ESTABLISHED 1898.

Fulton, Kentucky, Wednesday Afternoon, December 18, 1940

Volume XLII—No. 300.

THE LISTENING POST

● Late in December brings what seems to me the strangest part of the entire year. It is a time of short days; a time when darkness creeps upon us without warning and when even familiar things assume strange appearance. Night falls swiftly, there is little twilight, little tarrying of the day and before we realize it another day is gone and a long night over the earth.

● I have a habit of driving along the highways after the day's work is over, and short weeks ago it meant a drive along highways made glorious by a dying sun. It meant seeing the sunset against heavily wooded forests, and across fields which were lush with green pastures. Sometimes it meant seeing the sun go down far down the reaches of the river at Hickman or another nearby river point; with the river shining in silver and gold under the late rays of the sun.

● But those pictures have faded as December has marched along. It seems a strange world in which I travel these late afternoons—a sort of half world which I have never seen before, and a world peopled by strange things. No longer is there a sun, and vision is shortened by early dusk which sweeps in with resistless force. The forests are bare, standing clear and gaunt against the deepening dusk; the fields no longer green and inviting. Cattle still graze in the fields, but in the late afternoon they cannot be seen clearly; only a blur and an outline reveal their presence to the traveler. Lights from far off homes shine mistily through the dusk, and few times is the smoke from chimneys to be seen. Now and then, if a home stands on a hill or in an open place, smoke can be seen rising from faintly outlined chimneys, but usually only the gleam of lights is seen.

● The travelers I meet and pass also are strangers. I see a car light far down the road. It nears me swiftly, there is a humming of the motor, a beating of wind as we pass and the car is swallowed up in the darkness, only the red tail light gleaming in the rear view mirror. No glimpse of the driver, no knowledge of the license plate, no certain knowledge even of the sort of a car it was.

● Then far down the road appears a chain of red and green lights, looking very much like a Christmas decoration, and I know a truck is rolling along the road. It draws nearer and nearer. I hear the beat of its powerful motor, then it roars past with a blast of air beating against my car as we pass. It appears ghostly; a ship in the night plowing through a strange sea, and the only sign of life I see is the red glow of a cigarette high up in the cab. I know that high up in that cab a man sits. I know he is piloting a huge load of merchandise along a highway, bound, perhaps, for some distant city, but so short is vision, so dark is the night, that it gives me a feeling of meeting and passing some strange apparition: some vehicle which is not piloted by human hands. There is only an instant as we pass and then both of us are closed in again by the deepening darkness.

● Then there are long stretches where no cars are met; when I seem to be traveling in an empty void. At times it seems that I might be almost flying, for only in the glare of the lights ahead can I see the pavement. At the sides no earth is visible and behind there is no reflection in the mirror. Then comes the flare of lights against the clouds as some town nears, and the strings of colored lights, the lighted houses, are very cheerful. Though the town and again the open road with its oppressive feeling of utter loneliness, and finally the lights of the home town show up far over the horizon.

● A strange month, December; one which creates and holds illusions.

Would Take Delivery On Her Orders

Contracts Awarded For 40 Destroyers; Hull Asks Speed

Washington.—President Roosevelt announced a sweeping new plan for helping Great Britain to fight under which the United States government would take over on a lease or mortgage basis to be repaid in kind after the war. Under the plan, planes and guns, for example, would be leased to the British. After the war, if they were still in good condition, the British would be expected to give them back. If they had been destroyed, the British would be obligated to furnish this country with equivalent weapons. The President likened it to a man lending a neighbor a hose to put out a fire in his house.

In a long discussion of the proposal at his first press conference since he returned from a Caribbean cruise, he said it was still in the exploratory stage and would require time to work out both here and in London. He did not go into details about the cost of the plan to the United States except to say that this country had sufficient money to do it. Stressing that the best defense of the United States is to aid Great Britain, he declared emphatically that his proposal would not take this country nearer to actual participation in the war.

