The gold dollar, the silver dollar, nor the three dollar gold pieces are now being coined. They have all been discontinued by law yet there are men every day telling the people that they want the silver dollar on the same footing with the gold dollar. It is exactly on the same footing—the coinage of both have been discontinued.

We are at a loss to know why so many democrats who want silver placed before the country as it was prior to 1873, can't be content with the phraseology of the laws on that question of 1792 and 1837. How is it that they get the words "free and unlimited," so pat, in their minds, when they are such strangers to the wording of the very law, they claim to so dearly love.

**Consumption Can be Cured**  
by the use of Shiloh's Cure. This great Cough Cure is the only known remedy for that terrible disease.

Democrats, how can you afford to advocate "free and unlimited" coinage of silver at the 16 to 1 ratio? It has never been in any of the democratic platforms and such a ruinous policy to national credit, has never been championed by any party but the populists. The leading democrats, who have been placing, such undemocratic language at the top of their banners, are now beginning to haul them down.

As the whiskey question is now over with, except voting, that is, the long windy articles are, we will try and invest our valuable space in something more interesting to the enlightened public. We have been compelled to leave out several of our correspondents and now the space is open for you, provided you furnish the news and happenings in general. We hope our subscribers have had patience with us and if they will only lend a helping hand we will show you a paper of which Marshall county may feel proud.

**Pills do Not Cure.**  
Pills do not cure Constipation. They only aggravate. Karl's Clover Root Tea gives perfect regularity of the bowels.

Mr. Polk Brooks, has announced himself a candidate for the legislature from McCracken county, subject to the action of his party. As to how long he will remain on the track, time will reveal, if we are to judge him by others in that county, who came so boldly to the front for a few days, and then vanished, like mist, before the morning sun. Mr. Brooks is a good man, capable and competent to make an acceptable legislator. It is said he is a free silver man, and is for Blackburn for United States Senator. We don't know how this is, but we will go a ginger cake that he will sooner or later, be forced to declare himself along this line, but Polk, will certainly speak out when the time comes.

**A Baby's Life Saved.**  
"My baby had croup and was saved by Shiloh's Cure," writes Mrs. J. B. Martin, of Huntsville, Ala.

**To Be Congratulated.**

Cheif Singleton, of Paducah, is to be congratulated on taking such steps as will stop the uncharitable yells of the vendors of the hot tamale. Such hollowing and crying of the man who sells hot "tamales" on the public streets of a city like Paducah, is a nuisance and should be stopped. They may hereafter sell them, but they must be more quiet or Judge Sanders will fine them.

**A Great German's Prescription.**  
Diseased blood, constipation, and kidney, liver and bowel troubles are cured by Karl's Clover Root Tea.

**Four In Jail.**

There are four colored persons now languishing in the Marshall county jail. Simon B. Oden, Bob Waterfield and Callie Egner, are in there charged with the murder of George Egner, which took place some time since at a frolic in Birmingham. Ike Bourland, is also confined in jail charged with the stealing of a horse from Henry Folks, near Sharps, a week or so ago.

### FAIR DEALING.

Since ye scribe began to select the news from this place for publication, there has been a little muttering in the camp, as to "who it is that is putting himself to so much trouble to have that published." Now we don't care who it is, we have never written anything we can't prove. But in order to show ye scribe (and they can doubtless swear to many just such) we will give a few, of the many, characters who continue to talk for and against the Tribune, and its correspondence. First here is the big hearted, big mouthed and big headed citizen, they imagine that the importance of their ancestors, intitles them to a place of superiority or should retain their supremacy over their fellow man. They are continually pouring forth their sulphuric flames of hot-headed and vindictive criticism upon everything and everybody. Like the beguiling serpent of old they entwine you in a coil of deception, and ward you off with an immense wirred hand of pretended hospitality. They are very polite on public occasions and are generally found in the "upper class" on Sunday. But let some poor being try to rise and they are forever holding them to the public magnified to the full extent of their burning eloquence, and wondering why it is they made such a mistake. They expect to live in this world in pomp and splendor, and when they do quit their earthly habitation to go down in full orb'd glory, gilding the remainder of humanity with the bright jewels of their own ingenuity, to be preserved as a memorial and handed down to their posterity. But pusillanimity is the fate of all such; and ere your rich gems reach maturity thee and thine will have sank into oblivion.

Second comes the isolated but hospitable citizen. He lives to himself, never takes a paper no matter how cheap, and goes altogether by "they say." He heard you said you told something on him through the paper. They live on the atmosphere of ignorance, and sip from the bitter cup of disappointment. They eat, drink and make merry today, tomorrow they die and are forgotten after one night of sweet repose.

The above characters are not confined to Marshall alone, but are broadcast over our land and country.

We guess the churches of Benton are in a thriving and prosperous condition, under the supervision of such leaders as the one who written the "Ringing Letter" in the issue of August the 14th. Such queer church members upholding the sale of the abominable and nefarious traffic of liquor. Don't fight under disguise old boy, say my name used to be on the church book, but don't belong there now.

After the Blackburn speaking on the evening of the 15th, when most every body had gone to bed along the road, they were suddenly awoken by the keen, shrill voice of Hol Travis crying aloud in thunder tones "free and unlimited coinage of silver on an equal ratio with gold without any discrimination whatever." The philanthropist J. E. Ford, who had rather be right than be president, was in our village last week.

Our school is progressing splendid under the management of Prof. Geo. W. Oliver who, by the way, carries as much love of country as he does avoidupois. Geo. has been honored with the editorship of the educational column of the Star. A compliment indeed. DEMOS CRATOS.

