TRUCK LIMITS
IMPEDE AMERICA'S
PRIMARY TRANSPOR-
TATION SYSTEM

WHY ARE KENTUCKY TRUCK LIMITS THE LOWEST IN THE NATION?

Kentucky can't be expected to "do things in a big way" as long as her transportation arteries are throttled by truck limits that are lower than any other state in the Nation! As long as Kentucky continues to impose these discriminatory limitations, her Agriculture, Commerce and Industry will continue to suffer. Let's remove this transportation handicap and let Kentucky compete on a basis that is at least equal to the national average.

Christmas Life Saving Plan Urged By the National Safety Council

Chicago — To prevent the reckless spending of lives every Christmas, the National Safety Council today called on Americans to join in a nationwide

Christmas savings plan to stop the loss of 556 lives in traffic accidents.

"It is time," Ned H. Dearborn, Council president, said, "for America to start saving — and stop squandering — lives. If every American will join this savings plan before the Christmas holidays, a real yuletide bonus — human life — will be paid."

One hundred and sixty-three national organizations, city and state officials, safety councils and civic leaders have joined the Council in the Christmas savings plan. They will unite in creating an awareness of the special holiday hazards, and will enlist voluntary cooperation from every American to hold accidents to a minimum.

The Christmas-New Year holiday season is the most hazardous single period of the year, according to Council statistics. In traffic accidents alone, twice as many persons are killed during a Christmas holiday period as on the same days of the preceding two weeks.

Heavier travel and the festive spirit of the holiday season increases the normal winter hazards, such as bad weather, slippery roads and more hours of darkness.

The Council suggests four safety measures for Christmas pleasures:

1. Start automobile trips early and take it easy. Be extremely cautious in bad weather and darkness. Watch out for pedestrians.
2. Keep Christmas trees in water and away from fire. Be sure lights and electrical connections are in good condition.
3. Watch out for falls, at home and away from home. Be wary of icy sidewalks. Falls are second only to traffic as accident killers.
4. Be moderate in drinking, and don't drive if you have been drinking. Tipsy pedestrians and drinking drivers are most common during the holidays.

Mr. and Mrs. Max Petway plan to visit their daughter, Mrs. Jerry Huie and family during the holiday season.

Many Kentuckians Now Are Drinking Flouridated Water

Thirty per cent of Kentucky's population is now drinking flouridated water, according to Dr. J. F. Owen, director of dental health, Kentucky State Department of Health.

With the recent addition of the city of Calhoun there are now about three-fourths of a million Kentuckians being assisted toward better dental health.

The National Institute of Dental Health, in a recent survey of Grand Rapids, Mich., which began flouridating their community water supply in 1945, discovered that six-year old youngsters after drinking flouridated water during these years showed a 71 per cent reduction in the number of decayed permanent teeth.

A 25 per cent reduction in curred in 16-year-olds who at the time flouridation began in Grand Rapids had most of their permanent teeth.

And hide not Thy face from Thy servant; for I am in trouble; hear me speedily.—(Psalm 69, 17.)
 If we do not truly, really feel that we are actually in the presence of Almighty God when we pray, our words—though they be heartfelt and earnest—may be meaningless. Each of us must search his own heart and soul to know how to feel God's presence—for until we do that, our prayers are empty.

Prince of Peace

Lesson for December 20, 1953

GOD'S will is for a peaceful world. No one can read the prophets and make any sense out of it. God's will is for peace in this world. Peace among nations, yes, peace beyond death, yes, of course; but that is not the whole of it. God's will is for peace among men, peace on this good green earth. So long as there are wars, we know that God's will is not being done. God wants a peaceful world.

Leader To Peace

One of the many names for Christ is "Prince of Peace." The title given by a prophet long before his birth. It will be worth our while to look into that title this week and see what exactly it means by it, for it is much more than a striking phrase. The word "Prince" has nothing necessarily to do with royalty, though it often does. Its literal meaning is leader, captain, chief.
As Prince of Peace therefore, our Lord is Leader of Peace. But again, the title may mean more things than one. Let us start with "Leader to Peace." In this sense, Christ is one who points out the road to peace, shows mankind what peace means. As the Bible uses the word, peace does not mean simply the ending of a battle; it is the hush between attacks. It is not a negative word, it is positive. The kind of peace to which Christ points is not mere indifference, it is based on love and good-will. For instance, these lines are written, the United States is at peace with Canada; it is also at peace with a dozen other countries that could be mentioned. But while it is barely possible that war might break out with any nation, it is probably less likely to break out with Canada than with countries with which we have less in common and for whose people our own people have a much weaker affection. True peace is based on mutual good-will. Jesus taught us much more about peace; for example his reference to "peace-makers." But we must pass on.

Leader Of Peace

As Prince of Peace our Lord is also Leader of Peace. That is to say, where Christ is known and honored (not in name only, but actually known and loved), there peace is far more likely to be than where He is not known. It is sometimes said that civilization breeds wars. No doubt it does; but barbarism breeds even more. Savage tribes are in an almost perpetual state of warfare. It is also pointed out that Christian nations are often warring. On the other hand it may be asked: Where do you find a really Christian nation? Who starts the wars? Are the "Christian" nations the aggressors or do they have to rise to the defense against aggression?
One thing is certain. Before the coming of Christ, wars were taken as a matter of course. No nation ever bothered to apologize or explain their fights. Since Christ's coming, and more than ever in recent years, nations that go to war have a bad conscience about it. Piles of "white papers" and the like are put out to show why it was necessary to declare war. At least, Christian nations are aware that the road of war is never the right road except as a last resort.

Leader By Peace

Another meaning that may fairly be given to "Prince of Peace" is "Leader by Peace." That is to say, the leadership and Lordship of Christ is never one of coercion. There have been leaders by the sword; there have been leaders by lies, for the human race is all too easily misled; there is one and only one Leader of men who will reign only through love.
At Christmas time men often wonder why it is that the angel's song has never been fulfilled. Peace has not come on earth to stay. Peace is always pictured as a bird poised for flight. The full reign of the Prince of Peace seems to be so slowly coming. The reason is that unlike all earthly leaders, Christ will have none in his kingdom who is not there by his own free will. God could not doubt beat the world into silent submission in a very short time. It is not beyond the power of the Almighty to bring every human war to an end.
