All Pure Beer Is Not Good Beer

Some Large Brewers Claim Purity and Sterilization and little else. We Guarantee Purity, Sterilization and Excellence of Materials.

Superiority of Quality is the Test.

Science and experiment have proved that good beer MUST contain two essential ingredients — HOPS and BARLEY, and for pale beer a small percentage of rice. But it is much cheaper to use Corn-grits as a substitute for barley-malt. This is only some of the large brewers use Corn-grits. Corn can and do justly claim purity, cleanliness and freedom from germ. BUT THEY CANNOT JUSTLY CLAIM QUALITY.

For these reasons

Budweiser
The King of All Beers
must and does command a higher price than any other beer, and has a greater sale than all other bottled beers.

There was considerable discussion about the Judge's visit to the local school. The principal, Mr. Jones, said that he was very pleased with the students' performance. He also mentioned that the new library, funded by a local benefactor, would be opened soon. The mayor, Mrs. Smith, expressed her support for the library and the educational system in general.

The weather was a topic of conversation. Mr. Brown said that the recent rain had helped the crops, but Mrs. White was concerned that it might cause flooding. The weatherman, Mr. Green, predicted that the sun would return soon.

The local sports team, the Stars, had an exciting game yesterday. They won by a score of 3-2 against their rivals, the Eagles. The team's manager, Mr. Black, praised the players for their hard work and dedication. The fans were enthusiastic, and the atmosphere was electric.
Thursday, President, was enforced with a most effective light in the county, as gave a very strong and effective argument against the second term of the President. That argument was well warmly made and should be given to the people.

Repair City Hall

MAYOR VEBER GETS BOARD TO TAKE CARE OF REPAIRS AT LAST.

President A. M., Member, Has Arranged to Price and Paint Walls.

Mayor Vebber thinks that the City Council should be expected by the public and improvement committee, that the City Hall should be repaired. It has been in a very dilapidated condition for a number of years as especially the roof of the building. The mayor suggests that something be done in the near future, and that the building be put in a more favorable condition. The mayor also states that he will arrange to price and paint the walls.

MY FIRST CAPTURE

By ALBERT BIRKLOW Paine

In the cellar of a brick house on the outskirts of town, Paine caught his first fox squirrel. It was a cold winter day in January, and the snow lay thick on the ground. Paine had been out for a walk when he noticed a small, dark shape moving through the bushes. He approached cautiously, his heart pounding with excitement. With a sudden burst of speed, Paine leaped up on the squirrel, knocking it to the ground. The squirrel struggled, but Paine was quick to grab it and pin it down. He was overjoyed as he realized he had caught his first trophy. Paine knew he had to be gentle with the squirrel, for it was his first catch and he didn't want to lose it. He carefully untied the squirrel and began to study it. The squirrel was beautiful, with a soft, furry coat and bright eyes. Paine was thrilled to have caught such a magnificent animal. He knew he would remember this day for the rest of his life.
