Murray Swamps Eastern 52-0 On Richmond Field

Thoroughbred Outclass Enemy in Every Phase.

Richmond, Ky., Oct. 16.—A superior football eleven from Murray State Teachers' College swamped Eastern Teachers' College here this afternoon by 52 to 0.

Except for one intercepted pass and one returned punt, all Murray's scores were made on line plunges. The Thoroughbreds' backfield tore Eastern's line open for twenty-one first

downs. The Eastern Maroons succeeded in making five first downs, three of which were made on passes.

The Maroons began passing early in the game and kept it up. They attempted sixteen passes and gained, a total of seventy yards. The Murray team completed three passes and had two intercepted out of nine attempts.

Murray showed an abundance of good backfield material in Maxwell, Captain Brodie, Evans and Wells. These men ripped off gains of fifteen yards through Eastern's line easily.

Brodie was high point man with eighteen points. Wells followed with fifteen. Foster carried seven and Hayes and Mahoney with six each. Wells kicked for extra points after touchdowns and put the ball between the bars four times.

Hord was Eastern's stellar player, tossing several good passes and gaining through the line. He called signals for the Maroons after Hazen, regular quarterback, was taken from the game by Coach Hughes in the first half.

This was Murray's first S. I. A. A. game since their being put on the probation list. College News

"Let Us Get up a Newspaper ad"

This is No. 3 of a series of ads depicting the various processes of advertising production. The dimension of the layout appeared in ad No. 2. No. 4 will appear in an early issue.

"We'll need a PICTURE"

FOLLOWING the general idea of our layout, we must have a capable artist draw a sketch of our "Roseanne Dress" as they actually appear on the wearer. For the best effect this sketch should be drawn from a living model. After we oked this drawing we must have an etching made.

Through our exclusive franchise for the Meyer Both General Newspaper service we are able to eliminate these drawings and engravings from Ledger & Times' advertiser's cost sheets by supplying a vast new selection of appropriate illustrations each month. We urge our advertisers to make an unlimited use of this service at no additional cost.

Here it is, October 14th and the 14-month drought is yet unbroken, and like the colored Parson that had mackerel for supper we are "dry as a chip". Swing your partners right and left and all pronounced "Eagles".

That a cheerful disposition and a happy personality are two of the most valuable assets toward winning success was brought out by the story of two boys, Joe and Bill. While Joe was grumbling because he had no show, Bill was half way up the hill and going still.

In conclusion the Rev. Ennor gave the story of two orphan boys fishing for tadpoles to illustrate that those who choose the better road and "let Jesus have his way" in their lives will succeed while those who live with the frogs will eventually "croak".

Mrs. Richard Johnson Dies in Mississippi

A message received Tuesday, October 15, by Mr. Henry Thorpe of Dexter, announced the death of Mrs. Richard Johnson at a hospital in Jackson, Miss.

Her death was a severe shock to her parents and relatives. Mrs. Johnson had a pleasing personality. In early life she became a church member and was an active member in her church.

The remains were received at Dexter Friday, where they were met by the parents and family, and taken to the home of her uncle and aunt, Mr. and Mrs. Henry Thorpe.

Funeral services were conducted Friday afternoon at 3 o'clock by Bro. Hynden Gresham and interment was in the Stewart cemetery.

Seventy-five Bell county farmers interviewed by County Agent R. V. Trumper reported little damage from the drought.

As I am, just an insignificant, weekly, one-column writer, my opinion, perhaps to the daily writer, means nothing. But I must write in accordance with the standards of the Ledger & Times. It is therefore my privilege to put in my column any sport item as it occurs, providing that it does not bear injustice upon the party or parties.

edge over Perkins. Thurman was responsible for the most spectacular play of the game, when at the beginning of the second half he recovered the kickoff and made a beautiful broken field run for 45 yards, almost evading the entire Mayfield eleven. White, who was out on account of injuries, was missed at his regular position as half, although Franklin fought hard to fill the bill.

Coach Holland is sending the Tigers through a difficult practice this week, preparing his team to meet the Tilghman eleven on Friday afternoon. With the Murray goal line being crossed only twice this season you can readily see that Coach Holland knows his platoon and Holland has taken a light, inexperienced team and has produced one of the best eleven that ever wore the Gold and Black.

The M. S. T. C. Thoroughbreds showed no sisterly love at Richmond last Friday and performed well on the turf. When Coach Cutchin and Assistant Coach Lusk finally got the Bluebloods under control it was learned that they had run up 52 points. They were then hobbled and bedded down for the night with apparent no injuries of any sort. Still smarting under the defeat of the "Egyptians" Cutchin and Lusk are having a hard time keeping the "Horses" from cunning wild. Their stables or corn cribs seem to be just on the other side of their opponents' goal line and when released from the wire, with snorts and hoofs flying, finally assemble again under the cool, shady shadows of their enemies' goal posts. And fans, take a hint from me, on Friday night the Thoroughbreds are going to slip quietly down to Martin, Tenn., where they have a lighted field and have a nice little work out with the U. T. Juniors and it will be worth your time to look 'em over.

