Option Or No
Option: Which?

men who furnish it are not law-abiding citizens, but acquiesces in the violation of the law. He is equally as guilty in helping to keep up crime. He is particeps criminis to every violation of the law. There is no man who claims to be any sort of a gentleman who will go down into a negro's bootleg and take there from a bottle and empty its contents down his red gullet and turn away as if nothing had happened. That smuggler will not dare to offer his bootleg whiskey to the right kind of a man. No, there are men who visit saloons, who have too much respect for themselves, to stoop so low, but will send off and get his whiskey and drink it in his own house. If my friend, the Voter, does not know any more about the Bible than to say it does not oppose the use of fermented drinks, let him turn to, Prov. 20:1, Gen 9:20-21, Prov 23:29-32, Isa 28:1-37, Hos 4:11. I ask every reader to please turn to the Bible and read those carefully. For lack of time and space I will not write them out. Now if this is not enough to convince any honest thinking man that the Bible condemns the use of wine, only on certain conditions, and under certain circumstances, I say if this will not do, then in my next article I will try and lift the veil of ignorance and superstition from off his mind. Let every law-abiding citizen come out boldly on this question that should lay heavily on every pure heart, let him fight for God, the Bible, his family and his country, and in the end God will reward him for all his labors.

The biggest man in this country, at present, is the man that has the courage to vote his honest sentiments, and if he is influenced in any way whatever, not to do so he then indeed becomes a small one. There is a question before the voters of the Benton precinct that must soon be settled in a way that will try the courage and honor of its legal voters at the ballot box, and I for one, appeal to them for one time in their lives, to lay aside sentiment and vote like men that love freedom and liberty. There is a growing tendency in this country now, that if permitted to grow into a controlling power will sooner or later sap the very foundations of our republican government. The gradual encroachment of a dictatorial policy by over-acting moralists upon our liberties, manners and customs, is 'so sly,' and quietly stealing our cherished rights and privileges away from us, unless a halt is made, it will not be long until our people will have to bow, to a school of fanatics and get a permit to use, coffee, tea, tobacco, soup, or any other article of diet. It is fast coming this way, and this idea of preventing a free citizen from taking or using spirituous, vinous or malt liquors, when he pleases and how he pleases, is a very bold step in this direction, and if local option, is voted, it will not be long until another step will be taken, and so on, until, we must meekly bow at the shrine of the fanatic, the bigót and the oppressor of individual liberty. There is not a freer people

FAIR DEALING

Having seen such exhibition of intellectual endowments purporting to have emerged from here, and Rocky Point, you will not be surprised, to see putting forth from hill and dale some powerful schooner of knowledge, whose satirical logic and profound eloquence, sufficiently equipped them to shove the quill of journalism as local correspondence. Yet many of us are sweltering under an equatorial sun, hung with deadly mist, sombre with the everlasting gloom of barrenness, and torn with the terrors of the perpetual tornado. Yet magnanimity to a fallen and submissive foe. We young friends will always be forgiving, generous and kind to one another, its so much better to dwell together in unity. As it takes no rotundity of verbosity, to justify my position

I hope no one will assume this to be vituperation.

Nothing but a democrat can
represent Marshall and Lyon coun-

Remember, it is not long until

about time the democrats were
beginning to think.

Get ready and select a good
democrat for the standard of the

no trouble in being elected. We
have good timber to select from.

Remember the primary to nomi-
nate a democratic candidate for

place August 31 1895. Consider
the claims of Mr. Neale, and vote

Col. L. P. Palmer's

View on the Financial
Question--For Free
Silver and For

SENATOR J. O. S. BLACKBURN.

Mr. L. P. Palmer, late of What-
com, Washington, has recently
been solicited to make the race for
a seat in the lower branch of the
General Assembly, as a free silver
democrat, and in order that the
people of the county might learn
his views on this great question,
he submitted to the following inter-
view by a reporter of the Tribune.
"What do you consider will be
the great question of 1896," was
asked Mr. Palmer. "The financial
question of course," responded the
red-headed statesman. He con-
tinued by saying in rather an ex-
cited manner, that "all other ques-
tions will sink into eternal igni-
ficance, in less than a very short
time, except the silver question.
It is the question of the hour, the
hope of the country; it will not go
down."

"What do you think will be the
result of the present agitation of
the silver question?"