**The Marshall County Cow.**  
There is no mistake, but the average Marshall county cow, has less good sound sense, than any cow this side of the Alps. These native cows have never learned yet that it is dangerous to get on a railroad track before a fast running mogul. They only look upon these engines as common worms crawling upon the earth. Go where you will, and travel as

much as you please by rail, you will never pass through a country where the cow has so little sense as the Marshall county cow. The cows have had enough to contend with in Paducah to cause them to have less sense than a Marshall county cow, but so far they do know how to keep off the track of a railroad or out of the wake of a night policeman. The railroad has been built here about four or five years and on twenty miles of track there have been 133 cows come to a premature death, by not having intelligence enough to keep out of the way of a moving train. The cows that have been killed were mostly Baptist in religion and populists in politics yet there were a few of the Christian and democratic faith that met death like true Spartans, but those who were Methodists and republicans died in the greatest fear of any.

### THE MODERN SALOON

The Modern Saloon swings open more gates to hell than any other power in the modern city. The saloon cuts down youth in its vigor, manhood in its strength, and age in its weakness. It breaks the father's heart, bereaves the mother, extinguishes natural affections, erases conjugal love, blots out filial attachments, and blasts parental hopes, and brings down mourning age in sorrow to the grave. It produces weakness, not strength, sickness, not health; death not life. It makes wives widows; children orphans; fathers friends—and all of them paupers and beggars. It covers the land in idleness, misery, and crime. It fills your jails, supplies your almshouses, and demands your asylums. It engenders controversies, fosters quarrels, and cherishes riots. It crowds your penitentiaries, and furnishes victims for your scaffolds. It is the life-blood of the gambler, the element of the burglar, the prop of the highwayman, the support of the midnight incendiary. It countenances the liar, respects the thief and esteems the blasphemer. It violates obligations, hates love, sports virtue and slanders innocence. It incites the father to butcher his helpless offspring, helps the husband to massacre his wife and the child to grind the parricidal knife. It burns up men, consumes women, detests life, curses God, and despises heaven. It supports witnesses, nurses perjury, defiles the jury box, and stains the judicial ermine. It degrades the citizens, debases the legislature and disarms the patriot. It brings shame, not honor; terror, not safety; despair, not hope; misery, not happiness, and with the maneuver of a friend it calmly surveys its frightful desolation, and unsatisfied with its havoc, it kills peace, ruins morals, blights confidence, slays reputation, and wipes out national honor; then curses the world and laughs at its ruin. It does all that and more—it murders the soul. It is the sum of all villainies, the father of all crimes, the mother of all abominations, the devil's best friend, and God's worst enemy.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

## Attention Farmers!

### Browning - Scientific - Churn.

Mr. Browning of El Darado Springs, Mo., the Patentee and J. D. O'Bannon general agent, is now with us for the purpose of introducing Browning Scientific Churn, which they sell on two weeks trial at the remarkable low price of \$6 and is worth its weight in gold. No territory for sale, we sell churns only.

Every farmer should examine this churn while we are here and convince himself of its cheapness and durability. We want good reliable agents in every county to sell our churns. We are bound to get our churn before the public and to do it rapidly. We are paying our agents a good commission. The churn speaks for itself it needs no comment, it will sell on its merits.

Farmers you all know that churning is hard work, so make it easy for your wife by buying her a Browning Scientific churn, which will do your churning in from two

to ten minutes time. While old way takes from thirty to sixty minutes to do the same work. By using Browning Scientific churn you get one fourth more butter from the same amount of cream than you do the old way, and you do your work much cleaner.

Browning's Scientific churn is the only churn that has a continual current of air passing through the milk while churning, which causes you to get butter much sooner than by the old way of churning. SCIENCE the rapid beating of the dasher causes the air to mingle with the milk and the oxygen in the air combines with the sugar in the milk and produces lactic acid which causes the milk to curdle thus separating the butter from the milk by agitation. Below is some of the people in this county who have given us their order for the Scientific churn in the last four days:

C Cone,	B F Cone,	T J Roberts,	J H Ham,
Mrs. H Tyree,	Jas Hendrickson	J A Nelson,	N G Phillips,
James Clark,	J W Hendrickson	L S Starks,	J F Ely,
W B Jones,	G N Lovett,	J T Lents,	W H Nance,
W M Draffen,	J E Morgan,	Mrs. J A Morgan,	W B Brazzel,
W C Austin,	L C Hamilton,	Ed Parks,	D H Byler,
D G Wood,	M M Wood,	Tom Griffith,	W S Griffith,
Richard Harrison	J W Clark,	L H Byerly,	W C McGregory

W B Odum,	Jessie L Henson,	W M Edwards,	C G Riley,
W R Lamb,	W E Grady,	Andrew Oliver,	Reuben Holmes,
N M Jackson,	T M Fields,	J A Woodall,	J H Smith,

No other method, patented or unpatented, can so easily and continuously lift the cream from the bottom, and so thoroughly agitate and combine with it the necessary oxygen as these spiral dashers do. The operation is, in a measure, noiseless, no plunging or jarring motion is heard or felt. Six year child can do the churning (with perfect ease) while the mother is in an adjoining room entertaining visitors who will know nothing of any churning being done.

By referring to Out, set rope in grooved wheel and running round pulley at the side of the churn, shows plainly that with a small rope it can be attached to wind pump, or any lower power desirable can be used (such as dog sheep or goat power), or it may be run by crank on smaller churns.

