## KITTY LEAGUE MEETING HELD HERE SUNDAY

Representatives of member teams of the Kitty League held a lengthy session here Sunday afternoon to lay plans for the 1938 season, with the newly elected loop president, J. E. Hannephin, Fulton, presiding. Following the adoption of the Shaughnessy playoff at a recent meeting of club members at Paducah, November 17, the purpose of this session was to adopt by-laws, arrange schedule, dates and number of games to be played next season.

Those present included Smith Atkins, president of the Fulton club; Cecil Moss, president, Union City; Bob Myre, business manager, Paducah; H. G. Gilland, Jackson, Tenn.; Hugh Wise, business manager, Owensboro; J. M. Eckles, president, Mayfield; W. C. Fanning, and Rip Fanning, owners, Lexington; T. C. Overshiner, president, Hopkinsville.

Among other baseball enthusiasts present were: Shelby Peace, Hopkinsville; W. H. Richardson and Vick Smith, of Bowling Green Ky.; C. L. Dismukes, J. M. Sedberry and Turk Massey, Union City; K. R. Lowe, A. B. Newhouse, R. H. White, Frank Beadles, H. H. Bugg, Abe Jolley, K. P. Dalton and Bailey Huddleston of Fulton; Chas. H. Miller, Memphis statistician for the Southern and Northeast Arkansas leagues; and representatives of baseball manufacturers.

President Hannephin, recently elected to succeed Dr. Bassett of Hopkinsville, was faced with the problem of reorganizing the league to the satisfaction of all members. The first major topic of discussion that came before the meeting was that section of the by-laws forbidding the use of more than three class players who play more than ten games in a higher league. W. C. Fanning of Lexington brought this matter to the floor, suggesting that this be changed to allow players to participate who had not played in more than 25 games. Hugh Wise of Owensboro supported the move, which J. M. Eckles and Cecil Moss opposed. A compromise was reached when it was agreed that three class men could be used provided that a player had not been more than 120 times at bat and a pitcher had not hurled more than 120 innings. This motion was made by Bob Myre of Paducah and seconded by W. C. Fanning of Lexington.

Motion was made by Shelby Peace and seconded by Myre that Union City be awarded the pennant as winner of the 1937 season.

A motion made by Hugh Wise to increase the present guarantee of \$40.00 to visiting clubs to \$60 failed to carry, with Fulton, Mayfield, and Lexington voting no.

Upon a motion made by Mr. Myre and seconded by J. M. Eckles, and voted favorable by the club members, it was decided that the season next year will start on May 10th and close Sunday, September 17th. Included in the motion was a change of 126 games to be played instead of 120 as was carried out this year, with doubleheaders on Decoration Day, Fourth of July and Labor Day. A schedule is to be adopted later, probably at the annual meeting in January.

C. H. Miller, Memphis, read a letter from Kenneth Riddle, secretary of the Northeast Arkansas league, requesting that the Kitty league work out a plan with them whereby a series of games be played between the winning clubs of the two loops at the close of the season next year.

## THOMAS WILSON WILL OPERATE SHOE SHOP

## Fulton Ball Association Elects New Officials

Prior to the Kitty meeting held here Sunday afternoon, the Fulton Baseball Association met, when officers and a board of directors was named for the 1938 season. Smith Atkins was named president of the Fulton club; K. P. Dalton, vice-president; Frank Beadles, secretary; H. H. Bugg, treasurer; Mrs. Gladys Chowning, assistant secretary.

The board of directors is composed of W. S. Atkins, K. R. Lowe, A. B. Newhouse, E. N. DeMyer, R. H. White, K. P. Dalton, Frank Beadles, H. H. Bugg, Abe Jolley, Bailey Huddleston.

Fulton wants to have night baseball next year, and plans to raise \$3,000 to install lights were discussed.

## TOBACCO GROWERS!

You remember about a year ago I advised you to grow some one-sucker, air-cured tobacco. I think the good grade of one-sucker will sell good. The common grades will sell cheaper as the common grade of fired tobacco generally sell. Strip and deliver this tobacco as soon as possible. Our market will open Saturday December 11, on our air-cured tobacco. We will also receive Dark Tobacco now. Will announce the opening on it later. Will have plenty of buyers on both types. Visit and sell your tobacco on the Mayfield Loose Leaf Floor as we have one of the largest and best lighted floors in Mayfield and will have the support of all buyers.

## 84 SLATED FOR TRIAL IN VOTING LAW CASES

Cases of 84 persons indicted on charges of violating Weakley County election laws last July will be tried in the December term of Circuit Court opening at Dresden next Monday.

The charges grew out of alleged violations of the Primary Election Law passed by the last regular General Assembly and applicable only to Weakley County. The law makes it a misdemeanor for a voter to cast a ballot outside his legal district.

