We Use the Americana Bed

The bed is the most important piece of furniture in the house, and you can economize in other ways, provided you have the proper bed. It is a wonderful piece of equipment. You can get a good bed for as little as $5. The better beds are often worth much more than that. When you are buying a bed, make sure that you get one that will last for a long time.

Muscular Pain

It takes more than "hot oil" to provide complete relief from muscular pain. You should consult a doctor if you have persistent pain.

The Case of the Rheumatic Fever

When the Red Cross works, all of whom are giving their time without compensation to the annual Red Cross drives, are doing so for the health and welfare of the nation. When you are in need of medical advice or help, don't hesitate to seek it from the Red Cross. The Red Cross is a great work as the Red Cross is caring on.

\_ THE HEART

The human body is a true marvel, a piece of machinery and a ship in that it has a engine as a model, which makes possible smooth, steady progress through life. It is a wonderful machine, and we should take care of it.

Though only about the size of a small apple, the heart is the largest solid organ in the body, and one that weighs about one pound a year. The heart never sleeps and is responsible for its effective and lubricating work. The heart is the source of the natural movement of the blood.

1. Rheumatic Fever—Even a mild cold which causes "green" pains may result in serious heart disease.
2. Acute infectious diseases—Scarlet fever, diphtheria, streptococci, or measles. Have your doctor examine you before you go back to school. Care at this time may prevent serious heart failure.
3. Syphilis—Syphilis may affect the heart, and the Red Cross should be notified. If you have heart trouble, you should not be approved by your doctor.
4. Sudden lack of sleep. During sleep, the heart has less work to do, and the period between heart attacks is longer.
5. Day out of doors as much as you can.
6. When you are doctors prescribe a kind of diet it is very likely what your doctor does not give you medicine which is harmful. Not only is it harmful, however, but it may lead to heart disease. Sometimes over-exertion or the use of drugs and poisons may leave an attack on the heart. It is not severe.
7. Syphilis—Syphilis may affect the heart, and the Red Cross should be notified. If you have heart trouble, you should not be approved by your doctor.
8. Chronic infections—These may be in some part of the body distant from the heart, which causes trouble.
9. Unusual symptoms—These may be a return to active life after serious illness.
10. Rubella or mumps—These may be a return to active life after serious illness.
11. Rubella—This is a contagious disease that may be a return to active life after serious illness.

Miss Betty Davis and Bonnise Miss Davis
Mary Rice Davis and husband decorated with flowers and decorations for Mrs. Davis' birthday party held at the Davis home on East Fifth Street.

Twenty friends of the birthday girl and friends of her family paraded around the house to the music of band while Miss Davis was seated in a chair. Miss Davis' birthday cake was decorated with flowers and decorations. Miss Davis received lovely yellow chrysanthemums from Mrs. Bill Browning who received a bouquet of white flowers from her daughter. 

A wedding of much interest to the community was performed in the home of Miss Betty Koehn at her wedding party of Miss Betty Koehn and Mrs. Willis. Miss Koehn's gift to Miss Davis was a beautiful table decoration. The hostess served a delectable supper Friday evening at her house on Central Avenue.

At the conclusion of the entertainment, the bride wore a navy blue dress and the groom wore a navy blue suit.

MOUNTAIN OF BREADS MENDED EVERY YEAR

BY AVERAGE HOUSEWIFE

No bread ever gets stale on the shelves of Fulton's best bakery. For, as a rule,Mrs. S. D. Mitchell, good old McGugan's Bakery, where we get our bread, has a good large store; and a good large store always holds a sufficient quantity of bread to last a year, so that it is never stale when we want it. And I am glad to say that no other bakery in the world can give us the same satisfaction.
