Rheumatic Pains

Pain in the bones, joints, muscles and tendons is known as rheumatic pain. This pain is often accompanied by swelling and redness in the affected area. Treatment for rheumatic pain may include rest, physical therapy, and medication. Home remedies such as hot or cold compresses, warm baths, and gentle stretching may also provide relief.

The trend of chicken farmers is to vaccinate their flocks against the common ailments. This practice, which has been widely adopted in recent years, has been shown to improve the health and productivity of poultry flocks. However, some farmers may be hesitant to adopt these practices due to concerns about costs or the availability of vaccines.