"Sir, the result will be, that this
will be the only issue before the
people, in all the states of this
union until the next presidential
election and my word for it, the
next national democratic conyen-
tion will be overwhelmingly for
free silver. The last one was for
it, but timidity prevented it from
so declaring, but this false modesty
will be gone, ere another national
convention meets. Yes sir, nothing
but free and unlimited silver will
satisfy the democracy of this
country."

"What do you think of the out-
look for democratic success in
1896?"

"The democratic party will carry
the country next year more com-
pactly than it did in 1892, and in
order to do so it is only necessary
for it to declare, first for free cin-
age, second for a repeal of the
bank tax, third against the tariff
except for revenue only and fourth
against national banks. A plat-
form with these four planks in it
cannot fail to succeed, besides
they will drive lots of corrupt
democrats out of the party, but
in their place five to one will re-
turn. So long as the legislative
power of this government fights the
people's (silver) money, fosters
protective tariff laws, and upholds
national banks, so long will the
people be oppressed and the
money power of the country ben-
efitted."

"Will you enter the legislative
race in the counties of Lyon and
Marshall?"
"No sir, I will not."
"Who do you favor for United
States Senator from Kentucky?"
He quickly answered "the Hon.
J. C. S. Blackburn." Some other
questions of minor interest were
propounded to him, but he fatally
refused to be further interviewed
by saying "there was nothing at
present so much engaging his mind
as the advancement of the silver
cause."

gave them to understand that he

proper time did come.

HARVEY.

Uncle John Vaughn who has
been sick, for some time is able to
be up and around some.

Our merchant and Post Master
J. H. Ivey, was sick a few days,
the latter part of last week.

From the way a certain person
near here, Simeon, by name, was
courting a girl at the barbecue
Saturday we are inclined to think
we will have a wedding in the
near future.

Harlie Rose, is in mourning.
Cause another young man court-
ing the girl he once called his own.
Ed Ivey looks sad. It is said
that his girl has gone back on him
and he has sold his bicycle.

We have heard of schemes be-
ing laid to catch suckers and fail
to bag any game. Such was one
planned here a few days ago.

As ye scribe has been sick for
the last week we are scarce of
news.

HANK MONK.

A Mammoth Youngster.

A baby girl has just arrived in
Southwest City, Mo., who will be
the biggest woman on earth if she
lives. The very day she was born
she weighed 63 pounds. She is
now more than 70 pounds in
weight, and measures 30 inches
around the waist. Her arms are
10 inches in circumference and
her hands and feet are as large as
a man's. This fat baby is the
daughter of T. J. Matthews, a far-
mer, who lives in the Cherokee
nation. Parents are small and if
the baby keeps growing it will
soon weigh more than both of
them.

Is spent annually for Tobacco.
Thousands of men die every year
from that dreadful disease, Cancer
of the Stomach, brought on by the use
of Tobacco.

The use of tobacco is injurious to
the nervous system, promotes heart
troubles, affects the eyesight, injures
the voice, and makes your presence
obnoxious to those clean, and pure
from such a filthy habit.

DO YOU USE TOBACCO?

If you do, we know you would like
to quit the habit, and we want to
assist you, and will, if you say the
word.

HOW CAN WE HELP YOU? Why, by
inducing you to purchase a box of
Colli's Tobacco Antidote, which is a
preparation compounded strictly of
herbs and roots, which is a tonic to
the system; also cures the tobacco
habit and knocks cigarettes silly.

HOW DO WE KNOW IT WILL CURE YOU?
First, by its thousands and thou-
sands of cures; Second, by the in-
creased demand for it from the most
reputable wholesale houses; Third,
we know what it is composed of, and
that the preparation will clean the
system of nicotine, and will cancel
all errors of the past.

YOUR DRUGGIST has Colli for sale.
If he has not ask him to get it for
you. If he tries to palm off some
thing just as good, insist on having
Colli. If he will not order it for you
send us (\$1.00) one dollar, and re-
ceive a box of Colli postpaid.

In most cases one box affects a
cure, but we guarantee 3 boxes to
cure any one.

Messrs George Goodman and Claude Baker, of Paducah, were in the city Sunday evening. They were on the outlook for "somebody" that wasn't here, and, as they came through on their wheels and was out of breath and girls too, they boarded the first train and left with tears in their eyes.