Mr. Browning known as Dick Browning is no stranger in this part of the state as he sold Coys medicines all through here in the year of 1877-8, and needs no comment from us.

#### THE TRIBUNE, THE TICKET AND HARDIN.

The Tribune will support the  
Democratic ticket, from top to  
bottom.

The editor of this paper, was  
a delegate from Marshall county  
to the convention that nominated  
Mr. Hardin as the standard bearer  
of the party, and he knew before  
he was placed at the head of the  
ticket, what his views were on the  
money question, and so did every  
delegate in that convention and  
now what is the use, for a Demo-  
crat to be lukewarm in his support  
of Mr. Hardin, simply because he  
makes the speech he did at Louis-  
ville.

That convention thought he  
was the strongest man before it,  
for governor, notwithstanding his  
views on the currency question,  
and think so yet, and a democrat  
who refuses to support him on  
this account is a very weak broth-

what is there to complain at  
enough to leave the party and re-  
fuse to vote for its nominee, and  
place the State in the tools of the  
Republican party, not enough for  
us to scratch the ticket.

We know, that on this particu-  
lar question, he placed himself in  
an awkward position, by accept-  
ing the nomination as a free silver  
man on a sound money platform,  
but he is on it now and on it he  
must stand. The party is not to  
blame for his awkward position  
on this question, for the platform  
was made before he was made the  
nominee, and he then accepted the  
nomination with all of these facts  
before him and if his indiscretion  
before the convention, will cast  
him and the party votes, then it  
is more the pitiable. But the  
party is bigger than Mr. Hardin,  
and we propose to stand by it, let  
him say and do as he pleases.

We are sorry to see him, on a  
sound money platform going a-  
bout over the state advocating  
such an impractical idea, as "free  
and unlimited coinage of silver,"  
but notwithstanding this, he is  
the nominee, and we shall heartily  
support him together with the  
entire Democratic ticket, and  
hope to see every other Demo-  
crat in the state do the same.

#### HOW CAN BLACKBURN WIN?

The earth is always claimed by  
politicians as well as in other  
things, but when the time comes  
for a show down; then things don't  
always pan out as they are claimed  
before hand. Every free silver  
advocate that you hear talk of late  
talks as confidently of Blackburn's  
return to the senate as they did  
of a free silver platform, before  
the meeting of the state conven-  
tion. They will be just as badly  
deceived in Mr. Blackburn's  
strength in the democratic caucus  
next winter at Frankfort as they  
were in the strength of the free  
silver party in the convention.  
According to a close estimate  
made on the vote of 1892 there  
will be, on a joint ballot in the  
senatorial caucus, 97 democrats.  
27 in the Senate and 70 in the  
House, making a total of 97 votes.  
Blackburn will have 8 in the Senate  
and 31 in the House; total 39.  
Anti-Blackburn, there will be in  
the Senate 19 and in the House  
39; total 58. This opposition to  
the Senator cannot possibly be  
overcome by anything that may  
happen hereafter at the primary  
elections. The road seems a  
rugged one for Blackburn.

It will never do to love men in  
politics better than party principles

The democratic party is in a  
pitiable condition in the state, so  
far as its candidate for governor  
is concerned.

Sherman voted against the law  
of 1873 yet when a man favors  
sound money he is called a Sherman  
man on the money question.  
Sherman was right then, but is  
wrong now.

Mr. Hardin did wrong in not  
withdrawing from the race as  
soon as the platform was made,  
but before he was nominated for  
governor by the convention.

If the democratic party, in  
Kentucky had more backbone,  
and its leaders more prudence, it  
would be better for the safety of  
our institutions.

Silver and whiskey, both were  
demonetized in 1873. The law of  
1873 was passed by congress in  
February, and the local option law  
of Kentucky was passed the same  
year.

There was not a dollar in silver  
in circulation in 1873, but now  
there are over four hundred million  
Why don't these silver men tell  
the people the truth about these  
things?

The Tribune will support Gen.  
Hardin as well as all the rest of  
the ticket, but it would feel better  
if he would support the meaning  
and interest of the platform as  
heartily as we do.

Neither gold or silver dollars  
are now being coined. Yet you  
are told by some that the silver  
dollar, is not on an equality with  
the gold dollar. They are neither  
being coined, yet they are both  
equal in all respects.

The democratic party will cer-  
tainly learn a lasting lesson this  
year. That lesson will be that no  
convention can afford to nominate  
a candidate who is not in perfect  
harmony with feelings of that con-  
vention.

Gen. Hardin and Senator Black-  
burn are responsible for the con-  
dition of the democratic party at  
present. If they both meet defeat  
they have no one to complain at  
but themselves. If the party  
meets defeat at November these  
two men will have to bear the  
blame of it.

There are a few bright young  
democrats in this end of the state  
that in their enthusiasm for free  
silver will not only damage them-  
selves so far as their future is con-  
cerned, but are not strengthening  
the ticket. It is too bad to see  
such good fellows, go off after  
these "crazes," that can never  
benefit them or do their party any  
good.

The gold dollar, is a full legal  
tender, so is the silver dollar, both  
are legal tender and are good  
money. What else do we want?  
The total amount of silver  
dollars coined to February 12, 1875  
was \$3,031,238. Since that time  
there have been coined \$427,364,  
015. The present condition of the  
silver money is not so bad after  
all.