The plan, or something like it, he said, would be presented to the new Congress. But he said it involved no changes in the Neutrality Act of the Johnson law which forbids loans to debt defaulting nations. The President described his objective broadly as the elimination of the dollar sign in connection with help for Britain and substitution of a gentleman's obligation.

Refusal to be drawn into a discussion on where the title to the goods would be, he asserted that that was something for the lawyers to work out. The United States, he said, was not likely to get into war for legalistic reasons.

Former Citizen Sends Potatoes Here

J. W. Hackett, well beloved citizen of Fulton, who is now living with his daughter, Mrs. Oral Rogers in Boise, Idaho, sent the Leader a greatly appreciated Christmas remembrance this morning. It was a box of the famous Idaho potatoes and when these are served at Christmas time many of Mr. Hackett's good friends will remember him.

Canada Bans Luxuries Imported From United States—Tax Is Stiff

Ottawa.—The hard necessities of war are squeezing the "pulp" out of Canada's living standard. A Spartan existence lies ahead. Specifically, pulp means the "pulp" periodicals on which Canada's reading public has been spending millions every year, detective and western story magazines, magazines of confession and strange adventure, paper-bound books of "comics" and the like—all imported from the United States.

But the "pulp" magazine is only one of a long list of items on which the Government has slapped an embargo; as such it is merely a striking example of the non-essential "pulp" which the Government is determined to eliminate from Canadian consumption.

Passenger Cars Banned
Other items on the list formerly imported from the United States include such luxuries as: Passenger automobiles, motorcycles, bicycles, trailers, pleasure boats of all kind, cigars, cigarettes,

"City Of Miami" Makes Initial Run Today

The Illinois Central's new streamline train, "The City of Miami" will make its initial run to Florida today and will pass through Fulton at 4:30 this afternoon. O. C. Walker, formerly of this city but now of Jackson, will be the engineer from Cairo to Jackson on the run today. He is the father of Mrs. Roy McClellan of this city.

This new streamliner will make the trip from Chicago to Miami in 29 1-2 hours—the fastest schedule ever offered. Each coach on the new train has its individual color scheme. In one yellow, blue and coral predominate; in another, green, copper and gold; in a third, tan, blue and gold; and in the fourth, blue, copper and tan. Large photo-murals of Florida scenes done in a new color process match the color scheme in each car. The seats are of the most modern design, individually adjustable for complete relaxation and sound sleep.

The Bamboo Grove—the Tavern Lounge—Observation car is the decorative highlights of the trip. Semi-scheduled sections at the entrance are upholstered in coral leather with yellow piping. Separated from these by bamboo grilles is the luxurious main lounge, upholstered in green, coral and gold with burgundy carpets of bamboo design, fringed panels, cork wainscoting and zebra-wood pliers. The bar section has a natural bamboo bar and canopy against a photo-mural background, a palm tree, fibre matting floor covering and carved eucalypt masks. A mural route map of the territory through which the train travels is provided at the bar, so arranged that, by means of illumination, the progress of the train and the scheduled time of the stops will be shown. The streamliner will make a very brief stop in Fulton.

Jap Minister And U. S. Envoy Talk "Problems"

Tokyo.—U. S. Ambassador Joseph C. Grew and Foreign Minister Yosuke Matsukata Tuesday held their first conference since November 30. The Foreign Office said they "merely exchanged views of American-Japanese problems," and that the two-hour conference had no tangible result.

Observers believed, however, that recent movements of American submarines and airplanes to Manila might have been among the subjects discussed. Japanese military circles were inclined to take a serious view of these movements, but the press was silent on the subject.

More Arms Jobs Listed As Army And Navy Spent Hundred Million

Washington.—The Army has placed contracts for more than half of the current phase of its ordnance plant expansion program and the Navy has selected sites for the balance of such plants that it intends to build. During the week ended last Thursday, the latest for which official figures are available, the Army let contracts totaling about \$79,000,000 for all purposes. The Navy's total was \$36,599,209.

