NEW ERA DISTRIBUTION.

Owing to the fact that quite a large number of our oldest subscribers to the WEEKLY NEW ERA, whose time has expired, have not found it convenient to pay up and renew their subscriptions for another year, we have concluded to defer the distribution of the presents we intended to have made to our subscribers on October 7th until Tuesday, the 24th of December, 1889. See elsewhere in our columns a partial list of the presents we intend to give to our paid up subscribers. The list will be completed very soon. Come in and renew your subscriptions at once.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Croup, Croup, Dr. King's New Life Pills, Bunker's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. H. B. Garner, drugstore.

Tommy's at it Again.

The Clarksville Progress says: The Barkers, of Christian county, came in town yesterday, put on knee pants and red stockings and tried to play ball with the association. At the end of the fifth inning they decided that they were more expert at cutting and warming tobacco and gave up the ghost and went home. They are a nice lot of boys and we are sorry they can't play. The score was 21 to 10 in our favor.

SOME GOOD ADVICE.

An Editor's Views of Hopkinsville and What She Should Do.

Money to be Made by Building Pikes and Opening Them to the Public.

The Cadiz Telephone says: "We had the pleasure of visiting Hopkinsville last week. The city was just recovering from the effects of the big show which had held forth the day previous to our visit. Most persons would have selected show day but we did not."

Circuit Court was in session, and the court and jury were engaged in trying criminal cases, mostly, since the establishing of the Court of Common Pleas, the Circuit Court has been deprived of most of the work except criminal business.

The citizens of Hopkinsville, with but few exceptions, are still anxious for a competing railroad. They seem to labor under the impression that a rival road would place their city on the high road to unprecedented prosperity.

The city, in fact, the county, needs another railroad outlet and needs it badly. There are other improvements which cost much less than the iron horse that are within the easy reach of the city and county, that would do more for the property of the city and county.

We have reference more particularly to the improvement of the public roads leading into the city. There are at present perhaps ten thousand hogheads of tobacco sold on that market annually, which nets the commission merchants say, from \$10 to \$15 per hoghead, and perhaps is worth to the merchants, coal dealers, and manufacturers from \$25 to \$30 per hoghead.

From these figures will be seen the urgent necessity that that city employing every honest and legitimate endeavor to increase the shipments to her market of tobacco, wheat, corn, hogs, cattle and other products of the country. About three months in the year it is impossible for an ordinary team to haul tobacco there, except by those farmers adjacent to the pikes. By the city acting jointly with the county court in bridging the ravines and macadamizing the deep mud holes, which are frequently almost impassable, the public roads could be so improved that the amount of tobacco and other produce that would be sent to that market for sale would be increased perhaps double. Let a few figures be made up and see if they would not be worthy of the consideration of the Commercial Club. Suppose \$5,000 were spent on each of the six public roads leading into the city. That amount would place the roads in such condition that farmers living five miles distant could deliver tobacco there the worst weather during the winter, and cause 5,000 additional hogheads of tobacco to be sold on the market. It would be worth \$75,000 to the warehousemen and banks, as the warehousemen usually divide commissions with the banks. Estimating the sum due the merchants, factories, coal dealers, livery men, hotel men, and others, at the small sum of \$20 per hoghead, we have the nice sum of \$100,000 realized to the city and county court jointly. That amount would place the roads in such condition that farmers living five miles distant could deliver tobacco there the worst weather during the winter, and cause 5,000 additional hogheads of tobacco to be sold on the market.

DEAF MUTES MARRY.

The Proposal and Acceptance Made in the Presence of the Girls' Father or Though He Was Unaware of It at the Time.

LOUISVILLE, Ky., Sept. 30.—Dan C. Simpson and Miss Anna E. Pierce, both deaf mutes, were married here Saturday. Simpson lives in New Albany and owns some property there. Both were educated at the same institution. The proposal of marriage and acceptance were in sign language and, though the lady's father was not at the time, the groom knew not that his daughter was engaged till Simpson handed him a note asking for the girl's hand. The Rev. Mr. York officiated. Each was given a book containing the marriage ceremony, and when he came to the question to be answered the minister read, then pointed out the question on the books held by the couple. They answered by nodding their heads.

A telegram from Memphis, dated Saturday, says: In 1786 the Presbyterian pioneers of Todd county, Ky., built and dedicated a log church near Elkton. As the population of the county increased the membership grew until it was the largest in that part of the state; but the course of time it dwindled down to less than a dozen. Services were finally discontinued and the church crumbled to decay. Among the members remaining were the Maybans, a family composed of three bachelors and their three maiden sisters. One by one they passed away, the last, one of the sisters, dying about three years ago. She left a will bequeathing all her property, worth about \$20,000, to the surviving members of the little congregation that had built the church ninety-one years before. Nobody knew of any such survivors, until Mr. Clark, who lives in the county, found them by examining the records of the church, which had come into his possession many years previously. They are only two, an aged lady living in another county and an uncle of hers and of D. P. Hadden, President of the taxing district of Memphis. The heirs made good their claim and secured the property. In commemoration of their good fortune, they built a new church on the site of the old one, and it is to be dedicated to-morrow. The oldest Presbyterian minister in that part of Kentucky has been secured to conduct the dedication services.

A Very Large Percentage Of the American people are troubled with a most annoying, troublesome and disagreeable complaint called "Catarrh." It is not necessary to be so troubled. It is demonstrated beyond question that Clarke's Extract of Paps (Paps) Catarrh Cure, sold by H. B. Garner, will immediately relieve and permanently cure catarrh. A thorough and fair trial will convince you. Use Clarke's Paps Catarrh Cure, H. B. Garner, 25 cents at H. B. Garner's drug store.

A BIG DEFEALCATION. The State Treasurer of Louisiana Said to Be Short \$120,000. NEW ORLEANS, Sept. 30.—It is now settled upon what appears to be good authority that irregularities have been discovered in what are known as the "Baby State" bonds. Nearly all of these bonds, numbered above 102,000 are reported to be fraudulent, and there are irregularities in the lower numbers. The State Auditor and Treasurer will soon take up this branch of the investigation. Attorney General Rogers admits that the "Baby" bonds have been abstracted or otherwise tampered with to the amount of \$100,000. According to the calculations of Judge Rogers, the defealcation of State securities already in sight is over \$120,000.

A Sad Story. The child coughed. The mother ran. No remedy was near. Before morning the poor little sufferer was dead. Moral: Always keep Dr. Acker's English Remedy at hand. Sold by H. B. Garner.

Chairmanship of the International Congress. WASHINGTON, Sept. 30.—There is some feeling about the issue over the disposition of the chairmanship of the