#### Our Last Say--

##### Local Option.

Next Monday will end the local  
option fight in this district and I  
wish to fire on parting shot at the  
fanatics of this district, before it  
is too late. From a moral stand-  
point every man in Benton, who  
votes against the sale of whiskey,  
as it is, at present votes against  
his own interest. The moral statu-  
es of the town, will be worse un-  
der local prohibition, than it is  
now and if option carries here  
next Monday, the people will soon  
find it out. From a revenue stand-  
point the tax-payers of the town  
of Benton, will never regret vot-  
ing the whiskey interests out but  
once. When they have to run  
their hands down in their pockets  
and pull out \$1,000 of their hard  
money to keep up the streets each  
year, then they will be very will-  
ing to vote these revenue paying  
institutions back into the town.  
So far as law and order is con-  
cerned it is now just as good as it  
will be under local prohibition.  
The question will be largely agi-  
tated this week, but I hope the  
voters of the district will have the  
courage and manhood about them  
to lay aside all sentiment and vote  
like men and not be led from their  
duty, by a lot of preachers and  
women. Be men or mice. I have  
nothing more to say than always  
vote against local prohibition and  
you will always vote right.

## Voters Sequel.

The quotation we made in our  
article of "One Interest" in last  
week's paper, because of the dis-  
tance he played from the text;  
though he had been gone and had  
doubtless forgotten the issue, but  
he came back with an exhortation,  
alarm without reason. Remember  
kind friend that it takes logic and  
existing facts to reach the people  
of this community. The days of  
bug-aboos, scare-crows and ghosts  
are noted with things of the past  
among our people. Where has he  
been gone? On his return he  
draws a very vivid picture of the  
government of a country which  
is unknown to the history of the  
world. Perhaps he has been there  
in Genesis 4th chapter and 16th  
verse we have the name of a  
country given "The Land of Nod,"  
but we find no history whatever  
of its manner and form of govern-  
ment. Cain was sent there for  
killing his own and only dear  
brother, and that was not the  
effect of whiskey either, and his  
descendants are the only persons  
that we have any account of ever  
living there except Cain's wife,  
and it may be that they conduct  
things as he says, if it is true and  
he knows it his trip will be valu-  
able to the history of the world.  
He denominates "Church Member,"  
as a hypocrite, "judge not lest ye  
be judged by the same judgment,"  
—Bible.

What we stated in regard to  
what Rev. Keen Ryan should have  
said was taken from a newspaper.  
(The Louisville Daily Post.)  
Whether true or not we do not  
know.

We were a little amused at the  
article of "One Interest" in last  
week's paper, because of the dis-  
tance he played from the text;  
though he had been gone and had  
doubtless forgotten the issue, but  
he came back with an exhortation,

able to the history of the world.  
He denominates "Church Member,"  
as a hypocrite, "judge not lest ye  
be judged by the same judgment,"  
—Bible.

He says that "no christian can  
go into a saloon and take a drink."  
The meaning of the word saloon  
is a public parlor, a reception room  
etc. Again he says, "indeed it is  
doubtful whether a christian man  
can take his dram at all as a  
beverage, and it is a contradiction  
of English terminology to lug the  
word christian along with such  
people." My kind sir, did you  
ever read the New Testament and  
note the last sayings of Jesus  
Christ to his disciples. Listen!  
"But I say unto you I will not  
drink henceforth of this fruit of  
the vine, until I drink it new with  
you in my Father's Kingdom."  
Mathew, chapter 27, verse 29.  
Verily I say unto you I will not  
drink no more of the fruit of the  
vine until that day that I drink it  
new in the Kingdom of God.  
Mark, chapter 14, verse 25.

"For I say unto you I will not  
drink of the fruit of the vine until  
the Kingdom of God shall come."  
Luke, chapter 22, verse 18.

If these scriptures be true, it is  
much to be feared if he continues  
to hold to his extreme position,  
that he will not be alone side by  
side with Christ and his disciples  
in the Kingdom, but the other  
place will be more congenial to  
him, whose cold water is in de-  
mand because if he was to see  
Christ and his disciples take a little  
wine his back would be so bowed  
that eternity would be worn out  
before it would be straightened.

We all remember Paul's advice  
to his son in the ministry, Timothy.  
"Drink no more water, but use a  
little wine for thy stomach sake,  
and thine often infirmities. First  
Timothy, chapter 5, verse 23." At  
the wedding of Cana in Galilee,  
Jesus and his disciples were in-  
vited and his mother was also  
there, and Jesus turned twelve  
pots of water into wine and it was  
given to the governor of the feast  
to drink first and after he had  
drunk he called the bridegroom  
and said unto him, "Every man at  
the beginning doth set forth good  
wine, and when men are well  
drunk, then that which is of  
poorer quality, but thou has kept  
the good wine until now." St.  
John, chapter 11, verse 1-11.

Listen again to Solomon.  
"It is not for kings to drink  
wine, nor for Princes strong drink,  
lest they drink and forget the law,  
and pervert the judgment of any  
of the afflicted."

Give strong drink unto him  
that is about to perish and wine  
unto him that is heavy at heart.  
Let him drink and forget his pov-  
erty, and remember his misery no  
more." Proverbs, chapter 31, verse  
4-7.

In God's covenant with the peo-

ple is found the following exclama-  
tion. "Ye have not eaten bread,  
neither have ye drank wine or  
strong drink, that ye may know  
that I am the Lord, your God."

