their deep-seated comfort and durable hardwood and steel construction explain much of the tremendous popularity which Pontiac continues to enjoy.

But bodies by Fisher represent only one of the many advantages offered by today's Pontiac Six. A 186-cubic inch engine equipped with a new, more highly perfected carburetor—the cross-flow radiator with thermostatic control—the G-M-R cylinder head—all these vital engineering advancements are provided by Pontiac and by no other six selling for as little as \$745.

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Limousine Sedan, \$855. All prices at factory. Check Oakland Pontiac delivered price—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Efficient and Economical Home Heating

The Enterprise Automatic circulating warm air Heater will heat the entire home with a constant circulation of clean, warm air, insuring the same comfortable warmth in every room.

Finished in dark grained Mahogany enamel, it is in harmony with the other furnishings of the most refined taste. The fire door, ash door and all mechanical parts are concealed when the cabinet is closed.

The powerful heating unit makes it most economical in fuel consumption. The wide deep air ways from top to bottom of the cabinet permit free passage of air, which is quickly heated in passing over the heating unit, and out the top to circulate through the entire house.