A round-up of the seven days of defense spending activities showed that Army contracts included \$12,500,000 for Air Corps material, \$22,800,000 for the Quartermaster Corps, including some for military housing and other construction, and \$35,900,000 for ordnance. This brought the total obligated by the War Department in the current defense drive to \$4,696,200,000.

Produce Leaders Discuss Plans To Supply Army

Washington.—The Army is going to include fresh fruits and vegetables in soldiers' diet to the extent that they can be brought within the ration allowance. Spokesmen for the service advised a meeting of fruit and vegetable dealers today, however, that canned goods would have to be substituted if a "proper" procurement system for fresh produce was not developed.

The meeting appointed a sub-committee to confer with J. A. Martin, special adviser to the coordinator of purchases, in developing a program. The group includes Joseph Digiorio, president of the Digiorio Fruits Corporation, San Francisco; Ezra T. Benson, executive secretary of the National Council of Farmer Co-operatives; William Garfitt of Chicago, executive vice president, United Fresh Fruit and Vegetable Association; and C. W. Irrgan, president of the Chicago Fruit Auction Sales Company.

Car Strike Truce Hoped For On Eve Of Conference

Covington, Ky.—A break in the deadlock which has tied up transportation facilities in the Cincinnati-Northern Kentucky area for ten days was hoped for Tuesday night on the eve of a conference between union officials and operators of the Green Line street cars and buses.

C. O. Sherrill, Cincinnati City Manager, called the meeting. Also scheduled for hearing Wednesday is a suit filed by the Dixie Traction Company, owned by the Green Line, against the local union of the Amalgamated Association of Street Electric Railway and Motor Coach Employees in which the Dixie firm seeks to enjoin the strikes from interfering with its buses.

"Trouble-Maker" Blamed In Strike Of Motor Workers

Detroit, Mich.—The Briggs Manufacturing Company said today approximately 1,200 men had walked out of their plant at Vernor Highway, and Hart Ave., because an alleged "trouble-maker" had not been transferred to another plant. The company said the plant would be open for work as usual tomorrow. Briggs plants manufacture automobile bodies.

Michael Grossens, official of the Briggs United Automobile Workers (C. I. O.) Briggs local said the company had promised to transfer the man, a member of the U. A. W.-A. F. L., yesterday. A Briggs spokesman said written requests for the transfer had been received only this morning and there had not been sufficient time to reach a decision.

Kroger Employees Get Xmas Bonus

Distribution of Christmas bonus to approximately 600 employees of the Memphis branch of the Kroger Grocery and Baking Co., which operates Kroger food markets in this area, was under way today, W. C. Smashey, branch manager, announced. Similar distribution was in progress throughout the company, he said.

Accompanying the checks was a personal Christmas greeting from Albert H. Morrill, Kroger president. In his message Morrill also informed employees that \$500 had been added to their group life insurance policies for the year starting Dec. 2, 1940, without any additional premium cost. This increases the value of their original \$1,000 policies to \$2,500, two other \$500 increases having been effective previously. Smashey said that directors of the grocery firm had appropriated \$300,000 as bonuses to all who have been in the employ of the company for a year or more, except branch executives and keymen who already are participating in a profit sharing plan.

Willkie Wants Liberal Chief, Party Hears

Washington.—Close associates said Tuesday that Wendell L. Willkie wants the Republican National Committee to choose a new chairman who will represent "the back-home element" in the party and who will favor the "social gain" of the New Deal.

Willkie, here for talks with personal friends, was said to believe the party should have a chairman who came up from the ranks of Republican organizations rather than a man well established in the National political scene. Friends declared that the 1940 Presidential standard bearer believes that a "liberal" new leadership is vital to the effective functioning of the party.