Children Cry for Pitcher's Castoria.

A Word to the People.

We have been running the BENTON TRIBUNE, for over six years, during which time, we have tried to publish a good county paper, and please the people

We have succeeded beyond our expectation, and hope we have pleased our readers, yet there are hundreds of people in the county, who would gladly take the paper, if an opportunity were afforded them to do so, and to this end, we have employed Mr. Chas. W. Ely, a popular gentleman, well acquainted with the people, and have authorized him to canvass the county and solicit subscriptions, make job and advertising contracts, collect old subscriptions and settle all outstanding accounts due us. He will visit you in a very short time, in the interest of the

BENTON TRIBUNE

and we ask you to subscribe for your county paper, when you see him, and to be ready to pay whatever you may be indebted to us on old subscriptions or otherwise. Allow us to thank you for what you have done for us in the past, and we ask a continuation of your favors in the future.

Below will be found the extra inducements we are now offering the patrons of the TRIBUNE:

Tribune from now until November 1896 for \$1.00.
Tribune, Home and Farm one year for \$1.10.
Tribune and St. Louis Republic \$1.50.
Tribune and Globe Democrat \$1.50.
Tribune and Courier-Journal \$1.50.

A like discount with any other paper will be given free besides a copy of Lemon's History, goes with each subscription price paid on either new or old subscription. This puts the TRIBUNE in the reach of everybody, and gives all a chance to assist their home paper.

Your Grateful Friend,
J. R. LEMON.

Children Cry for Pitcher's Castoria.

Their New Baby.

Light and sunshine has at last come into the now, happy little home, of Mr. W. C. Rowe. It is a robust boy baby, and tips the beam at nine pounds. Nine long anxious years have passed away, since Mr. and Mrs. Rowe were married, but their cup of happiness, has never been brimful until the birth of their bouncing little boy last Sunday.

When you go to Dawson Springs Ky., stop at the Summit House Rates, \$7 per week; \$26 per month Children, half rates. Special rates to families and parties of five or more from same place. H. H. RAMSEY, Prop'r.

The music stand, fell at the barbecue, west of town last Saturday, and came near hurting several persons, but no one was hurt, except Mr. Clint Strow, he was left hanging to a limb, which scratched his arm, but not seriously. It was not a pleasant sight to see him hanging to a limb, up beside a tree.

Mr. J. C. Parker, of Jackson, Tenn., who is now visiting in Mayfield, brought over the following young ladies Saturday evening to spend Sunday. Mrs. Pat Hendley, Misses Sue Jones, Boone White, more and Cora Kemble, of Texas.

Dr. Price's Cream Baking Powder
World's Fair Highest Medal and Diploma.

Mr. Joe Belcher, came here to mill, last Saturday and while his way lost a bag of wheat, never missed it, until he got river, one mile east of town, he took out one of his mules and went back to hunt it. He never found it, until he reached Mr. J. T. Clark's, two miles back towards home. This is worse than a small boy would do, and it is a good joke, on the old boy.

I heard of Dr. Bell's Pine Tar Honey being for sale at the store of Messrs. Gann, Burnett & Co., Grantsburg, Ills., and seeing many commendations from different persons, of its wonderful valuable merits, I thought I would try a bottle. I have been seriously affected for 25 years with a cough and pains in my side and breast that were causing me a miserable life. I spent hundreds of dollars with doctors and for medicine, but everything failed until I tried this wonderful remedy. It beats the world, and has saved my life. I recommend Dr. BELL'S PINE TAR HONEY to every body with weak lungs. It is a great success. Sold by all druggists.

J. B. ROSELL,

"Incurable."
We know that it sounds quackish to talk about Electropoise curing incurable diseases, but bear in mind the fact that it is the old treatment which has pronounced the case incurable. We do not make the claim, that we can cure all so-called incurable diseases, but we do maintain with all earnestness that a pronounced incurable by your family physician is a splendid field for the operation of the Electropoise. It may be just the treatment necessary, and is quite likely to be so. If it fails this is no argument against the "Poise," but in such a case, the physician's statement is proven to be true. But many a man who has been given up by his physician has again received life through treatment of the Electropoise.

Where The Boys and Girls Will Teach.

