THURSDAY FEBRUARY 22

Don Gilberto was the happiest man in America, because his birthday came the same day as George Washington's, and he was 70 years old. "This is a great country, we Americans!"

I AM HAPPIER THAN JOSEPH SMITH.

In the United States, I handle nothing but springs bottled in their purest form, and they are the very best. I have seen many springs bottled in the United States, but I never saw one that would make me feel as happy as the springs bottled in the United States.

I was a member of a Mission to the United States, and I have seen many springs bottled in the United States, but I never saw one that would make me feel as happy as the springs bottled in the United States.