Willkie flew back to New York for a conference late Tuesday with Representative Joseph W. Martin, Jr., of Massachusetts, chairman of the National Committee, who has expressed a wish to resign. Martin has said that his duties as minority leader of the House would prevent him from continuing as chairman.

Denver.—When Ronald Allee, 7, ran into the side of an automobile, it probably surprised the driver more than Ronald. A year ago Ronald broke a collarbone in a fall from a horse. Still in a cast he tumbled down a stairway and cut his scalp severely.

Red Tape Is Cut In Order To Rush Construction Of Camps

Washington.—The new director of the Army's \$1,137,000,000 construction program took action today to speed lagging work on camps, cantonments and other defense work.

Lieut. Col. Brehon B. Somervell, vigorous engineer officer placed in charge of construction only seven months ago, announced decentralization of the Army's share of the vast building program in the interest of speed and efficiency. Somervell also took steps to reorganize the harassed national headquarters, ordering eleven major administrative sections consolidated into five effective today.

To deal with labor difficulties which Secretary F. I. M. reported had caused delay in completing twenty-five camps, Somervell said an official "of wide experience" would be named in a few days. Avoiding forecasts on progress of camp construction, the new director said winter weather would be a handicap. He said it would take "every bit of experience, drive and energy we have" to complete camps and other facilities on schedule with the Army's goal of 1,400,000 men by June.

Britain Told Nazis Making Invasion Plans

Beaverbrook Appeals For More Bombers To Halt New Threat

London.—Lord Beaverbrook, boss of Britain's aircraft production, warned the British tonight that Adolf Hitler is making "immense" preparations to invade England before next spring and called upon his plane builders to "roll out the bombers" to help meet the threat. Britain has won day-time command of the air over the United Kingdom Lord Beaverbrook said. In his broadcast speech, he disclosed that a "whirlwind" fighter plane had been added to the Spitfires, Hurricanes, and Defiants which have met the German Luftwaffe. Nothing further was divulged about the new plane.

Lord Beaverbrook told the British that they were "much too confident" and that "overconfidence" is not justified now.

Invasion Planned
Germany is "making preparations for invasion of England before springtime—by land and sea, but principally by air," Lord Beaverbrook declared. There are "sure and certain signs" of a feverish development in aircraft production in the Reich, he added. "So we are warned. We know that same measure of preparation was carried out in Germany last winter. Tanks and dive-bombers to destroy the French; the same thoroughness will be employed against us when the time comes."

573-Mile Drive For Court Hearing Wins Dismissal
Cincinnati.—William Junior Johnson, 33, was charged with only a minor infraction of the city's traffic ordinance—but he drove 573 miles to answer a citation for his arrest.

"I'm sorry I'm late," he apologized, "but I've been driving all night—from Camden, N. J.—to get here."

"You're an honest man," replied Judge Otis Hess. "Capias withdrawn, fine remitted. Case dismissed."

Red Tape Is Cut In Order To Rush Construction Of Camps

Washington.—The new director of the Army's \$1,137,000,000 construction program took action today to speed lagging work on camps, cantonments and other defense work.

Lieut. Col. Brehon B. Somervell, vigorous engineer officer placed in charge of construction only seven months ago, announced decentralization of the Army's share of the vast building program in the interest of speed and efficiency. Somervell also took steps to reorganize the harassed national headquarters, ordering eleven major administrative sections consolidated into five effective today.

To deal with labor difficulties which Secretary F. I. M. reported had caused delay in completing twenty-five camps, Somervell said an official "of wide experience" would be named in a few days. Avoiding forecasts on progress of camp construction, the new director said winter weather would be a handicap. He said it would take "every bit of experience, drive and energy we have" to complete camps and other facilities on schedule with the Army's goal of 1,400,000 men by June.