The law was enacted to break up fraudulent voting practices. When the grand jury was in session here in July and returned the indictments, Circuit Judge R. A. Elkins denounced the illegal voting practices and called for the jury investigation.

The cases will come up a week from next Monday. Many prominent citizens are included in the indictments, including several election officials who are also held guilty if they allow a person to vote out of his district.

It has been a practice for years in Weakley—and other Tennessee counties—for a person to vote in a district other than that in which he lives, especially when the voting booth in another district is closer to his home.

## ADVERTISING AID TO BUSINESS STANDARD

Business in Louisville's Kentuckyiana trading area is fighting hard to maintain volume ahead of this time a year ago. Merchants are advertising aggressively and with opening of the Burley tobacco auction markets only a few days off, many are optimistic that outpouring for this great cash crop and holiday buying will bolster the business barometer, which, for the first time in this district, is beginning to follow trends in evidence elsewhere.

The near approach of the holidays, combined with more seasonable weather in many parts of the country, has speeded up shopping activities over the country according to Department of Commerce reports from 34 key cities, just received by the Louisville District Office. However, trade in most of the reporting cities was still not up to last year's volume, and the reports for the most part were far from encouraging. Wholesale markets were a bit more active, though the time was still not buoyant. A fair amount of re-orders for apparel lines were reported in various markets. Heavy outer coverings, except furs, responded well to the colder weather.

Louisville reported that several larger chain department stores reported holiday business ahead of a year ago. Comparison with 1936 business runs from 2 percent below to 8 percent above. Wholesalers reported keener demand for toys, jewelry, other Christmas items; dry goods somewhat slower than last year. Few local industries reported lay-offs of consequence, but some schedules are being curtailed. Increase of 7.8 percent of all employees this past month over same period in 1936; increase of 9.3 percent over peak of like period, 1929. Bank clearings off 14.5 percent from last year. Debits increased 7 percent over previous month.

Kentucky's corn production estimated 25,000,000 bushels over 1936. Whiskey production in Kentucky during the past month reported 1-3 of peak.

Work started on new Kentucky State women's prison to cost \$130,000.

I. C. railroad announces that 800 employees of its Paducah shops will be recalled for work December 13. Dark-fired auction sales announced for Princeton this season.

sugar; 1-2 cup tart jelly. Peel and core large firm apples. Fill center with dates. Sprinkle with cinnamon and sugar and dot with butter. Add water and bake in moderate oven (350 degree F.) until apples are tender. Remove apples from oven and set aside to cool. Place on top of apples and serve.

### THE SEWING ROOM

A chest of drawers—the bigger the better—is fine equipment for your sewing room. The larger bottom drawers should be used for larger remnants, but have the handy man around the house partition the upper drawers into small compartments for ribbons, buttons, trimmings, knitting needles, crochet hooks, scissors and all the accessories that collect in a family sewing room.

### KITCHEN KINKS

Eggs will not cause the grease to spatter when they are dropped into the hot frying pan if a little flour is added to the hot grease first. Foods fried in deep fat will not absorb too much of the grease in which they are fried if a teaspoonful of vinegar is added to the hot lard. To coat doughnuts with sugar, put sugar in a

paper bag, shaking doughnuts in bag to coat them.

### ON CLEANING DAY

Rub enameled beds with turpentine to clean them. To tighten loose dresser handles, place rubber washers on inside between handles and bolts. Bran-water is useful for cleaning rush-seated chairs. The water is prepared by adding a handful of wheat bran to one pint of cold water and simmering a half-hour. Strain and add a pint of cold water.

### THE FAMILY DOCTOR

Nitrate of silver will often cause corns to disappear. Keep hard corns softened by touching with vaseline night and morning; hard corns should be rubbed smooth with fine sandpaper, never cut. Soft corns should be carefully washed, dusted with talcum and a piece of cotton placed between the toes to separate them.

## YOU CAN THROW CARDS IN HIS FACE ONCE TOO OFTEN

WHEN you have those awful cramps, when your nerves are all on edge—don't take it out on the man you love. Your husband can't possibly know how you feel for the simple reason that he is a man.

A three-quarter wife may be no wife at all if she nags her husband seven days out of every month.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and go "Smiling Through."

## DON'T NEGLECT A COLD

Run soothing, warming Musterole well into your chest and throat. Musterole is NOT just a salve. It's a "counter-irritant" containing good old-fashioned cold remedies: oil of mustard, menthol, camphor and other valuable ingredients. That's why it gets such fine results—better than the old-fashioned mustard plaster. It penetrates, stimulates, warms and soothes, drawing out local congestion and pain. Used by millions for 25 years. Recommended by many doctors and nurses. All druggists. In three strengths: Regular Strength, Children's (mild), and Extra Strong. Tested and approved by Good Housekeeping Bureau, No. 4367.