Neither the old nor new testa-  
ment teaches total abstinence, but  
teaches temperance in all things,  
and reprimands excesses in every-  
thing. Many other quotations  
might be used to the same end as  
above. These quotations are not  
made for the purpose, nor with  
the intention, to leave the impres-  
sion that the use of alcoholic  
drinks are right or even necessary  
for we have all agreed, all through  
this discussion, that its use is  
wrong, or at least unnecessary, but  
are simply used for the purpose  
of showing the fallacy of the  
doctrine laid down and the posi-  
tion taken by "One Interested"  
and to show his extreme ideas up-  
on the subject, and how far fanatics  
will stray away from an issue in  
order to carry their point. In my  
judgment an extremist and his  
position on any subject should be  
cautiously and studiously exam-  
ined before they are followed and  
adopted. There appears another  
article in last week's issue of this  
paper signed "A Wife." If the  
writer of that article had only  
pulled off his pantaloons and at-  
tained himself in a ladies apparel,  
and put on a wig to have hidden  
his bald pate, he might have fooled  
somebody, but as it is, it is so  
plain that a wayfaring man, though  
a fool could catch on to his racket.  
He refers to that wonderful article  
written some time ago which ap-  
peared in this paper signed,  
"Mother." His sympathy seems  
so great, when he comes to refer  
to that, I can in my imagination  
see the briny tears as it steals down  
his cheek, but it resembles the  
same tear he shed when he imag-  
ined and wrote the article, and the  
same trifle appeared in his hand  
now as did then. But oh! when  
echo says where is that dear wife  
and that distressed mother. With  
an eagle eye the district—nay—  
more—the county has been scanned  
and neither the misled wife nor  
the distressed mother can be found.  
Ah! My friends the earmarks of  
these two articles are unmistakable.  
It was not a wife, nor was it a  
mother that wrote either of them.

The local option law is the  
mother of more crime than all  
the laws known to civilization. As  
we see in this instance, its very  
ineptness, and before the question  
is submitted, it begins with false  
personification, misrepresentation  
and lying, and this is done to  
enact the law, and after it is  
enacted, according to its past  
history here and other places and  
the experience and observation of  
men, it leads from this to false  
swearing and perjury.

Our womenhood are too pure  
christianlike and devoted, and too  
much like the "true women of  
God," as described by Solomon in  
Proverbs, chapter 31, verses 10-20.  
"Who can find a virtuous woman;  
for her price is far above rubies."  
"The heart of her husband doth  
safely trust in her, so that he shall  
have no need of spoil."

"She will do him good, and no  
evil all the days of her life."  
"She seeketh wool and flax and  
worketh willingly with her hands."  
"She is like the merchants ship,  
she brings her food from afar."  
"She riseth while it is yet night  
and giveth meat to her household,  
and a portion to her maidens."

"She considereth a field, and  
buys it with the fruit of her hands,  
she planteth a vineyard."  
"She stretcheth out her hands  
to the poor; yea she reaches forth her  
hands to the needy."

This woman after God's heart,  
who plants vineyards, attends to  
household duties, and nurses the  
poor is hardly the woman to  
travel about the country making  
speeches for woman's rights, wo-  
man's suffrage and prohibition.  
Look out, between this and the  
election, for speakers, both male  
and female from abroad who will  
come to advise us as to our local  
duty. In my judgment we are  
capable of taking care of ourselves  
in all of our local and family affairs.  
Let's take our experience and  
observation as our guide in pass-  
ing upon this question, and select  
the least of the two evils, the legal  
vendor, or the illicit sell, as has  
been described heretofore, and  
not be influenced by the inflama-  
tory speeches that may be made  
between this and the election by  
foreigner—who comes here to be  
heard for their mud speaking, and  
without any interest whatever in  
our local affairs, but with the

medicines failed to benefit me. The first dose  
of Hood's Sarsaparilla relieved my stomach. I  
have continued and I am now permanently  
cured. All pain has left me, my appetite is good,

single idea of advancing the cause  
of the political prohibition party,  
with woman's right. This is our  
last on this question, and in con-  
clusion let us ask you to deal  
honestly with yourselves and look  
well to the interest of the com-  
munity in morals and otherwise,  
and remember that in the sight of  
God the drunkard—nay—even  
the drunkard is a monument of  
purity, compared with the false  
swearer, perjurer, and other crime  
we could mention, which is the  
inevitable result of local option.  
With my thanks to the editor for  
his indulgence, and to the public  
for their patience, I close.

## A Hit At Tax-payer.

Mr. editor please let me have a  
space in your paper to thank Mr.  
Tax-payer for his advice, if there  
is anything that I do like it is  
good advice, but when I receive  
advice I would like to get it from  
someone that is capable of giving  
advice. If Buddie had come to  
me in the place of going over town  
to find out about my husband dy-  
ing in a local option town or not  
I would have told him. No in the  
place of him having so much  
trouble he can refer back to the  
year 1890 and see for when I went  
up there the saloon keeper sent a  
bill to collect for the whiskey that  
my husband drank before he died.  
I can prove it by Mr. Emerson  
for he told me not to pay it, and  
he wanted to know where my  
husband got his whiskey if he  
died in a local option district. I  
can tell him, he first got it in  
Benton for he went out to Mr.  
Riley's before he left and got a  
bottle full so that was the first  
of his getting on a spree. If Buddie  
thinks I have lied about it, come  
to my house and I will prove up,  
and as for as me stating in my  
piece week before last that my  
husband is better off it is a mis-  
take. I only wish I could think  
so, but I can say that I am better  
off. If a man intends to drink  
until he kills himself, sooner the  
better for his family, for what  
piece do they see with him. I  
don't care what Buddie says about  
me concerning of that piece for I  
give him to understand I live at  
home and make my own living, I  
don't beat no one out of what I  
owe them. I pay my own debts,  
I don't call on him for anything,  
if I did I reckon I would have to  
work harder than I do. Buddie  
if you trouble yourself any more  
about my welfare please come to  
me and I will pay you for it, and  
as far as heaping reproach upon  
my husbands grave as you say,  
just wait when I get it up high  
enough I will send for you to  
spade it down for me. I have got  
the money to pay you for it. I  
expect if you will look at your  
own home you could see enough  
of heaps one way or another. I  
still say that whiskey was the  
cause of my husband's death, I  
can prove it by Dr. Duncan for I  
asked him what was the cause of  
his death and he said whiskey.