THE ENDURING GIFT

Make this Christmas a turning point for some child or some close friend.... Make him a gift of a block of stock in the FULTON BUILDING & LOAN ASSOCIATION. You can pay as much or as little as desired on this stock and the one receiving it will remember it through the years to come. It will teach a child the value of thrift; it will start him solidly on a career of systematic saving. Such a gift will be appreciated by any person.

Come to our office today and talk over the matter with us.

Fulton Building and Loan Association

Communal Feeding Urged On British

London — Food Minister Lord Woolton said today only ten cities and towns in Britain had provided for communal feeding in event of heavy bombing, and urged others to speed preparations to care for civilians forced to leave damaged homes.

"We have the food in the areas," he said. "We have gone to infinite trouble to see that no place shall starve. All I am asking local authorities to do is to arrange to cook it. They want only the necessary premises with two sorts of fuel—coal and oil. They cannot rely on gas and electricity."

SLAYING LAID TO LOST LOVE

Hull, Mass. — The slaying of Kenneth S. Legro, 30, accountant and Dartmouth College hockey player, sent police today on a hunt for a Salem man described by District Attorney Edmund R. Dewing as a rejected suitor of the victim's widow.

Legro, a Dartmouth '32 graduate and a bridegroom of three months, was wounded fatally by three shots as he was about to enter the front door of his cottage home last night on his return from work.

Three shells were recovered on the front porch, police said, but a search failed to reveal the weapon.

Police Sgt. Joseph V. McDonough, in Salem, said the man being sought had rented an automobile from a garage there yesterday afternoon and that the man's own car, later found parked near the garage, had been seized.

Legro's wife, the former Marie Chenery, of Peabody, told police she was alone in the cottage, listening to a radio at the time of the shooting.

Neighbors, responding to her cries after she had gone to the door, aided her in carrying her husband into the house, where he died without regaining consciousness.

HIGHWAY BILLBOARD IS CHANGED TO SOOTHE RUFFLED FEELINGS

Memphis, Tenn. — A highway billboard which caused renewal of an argument between the Shelby county, Tenn., and DeSoto county, Miss., sheriffs over alleged borderline gambling has been changed in an effort to soothe ruffled feelings of Mississippians.

Sheriff Guy Joyner of Shelby county, whose signature appears on the billboard, yesterday inserted the word "Memphis" and "Two Miles" so that the sign now reads:

"Two Miles (these two words inserted) Down the Road in Mississippi Are Gambling Dens and Dives Run By Memphis (this word inserted) Thieves: They Cheat You, They Rob You, They Slug You, They Get Your Money."

"Some people in Mississippi think I'm accusing them personally, but I'm not," said Joyner, who has threatened to take armed deputies on a raid into DeSoto county and "chop down" alleged gambling establishments operating just over the Tennessee line. The state line is within ten miles of Memphis.

The sign, guarded day and night by armed deputies, has drawn the ire of several newspapers and citizens in Mississippi.

WINDSORS TERMINATE UNITED STATES VISIT

Miami, Fla. — The Duke and Duchess of Windsor terminate today their first visit to the United States since Edward abdicated the English throne to marry "the woman I love."

Happy over the cordial reception they received here, the Windsors planned to sail at 5 p. m. (EST) aboard the yacht Southern Cross on the return trip to Nassau, where the duke will resume his duties as governor of the Bahamas.

The duchess appeared virtually recovered from the effects of a major dental operation, including extraction of a tooth, the brought the Windsors to Miami just a week ago. Dr. Horace L. Cartee said a "slight complication" that occurred after the Windsors moved from a Miami Beach hospital to the Miami Biltmore hotel had entirely cleared up.

In the duchess' wardrobe on the return trip will be three or four dresses, ranging in price from \$12.50 to \$25 that she purchased here.

ARMY MAKES PLANS TO TRAIN SURGEONS

Washington — The War Department today took steps to train surgeons and other medical personnel for the expanding Army.