Green county farmers used 1,000 tons of limestone during September. Seventy samples of soil and lime were tested. Twenty-five acres — 4500 pounds — One hundred and ten flocks of poultry were accredited in Pulaski county during September, and as more will be reported in the next five days.

And for these Reasons:

1. Goodyear prices are at the bottom.
2. Cost of punctures added to delays in bad weather, is greater than the miles left in old tires are worth.

Apologies, If Deserved

The Calloway County News, published by Col. Tom Pettit at Hardwell, Ky., has stated the facts in its recent editorial criticizing the state highway commission for giving the contractor 300 working days to travel the Murray-Paducah highway in Marshall county and for asking applicants for positions in the highway department questions concerning their religious, political and lodge affiliations.

The Ledger & Times information concerning the application blanks was received from a former state highway engineer who was not fired but resigned because he was advised the Ledger & Times had reasons to believe that his protestantism handicapped him in the favor of Chairman Johnson.

Bilious, Dizzy, Drowsy Feeling

"When I was a child, if I did not feel well, or if I had a cold, my mother gave me Black-Draught," says Mrs. Orpha Hill, of Woodford, Ky. "When I was married, it became a family medicine in my own home, as it was in my mother's."

"I take it for headache and especially for constipation. When I get bilious, my skin gets yellow and I have a very bad taste in my mouth, and a drowsy feeling all during the day. My eyes burn and I get dizzy, or my head is 'swimming.' When I take Black-Draught, it seems to drive the impurities out of my system and I feel fine. I am seldom with out this reliable remedy."

JUST JOTS

By Joe

It cost Mrs. William Hale Thompson, the Chicago mayor's wife, \$17,000 to attend a party. But Thompson's party has cost Chicago considerably more than seventeen million.

You may not believe this but the other night I picked up a popular magazine and read a Spanish story that didn't mention a revolution.

Don't Be Greedy, Boys.

The Ledger & Times doesn't especially blame its Mayfield friends for wanting a direct route from that city to Eggers's Ferry and the bridge which is almost sure to be built there within the next eighteen months. On the other hand, such local men in the more direct connections with various points before paramount roads are built, not only appear slightly selfish on the part of their sponsors but also encourage much ill feeling in other towns which have not yet gotten highway connections at the four main points of the compass.

With the probable exception of Paducah, which has enjoyed more years of personal representation on the highway board than almost any other city in Kentucky, Mayfield is better blessed with highway ways than any other town in Western Kentucky. For this reason, that city's movement to seek a more direct route to Tennessee River, before other highly essential roads are constructed, will meet with little sympathy on the part of Mayfield's sister cities in this section.

There is no criticism of Mayfield's desire for the road. No one blames any community for wanting all the roads it can get. On the other hand, there are many important roads yet to be constructed which should take decided preference over any project merely to shorten the distance between one city and another point, when a good road is already available. Among them may be mentioned the proposed Federal highway from Wickliffe to Paris, passing through the Murray-Hazel road, the highway from the Graves county line to Benton; from Fulton to Trilley; and the one which would give high way service to many families now deprived of it but also would be of much more general utility than a road which would be a handicap for those desiring to go from Mayfield to Eggers's Ferry. If Mayfield desires the good will and cooperation of her sister cities, it would do well to postpone her urgency of this road and concern herself with assistance in getting highways which have been so measurably more benefit to Western Kentucky as a whole.

The one criticism that we have always had of our Mayfield friends is that they never seemed to have enough and when their consumption appeared certainly to have reached their enormous appetites they continually called for more while their smaller and less fortunate fellows went hungry. This conclusion also is compelled to say, is almost universally shared in other Western Kentucky towns.

Mayfield citizens desiring to go to Central and Eastern Kentucky and cross at Eggers's Ferry are not so much inconvenienced nor so often as those desiring to go from Fulton to Murray, special students attending the college, and being compelled to make the out-of-way journey through Mayfield because that town has consistently refused to co-operate on the road from Fulton to Trilley, across the lower half of Graves county.

Apparently, the only good attribute of a road, so far as Mayfield is concerned, is for it either to begin or end in Mayfield.

Dexter News

The Sunday School of the M. E. church held a picnic at Jockey Ann Springs Sunday, October 12. The children and adults were motored there by various cars. A picnic dinner was served, games were played, and a great time was had by all present.

Mrs. Sarah Cochran left Friday for Paducah, where she was joined by her daughter, Miss Tylene, and her friend Mr. Lawrence Wilson. They then motored to East Paducah, Mo. to visit Mrs. West Culp.

A wedding of much interest to many friends of the groom, who is widely known in Callaway and Marshall counties, was that which took place Thursday, October 2. The groom is Butler Starks, residing at Hardin with his mother, H. Starks.

The bride is a brunette of winning personality and has many friends in and about the vicinity in which she has resided with her parents.

There has been much worry and lots said about the long drought but one would not think it is possible to see the fine crop of potatoes raised in the garden spot at H. Curd's home.

Three sweet potatoes weighed 14 pounds and three others three pounds apiece. Two tomato vines loaded with fruit, 12 to 14 feet high which can be seen until Jack Frost completes his work.

The Alto Parent Teachers Association program was greatly enjoyed and a large audience was present Friday, October 10.

Dickey, Rogers, and Bennett Attend National Dairy Show