Is spent annually for Tobacco.  
Thousands of men die every year  
from that dreadful disease, Cancer of  
the Stomach, brought on by the use  
of Tobacco.

The use of tobacco is injurious to  
the nervous system, promotes heart  
troubles, affects the eyesight, injures  
the voice, and makes your presence  
obnoxious to those clean and pure  
from such a filthy habit.

DO YOU USE TOBACCO?  
If you do, we know you would like  
to quit the habit, and we want to  
assist you, and will, if you say the  
word.

HOW CAN WE HELP YOU? Why, by  
inducing you to purchase a box of  
Colli's Tobacco Antidote, which is a  
preparation compounded strictly of  
herbs and roots, which is a tonic to  
the system; also cures the tobacco  
habit and knocks cigarettes silly.

HOW DO WE KNOW IT WILL CURE YOU?  
First, by its thousands and thous-  
ands of cures; Second, by the in-  
creased demand for it from the most  
reputable wholesale houses; Third,  
we know what it is composed of, and  
that the preparation will clean the  
system of nicotine, and will cancel  
all errors of the past.

YOUR DRUGGIST has Colli for sale.  
If he has not ask him to get it for  
you. If he tries to palm off some-  
thing just as good, insist on the  
Colli. If he will not order it for you  
send us (\$1.00) one dollar, and re-  
ceive a box of Colli postpaid.

In most cases one box affects a  
cure, but we guarantee 3 boxes to  
cure any one.

Rum and Ruin.

Your kindness, in opening the columns of your most excellent paper, to the discussion of a one sided question, has developed several local writers that perhaps, otherwise would have gone down to oblivion, unknown to fame. Your intentions were perhaps good, and your disposition kind, in doing what you have done, but if the truth could be known, you have been greatly surprised, at the depravity of some of those who have contributed to your columns. The whiskey issue, has come up in thousands of places, that were inhabited by the slums of the earth, but never before could a man, be he ever so base, that was so devoid of reason, self respect, and love for his neighbors, as to write an article for the damnation of his associates, until the local agitation of local option in the Benton voting precinct. God, will at the proper time, down the man who is base enough to advocate the sale of whiskey, in his community, or the Church Member, who is vile, corrupt and blasphemous hypocrite, that will remain in the church, hidden behind the moral cloak, of God, good men and good women, and the first chance that presents itself, raise his venomous sting, in order to strike down, the honor and credit of the community, and destroy the influence of the schools and, and make the hearts of the boys and the hearts of the girls, a God save such a weakling so devoid of human honor, try to deceive his master his people. Such a man rejoices to walk the streets in the crimson blood of his own children, rather than the moral courage, to vote the most damnable traffic to man. I am no church and God forbid, that I should have enrolled my name such hypocrites, as the "Voter," and "Church Member," any other class of people, will enter the house of God there sing and pray, to innocent boys and girls a church, take God's holy sabbath and steal away to some seamy spot, and there with others, damnation to my own soul. May have plenty of such members there now, but the is fast coming when all such take their places at the feet of the devil and receive their punishment. In that lake of fire that will never end. Here is an effort, made good christian people, to rid the district, of its worst enemy, yet they are met by the cheekiest and most poisoning articles, that were ever put in print, said to emanate from one of God's children, a church member. God pity the poor vile tool, of the devil, that will hypocrite himself, into the church, where ought to be found, and are, good men and women, and there hide his sanatic, soul behind a cloak of the christian religion. I do not know who, the man is, that can sit in God's sanctuary, and there pose as one of God's elect, and hear the plan of salvation, preached to a dying world, and there and then, weep and cry, and shake hands and ask the Lord to bless poor sinners, until the services are over, and then go and gulch the most damnable and vilest stuff, on God's earth, down his red hot throat, and then write and have published a letter, asking the people to vote and maintain the sale of whiskey, under the deceptive non de plume of "Church

Member." Such a make-shift for a man, should have enough honor about him to get out of the church and take his place among the heathens of Africa and the hottenots of the orientals. If there are 100 such church members, in the churches of this district, Sodom and Gomorrah were reformatories compared to them. I, for one don't believe any such, and I am willing to poll the church members and hear from their own lips, whether they are like him, for whiskey, the devil and the destruction of our community or for God and society. A church member who will deliberately go and cast a vote for the sale of whiskey, drunkardness and crime, in this district, has not a spark of the love of God in his bosom, or an iota of religion in his heart and he should not wait a moment to get out of God's family. There is but one course for church members to pursue in this fight and that is to vote first, last and all the time against whiskey, and whenever one is found that votes for whiskey, he is no christian. There is another course for men, who are out of the church to pursue, and that is to vote against the sale of whiskey. If the men who are in the church and the men who are out of the church, will join their forces together and vote against the sale of whiskey, it will be a great blessing, to the people in this district, but God save the poor depraved wretch that wrote that article, and signed it,

"Church Member."