Just at the opening of the schools in the county; there is always an interest felt by most every one, as to where the teachers will "keep school" during the fall term. There are 57 common school districts in the county. Teachers have been employed in all these districts and most of the schools have already begun and are now in full working order. These 57 teachers will draw from the state about \$12,000, which will be a snug little sum to distribute among so worthy a class of young men and women and perhaps not a dollar will not go where it is not needed and not merited. Below will be found the names of the teachers and the number and name of each school district, which we hope will be of interest to both the teachers and the people of the county.

Three Boys.

There are three brothers in Fulton county, who had each an 80 acre farm given them 10 years ago. Two of the boys live on their 80 acres today, and while it is true they have made a good living, neither has saved any money. The other brother has added to his farm 160 acres of land and is said to have a good "stout" sum of ready money on hand. This year he raised on his farm and sold in Fulton, \$1,680 worth of wheat—more than twice the amount made by his two brothers. Under a populist administration this would be a "crime" that ought to be legislated against.—Fulton Guard.

A good number of our gentleman friends a few miles out south of here spent a few days seining on Clark's river last week but fish wasn't as plentiful as they expected.

Vote as you will, my brother, It tells for weal or woe; In politics as elsewhere, We reap just as we sow.

Last Friday and Saturday were examination days several persons were examined.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.

Lewis Brinley, of Fair Dealing, aged 19, and Miss Louisa Henson, aged sweet 16, were married Friday at Paris, Tenn.

W. H. Nelson who is in the drug business at Kingville, Mo., has so much confidence in Chamberlain's Colic, Cholera and Diarrhoea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the remedy is a certain cure for the diseases or which it is intended and he knows it. It for sale by R. H. Starks.

By authority, we wish to state to readers of the Tribune that Mrs. Davis Smith, of Glade, who got snake bitten some time since, and was cured by a faith doctor, is all a mistake, that is, the doctoring is. She was cured by Dr. Wilson, of Olive, and is now getting well. The writer just made a mistake.

I suppose you are aware of the fact that some time since, there was a notice in the TRIBUNE, that Mr. Joe Minter would marry the first cool day in August and last Thursday said that day and he hasn't married yet. What is the matter Joe? Girls, you see that he don't stick to his word.

Last June, Dick Crawford brought his 12 months old child, suffering from infantile diarrhoea, to me. It had been weaned at four months old and being sickly everything ran through it like water through a sieve. I gave it the usual treatment in such cases but without benefit. The child kept growing thinner until it weighed but little more than when born, or perhaps ten pounds. I then started the father to giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used, a marked improvement was seen and its continued use cured the child. Its weakness and puny constitution disappeared and its father and myself believe the child's life was saved by this Remedy. J. T. MARLOW, M. D., Tamaroa, Ill. For sale by R. H. Starks.

About The Institute.

One of the most satisfactory, county institutes, that have been held in this county, for many years closed last Friday week. It was in session five days, with a good attendance, and a fine interest. Prof. A. M. Hirkland, of Fulton, Ky., was the conductor and from the expressions, we heard his services were quite satisfactory to the officers and members of the institute. He is a fine broad-gauge teacher, with an abundance of natural ability and enough christian prudence to make him popular wherever he goes and an energy that never fails to work out success in whatever he undertakes. The work of an institute is not always satisfactory to those who attend and in many instances we have seen them close with many of their members complaining and dissatisfied with some one thing and some another, but this one ended without any of these complaints, so far as we have been able to learn. The county superintendent did what he could to make all of the teachers feel at home and enjoy themselves during their stay at the institute. The teachers were very attentive and they too did what they could, to make the institute one of the best and to a great extent they succeeded in doing so. The citizens of the town and many from the surrounding country, visited the Institute from time to time and greatly enjoyed the exercises and were much edified by what they saw and heard. The teachers are all well pleased with the per capita this year and are anxious to get to their work believing they are able and willing to do the best work they have ever done before. As the pay increases so should the work of the teachers improve, for they as a class, are receiving better pay for their labors than almost any other class of people, and they should do all they can to give value received for the good pay they are getting.

We are in receipt of a letter from Rocky Point, non de plume "Paddling Duck," that came in too late for publication last week and to be in this week would be entirely too stale for publication, and most all of the news any way was a week or two behind time. We will try however to publish the next one if you will write a little plainer and get it here and time.

It also causes loss of vitality.
