### Thomas E. Barnes.

# \$348,255,128.

Is spent annually for Tobacco. Thousands of men die every year from that dreadful disease, Cancer of the Stomach, brought on by the use of Tobacco.

The use of tobacco is injurious to the nervous system, promotes heart troubles, affects the eyesight, injures the voice, and makes your presence obnoxious to those clean and pure from such a filthy habit.

DO YOU USE TOBACCO?

If you do, we know you would like to quit the habit, and we want to assist you, and will, if you say the word.

assist you, and will, if you say the word.

How can we help you? Why, by inducing you to purchase a box of Colli's Tobacco Antidote, which is a preparation compounded strictly of herbs and roots, which is a tonic to the system; also cures the tobacco habit and knocks cigarettes silly.

How do we know it will cure you? First, by its thousands and thousands of cures; Second, by the increased demand for it from the most reputable wholesale houses; Third, we know what it is composed of, and that the preparation will clean the system of nicotine, and will cancel all errors of the past.

Your druggist has Colli for sale. If he has not ask him to get it for you. If he tries to palm off something just as good, insist on having Colli. If he will not order it for you send us (\$1.00) one dollar, and receive a box of Colli postpaid.

In most cases one box affects a cure, but we guarantee 3 boxes to cure any one.