## Hardin and Bradley

Meet In Joint Debate at Mayfield.

According to appointment Gen. Hardin, democratic candidate for governor and Col. Bradley the republican candidate, met in their second joint debate at Mayfield last Wednesday. The speaking was in one of the houses, Member." Such a make-shift for a man, should have enough honor about him to get out of the church and take his place among the heathens of Africa and the hottenots of the orientals. If there are 100 such church members, in the churches of this district, Sodom and Gomorrah were reformatories compared to them. very hoarse and in a bad condition to make speeches. They are both great stumblers and can hold a crowd for hours, but at this appointment they were in bad condition and suffered severely from hoarseness. Take it all in all it was a great speaking. The people of Mayfield did their duty to accommodate all who attended.

## OBSERVERS VIEWS.

As all hands are availing themselves of the kind offer of the use of your columns on the subject of local option we thought we would try our hand and hope you will not deem us cheeky in asking for recognition in your valuable paper.

We shall present a few facts undisputable in support of our views. We take the position that in 20 years experience with local option in this county, it has in every instance proved a failure so far as the banishment of whiskey and the stoppage of crime is concerned, and no fair minded man or woman can in the face of the facts when stated that has a decent respect for truth but what will admit that the proposition is well taken, and is fully supported by the facts stated. All of the writers and advocates for local option has never opened their mouths as to the results of the law, but parade the murders and crimes growing out of the use of whiskey. They go to the bedside of the weeping widow, they put their hands upon the heads of the little ragged and starving children, they go to the grave yard and dig up the dead bones of the drunkard, all of which would be fine material for a temperance lecturer and are proper and right in their use in the proper place, but they have no earthly application to the matter at issue now before us, and can only be used in this discussion by fanatics whose only appeal is to the unthinking prejudice of those who have not investigated the results of local option. We want some one to point truthfully to one solitary town or district in this county where local option has stopped the sale of whiskey. Birmingham has had local option for 15 or 16 years during at time there has been continual drinking and drunkenness, it has a port for moon-shiners. Inment after indictment has up from that place for sel- whiskey, the last tragic scene was a drunken assembly, a at brawl, the use of pistols wes, and a murder, so when for local option, none things they are mur.

Whiskey. We are permitted to tell us where we got their whiskey. Now anyone can see the fallacy of local on doing away with the use of key, it never has done it, nor will, and to argue that it is to argue against truth and precedent that has passed are us and sets our experience de as false and of no value in aping our vote. We see an article from Rocky Point whose style of argument is to use big words that has no application earthly to the results of local option. Why did he not tell in plain every day language of some place on earth where local option had done away with whiskey. Echo says why. Because he could not tell truthfully of a single place county, town or district. He says young people won't come here to school because there are saloons here, is the saloon in the school house? If not then no student will be required to go into one, any one is so weak as that they don't deserve to be educated and is to be pitied; they must think they are better than the best ladies of our town who pass the doors of the saloons daily and so complete is the order that they would not know them from other business houses if they did not know their locality. Such argument is not worth the paper it is written upon.

We know that it sounds quackish to talk about Electropoise curing incurable diseases, but bear in mind the fact that it is the old treatment which has pronounced the case incurable. It may just the treatment necessary is quite likely to be so. If this is no argument again, "Incurable," but in such a case the fact of the physician's statement is proven to be true.

## BRIENSBURG.

We are led to believe that the populists will not put any man in the race for representative in this district. They claim that they are going to have a convention, but we don't believe they will put a man on the track.

Mr. B. P. Bilbro died last Friday night and was buried Saturday evening at the Stice grave yard. The infant child of Mr. and Mrs. Fowler Loftin, died last Wednesday morning and was buried at the Wilson cemetery Thursday.

There was an entertainment at Mrs. Ellen Walkers last Friday night, all that were present enjoyed themselves.

Mrs. Lee's two daughters and Miss Scott, of Mayfield, who have been visiting the family of Mr. Frank Burrarell have returned home.

There was a musical Saturday night at J. M. Franklin's.

John Locker went down the road about two miles every night last week, he is sleeping this week.

Mr. Alex Venters and wife, of Paducah, spent Sunday out here visiting friends and relatives.

We believe Joe Blackburn made a very good speech, but his talk was not exactly our sentiments.

The populists were delighted very much with him and say they are going to invite him in their party.

"Hank Monk" you said that you had been informed that "Driftwood" was dead. I will tell you right now you wouldn't think he was dead if you had seen him talking and smiling with Joe B. last Thursday evening at Benton.

## GLADE.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the remedy half its worth. I am sorry every one in the world does not know how good it is, as I do. Mrs. Lina S. Hinton, Grahamsville, Marion Co., Florida. For sale by Dr. R. H. Starks.

Our school, under the control of Mr. C. H. Hamilton, is progressing nicely with, good interest and promises to be the best for years.

Loyd Lents has left for parts unknown—guess why.

W. M. Anderson reports his school, at Olive, in good condition.

Church prospects are good at this place and from all accounts some reform is badly needed at and around this vicinity, it being said that a crowd consisting of boys from 14 to married men who have families of grown children, will get together on Sunday and go to some place where hard cider is kept for sale and there tank up for the day's sport, which consists of fighting, quarreling, fighting music and having a good time.

Now it is our opinion good citizens should rise up and condemn such a manner that it be no cider sold on either drunkenness or such a disturbing nature.