It authorized \$584,056 to construct quarters for reserve officers and 750 enlisted men at the Walter Reed General Hospital in Washington.

The reserve officers will pursue special courses in surgery and general medical practice. The enlisted personnel will get technical training as laboratory, X-ray and dental technicians, war masters and ward nurses.

P. T. A. MEETS TOMORROW AT S. FULTON

The South Fulton P. T. A. will meet tomorrow afternoon at three o'clock.

20 PERSONS INJURED IN DYNAMITE BLAST AT PLANT FOUNDED BY NOBEL

Stockholm — An explosion in the great Björkborn dynamite plant founded by Alfred Bernhard Nobel of peace prize fame seriously injured at least 20 persons and shattered many buildings in the southern city of Karlskoga where thousands of inhabitants immediately ran underground into air-raid shelters.

Firemen fought desperately to prevent raging fires from reaching powder magazines. After a 5-hour fight the government defense staff said they had mastered the flames which threatened the extensive munitions and steel works.

It was not determined immediately whether there were any dead.

A great blast knocked out windows, razed some buildings, broke telephone lines and caused general property damage for a distance of a mile from the plant. Part of the city had to be evacuated.

AMERICAN-BORN WOMAN FORCED TO GIVE COAT TO MARSHAL GOERING

New York — Paquin's celebrated salon in Paris was crowded, and among those fingering the stylish coats and wraps was Lady Decies, American-born peeress.

Suddenly, a well-upholstered man strode in, eyed a coat in Lady Decies' hands—she was just about to buy it—and said:

"I'll take that coat for my wife."

"I didn't argue with him," the former Elizabeth Wharton Drexel of Philadelphia explained last night after her arrival on the American export liner Excalibur.

"He was Reich Marshal Hermann Goering."

"It was a nice coat, too," she sighed, "beige with fur collar."

Lady Decies said Goering now lives in the former French capital.

She said the Germans had taken over all the better known hotels, including the Crillon, the Ritz and the Continental.

FAIRBANKS RUNS TO TWO EXTREMES

Fairbanks, Alaska. — Last week Fairbanks was in the midst of a hot spell, with the thermometer registering 34 degrees above zero.

Today the mercury dropped to 38 below and outside construction work at Ladd Field Army air base was halted.

At the village of Beaver the temperature was 70 below.

RUTH ALLEN CLASS ENJOY XMAS PARTY AT MRS. HART'S HOME

Beautifully planned in every detail was the Christmas party enjoyed last night by the members of the Ruth Allen Sunday School class of the First Baptist Church in the home of Mrs. Tan Hart on Fairview. Assisting Mrs. Hart as co-hostesses were Mrs. Cecil Weatherspoon, Mrs. T. M. Conley, Mrs. T. B. Neely, Mrs. Tom Hale, Miss Lillian Tucker and Mrs. A. E. Crawford. Forty-five regular members were present with two visitors, Mrs. Clarence Weatherspoon and Mrs. Clara Caldwell.

Mrs. Hart's home held an artistic arrangement of all Christmas decorations, including miniature Santa Claus, silver bells, wreaths, holly and burning red tapers. A beautifully dressed Christmas tree was also arranged.

Early in the evening the regular meeting of the class was held with the president, Mrs. A. E. Crawford, presiding. Old and new business was discussed and minutes of the last meeting were read by the secretary, Miss Lillian Tucker. A devotional, taken from the 2nd chapter of Luke, was impressively given by Mrs. S. M. DeMyer. She gave a delightful Christmas story, discussing the birth of Christ and "The Angels' Song." Mrs. Carl Hastings beautifully gave a Christmas story about the origin of Santa Claus.

The meeting was then turned over to Mrs. Tan Hart, the program chairman and she conducted a

most enjoyable social hour. The feature entertainment was a scavenger hunt with all articles to be found located within the house. This was in charge of Miss Tucker. Winning the prize was Mrs. E. H. Knighton and the second prize went to Mrs. John Long.