## COUNTY AGENT

J. B. WILLIAMS

### Cotton Subsidy

Some of the farmers have gotten the idea that there is no need of turning in sales receipts for more than 65 per cent of their base allotment but this is a mistake and all sales receipts should be turned in. It may be possible that more than 65 per cent of the base allotment will be paid on and unless the receipts are filed it would be impossible to secure payment on any additional cotton.

### Hybrid Seed Corn

Eight Utopia club boys in the county harvested 47 bushels of hybrid seed corn during the past few weeks, some of this will be for sale. In a field test this corn yielded 42.8 bushels where Reid's Yellow Dent only yielded 28.3 bushels per acre. The demonstration showed that the hybrid's averaged 42.9 bushel while the open pollinated varieties yielded 35.7 bushels.

### Selling Tobacco

Because of the number of inquiries that have been received at the Internal revenue office the following information is for farmers who have tobacco for sale:

1. A farmer may sell tobacco grown by himself, in the hand or leaf, without restriction, but if he stems or twists or otherwise manipulates his tobacco for sale he incurs liability as a manufacturer of tobacco, and for the tax at 18 cents

per pound on the quantity disposed of.

2. Every person, who sells to consumers leaf tobacco not grown by himself incurs liability as a manufacturer of tobacco and for the tax at 18 cents per pound on the quantity sold.

3. Every person, who sells leaf tobacco not grown by himself to a manufacturer of tobacco or to a dealer in leaf tobacco, incurs liability as a dealer in leaf tobacco, and this liability cannot be evaded by having the sale made in the grower's name.

If, for example, Smith buys from Brown tobacco growing in the field or hanging in the barn, or loaded on a wagon or truck in transit to market, under an agreement that Brown is to deliver the tobacco to an auction sales floor and have it sold in Brown's name, Smith must qualify as a dealer in leaf tobacco before the sale on the auction floor is made; otherwise, he will become liable to the penalty provided in Section 3360, R. S., as amended, which is a fine of not less than \$100,

or more than \$500 or imprisonment of not more than one year, or both.

Further information and all necessary assistance in the preparation of the registry papers for manufacturers of tobacco or dealers in leaf tobacco will be furnished upon application to this office in care of the Tobacco Section.

## SPARKS of WISDOM

When they die and go to heaven some Fulton women will probably complain that their mansion in the skies hasn't enough closet room.

This day in time a fool and his money are parted sooner than they used to be because now the fool can always find a slot machine.

Since a scientist declares there were no apples in the Garden of Eden, then it must have been a peach that Adam fell for.

Blessed is the Fulton man who has mastered the art of listening to his wife and the radio at the same time.

You can tell when some men have gone as far as they'll ever go. They begin to get independent and sassy.

### PEWITT-YENT NUPTIALS

THANKSGIVING IN LOUISVILLE  
A wedding of charming simplicity was that of Miss Mary Adelia Pewitt, daughter of Mr. and Mrs. Raymond Pewitt of Fulton, to John Louis Yent, son of Mr. and Mrs. W. L. Yent, of Louisville. The wedding was quietly solemnized Thanksgiving day at half past ten o'clock in the morning at the parlors of the Rev. John W. Myers, pastor of the Milton Avenue Baptist Church. Rev. Myers read the impressive single ring ceremony in the presence of friends and the immediate families.

The bride, a brunette, was attractively dressed in a wool suit of lustrous green with fur trim and matching accessories of Windsor tan. Her shoulder corsage was of yellow chrysanthemums and pinks interspersed with pink rosebuds and lilies of the valley. She was attended by Miss Margaret Yent, sister of the groom, who wore a dress of green velvet and a corsage of chrysanthemums.

### HONORED ON BIRTHDAY

Mrs. J. H. Jonakin of south of town was delightfully surprised on her birthday last Friday when eight of her daughters gathered at the home of Mrs. Johnny Cooke on Walnut st for luncheon. Upon arrival the honoree was presented a beautiful quilt with signatures of her children and many friends.

At lunch the following was read by Mrs. Ruth Jolley and dedicated to Mrs. Jonakin: "We love you because of your love and kindness to us, Honor you because of your noble life which being committed to God has been one of worthiness, usefulness and beauty; Worthy because of the large and worthwhile family you have reared who love and respect you, useful because of the many kind, loving and helpful deeds rendered to neighbors, friends and fellow men. Beautiful because of three Christian graces that have unfolded all along through this long life to bless home, friends and neighbors. We appreciate this old age so rich in harvest, so rich in family ties, so rich in memories, so rich in Christian experiences and so rich in patience which shines like a halo about your silver head. We thank you for your foot prints, your hand prints, and heart prints, and may the Lord spare you many more birthdays."