It can be expected of boys who are raised such avarice. Suppose it would see that the furnishes his son any in Sunday in violation of law, how long would it continue?

In 1878 there have been nine cases of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with success. Dysentery, when chronic, is almost as severe and dangerous as Asiatic cholera. Before the best efforts of the best skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by Dr. R. H. Starks.

Beware of Ointments for Catarrh that Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Some time since, on Sunday after-

noon, several young ladies of that vicinity were walking around taking fresh air and exercise when they, not suspecting any thing of the kind, heard a curious noise on the exact spot where the above named man was killed. The noise seemed to resemble, in sound, a person choking or smothering to death and the young ladies became very greatly excited, some almost going into spasms, and by their loud screaming there were soon the whole neighborhood on the ground, when the noise became more extinct and no object to be seen producing it, they very quickly left it and didn't go in a walk either. A posse of men, were soon gathered together and, with guns and pistols and other arms, carried, they agreed to examine the spot but nothing could be seen and the neighborhood in and around Glade is very illated over it and traveling by that place is very scarce indeed and is almost a place of desolation. Several persons have since heard the noise and most every one that passes by does.

That Tired Feeling

Is a common complaint and it is a dangerous symptom. It means that the system is debilitated because of impure blood, and in this condition it is especially liable to attacks of disease. Hood's Sarsaparilla is the remedy for this condition, and also for that weakness which prevails at the change of season, climate or life.

Hood's Pills act easily, yet promptly and efficiently on the bowels and liver. 25c.

## HIS LIP GONE.

THE DIREFUL EFFECTS OF CANCER.

A Desperate Battle with this Terrible Disease, Lasting Thirty Years.

A Cure Found at Last.

There is not a more familiar figure on the streets of Atlanta than the man whose picture is here shown. Everybody knows him by sight and it will be remembered that years ago he began to wear on his upper lip, just under his nose, a small piece of court-plaster, not larger than a silver half dime; this plaster he has worn constantly, though it gradually increased in size, as everybody knows, until it was as large as a silver dollar. This man is M. M. Nicholson, who resides at the corner of Anderson and Curran Sts.

It was thirty years ago, that he first noticed a tiny scale, like a piece of white bran, on his lip. He at first thought it only a fever blister, but it was not long before his cheeks became diseased and painful to the touch, and he soon realized that he had fallen a victim to that most dread disease which destroyed his tongue, throat and left eye. Mr. Nicholson became thoroughly alarmed, and realized that his condition was more than serious.

Giving up entirely his business, he went to Cincinnati and remained for several months under treatment of a celebrated specialist. He was afterwards treated in Elmira, New York, where the cancer was twice removed, but he died, and the doctors afforded absolutely no relief, the cancer spreading all the time, eating out entirely the portion in his nose, as well as his upper lip and gums.

"Some months ago," he says, "I began to use S. S. S., though I admit with little faith that it could cure me, but to my surprise, a few bottles afforded some relief. Thus encouraged, I determined to give the medicine a thorough trial, and it was not long before the progress of the disease seemed checked. I continued the medicine, and remarkable as it may seem, I am cured and feel like I have a new life. I can talk more distinctly, for the flesh has begun to grow back around my teeth, where it has been literally eaten away. S. S. S. is the most wonderful remedy in the world, and as my condition is pretty generally known, everybody will agree that the cure is indeed a most remarkable one. S. S. S. has given me a new hold on life, and I shall certainly sing its praises the remainder of my days."—Atlanta Constitution.

## HIS LIP GONE.

THE DIREFUL EFFECTS OF CANCER.

A Desperate Battle with this Terrible Disease, Lasting Thirty Years.

A Cure Found at Last.

There is not a more familiar figure on the streets of Atlanta than the man whose picture is here shown. Everybody knows him by sight and it will be remembered that years ago he began to wear on his upper lip, just under his nose, a small piece of court-plaster, not larger than a silver half dime; this plaster he has worn constantly, though it gradually increased in size, as everybody knows, until it was as large as a silver dollar. This man is M. M. Nicholson, who resides at the corner of Anderson and Curran Sts.

It was thirty years ago, that he first noticed a tiny scale, like a piece of white bran, on his lip. He at first thought it only a fever blister, but it was not long before his cheeks became diseased and painful to the touch, and he soon realized that he had fallen a victim to that most dread disease which destroyed his tongue, throat and left eye. Mr. Nicholson became thoroughly alarmed, and realized that his condition was more than serious.

Giving up entirely his business, he went to Cincinnati and remained for several months under treatment of a celebrated specialist. He was afterwards treated in Elmira, New York, where the cancer was twice removed, but he died, and the doctors afforded absolutely no relief, the cancer spreading all the time, eating out entirely the portion in his nose, as well as his upper lip and gums.

"Some months ago," he says, "I began to use S. S. S., though I admit with little faith that it could cure me, but to my surprise, a few bottles afforded some relief. Thus encouraged, I determined to give the medicine a thorough trial, and it was not long before the progress of the disease seemed checked. I continued the medicine, and remarkable as it may seem, I am cured and feel like I have a new life. I can talk more distinctly, for the flesh has begun to grow back around my teeth, where it has been literally eaten away. S. S. S. is the most wonderful remedy in the world, and as my condition is pretty generally known, everybody will agree that the cure is indeed a most remarkable one. S. S. S. has given me a new hold on life, and I shall certainly sing its praises the remainder of my days."—Atlanta Constitution.
