GREETINGS—Friendship and friendliness in business, as well as in our personal lives, makes life sweeter, more wholesome, more thoroughly enjoyable.

That's why we like to feel there is a spirit of friendliness, yes, even friendship underlying each business transaction.

And while we give voice to words of thanks and appreciation regularly throughout the year, there comes a time when such expressions are much more significant . . . and that time is Christmas time.

It is then that we view the old year in retrospect. It is then that we realize how empty, how colorless, how barren life would be without its friendships. It is then that we realize how very much we rely upon our customers, whose friendship makes possible our fuller enjoyment of life.

So to you, we say thank you this Christmas time. May your Christmas be made merry, and your New Year happy and prosperous.