Little Jimmy Collins, dressed in a suit duplicating that of Santa Claus, then appeared before the Christmas tree and distributed attractive gifts to each one present.

Delicious cake and coffee were served late in the evening to the following:

Mrs. Mesdames Hart, Weatherspoon, Conley, Neely, Hale, Crawford, Knighton, Long, Hastings, DeMyer, John Earle, J. W. Cheniae, F. J. Goodman, W. E. Black, M. D. Phillips, S. L. Craver, R. B. Allen, D. B. Vaughn, D. D. Legg, G. D. Robertson, Clarence Weatherspoon, Ralph Brady, Albert Bard, Stanley Mills, Doris Valentine, N. T. Morse, C. E. Cochran, W. E. Flippo, Clay McCollum, L. C. Brown, Max Cummings, I. D. Holmes, Carl Brittain, Fred Patton, T. E. Norris, Earl Taylor, V. Williams, L. J. Tucker, J. E. Hannephill, B. H. Gholson, Clarence Williams, Grace Cavender, Misses Tucker and Margaret Wroe.

IS THERE A MAN ON YOUR GIFT CONSCIENCE?

EASE YOUR MASCULINE GIFT WORRIES by selecting "just the right thing" from Lenthier's assortment of men's toiletries. A grooming quartet that will appeal to his pride of appearance consists of an ivory-toned bowl of shaving soap, a matching container of after shave powder, after shave lotion, and eau de cologne.

Presented in handsome gift box. Set—\$3.75

BENNETT'S DRUG STORE

SOUTH FULTON GIVES BANQUET FOR BOYS

The football boys of the 1940 South Fulton Red Devils team were guests of honor at a banquet last week-end given by the school at the cafeteria. Miss Peggy Hutchins, the football queen and daughter of Mr. and Mrs. Leon Hutchins, was also an honored guest.

The rooms were beautifully decorated for the occasion with all decorations and menu plans in charge of Mrs. Thomason, the home-economics teacher, and the sophomore girls. The tables were tastefully arranged and in the center of each was a miniature football scene. When the boys and their dates arrived the room was in darkness except for tall red tapers burning in double holders on each of the tables.

Orvin Moore acted as toastmaster with the following giving toasts to the team—Superintendent Will Cravens, Coach Jess Haynes, William Irvin, Royce Lee Dyer, Bruce Buchanan and J. C. Goode.

Mrs. T. A. Parham arranged an attractive program of music for the event.

Mrs. R. J. Parham and daughter, Doris, spent yesterday in Paducah.

BUNCO CLUB WITH MRS. MARION SHARPE

Mrs. Marion Sharpe was hostess to the Tuesday Bunco Club at the home of her parents, Mr. and Mrs. A. L. Shuck, Pearl Village. Among the three tables of bunco players, one visitor, Mrs. "Buster" Shuck, was present.

At the conclusion of the games first bunco was made by Mrs. John Morris who received hose as prize. Mrs. Lee McClain of Union City made second bunco and her prize was lingerie. What-not novelties were presented to Mrs. David Henderson as booby prize.

Mrs. Sharpe served a sandwich plate with coffee late in the afternoon.

This club will not meet through the Christmas and New Year holidays but will hold its next meeting on January 6 with Mrs. Joe Maxwell at her home on West State Line.

BRIDE-ELECT IS HONORED AT PARTY

Miss Jane Lewis, whose marriage to Louis Haynes, Jr., will take place during the Christmas holidays, was the guest of honor last evening at a delightful bridge party and kitchen shower at the home of Mrs. G. K.

Underwood in the Lamb Apartments, Third street.

Three tables of players were present and games of contract were enjoyed during the evening at the conclusion of which Miss Augusta Ray won high score prize. Miss Martha Moore held second high and also received a prize. The travel prize went to Miss June Dixon.

Following the bridge games the shower was presented to the honoree, after which a lovely party plate, carrying out the bridal motif was served to the following players, Misses Jane Lewis, Treva Wayne, Ruby Boyd Alexander, Helen King, Augusta Ray, Martha Moore, June Dixon, Almeda Hudleston, Ann Godfrey, Ruth Graham, Mrs. Harold Newton, Mrs. Robert Burrow, Mrs. J. O. Lewis, Mrs. B. B. Alexander and Mrs. Ira Little were tea guests.

JACKSON-HANDLEY WEDDING IN FULTON

The marriage of Miss Zula Juanita Jackson to Zehner H. Handley of Clinton, announced yesterday, took place in Fulton with Squire S. A. McDade reading the ceremony in the presence of Miss Helen Holmes of Hickory and Charles Franklin.

The couple will reside in Mayfield.

FANS ATTEND GAME AT BARDWELL
Among the Fultonians seen at night at Bardwell were the following: Clarence Reed, R. H. Wade, Jack Snow, Bobby Snow, Clyde Williams, Jr., Mary Ethel Iansden, Maurine Ketcham, Mrs. Thomas Browder, Mr. and Mrs. Allie Browder, Mrs. Roy Bard, Glenn Eugene Bard, Jane Dallas, Evelyn Hornbeak, Hafford Duke, Earl Sensing, Glenn Weatherspoon, Mr. and Mrs. Hoyt Moore, Tan Hart and Harold Mullins.

TO TEEN-AGE DAININESS!

LENTHERIC puts the stress on daintiness for the teen-age girl—and, in the name of daintiness, has created Bouquet "Pink Party."

Echoing the "Pink Party" perfume note in lighter form, the Bouquet version is intended as her informal fragrance. Its fresh, dewy fragrance enhances her youthful charm.

DUNCAN "Hobnail"

An Early American Pattern

The Early American Hobnail Pattern which graced countless homes in the last century, today finds renewed popularity with Duncan's faithful reproduction... taken from the original Duncan Hobnail molds... a continuation of an authentic old line. Discriminating women will find that Hobnail's age-mellowed beauty blends naturally and lends charm and dignified beauty to any setting in which it may be displayed. Duncan Hobnail reflects good taste.

ONLY HUNGARY PAYS ON WAR DEBTS; DUNS NOT SENT BALTIC COUNTRIES

Washington.—The World War debts came due again today but only Hungary paid and she did not pay in full.

For the first time, Finland was absent from the pay window, availing herself of a special act of Con-

gress authorizing her to skip the payment in view of her heavy war losses.

Great Britain not only failed to pay the \$127,670,765 principal and interest installment due today but was dicker with the cashier with a view to obtaining more money. Sir Frederick Phillips, undersecretary of the British treasury, was in town, presenting the facts of British financial resources to Secretary Morgenthau.

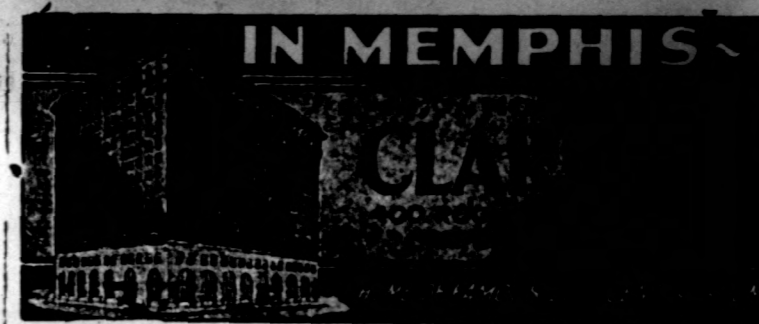

Hungary, which has made a practice in recent years of paying only a portion of the installments due, transmitted \$9,828 of the \$52,770 due today. Only one other country currently is paying. Greece makes token remittances but her bill does not come due until Jan. 1.
